Some Tennessee farmers have written to Secretary Morton to know if he thinks it advisable to plant potatoes on the wane of the moon.

The Lewiston, Ohio, reservoir broke at 4 o'clock yesterday morning and water covering 17,000 acres of land was emptied into the Miami valley.

Secretary Smith is again at his desk. He will organize a sort of a Cabinet of his own composed of heads of bureaus and assistant secretaries of the Interior Department.

Professor S. B. Weeks, of Trinity College, we are gratified to learn, is writing a history of North Carolina. It will not be a brilliant work, but it will be thorough and accurate and trustworthy and will cover the field. He will not overlook a large denomination of Christians as Moore did, not will

his book abound in historic errors. Governor Sevier to the late Ray. Dr. Calvin H. Wiley that by actual count he was able to detect 1,000 errors in Wiley's "Democratic Standard Book" as the Whigs wittily called it. It will appear in Dr. Weeks will look into Rev. Hugh M. Aiken's Journal (in Foot's Notes or Whigs—no longer written and are writing from our books) he will find that in 1756 there was a Baptist church in Greenville county at Fishing Creek, and a Baptist congregation that worshipped at Sherman's on Tar River, that has been a voting precinct for perhaps the last hundred years.—Messenger.

Good morning Mayor Ellis!

Steps are taken to rebuild the Davis Hotel at Mineral Springs by a Stock Company. It will be the finest hotel in the State.

We call attention to the rules at the head of our official column adopted by the North Carolina Press Association making provision for charges on card resolutions, society notices, etc.

The News and Observer says: The third annual convention of the Methodist Educational Society of North Carolina will be held in Raleigh about the middle of May.

Prof. F. E. Mather intends to leave one of his lectures the first of June next held here. He is at work on it now. It will make a good showing for the work he has been doing for the last three years.

A good audience of about Mr. Henry Blount at the Y. M. C. A. Hall last night and it was a most interesting lecture was of great excellence and his rendition of Solon Shingle incomparable. The audience was very attentive and both lecture and recitation enjoyed.

The Sanford Express says: The loss by fire in Moore county some three weeks ago is estimated at \$200,000. Many men who were in good circumstances and were operating large turpentine orchards are forced to begin life anew. It was the most destructive conflagration ever known to visit Moore county.

By special invitation, Mr. Henry Blount, accompanied by two journalistic friends, visited the College Institute at noon yesterday, and made a short address to the assembled scholars of the Institute and Graded school, and gave two humorous recitations, which were much enjoyed by both teachers and scholars.

We quote the following from the North Carolinian: "The editors of North Carolina will never forget the reception accorded them at New Berne. The meeting was a profitable one, but all agreed that it was in a very great measure due to the unbounded hospitality of the people of the 'Old of Elms.' A. K. editor where is Paradise and he will point toward New Berne."

The Greensboro Record says: a queer specimen of a fowl is on exhibition at the Hudson Store Company—a cross between a guinea and an eagle. The head resembles an eagle somewhat, while the feathers are exactly those of a guinea. Its "cackle," however, is that of a chicken. Council Brown bought it from a country man living a few miles from town. It is a good sized fowl but presents a queer appearance.

A wood factory is soon to be started near Tarboro on the Norfolk and Carolina road. Numerous articles such as hoops, plates, etc., are to be manufactured, principally of gum. Stock has been taken by foreign as well as home capitalists and the work will soon be started forward. This is just the line of work that ought to be developed in Craven county. It has over a hundred varieties of woods, many of which work up admirably and are susceptible of a high polish.

The Durham Sun says: "The man who paints his yard fence, cleans up his premises, white washes his barns and out houses, and keeps the weeds from growing on the sidewalk in front of his gate, is a greater benefit to a city than the individual who spends his time on the corner of the street prating about a situation and the dead condition of his adopted home. The Sun might have gone further and said that benefactors to a city or town are those live men who try to keep a breast with the times, and throw their influence and money to every enterprise of merit that springs up in their midst and who always found laboring for the building up of their town instead of growing and sticking over small public expenditures for needed improvements. True indeed.

TUTT'S PILLS effective in results.

New City Government.

The new Board of City Council organized last night. J. F. Clark, F. Ulrich and J. E. Latham were chosen councilmen large and upon completing the organization Councilman Ellis of the 1st Ward resigned and Mr. Chas. Reizenstein was elected in his stead and Mr. Ellis was elected Mayor.

The following is the list of officers elected:

City Tax Collector, W. D. Wallace.

City Attorney, Steve G. Barclay.

City Treasurer, H. J. Lovick.

Port Physician, R. S. Primrose.

City Marshal, J. T. Lewis.

Policeman No. 1, J. K. Dixon.

" " 2, J. B. Dixon.

" " 3, Eli Elliot.

Market Clerk, John Bowden.

Headquarters: Watchman, Thomas Toler.

Sanitary Officer, Henry C. Brinson.

Sixth Cedar Grove Cemetery, D. H. Stallings.

Sixth Greenwood Cemetery, vol. Daniel Best, vol.

Special Need for Careful Sanitary Precautions.

Clean streets, houses and town lots are desirable at all times but in view of the ravages of cholera in the Eastern Hemisphere last year, our narrow escape from it—it reached our very shores and was with difficulty kept at bay and the further fact that it did not entirely die out through the winter and is even now early as it is becoming deadly which heightens the chances of danger this season, it becomes the duty of all to co-operate heartily with those in authority in keeping all premises in perfect sanitary condition.

The Government has made provision for quarantine regulations. This without doubt will be supplemented by strict surveillance by city authorities than usual and private citizens should aid them in carrying out whatever regulations they may enact by all means that lie in their power.

