**A religious sect in Russia** holds the wearing of hair to be sinful. It ought to be popular with the bald-heads.

**EVEN** the rankest coward ought to make a brave soldier when dressed in the bullet proof uniform recently devised by a German tailor.

**As it costs \$1,500** for each time the big Krupp gun, which will be on exhibition at the World's Fair, is fired, it will not be used for ordinary saluting purposes.

**If it becomes generally known** that federal office holders are to be required to earn their salaries there will be a heavy falling off in the number of applicants.

**Who said we were a nation of office-seekers?** Why the applications for fourth-class post offices, a number of which pay less than \$10 a year, received at Washington only average 1,000 a day.

**There is a great consolation** in knowing that the new cruiser, New York, is the fastest armored vessel afloat; when she can't lick her adversary she can safely "make a snake" for a softer snap.

**On no Americans** care nothing for gorgeous titles. Just observe how indifferent they are towards this Ambassador business, and how they treat the thrifty knaves who furnish family crests and titles while you wait.

**A national university** at Washington properly officered and conducted might be a desirable thing to have, but it is to be run as a sort of a lying-in hospital for political lame ducks, as some of the so-called scientific branches of the government have been, it should never be established.

**THE United States Senate** is no place for a bank embezzler. Senator Roach should either be acquitted of the charge openly made against him, and not exploitly denied, or he should be expelled from our highest Legislative body. No compromise should be possible in such a case. He must be either guilty or not guilty.

**A facetious disappointed office** seeker says: "President Cleveland" rules as to eligibility stand to the offices precisely as the interstate commerce law does towards railroad passes. If your "pull" is strong enough you get the passes; if not the law is quoted in order to let you down easy.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**Howard.**

**W. M. Watson**—Notice.

**John Dunn**—Fine strawberries.

**W. M. Watson**—Incorporation notice.

**Hackburn & Willett**—Dividing profits.

**Jas. C. Harrison**—Administrators Notice.

Another concert rehearsal will be held tonight.

Goldboro has had two store burglaries daringly committed but small in results.

**Mr. W. H. Dail** and **Miss Carrie Dail** of Snow Hill left yesterday morning for their home.

England's big ships arrived Monday in Hampton Roads; the fleets of other nations also make a beautiful marine picture.

**Mr. Henry Blount**, the gifted editor of the *Wilson Mirror* will deliver a lecture in New Berne on the night of Friday May 5th.

There are complaints from various points in the State about potato bugs. Fight 'em in time. After a potato bug dines once on Paris green he doesn't want many more potatoes.

**Mr. John Leo**, an Indian medicine man, is in the city and has secured the lot on the corner of Broad and Hancock Sts., where he will locate for a month or two in the interest of his medicines.

**Miss Corinne Harrison**, of New Berne who is now in Norfolk and who has been for several years studying Physical Culture under the most eminent instructors in this country has been engaged to give a special course of lectures at the Teachers' Assembly.

The matter of having the encampment of two regiments of the State guard at or near Morehead City is being looked into.

We learn that grounds have been offered at Carolina City, about two miles this side of Morehead that adjoin the railway and the sound and include ride range, &c.

A number of our citizens have very kindly consented to entertain members of the Press Association at their homes next week. Most of them will arrive Tuesday night and return Friday morning. They will be met at the depot upon their arrival and shown to their homes by the reception committee.

That indefatigable worker, **Mr. J. K. Willis** has most cleverly looked after the finances.

The steamer *New Berne* took out the following passengers yesterday: **Mr. Geo. V. Sloat**, Superintendent engineer of O. D. S. S. company returning to New York from a pleasure trip to the city; his daughter, **Miss M. Sloat**, and **Mrs. Coster** and **Mrs. Winslow** who have been spending a few weeks at **Mr. C. C. Green** returning to their home in New York; **Miss Eva McGinn**, leaving for Norfolk to see the Naval Rendezvous.

