Three colored men convicted at the present term of Superior court of larceny were taken up to the penetentiary yesterday. They were Octavious Cully and Ed. Bryan who was sent up for a year each for stealing logs from Blades Bros'. mill, and Caroline White who was sent to serve out a two years sentence for stealing a pipe.

The Raleigh News and Observer say an immense shipment of deep sea blue fish, the largest of the kind ever caught at Morehead, came up over the A. & N. C. R. R., Friday. There were five hundred boxes of these fish, and they were caught from a great school at one haul, far out at sea off Morehead by the large steam drop seines that are being operated down there this year with wonderful suc-

The third volume of "North Carolina Sermons" edited by Rev. Levi Branson, D. D. is an excellent work. It contains thirty sermons by thirty North Carolina preachers. One of them "The Rich Fool," is by Rev. J. F. Butt, of New Berne and is the only one he ever wrote. It is Mr. Butt's style to preach without even notes. The opening sermon is by Dr. E. L. Perkins, of Morehead on the interesting and unusual topic "Hereditary Tendencies to Sip." from the text "The fathers have eaten sour grapes and the children's teeth are set on edge." Ezekiel,

Building Cape Hatteras Light House, walks to a little Catholic church near her what has become of the good, oldfashioned woman who used to cut
hor husband's hair by placing a
bowl on his head and trimming
around the adget

A light house at Cape Hatteras is to home, whatever the weather may be, and
it is the rarest thing in the world to see
her riding in a carriage.
Her attire is of the simplest. She
neither visits nor receives visitors in any
number, and is only interested in entertouse is badly needed. A light house at Cape Hatteras is to home, whatever the weather may be, and

ter is the principal vehicle of contagion, that people may feel almost certain imcare to drink no water but what they tormerly of Greensboro, now of know is abselutely pure. As efficient one of our citizens, bearing on the justices Winston, to Mr. David H. Barger, filters can be constructed so cheaply, of them: superintendent of the Roanoke and there is no reason why one should drink Winston department of the Norfolk water that is not free from organic impurities.

The indicious use of sound fruit of this country, is considered an excellent in favor of the democratic form of preventitive of cholera, Experiments with lemons and oranges have shown that the acid contained in these fruits is deadly to the cholera bacillus, and the tion. juices of other fruits probably contain the same properties. A new portable disinfecting apparatus has been introduced into to the country from abroad, which will render the work of fumigating houses and clothing much more prompt and effective than it has hitherto been,

It has been discovered by recent experiments that light is fatal to the germs of typhoid, cholera, and other diseases, and it will therefore be well to let as much of it into the dwelling as possible, since disease stands little chance of making headway where proper sanitary condittons

home in Beaufort after spending a few days in the city on his way back Mr. W. T. Lane is off for a trip on the coast, of several weeks duration, in the

ewing machine business. Mrs. E. A. Howell is visiting relatives n Wilmingtan.

Capt. John Walker, who has been spending a few months with relatives in Southport returned home last.

Mrs. Eli Perry, of Kinston came down to visit her niece Mrs. K. E. Johnson.

More Bank Excitement.

In the North and North West there has been another panic among bank depositors caused entirely from troubles in only ne or two banks previously.

The Canal St. bank of New York has probably gone into liquidation. The other principle points of excitement are Chicago, Milwaukee and Sandusky.

In Chicago it was almost a panic excitement was confined to the State We consider the third number of the Bank of Commerce, (with over a million Confederate War Journal the best yet is dollars deposits,) the Hibernian Savings the way and we think we can understand prove. It ought to be in the home of every Hibernian's deposits were three and a half regard to "earliness" and "hurry.

The main difficulty has been from groundless apprehension on the part of majority of the pioneers of the industry depositors and not from any Imism magement of the banks and this is the general

Two Runaways at Once.

Two runaways at the same time Middle street, the most crowded thoroughfare in the city, created a considerable excitement yesterday afternoon being a horse and a mule, each attached to a

The mule came from away up Broad street about the neighborhood of the macadamized road and turned from Broad street into Middle street where a horse attached to another dray took fright and ran also,

The mule ran into Nunn & McSorley's corner, tearing down a couple of posts, and dashing into a large telegraph pole, which threw the animal down, and he had to be released before he could get up. The horse ran further into a tree, and

broke out without much damage. The Blue Grass Belle.

Mrs. Navarro, nee Mary Anderson, is described in her home life as the simplest, dearest woman in the world. She lives some distance from London, and was recently visited by a well known New York society girl, who tells that few of those meeting her would believe that only a few short months ago she was a queen of the stage.

With the resignation of public life; she has abandoned every appearance of a professional woman. Every Sunday she

French Spoliation Claims.

A North Carolina Boy Carries off the Honor at Vale William Reynolds Begg, aged twenty four, of Hendersonville, N. C., will be valedictorian of Yale, '93. He took hi oreparatory course in the Hartford High School, in the class of 8). He was the valedictorian of his class, and also carned the highest mark that a male student lead received in that school for many years.

When he entered Yale he easily led the has of 186 members, with the excention Winthrop Edward Dwight, son of the resident of the University. The race between these two for two years was very against cholera, typhoid, searlet and lose and interesting, and between them they took about all the valued scholar ships. Begg was in a slight lead all the time, except when he first went to recita-tion to Prof. Richards.

At the end of the second year Dwight

went abroad for an extended tour, and did not return for several mouths after college had opened. By that time Begg had scored such an advantage that the race was practically ended, and Dwight was no longer a competitor for the high est honors. New York World.
