## BUSINESS LOCALS.

MANY bicycles are priced at \$150; but there is not a case on record where they were sold for \$150. Why? Because they are not worth more than \$100. Yet persons who own such goods flatter themselves that they are owners of first class wheels. Evidence of insanity! The "Continental" model 32 is priced at \$150; and we will give \$500 to the person who can legitimately buy them for less. Why? Because they are worth it, every cent! Columbias sell for \$110 to \$150. Waverlies are worth \$100.

We are not much accustomed to seeing meteors scattered around loose, but anacrolite has fallen near Beaver Creek, B. C. It exploded as it neared the earth and fragments were scattered about for several miles. The pieces came down with such velocity and force that they were buried three feet in the earth. The report of the explosion was heard for a radius of twenty five miles. E. McDeol, a laborer, and James McNair and Otto Austin, civil engineers secured large fragments of the meteoric stone.

### NEW ADVERTISEMENTS.

Howard.

The city council prohibits the holding of auctions on any street or sidewalk of the city under a penalty of five dollars.

Mr. "Grit" Crowle got back last night from the penitentiary. The convicts whom he took along with him when he left two days ago, acting as Deputy Sheriff, will not be back for a year or two.

Mr. S. E. Melton, of Pollocksville, one of the JOURNAL's good subscribers who pays in advance, was in to see us yesterday. He informs us that the railroad over Trent is now complete, and that the first train was to pass over that day.

Rev. Dr. W. S. Cressy will preach the annual sermon tonight before the New Bern Collegiate Institute in the Centenary M. E. Church. All are cordially invited, young people especially. An unusually good sermon may be expected. The music on this occasion will also be fine. The voluntary will be, "His Awful Name," from Spolva "Last Judgment." The second will be, "Peace I leave with you"—Sargent. The parting hymn is one composed by our young townsman, Mr. F. Melton.

Mr. G. D. Bowden who recently went into the grocery business on Broad St., is making a good beginning and building up a fine trade. Mr. Bowden is one of our young men who sticks to his business and uses printers ink freely. A perusal of all the JOURNAL columns shows a very liberal advertising patronage indeed and we hope to see the day when every business interest, if makes no difference how small, will be on its pages.

After July 1st no bicycle will be allowed on any sidewalk at night. The penalty for violation is five dollars. No other portion of the street is to be used by a bicycle rider at night unless a signal light is displayed and an alarm signal repeatedly sounded. The penalty for a violation of this section is two dollars and a half. Bicyclists are also required to turn corners very slowly and to sound the alarm signal as they approach. A violation of this section subjects the offender to a fine of two dollars.

Wednesday while proceeding to New Bern from Harlowe the wood boat May Bell was run into a few miles from the city by a large Beauffort sharpie and so badly injured that she could not proceed further until a tug boat was secured which brought her on to New Bern. Mr. N. H. Taylor, one of the owners of the May Bell estimates the damage to her at \$100 and the loss occasioned by the delay while she is being repaired will amount to about as much more. The sharpie that did the damage was the Lillian. Those aboard her never stopped after the accident to offer either apologies or assistance to the injured vessel.