The Argonaut says that early in June the Rocky Mount Cotton Mills will start their new 14,000 spindle addition which added to the 14,000 now in operation, will give Rocky Mount a 28,000 spindle mill the largest in the State and one of the largest in the south. Here is another object lesson for New Berne. Wherever cotton factories are started, they enlarge and new ones follow. It is time for New Berne to take a hand in the business.

The *Wilmington Messenger* tells that a seaside sanatorium is to be opened at Wrightsville next month in connection with the Atlantic View Hotel for the benefit of convalescents and sick children. **Dr. Hodges** who will be in charge says he represents a syndicate and that in the near future they intend to build a sanatorium on an extensive scale. They propose to expend about \$80,000 to further the project. The intention is to attract patients from all sections, and especially Northern visitors in the winter time.

We are pleased to find that **Mr. M. N. Hales**, mail agent on the A. & N. C. R. R. is a good Democrat. He was not appointed to the place he is now filling but simply transferred through the influence of **Hon. B. F. Grady** and others, to fill the vacancy that occurred—how long he will be on this route he does not know. We find him a good, clever man and are confident he will give satisfaction to all who have dealings with him. Whenever he is changed from his present position we hope to see it filled by another like him.

## Truck Quotation.

The following truck quotation was received by telegraph last night from Messrs. Palmer & Rivenburg of New York:

Strawberries 20 to twenty-five, asparagus \$3 to \$5, radishes fifty to 75, eggs 15 to 15 1-2.

## Violent Earthquake in the Island of Zante.

Zante, one of the Ionian islands was visited by a most disastrous earthquake Monday morning at 7:40 o'clock which resulted in great loss of life and property.

The shock seems to have been most violent in the city of Zante, the greater part of which is destroyed. The streets are impassable from the wreckage of the houses; the people are panic stricken and the authorities helpless. Twenty dead bodies have been removed thus far from the debris and it is feared many more are in the ruins—hundreds are injured.

## Church of Christ Baptisms.

Two of those converted during the meetings in the Church of Christ were baptized at the foot of Broad street yesterday.

One subject who was baptized a few days previously presents a rather unusual case. He had been impressed by the services and as he and **Mr. Petree**, pastor of the church, were walking together **Mr. Petree** found him "fully persuaded," and being near the river, **Mr. Petree** at his request baptized him then and there, no others being present. The case bears a striking analogy to that of the eunuch, who immediately after his conversion said to **Philip**, "See here is water, what doth hinder me to be baptized?" and was in this case baptized immediately.

## Thirty Chickens From Fifteen Eggs.

A correspondent of the *Wilmington Messenger*, writing from Greenville, Pitt county, is responsible for the following:

One of the greatest curiosities heard of of late was thirty chickens hatched from fifteen eggs. **Mrs. Tucker**, near town, sent fifteen eggs known as double yolk eggs. In due course of time each egg was "pipped" at each end, and two chicks, one from each end, emerged from the shell. Every egg hatched two chickens, making thirty chickens from fifteen eggs. Such eggs are generally said to produce four-legged and four-winged, double-bodied or double-headed chickens, but this is the first case of this kind known about here.

## Resolutions of Condemnation.

In a mass meeting held by the citizens of Kershaw, the following preamble and resolutions were adopted:

Whereas, On March 31st, 1893, **Thomas Campen**, sheriff of Pamlico county in the execution of a warrant for the arrest of **C. H. Hodges**, who humbly submitted to all required of him by the said Campen, the said Campen did put the said Hodges in irons. Therefore we citizens of Pamlico county in mass meeting assembled do

Resolve, That we believe that the putting of Hodges in irons was entirely unnecessary and should be heartily condemned by all good people;

That the said Campen was prompted by a feeling either of cowardice or prejudice;

That such treatment was inhuman and brutal;

That we know nothing of the merits of the prosecution and in that matter have no feeling;

That we indicate our sympathy towards Hodges and the contempt in which we hold Campen by sending a copy of these resolutions to the *New Berne Journal* and the *Washington Gazette* for publication;

And that to make the better known to the public the nature of the case we further post a copy of these resolutions at Bayboro and Kershaw.

