**Very few** Congressmen remain in Washington. Vacation has come and most of them are spending it at home.

**SOME** of the office-seekers claim to have gotten Mr. Cleveland's eye and some his ear, but so far nobody has laid claim to his head.

**President Cleveland** says: "The people must be educated, for the people rule." He might have added "and the newspapers are the educators of the people."

**Mr. ROBE** says the people can't be trusted to elect the right men to the senate. Senator Hoar is himself a shining example that the legislature can't, so whom are we to trust?

**The President** and several members of the Cabinet will be away from Washington during the month of May. Office-seekers will take due notice and govern themselves accordingly.

**It is** asked, almost every day why is so much gold being sent abroad? It is a necessary consequence of the situation. The balance of trade is against us, and gold must supply the deficit.

**English** capitalists have demanded the resignation of Warner Miller as president of the Nicaragua Canal Company. It is said they fear the Cleveland administration will refuse to jointly guarantee with England the 3 per cent. interest for seven years on the \$65,000,000 bonds, while a Republican, as Warner Miller is, is at the head of the company. They want Smith Wood, a friend of Mr. Cleveland, to be president.

The immense crowds in and about Hampton Roads are seeing the sights and having their fun at no little cost. Every thing in demand goes at high prices.

One of the evil and most dangerous signs of the times is a disposition of people to resort to violence for the punishment of crime. Until recently this disposition was confined to one particular offense, but now it is manifesting itself in other directions, and there is no telling where it will end.

The remains of Mrs. Martha Louisa Hambleton, the wife of Dr. John P. Hambleton, are lying in a casket at Washington City, but her husband refuses to allow a funeral service or burial, because he says his wife is in a cataleptic state. No sign of decomposition has set in, though she has been supposed to have been dead since last Saturday.

### NEW ADVERTISEMENTS.

Howard.  
J. W. Biddle—Notice.  
H. L. Gibbs—Sale of land.

S. Cohn & Son—Don't forget our beef.  
Nunn & McSorley—Crockett's Strawberries.

The female minarets have canceled their engagement.

Mr. Thomas Badger, son of mayor Badger of Raleigh, arrived last night to report the James City affair for several North Carolina papers.

One of Durham's citizens, R. M. Jones, had his meat house robbed of three hundred pounds of hams, shoulders and bacon.

The troops occupy the Fair Grounds. Strict military usage is observed. No soldier is allowed to leave the grounds without a pass and no citizen will be admitted without one.

United States court convened yesterday. It was opened by Deputy Marshal C. B. Hill. A few jurors were excused for the term, some minor matters attended to and then court adjourned to this morning at 10 o'clock.

Died at the residence of W. H. Dennis, in this city April 24th, Mrs. Caroline Mercer, aged 74 years 3 months and 7 days. The funeral will take place from Centenary M. E. Church today at 3:30 p. m.

A small tenement house near Blades Bros. mill, opposite New Berne, owned by them and occupied by one of his colored hands, accidentally caught fire Sunday morning about church time and both house and kitchen were destroyed together with a considerable portion of the contents.

Secretary Wilkinson cordially invites members of the Press Association to visit the rooms of the Y. M. C. A. and make use of the privileges afforded by it while in the city. The rooms are situated near the corner of Craven and Middle street next to the office of THE DAILY JOURNAL.

The Raleigh correspondent of the Charlotte Democrat says: "There are fifty life term convicts now, all of whom are in the penitentiary. There are fifty-two female convicts, of whom only nineteen are in the prison, the others being on the farms. Inside the prison all the clothing and shoes worn by the 1,100 convicts are made. No work save this goes on inside the prison now. Heretofore millions of brick have been made annually, but this year none have been made."

The quiet of New Berne has been very much shaken by the concentration of so strong a military force within her borders. We had hoped that such a movement would have been avoided, and Sheriff Lane has done all within his power to prevent harsh measures in carrying out the order of the court in dispossessing the occupants of James City. Gov. Carr also used his influence in endeavoring to get them to be law-abiding citizens, and the present steps were taken only as compulsory in sustaining the law and dignity of the State, which had been prolonged and openly violated.

April 20th is the Centennial Anniversary of Gen. Washington's first inauguration as President of the United States. Several articles have been sent from New Berne to enter into the composition of the Columbia Liberty bell which is to be cast in Troy, New York, on the anniversary. Among them are fragments of the bell of the old Episcopal Church which was burned and copper coins of the reign of George the Third found in the Colonial Episcopal Church yard, and the front door bell of the old State bank which stood in ante bellum on the corner where the residence of Dr. F. W. Hughes now is. These with other relics from over the country will furnish the metal for the bell. Though cast in Troy, the metal will be run into the mold by the touch of Mrs. Cleveland in Washington upon an electric button.

**TUTT'S** Pills agreeable in taste.

**Children** Cry for Fisher's Castoria.

## THE CRISIS REACHED.

The Action of James City Compels the Presence of the Militia.

