At Willow Grove, Penn., Friday IMPORTANT SURVEYING INFORMA-

The Magnetic Need'e Changing its Course - A Lack of Knowledge on This Point May Cause Endless Annoyance About Boundary Lines.

Our attention has been called by Mr.H. opportune for the evacuation of J. Lovick to the fact set forth in reports Egypt Except when pricked and sent out from Washin ton by the Government that the magnetic nee-lie is slowly b wonets the English have never but surely changing the direction in due north is pointing farther to the west with each passing year and is now over case of Egypt is not likely to prove two degrees removed from the true north and south line.

This secular change is a matter imporlight heavily upon them. At the shown in Gillespies land surveying by an quote from the remarks there made:

"Suppose that a surveyor, ignorant or eglectful of this change should attempt Lenoir Superior Court. o run out a farm by the old bearings of leave a gore which belongs to it, between suffering with LaG ippoitself and another neighbor. Yet this is We no see the following visiting actors pecting their lines."

Of course the bare statement of the Snow Hilland P. M. Pear-all of Funton. present secular variation of the magnetic declination would answer all practical Clean up your premises if they need it purposes, but as a matter of interesting hardly last longer than one weet information we publish the changes for New Berne and the points of which it is te.day. the chief place as they have progressed

since 1850; In 1850, instead of being on the true north line the needle pointed ,17 of a degrees east of it. Five years later it had changed so that it was .14 of a degree city, on Wednesday, the 19 feet sunt. I The North Coolin. Medical As seinwest of the true line, in 1860 it was .46 of ginning at 4 o'clock in the attraction. A
fon is now meeting in Raleigh. The adegree west, in 1865 .79, in 1870 1.11, who are is sympathy with the point. State Dental Society will meet the air om in 1875 1.42, in 1880 1.72, in 1885 2.01, these services are cords ily invitation Lay 23d to 26th.

Our agent, Mr. J. M. Here is spending report also contains the prediction that should begin promptly as the best week at Superior Court in Kinston in 1895, the variation will be 2.5, and in this week at Superior Court in Kinston, in 1895, the variation will be 2.5 and in named. Nest week he will be in Hyde County 19000 2.7 degrees. From these figures and the following week in Pamlico given surveyors Lovick and Brown compute the present variation at 2.4 degrees.

There is no reason why any surveyor or mist says the word New Es ne when any one specially interested in surveying written Newbe n looks to him "like a should not inform himselt and keep peacock with all his tail feathers pulled thoroughly posted on these changes for peacock with all his tail feathers pulled the peacock with all his tail feathers pulled the description out at the description out at the peacock with all his tail feathers pulled the description out at the peacock with all his tail feathers pulled the peacock with all his tail feathers peacock the department sends the information out

We will remind our people that the 10th of May (A-emo int Dars) is a legal state to be believed by the sounded on the state of the services concluded to the A-emo interpretation of the services concluded to the service taining tabulated Estatements of the changes through the United States and also at some foreign ports.