## Our State at the Exposition.

The *Raleigh Correspondent* of the *Wilmington Messenger* under date of April 15 writes:

Future correspondence with the World's Fair officials from this State should be conducted with **Peter M. Wilson** or **Thomas K. Bruner**, at 195 Thirtieth street Chicago.

To-day the last of the packing in cars of this State's World's Fair exhibit was done. **Menday Mr. Bruner** leaves, as does also **Mr. Herbert Brimley**, the taxidermist. The latter is a very accomplished and useful man and will remain at Chicago at least two months. He will aid greatly in the installation of the exhibits.

There will be 100 specimens of the building stores of the State. These will be in cubes of eight inches face, with one face polished.

**Encouraging as to Hogs, Discouraging as to Cotton.**

The commissioner of agriculture expresses pleasure at this fact which the April reports show—that there is 100% more pork put up by home folks than there was last year. This means a great deal. It means that less meat will be bought outside the State than at any time since 1889. The reports show that there is 100% increase in the number of hogs also. There is no doubt that more cotton will be planted than last season. Correspondent **Morganston Herald**.

**The State Pensioners.**

The *Raleigh Correspondent* of the *Morganston Herald* says:

This State has now 4711 pensioners, who will this year receive more than ever before. The pension tax will probably yield over \$10,000. Of course there will be a rearrangement of the allowances to the various classes of pensioners. There are 2515 widows, all of whom are in the fourth class.

## Why Did the Caucasian Man Leave So Soon?

In the Goldsboro Caucasian we see the account their travelling agent **Mr. Hollowell** gives of his recent trip to Jones County courts. We copy the following extract:

"We had a jolly time. We fell in with **Mr. Hines** of the *Journal* and **Mr. Kilpatrick**, of the *Free Press*. They are both clever and it pained us very much to find such genial, high-spirited fellows such sons of toil (for they did toil) though in vain for their employers, and we can vouch for them that they are not to blame for not getting more of the fifty-lure than they did. \* \* \* We did not do much in the way of subscriptions, for the people are hard up for money, but many loves company, you know. \* \* \* The other two were there when we left and in all probability are there now, or had to stay until they could communicate with their employers and get the money to get away on. Brogden, the hotel man, had their baggage, i. e. a bundle of sample copies of papers, when we left. We do hope they succeeded in getting in enough after we left to get away on."

Well, well, **Mr. Hollowell**, let's see about this. When you say you got all the cursing and all the money, it seems a little contradictory, and when you say you did not do much but it pained you to see the others not getting more of the fifty lure, for money here company it sounds even more so.

Now **Mr. Hollowell**, we stayed at **Mr. Brogden's** and stowed in a sumptuous dinner before leaving and then got back to the *JOURNAL* office in due order at the appointed time bringing in a list of new subscribers and some cash from old ones, but as you got up early and left before breakfast it looks 'kinder' suspicious about you especially as you didn't have any baggage at all.

Again, **Mr. Hollowell**, we have taken a trip or two since and on one of them added over twenty new names to our list, but we have not met you at any court since. Why is this, if you were doing better than any one else?

Now, **Mr. Hollowell**, tell us about your running for the office of Register of Deeds of Johnson county last year on the third party ticket and how you were so confident of election that you notified your landlord, **Mr. E. J. Holt**, Treasurer of the county that he could find another tenant for the mill you leased from him as you were going to be Register after the election, which he did, and how about your running 600 votes behind and thus losing both mill and office?

Now, **Mr. Hollowell**, you are too clever a man to be monkeying with the third party. Better drop it and come back to your first love and then maybe when you make a stop at a place you will be able to stay until after breakfast anyway.