Seven Companies State Troops on the Grounds.

Peace is Desired, but the Law will be Sustained at all Hazards.

The entire 1st Regiment of the North Carolina Guard, (with the exception of Co. E, Pasquotank Rifles, of Elizabeth City) accompanied by Governor Elias Carr and Adjutant General F. H. Cameron, arrived last night thoroughly equipped to aid the officers of the law in executing the decree of court against the opposing inhabitants of James City by dispossessing them and putting the owner, Mr. Jas. A. Bryan, in perfect and undisputed possession. Brigadier General J. W. Cotton, in command, and the Colonel of the Regiment is J. E. Wood, of Elizabeth City.

We give the companies and strength with their officers by battalions:

1st BATTALION—MAJ. W. B. RODMAN, Co. C.—Governors Guard, of Raleigh, Capt. J. W. Cross.

Co. D.—Goldboro Rifles, of Goldboro, Capt. T. H. Bain.

Co. G.—Washington Light Infantry, of Washington, Capt. Sam'l Blount.

Co. H.—Pitt County Rifles, of Greenville, Capt. Wm. Smith.

2ND BATTALION—MAJ. W. T. HUGHES, Co. A.—Edgecombe Guards, of Tarboro, Capt. C. W. Jeffreys.

Co. B. Franklin Rifles, of Louisburg, Capt. S. S. Meadows.

Co. F.—Warren Guards, of Warren, Capt. H. Palmer.

In addition to these companies the Naval Reserve of New Berne is ready to do its full duty. At the first intimation a short time back that their services might be necessary, every member responded to the call and they have been promptly in nightly drills since.

That the people of James City have stubbornly held out against the execution of the law by ordinary process until this point is reached is a reproach not only to their character as citizens but to their intelligence likewise.

The colored population of this section are peaceably disposed, but their action in James City by openly defying the law and assembling in a number of upwards of a thousand at a given signal at the approach of the sheriff to execute the law shows them in a law defying people.

The good people of Craven county much preferred an amicable settlement, as did Mr. Bryan, and a great deal of time was granted in hope that such terms might be reached, but to no avail, and as a result, they are forced to yield only at the point of the bayonet.

Matters have reached this point from no desire of the sheriff. He did everything in his power to avoid it, and when forced upon in the way it was, he was not only perfectly justifiable in what he did but it was the only course left open to him.

The people said at one time, that while they would not pay rent or move they would submit to ejection, but their action whenever the sheriff went over with a posse plainly belied their words. Though they were polite to the sheriff himself, their gathering en masse at the ringing of a bell, plainly a preconcerted signal (even those in this city dropping their employments instantly and rushing over to join the crowd) and then giving the sheriff deputies to understand that whoever entered a house would do so at the peril of his life was as palpable a resistance as was necessary—the violence did not have to be applied to make it so—and this action on their part laid nothing to do if bloodshed was to be avoided but to come upon them with an overpowering force.

**Coming and Going.**  
Mr. Frank Scheelky left yesterday morning to remain some time in Winston on business.

Rev. Fred Thomas arrived last night to spend a few days with relatives in the city.

Mrs. A. W. Edward returned from Durham where she has been visiting her daughter Mrs. J. W. Hamilton.

**Closing of the Harlowe School.**  
Miss Sallie Shields, of Virginia who has been teaching school at Harlowe passed through yesterday morning en route to visit relatives in Philadelphia.

The school closed on the 19th and on Thursday night a free entertainment was held which is pronounced one of the best ever held there. The leading features were two drills—a hoop drill and a wand drill—the major portion of the exercises consisted of declamatory and musical exercises.

**Silver Finding.**  
I am prepared to replace your Old silver-wear at Burlington's Machine Office on Middle Street.

## The New Berne Postoffice (I)

How long will the lot on the north-west corner of Craven and Pollock streets be allowed to stand vacant and idle, an ugly scar on one of the fairest portions of our town, a depository for filth, and a breeder of disease?

More than three years ago an appropriation of \$75,000 was made for the building of a post office and United States Court house in New Berne, and shortly thereafter the money became available for the purpose, but nothing has been done in the matter except the purchase of the lot with the effect above mentioned.

Is there good cause for this long delay? Better accommodations, and greater facilities, for the public business are sadly needed. It cannot have been that funds to discharge the expenses were wanting for a larger amount was appropriated at the same time for a similar purpose at Asheville, and the building there has been completed and in use for a year past.

More than a year after the money for New Berne was voted, an appropriation of \$800,000 was made by Congress to build a Postoffice in Washington, D. C., and an additional act limited the cost to \$1,900,000. Later additional appropriations were made and the limit of cost was extended to \$2,000,000. A site for this building was promptly purchased at a cost of \$655,374, and the handsome structure is far advanced towards completion. It will probably be finished within a year. Other cases of the same kind might be cited but these are enough. It cannot, therefore, have been want of the funds that has delayed the erection of the New Berne office, with its paltry \$75,000, when money is found to meet an appropriation of much later date for a building the site of which alone cost upwards of half a million of dollars.

