ONE OF the most satisfactory things about a Columbia Bicycle is the price. Owners of this wheel know they own a bicycle worth the price, \$150, because Columbia is never at any place sold for less. Heavy discounts are given on many other wheels listed at \$150, because they are not worth the listed price. The discount varies as does the patience and persistence of the prospective purchaser. Moral: Buy a Columbia and know that you do beyond the shadow of a doubt ride the Best on Earth. 100, 000 wheelmen ride Columbia.

Improvements at Railroad Shops.

The A. & N. C. R. R. Shops now present a brighter and neater appearance than at any time for many years past. Master Mechanist Watson, seizing the opportunity when the shops were nearer empty than usual by reason of the extra locomotives being pressed into service for hauling trucks, had white-wash and paint used plentifully wherever they would benefit. The brick work of the foundry, round house, water tanks, etc., had been whitewashed and wood-work painted red—somewhat a reversal of the usual course followed, but an innovation that works well. The shops have thus been treated inside and out.

The change makes a striking difference in the outward appearance of the shops whether viewed from the direction of the depot or by passers on the road and will make a good impression on those entering the city by rail.

The carpenter shop is now being overhauled. It is receiving a general repair—something it has not had for years—and the brush will be called into use on it as soon as the repairs are finished.

Mr. Waters has also placed an additional boiler in the engine room. It is a quick steaming upright one and with it is 150 feet of 1-1/2 inch hose. It will be used for pumping purposes and washing out boilers and can be used for extinguishing a fire should the occasion arise.

These things show well, continual improvement is manifest on the road and as earnings accumulate a fair proportion of them should be applied to bettering the condition of the road and to adding new equipments and as early as practicable a double daily mail and passenger train should be put on. It has been desired and worked for years past and the time is ripe for those in charge to heed the desire of the public along this line.

Prepare for a Railroad Celebration.

Yesterday the construction force of the W. N. & N. railroad at work in the city finished the track laying from Neuse river nearly to Hancock Street. Unless bad weather or other interruption occur the track will cross the A. & N. C. R. R. tomorrow.

The time is without doubt near at hand when we will have direct railroad communication with Wilmington and it behooves us to get up some demonstration in honor of the consummation of that long-desired event. To do this properly will require some little time and it is none too early to begin agitating in reference to the celebration.

The opening up of this road should be regarded as a very important event. It not only opens up a very fine farming section that has long lain in the background, but it renders so that no one who comes here need return over any portion of the way he came unless by direct choice and gives us a good southern outlet for any purpose. The opening of the rail road makes a new era in agricultural, industrial and commercial development and deserves a big celebration.

Appointed to West Point.
In the examination held in Wilson June 24th, for Congressman Woodard's appointment to West Point, Mr. W. F. Wooten, of Lenoire, first with Mr. E. L. Carr, of Greene county, second. Both these gentlemen have been students at the State University, Mr. Wooten having just received the degree of Ph. B. at this commencement magna cum laude. He was considered, and justly, one of the best students and athletes at the University, and will aptly sustain the brilliant reputation made for North Carolina by Messrs. Howell and Johnston. The examination committee consisted of Messrs. Wm. T. Dorch, J. L. Post and Dr. Green. News & Observer.

TEACHERS' ASSEMBLY.

Memorials of Deceased Members—Virginia Dare Memorial School—Treasurer's Report—Election of Officers.

SIXTH DAY, JUNE 30TH.
Devotional Exercises by Dr. Skinner, Raleigh.

Dr. Skinner read the 1st chapter of the Gospel by John, in the 41st verse of which occurs this passage, "He (Andrew) first findeth his own brother Simon and saith unto him, we have found the Messiah, which is being interpreted, the Christ. And he brought him to Jesus." Before engaging in prayer the Dr. made the brief remark that this verse not only sets forth the duty of a man when religiously impressed, to bring others into the way of Christian duty and privilege, but by a ready analogy, intimated the duty of teachers when interested in their work to bring others into it.

Short memorial notices of Rev. E. G. Beckwith, of Wake Forest, and Dr. M. F. Arendell, of Morehead City, were read by Prof. F. P. Hobbgood, Chm. of the Memorial Committee.