## Enlargement of the State Museum.

The second and third floor front of the agricultural building is to be altered as to fit it for use as a part of the State museum. The latter now occupies the second and third floors of the east side of the big building. A few years ago an extension was made, but it is now decided that a great deal more space is required to house the many additions to the museum which will be made after the return of the exhibits from the World's Fair. The extension will be hand-somely fitted up, with alcoves and balconies. No State will have so large or so admirably fitted quarters. It will be a great show place and its value cannot be overestimated. The present museum has paid for itself many times. It is not a collection of curiosities, but of altogether practical things. *Raleigh* correspondent *Wilmington Messenger*.

**Col. Whitford's Letters.**

**Col. Whitford** is contributing some interesting reading matter to the *New Berne Journal*. It is all about the attempt to recapture New Berne in 1864. The letters from **Gen. Hoke** and **Col. Whitford's** statements invest the subject with much interest. **Col. John Taylor Wood**, a navy officer on the President's staff, and who was as daring as Paul Jones or any other man, also was to cooperate. *News and Observer*.

**A New Tin and Plumbing Shop.**

**ANNOUNCEMENT.**

We have re-rented the store lately occupied by us, next to present stand and intend conducting in connection with our Mill Supply business a first class Tinning and Plumbing Shop, under the management of skilled and competent workmen and shall make a specialty of putting on

THE ROOFING AND GUTTERING, AND repainting and repairing old roofing.

OUR PLUMBING DEPARTMENT.

Will be complete in every particular and work done well and promptly. We welcome an opportunity to make prices on anything in this line and are in position to make lowest possible figures consistent with first class workmanship and material.

Respectfully,  
**DISNEY & GREENE.**

## We are Law-Biding Citizens.

On Friday April 14th, the Sheriff of Craven county came over to James City and had a talk with the people of that place. He (the sheriff) was treated with much respect and after a little talk the people all said that "we are law-biding citizens." **Mr. Robert Hancock** said to the sheriff: "These people resist the law are you not going to telegraph to the Governor for the militia? The sheriff answered: "No, these people have not resisted nor the law."

The people also said to the sheriff, "go ahead and dispose of these people as you see fit. We are law-biding citizens and we have paid our taxes upon our lots as the commissioners have assessed them, and now **Mr. Hancock** says that we have violated the law, because we would not agree to sign a mortgage deed presented by **Mr. Bryan**."

**Hancock** has told us this and was not **Mr. Bryan's** one years ago, but now he accepts an agency from **Mr. Bryan** and comes over to James City pretending that he is our friend. But he is showing up **Hard Times** more than **friendship**. We have showed our friendship to **Mr. Hancock** in the past by our votes. But if he (Hancock) ever is submitted to the people of James City to vote for him again, we will show that there has been some change made known. A sensible man would not expect an agency for another man's property before he gets in possession of it and then acts as a substitute and not an agent. It shows up **Hard Times**.

**WM. WILLIAMS, Clerk.**  
**PAUL WILLIAMS, Sec.**

The joint committee appointed by the Presidents of Woman's Auxiliary of the Y. M. C. A. are making very encouraging progress with the preparations for the entertainment to be given for the benefit of the Association. Those taking part in the choruses as well as those taking part in the duets, quartettes, etc., are being well prepared under the efficient leadership of **Prof. Morton**. Some members of the committee appointed by the Association have also been placed on the citizen's committee of entertainment to prepare for the editors and it has been decided to hold the entertainment during the meeting of the Press Association.

## The Penitentiary Convicts.

The new superintendent of State's prison has as yet kept wonderfully quiet about his plans. He has now finished his inspection of all the convict camps and farms. He had to look over the entire ground before taking a step. There are now only 92 convicts in the penitentiary. As a matter of curiosity your correspondent asked how many of these are women and was told 9. There are 1,000 convicts outside the great prison. Correspondent *Mountain Herald*.