Coming and Going.

Mr. Chas. Van Lee, the partner in Greenbaum Bros. oyster cannery here who has been seeing to its operating left yesterday on the steamer Norse, returning to his home in Sanford, Del. the season being over.

Ben. F. M. Shannon returned last night from Winston where he has been on a business trip.

Mr. H. E. Royal, of Suffolk, Va., arrived to spend a few days in the city with friends.

Mr. J. J. Baxter returned to Beaufort last night where he expects to remain a month or two longer looking after the branch store there.

Miss Lillian Howland of Massachusetts is visiting Miss Sadie Eaton, and Miss Louise Dennison of the city, is also spending a few days at Miss Eaton's while her friend is here.

Capt. K. R. Jones and Messrs. W. B. Boyd and W. F. Rountree returned last night from Charlotte where they have been attending the Grand Council of the Royal Arcanum. They, as well as Mr. W. G. Brinson of the city, were all elected to the Grand Council offices they held last year.

Trucking in Pamlico.

Mr. G. K. Dixon an excellent farmer of Pamlico shows a good size sample of potatoes of his raising. He expects that about the first of June shipments will begin. The people of his neighborhood also raise cabbages and peas for the Northern markets, but they work to disadvantage on account of the lack of direct transportation. Not only is additional expense to be borne, but the disadvantage also, in the case of such crops as the two last, of their not being quite as fresh.

With the better opening up of the points down Neuse river and other good land adjacent to New Berne now laboring under similar disadvantages impetus will be given to trucking that will put the industry far in advance of the position it now holds, immense though it is even now.

We've Got the Encampment.

A special to the Wilmington Messenger from Raleigh says: Quartermaster General Harrell informs me that Governor Carr today approved the recommendation of the staff officers that two regiments of the State Guard encamp this year at Carolina City near Morehead City and says that the First and Second regiments will be the ones sent there.

Truck Quotation.

The following truck quotation was received by telegraph last night from Messrs. Palmer & Rivenburg of New York:

Strawberries, 14 to sixteen; asparagus, \$2.50 to \$4.00; peas—Edenton—\$1.50 to \$2.00 per box—others—75 cts., to \$1.25.

The Winston Sentinel says: There were sixteen deaths in Winston during April, thirteen of which were colored people and three white. In Salem there were only three—two colored and one white.

Miss Fannie Brinson, consort of Mr. Daniel W. Brinson, died at her home at Reelsboro, Tuesday May 3d. The deceased was a daughter of Mr. P. Lepper, of Morehead.

Children Cry for Pitcher's Castoria.

THE MISSISSIPPI ON A RAMPAGE.

The Course May be Changed and Memphis May be Left an Inland Town.

Advices from Memphis says that an immense body of water is sweeping down the Mississippi, and a terrible flood is feared. The current is cutting into the west bank five miles above the city, and it is feared that the channel will be changed into Hopfield Lake, leaving Memphis an inland town, and the big three million dollar bridge high and dry. The government fleet is at work trying to prevent the river from changing its course.

Grand Council Royal Arcanum.

The Fourth Grand Council of the Royal Arcanum just held in Charlotte was the largest ever held in the State. It ended with a pleasant and successful banquet.

Officers were elected and installed as follows:

Grand Regent—J. Howell Way, Waynesville.

Grand Vice Regent—T. J. Gill, Lenoir.

Grand Orator—C. T. Bernhardt, Salisbury.

Past Grand Regent—J. G. Wright, Wilmington.

Grand Secretary—W. B. Boyd, New Berne.

Grand Treasurer—A. M. Powell, Raleigh.

Grand Chaplain—H. C. Backus, Rockingham.

Grand Guide—E. Z. Fox, Carthage.

Grand Warden—W. E. Rountree, New Berne.

Grand Secretary Charles Deane, Goldsboro.

Grand Trustee—W. G. Brinson, New Berne.

Grand Trustee—John H. Hill, Goldsboro.

Grand Trustee—T. W. Branch, A. S. ville.

The Charlotte Observer says: The following condensed history of the organization:

The order of the Royal Arcanum was organized June 20th, 1875, and although comparatively young, now has a membership of 142,000, chiefly in the South as the South is practically everywhere so large a part of it being in just a few low fever, the yellow fever district, being named as South Carolina, Georgia, Mississippi, Louisiana, Texas and Alabama.

The first compiled in the State was at Wilmington in 1890.

The Sheriff of Vance killed a Man Resisting Arrest.

On May 2nd in Vance county, near Burnsville, Sheriff John Woody went to the home of Taylor McAllister with a view of recovering a horse that was in McAllister's hands. McAllister saw the Sheriff approaching and taking out a knife warned the officer not to come any further. He continued to advance upon the Sheriff in a threatening attitude and the officer drew his pistol and shot McAllister three times, killing him almost instantly.

McAllister was about 45 years of age, had been married three times and leaves several children.

Change of Railroad Name.

By authority of an Act of the Legislature the name of the Wilmington, New Berne and Norfolk Railroad Company was changed to the Wilmington, New Berne and Norfolk Railroad Company.

The change will go into effect about 12th of Wilmington Star.

The Lenoir Topics says: The opinion is pretty general that the apple crop of the prospective apple crop badly, but it did not entirely destroy it. Many orchards will not have lost a few apples, while a few very low apples will have full crop were not frost to find it seems to have been more seriously injured by the late frost than was anticipated.

Mr. H. C. Galey, speaking for the great apple producing section of Mauley, says the fruit crop there will be almost an entire failure. Mr. John B. Webb, of Collettsville, also agrees with him as to the severity of the frost on apples and peaches.