Will some one tell us if any (and what) steps have been taken towards the erection of our public building?

**Arbor Day.**  
By a resolution of last Legislature, it is made the duty of the Governor of the State to set apart annually in the Fall of each year, a day to be designated "Arbor Day." Upon that day all persons are requested to plant a tree, and all schools are particularly asked to do so, with such ceremonies as may be appropriate. The kind of tree to be set out is left entirely to the discretion of the persons who set them out.

In view of the rapid destruction of our forests, and of the decay of so many of our beautiful shade trees, the custom will be not only useful, but very interesting, and in a few years a valuable one. Think of it. A partial compliance only with the suggestions of the resolution would ensure the planting every year of more than 100,000 trees.

In our North-western States the effects of a similar custom have been most beneficial.

**Truck Quotation.**  
The following truck quotation was received by telegraph Tuesday night from Messrs. Palmer & Rivenburg of New York:

Strawberries 14 to 16c.; asparagus \$4 to \$5; peas in baskets, \$3 to \$2.50; peas in crates, \$1.75 to \$2; thirds, \$1.25 to \$1.50; eggs, 14 to 15; duck eggs, 18 to 20c.

**The Scottish-Rite Masons.**  
The fourth annual convention or reunion of the Richmond bodies of the A. and A. Scottish Rite of Free Masons (southern jurisdiction) closed last night with grand banquet, which was largely attended. Rev. R. P. Williams, a venerable master of the Lodge of Perfection, presided. Toasts were responded to by elegant brethren, and altogether the affair was one of unusual enjoyment.

During the afternoon and night Rev. Ha.ley Carmichael, as venerable master of the Kadosh of Dalcho Consistory, No. 1, conferred the thirty-first degree in full from on the following candidates: Dr. R. G. O'Hara and R. W. Coffee, of Deep River City, Va.; J. H. Hackburn and F. Ulrich, of New Berne, N. C.; Dr. George Ross, W. E. Outshaw, Tazewell Ellett, W. F. Wickham, W. D. Rice, Parker T. Conrad, E. N. Dennis and F. H. Pluemacher, of Richmond. The same candidates then received by communication the thirty-second degree—Prince of Master of the Royal Secret—and were declared full members of the Consistory.—Richmond Dispatch, April 20th, 1893.

Alden, Publisher, 57 Rose St., New York, who was the pioneer, and is still the leader in the "Literary Revolution," sends us a copy of Bayard Taylor's famous and delightful "Views Afloat of Europe Seen with Knapsack and Staff," as a sample of his half-morocco gilt top style, in which he publishes some of the world's most famous books at prices ranging from 50 cents to 60 cents each, the same books being issued also in neat cloth binding at prices ranging from 15 cents up.

**Moody's Meeting at the World's Fair.**  
The arrangements for the series of evangelistic meetings to be conducted by Dwight L. Moody in Chicago during the World's Fair, have been completed. The evangelist has surrounded himself with a staff of able Christian workers from every part of this country and Europe, and preparations have been made to hold meetings each night in every part of the city, beginning May 1st.

## An Undisputed Test of Merit.

A medicine that has been a household remedy for over fifty years and used in that time by more than 150,000,000 persons must have great merit. Such a medicine is found in Brandreth's Pills. This fact demonstrates the value of these pills better than any statement of the proprietors. It will be observed that the dose required to cure is small. One or two pills taken every night for ten or twenty days will cure dyspepsia, costiveness, rheumatism, liver complaint, biliousness, or any disease arising from an impure state of the blood.

Brandreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

Sold in every drug and medicine store, either plain or sugar coated.

**Put to Flight.**  
—all the peculiar troubles that beset a woman. The only guaranteed remedy for them is Dr. Pierce's Favorite Prescription. For women suffering from any chronic "female complaint" or weakness; or weakness; for women who are run-down and overworked; for women expecting to become mothers, and for mothers who are nursing and exhausted; at the change from girlhood to womanhood and later, at the critical "change of life"—it is a medicine that safely and certainly builds up, strengthens, regulates and cures.

If it doesn't, if it even fails to benefit or cure, you have your money back.

What you are sure of, if you use Dr. Sage's Catarrh Remedy, is either a perfect and permanent cure for your Catarrh, no matter how bad your case may be, or \$500 in cash. The proprietors of the medicine promise to pay you the money, if they can't cure you.

**Dissolution.**  
The firm of Dewey & Powell heretofore doing business, is by mutual consent this day dissolved—T. W. Dewey withdrawing. A. H. Powell will continue the business. Thanks for past favors, we are, Respy'ty, etc.
