GERMANY.

Germany is in the forefront of Europe. Whether we consider her past renown or her present proud position, the strength of her army, the ability of her statesmen or the character of her population, she appears as the best representative of progressive Europe,

Americans are more interested in Germany than any European power—not alone because of her position among the nations, but also because of her contributions to America's greatness. Sending over her people by thousands, they have contributed to the scholarship, the business enterprise and the manual labor of the United States to a much larger extent than those of any other empire, principality or power.

Germany is passing through a crisis not unlike many that have proceeded it. Emperor William, some months ago, attempted to force the passage of a bill increasing the army. He failed, and, because of the failure, he dessolved the Reichstag and ordered a new election. That election has just taken place, and the returns indicate that the Government is again in the minority. The candidates elected number 215. Of these 101 will vote for the next army bill and 114 will vote against it. But, there are a number of districts in which second bollotings must be held, and the Government is confident of final victory. This confidence is based upon the largely increased vote of the socialists, and the confident belief that in the elections yet to be held the friends of order will vote for the Government in order to defeat socialism. If these expectations be realized, not only will the Government open tee Reichstag with almost half the members on its side, but also will be enabled at the final poll to keep the social Democrats down and carry through the army bill.

Here German conservatism again asserts itself and becomes the salvation of the Fatherland. Impatient of the haughty militarism of William the Reichstag refuse to vote for his army bill; but manaced by socialism they turn and say to him. "We stand by you, not because we approve your measures and methods, but because we are Germans, and prefer the empire to anarchy."

A little while ago it was asserted that the German Emperor had said to the Pope of Rome that Republican France was a manace, and the overthrow of France was necessary to the peace of Europe. This reported interview was not generally believed, but whatever purpose may have actuated William in the past, we trust that he will profit by the lesson he has learned, and he will profit by it if he has learned it aright. The fires of leberty have been kindled in Germany. If he governs wisely they will throw a mild luster upon the throne, but if he attemps the role of the tyrant their mad flames will consume it.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Children Cry for Pitcher's Castoria.
Children Cry for Pitcher's Castoria
Children Cry for Pitcher's Castor...
Children Cry for Pitcher's Castoria.

In Glass.

That's the way Dr. Pierce's Pellets come. And it's a more important point than you think. It keeps them always fresh and reliable, unlike the ordinary pills in cheap wooden or pasteboard boxes.

They're put up in a better way, and they act in a better way, than the huge old-fashion pills. No griping, no violence, no reaction afterward that sometimes leaves you worse off than before. In that way, they cure permanently. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels are prevented, relieved and cured.

They're tiny sugar-coated granules, a compound of refined and concentrated vegetable extracts—the smallest in size, the easiest to take, and the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.

There's nothing likely to be "just as good."

The world is becoming more modest as it becomes more civilized; time was when the naked truth did not shock people.

The Population of New Berne

Is about nine thousand, and we would say at least one-half are troubled with some affection on the Throat and Lungs, as those complaints are, according to statistics, more numerous than others. We would advise all our readers not to neglect the opportunity to call on their druggist and get a bottle of Kemp's Balsam for the Throat and Lungs. Trial size free. Large bottle 50c. and $1. Sold by all druggists.

A man's great deeds are always greater than himself.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain,s Colic, Cholera and Diarrhœa Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once No other remedy can take its place or do its work. 25 and 50 cent bottles for sale by J. V. Jordan.

A hypocrite is one-third thief and two-thirds liar.

The need of a perfectly safe and always reliable remedy for the peculiar diseases of summer is universal. As a remedy for the household, office, on the farm, on shipboard and for travelers by land and sea, Winkelmann's Diarrhœa and Cholera Remedy has proved its inestimable worth in the prompt relief and cure of all disorders originating in the stomach and digestive system, such as Cholera, Cholera Morbus, Diarrhœa, Cramps etc. Serviceable under all conditions, always ready for use, and perfectly safe.

Price 25c. at all druggists.

Some people are born good; some achieve goodness and some have goodness thrust upon them.

Dyspepsia and Liver Complaint.

Is it not worth the small price of 75c., to free yourself of every symtom of these distressing complaints, if you think so call at our store and get a bottle of Shiloh's Vitalizer, every bottle has a printed guarantee on it, use accordingly and if it does you no good it will cost you nothing. Sold by New Berne Drug Co.

Don't give headaches instead of heart-aches.

The Handsomest Lady in New Berne

Remarked to a friend the other day that she knew Kemp's Balsam for the Throat and Lungs was a superior remedy, as it stopped her cough instantly when other cough remedies had no effect whatever. So to prove this and convince you of its merit any druggist will give you a sample Bottle free. Large size 50c. and $1.

Charity and money cover a multitude of sins.

Dr. M. J. Davis is a prominent physician of Lewis, Cassc county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty years. On the 26th of May, while in Des Moines en route to Chicago, he was suddenly taken with an attack of diarrhœa. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produces a diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by J. V. Jordan.

Work taken in proper doses is a good medicine.

For Over Fifty Years

Electricity generated by Chemical Action. A handsome ornament for table, mantel or counter.
This illustration represents our Electric lighter, and is one-half its actual size it is complete in itself—requires no extra power wires or connections. The current of electricity is generated by chemical action. It occupies the space of but six square inches. The construction is simple in the extreme it can be taken to pieces at will, and just as easily readjusted. A child can operate it. Simply by pressing the center rod, the current of electricity is generated, and the light is instantaneous. Economy—The material to charge the battery can be obtained at any drug store at a cost of 10 cents, and will run 30 to 60 days. Any part can be replaced at a cost not exceeding 10 cents. Aside from its use as a lighter, this apparatus does away with matches and the dangerous and disagreeable odors arising from same. We have taken especial care in the manufacture of these Electric Lighting Batteries, they are handsomely constructed in nickel plate and highly ornamental and will take a prominent place among the bric-a-brac of reception rooms, parlors etc. Full directions accompanying each apparatus. This battery will also run a motor and fan (2,000 revolutions a minute), electric medical coil, etc., all of which attachments we supply. All orders for less than $30 must be accompanied by postal, express, money order or by draft on New York. Goods shipped C. O. D on receipt of 25 per cent. (Remittances with order, save return charges.) Liberal discounts to trade and agents. We desire representatives in every state in the Union, and invite correspondence on the subject.
