**Judge** Steinhilber has issued a temporary injunction restraining the exposition directory from closing the World's Fair Sundays.

**Kansas** Populist State officers have formed a publishing company, and will send out tons of Alliance literature.

**And now** it is discovered that **Mrs. John Everetts** at Hazleton, Pa., is drawing a pension on a dead child. She is held to bail.

**The** Infanta, rejecting private teams, rode to the New York ball in a carriage from a livery stable. Another case of triumphant democracy.

**A hundred** Catholic women at attending the World's Fair Congress formed a National Federation on the plan of the Woman's Christian Temperance Union.

**The** Canadian Parliament has restored the curfew law. It will ring at 9 o'clock at night and then all boys under 17 caught in the streets will be locked up.

**Unprecedentedly** heavy rain storms prevailed throughout Tennessee, Mississippi, Arkansas and Louisiana Saturday and Sunday, and the whole country is flooded.

**An uneasy** on-emporary complains that there are too many "For Rent" signs in Memphis. That only indicates that the former residents have moved into better houses.—**Memphis Commercial.**

**All of the** American foreign Missionary Societies are expecting retaliation on the part of the Chinese and that their missionaries will all be expelled. They can not expect less. China will do as this country is doing if it drives out every merchant—every American.

**Not far** from Oak Bar, Ore., a woman lately made a heroine of herself with her little gun in front of a child-seeking panther that her dog had tread on hearing the growling and the row, she dropped her stick, picked up a rifle, took a good aim, and at the first shot brought down the brute.

**While** Englishmen who are brutal beyond comparison are being, justly, punished and not giving the great and venerable Gladstone and his long all sorts of lies and slander, a home land and the Irish, the fact is that the grandest and greatest living Englishman is the honored Gladstone, and the most criminally cowardly on the globe is the malignant Ireland. Put that in your pipe and smoke it.—**Messrs. G. P.**

**The** electoral canvass proceeds quietly in France, and with unusual purity; and it is therefore a safe conclusion that France will stand by the republic and that no marked change will be wrought in the Chamber of Deputies. In other words, the stick is for peace at its dignity, high of which beneficent conditions are needed to insure recognition from the effect of the Panama upheaval.

**After** the Davis funeral train left, the wayside station where the train stopped there were great crowds of people, women and children, and many cavalry troops were lined up on either side of the train. At many points by which the train stopped, people were weeping and crying to pay tribute to the dead hero. At one point about 100 old soldiers, armed with shot guns and rifles, were drawn up and as the train passed they fired a salute.

### The Concert To-morrow Night.

**Very** careful preparation has been made for the concert to-morrow night. All those taking part are in excellent practice. Prof. Morton, who has been giving it up, pronounces it as fine a piece of work as was ever presented here. There will be full choruses, male quartets, female part song and solos both vocal and instrumental. The choruses are given in such unison as to sound like one voice.

**Prof. Morton** during his three years' stay in New Berne has given his services willingly to churches and societies as opportunity offered. This entertainment will be for his own benefit, and a goodly attendance of our citizens will be simply a proper recognition of his part.

**The** entertainment will be worth all charged; the admission is 50 cents, gallery 25 cents. No extra charge for reserve seats.

**A part** of the programme for the evening is the address by Mr. S. C. Bagshaw and the delivery by him of the Morton gold medal to the successful contestant for it in Prof. Morton's music class.

**Tickets** will be on sale to-day and to-morrow at Nunn & McSorley's.

### A Forward Step at Waters & Son's Factory.

**Messrs. G. H. Waters & Son** are putting in steam in their carriage factory and intend to utilize it as far as possible in their operations.

**They** intend to put in additional machinery, making it so that much of their work can be performed in a fourth of the time (or less) that it could be done by hand.

**They** also contemplate putting in machines for manufacturing the hubs and spokes they use and to supply all local demand. They argue that as there is abundance of the finest wood for such material around us that there is no reason in sending elsewhere for it. Besides they like to always have the very best material for all their vehicles and to know exactly what they are putting in them and this will enable them to do so.

**They** also intend to put in without delay machinery for making ornamental house-finishings—cavels, bannisters, etc., and other lath work.

**Such** enterprise speaks well. The firm has the good wishes of our citizens in the enlargement of their factory and we doubt not that with the increased facilities commensurate increase of patronage will follow.

### Honors to Jefferson Davis Memory.

**The** Jefferson Davis funeral train was made up of eight cars in all; the demonstrations along the entire line were remarkable for their magnitude and fervor. North Carolina's part in the tribute was a credit to our people. The specially prepared car that took his remains from the Raleigh depot to the capitol was pronounced the handsomest equipage in all respects that had been seen at any point along the route.

**While** lying in State in our capitol ten thousand people (this is the lowest estimate) came to do reverence at his bier. It was an imposing scene and a sight never to be forgotten to see the reverential affection and patriotic loyalty with which our people with one accord and with a great outpouring went forward to receive and do honor to our dead chief.

### Presbyterian Action on Dancing and Women Preaching.

**A committee** of the Southern Presbyterian Assembly ruled that dancing may be punished by admonition, suspension and even by excommunication in the case of the incorrigible and contumacious.

**Another committee** reported as follows: "The session must absolutely enforce the injunctions of Scripture forbidding women to speak in churches, (1 Cor., 14 xiv.) or in any way falling to observe that relative subordination to men that is taught in 1 Cor., 11, Gal., and other places.
