Entered as Second-Class Matter.

There are at least 10,000 homeless and hungry people in North-eastern Louisiana, made so by the overflow of that portion of the State. Many of the people are in a starving condition.

POISONED ARROWS.

Poisoned arrows are being shot at the South, but we will not fire back. We belong to a higher civilization and a nobler race.

These arrows come from the North, the East and the West, but they will do no harm if we remain under the protecting shield of the patriotism, Christianity and refinement that have been characteristic of the South from her earliest history to the present moment.

"Principles, not men" has been inscribed on Southern banners through all the past, and the sons of the South have not hesitated to pour out their blood in the defense of their principles. But this does not prevent the appreciation of individual merit or the tribute of praise due to exalted worth and splendid manhood. So long as time shall last, the South will honor the names of Washington and Jefferson, Madison and Jackson, Lee and Davis.

Here is one of the poisoned arrows shot by the New York Morning Advertiser. "It was Jefferson Davis who pronounced the Emancipation Proclamation 'the most execrable measure recorded in the history of guilty man.'" But the North will agree to withhold further censure while the old fellow's bones are being moved about if the South will agree not to do it again. Let 'em R. I. P."

It would be an easy task to return the fire and send an arrow that would rankle deep in the Northern heart. But, cui bono?

With her record safe in the imperishable archives of history, the South embalms her sacred memories, preserves her self-respect and looks bravely to the future.

If the fraternal spirit that has returned to our beloved country is again to take its flight; if discord is to take the place of harmony; if the wheels of progress are to be stopped; if patriotism is to be chilled and liberty grieved, it will not be the fault of the noble women and brave men of the South. Not a poisoned arrow will speed its flight across the Potomac from this fair Southland.

Ours is an indissoluble Union of indistinguishable States, and if the people are not one in sentiment, one in aspirations and one in destiny, it is not because the South has failed to bring to the altar of our common country the richest gifts of patriotism and affection.

We pay our tributes to Lee, Jackson and Davis, and we salute the flag of the Union wherever it waves.

For Over Forty Years

Mrs. WINSLOW'S SOOTHING SYRUP has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by all druggists throughout the world. jun24&wly

The vices which we should especially avoid, are those which most easily beset us.

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold. A few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough, we earnestly ask you to try it. Price 10c, 25c, and \$1. If your lungs are sore, chest, or back lame, use Shiloh's Porous Plaster Sold by New Berne Drug Co.

Our parents and teachers are the persons whom we ought, in a particular manner, to respect.

Some Foolish People

Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold at a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c. and \$1. Trial size free. At all druggists. mar22&wly

If our friend is in trouble, we whom he knows and loves, may console him.

The most painful cases of rheumatism may be relieved by a few applications of Chamberlain's Pain Balm; its continued use will cure any case, no matter of how long standing. It is equally beneficial for lame back, pain in the side, pain in the chest, lameness, and in all painful affections requiring an external remedy. A piece of flannel saturated with Pain Balm and bound on over the seat of pain is superior to any plaster. For sale by J. V. Jordan.

Thou art the man who has improved his privileges, and who will reap the reward.

The Homeliest Man in New Berne As well as the handsomest, and others are invited to all on any druggist and get free a trial bottle of Kemp's Balsam for the Throat and Lungs, a remedy that is selling entirely upon its merits and is guaranteed to relieve and cure all Chronic Acute Coughs, Asthma, Bronchitis, and Consumption. Large bottles 50c. and \$1. mar22&wly

I am the person who owns a fault committed, and who dares to conceal it by falsehood.

Shiloh's Catarrh Remedy. A marvelous cure for Catarrh, Diphtheria, Canker mouth, and Headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge.

Even in these times, there are many persons, who, from disinterested motives, are solicitous to promote the happiness of others.

While Mr. T. J. Richey, of Allona Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by J. V. Jordan.

The contented mind spreads ease and cheerfulness around it.

The need of a perfectly safe and always reliable remedy for the peculiar diseases of summer is universal. As a remedy for the household, office, on the farm, on shipboard and for travel ers by land and sea, Winkelman's Diarrhoea and Cholera Remedy has proved its inestimable worth in the prompt relief and cure of all disorders originating in the stomach and digestive system, such as Cholera, Cholera Morbus, Diarrhoea, Cramps, etc. Serviceable under all conditions, always ready for use, and perfectly safe. Price 35c. at all druggists. jun24&wly

That sort of pleasure weakens and debases the mind.

The Best in the World. Senator Henry C. Nelson, of New York, writes: "On the 27th of February, 1883, I was taken with a violent pain in the region of the kidneys. I suffered such agony that I could hardly stand up. As soon as possible I applied two Alcock's Porous Plasters, one over each kidney, and laid down. In an hour, to my surprise and delight, the pain had vanished and I was well. I wore the plasters for a day or two as a precaution, and then removed them. I have been using Alcock's Porous Plasters in my family for the last ten years, and have always found them in the quickest and best remedy for colds, strains and rheumatic affections. From my experience I believe they are best plasters in the world."

They who are born in high stations, are not always happy.

The promptness and certainty of its cures have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping coughs, and is the most effective remedy known for these diseases. Mr. C. B. Main, of Union City, Pa., says: "I have a great sale on Chamberlain's Cough Remedy. I warrant every bottle and have never heard of one failing to give entire satisfaction." 50 cent bottles for sale by J. V. Jordan.

The school of experience teaches many useful lessons.

Answer This Question. Why do so many people wear around neckties to prefer to suffer and be made miserable by indigestion, Constipation, Distress, Loss of Appetite, Coming up of the Food, Yellow Skin, when for 70c. we will sell them Shiloh's Ventilator, guaranteed to cure them. Instantaneous Electric Lighter. Price \$35. For Parlor, Dining Room, Chamber, Reception Room, or Cigar Store.

Electricity generated by Chemical Action. A handsome ornament for table, mantle or counter. This illustration represents our Electric Lighter, and is one-half its actual size. It is complete in itself - requires no extra power wires or connections. The current of electricity is generated by chemical action. It occupies the space of but six inches in diameter, and is so simple in its construction that it can be taken to pieces at will, and just as easily re-adjusted. A child can operate it simply by pressing the center rod, the current of electricity is generated, and the light is instantaneous. Economy - The material to charge the Battery can be obtained at any drug store at a cost of 10 cents, and will run 80 to 90 days. Any part can be replaced at a cost not exceeding 10 cents. Aside from its use as a lighter, this apparatus does away with matches and the dangerous and disagreeable odors arising from same.

We have taken special care in the manufacture of these Electric Lighter Batteries, they are handsomely constructed in nickel-plated and highly ornamental cases, and take a prominent place among the bric-a-brac of reception rooms, parlors, etc. Full directions accompanying each apparatus. The Battery will also run a motor and fan (2.00) and operate a lamp (2.00). We will supply, etc., all of which attachments we supply. We have representatives in every state in the Union, and invite correspondence on the subject. To those who may be doubtful of the merits of our apparatus, we would suggest that they have a representative call and investigate. (Incorporated under the laws of the State of New York.)
