The old board of City Council finished its labors last night. It will simply meet one more time to turn over the affairs of the city to the newly elected board.

ought not to remain so any longer. Again inquiries are made often about

work for it with united effort.

of Morehead City, passed through yes! Eloquent Tribute to the Success of the Magnificent Suread by our Citizens Complimentary to the

Press Association. Many pleasant things have been saiand many more will doubtless be said by left for their home in Chester, Pn., and the press of the State in regard to the visit and entertainment of its represents tives in New Berne-too much und of

for us to acknowledge the many compli The trains of the New Berne, Wil- ments which are so highly appreciate?

The banquet given by the citizens New Berne to the members of the Pres-wasideally perfect and realistically deacross the river and the draw ordered, lightful. It was an entertainment which in no particular, could have been excelled fudeed, to equal it would be a stup a dous undertaking for any town or city, for the combined taste and culture, which characterize the magnificent heartest and hospitable people of historic and classic

New Berne, are found in few, it any, other places on this globe. The gentlemen of the city exacted laberal tribute from the illimitable resources of the fertile farms, gardens, game preserves and splendid rivers of the vicinity to supply the tables, while the ladies of New Berne who are justly famed for these observat culture and accomplished taste, as well as beauty of person, directed their moreerved efforts to the arrangement and decoration of the banquet ball. Thi was their expression of welcome to the Press Association. Their welcome wa thus harmoniously beautiful and graveful and while many members of the State press possess the talent of fluent and not being well. The council in this city happy expression in language, none so numbers 122 members. It is one of the far have been able to give adoptate expression to the boundless admiration and appreciation they have for the webban

ig work of the ladies. The banquet was spread in the large and lofty Y, M.C. A auditorium and

gymnashim, at one end of which is stage and at the other end a colliery The arrangement of the tables we can ar much interested in the question of short-ening the distance between there and New at least diffeen tables which interespical Berne by putting the short cut mod in and crossed each other all through the such order that it will be good and hall, there were few sects which dod not command a full view of the and torium. and there was no seat that did more commiles in length but it runs through low mand a large view. Overhead decoraland and never linving been properly constions were of multi-colored transstreamers and those or profusily to showed as to almost obscure the columfrom view, and so draped and blessholes

Carolina. To shorten this distance by tables was of flower gorgeon and about half as the building of this road choice road and rich every rest, success about half is the building of this road will do will help up the business of the city materially. How can the merchants, bankers, livery stable men and others be satisfied to let this state of affairs con-tinue: All classes of business suffer from the neglect to seek this trade and it On each end of every table there was a large floral cluster of native roses and flowers, the pretriest and overest on writh, differing in boonsy the steam ferry. This is an enterprise of from the Quere piece only so they dis-such importance to the general public fored in dimensions. Covers were that four construct