A letter was received, and read from Prof. D. S. Ellis, formerly Superintendent of the Teachers' Bureau here, now of the Teachers' Association, Florida, sending kindly greeting, and inviting the Assembly to attend a meeting of the Association soon to be held there.

Prof. C. D. Melver, of the Normal and Industrial School, at Greensboro, spoke at some length in reference to Virginia Dare, and matters connected with the early colonial history and offered a resolution which was adopted—the purpose being about as follows: that in harmony with the ideals and efforts of Mrs. Cotton, Chm'n, etc., the most suitable monument that could be erected to commemorate the events referred to, would be a living monument—a high grade, broad gauge Female Seminary, or Normal Training School for Girls, supported by the funds of the general government, the girls being as truly entitled to appropriations for their special training as the Military Cadets at West Point or the Naval Cadets at Annapolis.

Dr. C. A. Alphonso Smith was asked to furnish a copy of his admirable address upon "Poetry in every day life," for publication in North Carolina Teacher.

The Treasurer's Report was presented, from which it appears that the amount of cash received last year was \$1838.00, all of which was expended and about \$600 more, which was advanced by the Treasurer as needed, according to the usual course of Assembly events. It is a good and pleasant thing to have a friend who will smooth the financial way, who is always "achieving," always "pursuing," who uses his money freely and "waits" for his pay.

The election of officers for the coming year was the next thing in order and resulted in the choice of F. P. Hobbgood, Pres't of Oxford Female Seminary for President and Prof. Alex. Graham, Supt. of the Graded Schools of Charlotte, for Vice President.

Miss Mattie Whitaker, of LaGrange, one of the Musical Directors, put in nomination for Secretary and Treasurer, Col. Eugene G. Harrell, of North Carolina, (sometimes in Raleigh.) He was unanimously elected—for the fourth time, which was according to the eternal fitness of things. Eight Vice Presidents (honorary to represent the whole state) will be appointed.

An address was delivered by Hon. John C. Scarborough, Supt. of Public Instruction. It was not very long, was vigorously delivered, well received and frequently applauded. We cannot now give the "points."

"Pres't. Melver, being called on, said a few words of encouragement and helpfulness, and then as something in the line of improvement, suggested the satisfaction and usefulness of having courses of lectures all over the State the coming winter. If we could get such men as Thos. Dixon, Dr. Talmage, Frank Beard and others, it would improve the people give them something new to think about and talk about and be productive of great good.

Resolutions were passed touching the following subjects:

Thanks to the Press, for courtesy and encouragement and help.

Thanks to the railroad officials for substantial assistance by furnishing low rates of fare.

Thanks to Mr. A. Cobb, for contributing to the enjoyment and success of the session by giving the use of an excellent piano and organ.

To Mr. B. L. Petty "mine host" at the Atlantic, for uniform courtesy and kindness, good fare and good accommodation.

And a Resolution expressing the sentiment of the Assembly in regard to the necessity of having a State Reform School.

At the close of a grand Musical, which will be noticed later, a parting hymn was sung: "God be with us till we meet again," and the tenth session of the Teachers' Assembly of North Carolina passed into history.

New Berne, N. C., June 14th, '93.

The Post-Office and Custom House.

The Washington correspondent of the Wilmington Messenger gives the following information in reference to the office of postmaster and collector of customs of New Berne:

"Senator Ransom and Representatives Grady and Alexander went with the New Berne gentlemen, Messrs. Lane and Bidde to see the Secretary of the Treasury and Postmaster General respecting the collectorship of customs and postmastership there. These matters were placed at their request on the agenda list. It is said that Senator Ransom and Representatives Grady and Woodard endorsed Mr. Stephen H. Lane for collector at New Berne. Mr. Matt Manly is endorsed for postmaster and the difficulty that he comes under the "Ex" rule is met by Mr. Grady by saying that the rule has been broken several times in the State already. Since it was promulgated, Messrs. Samuel R. Street and W. P. Rountree have become candidates for postmaster. The commission is dated January 5th, and the Postmaster General called attention significantly to the fact."

Independent of Hotels.
The big Atlantic Hotel at Morehead City has a rival—The house boat, "Hundred Grange," left yesterday afternoon with a company of New Berne hoteliers, who intend to make their stay at Morehead "a life on the ocean wave" by using the boat as their abiding place while in the city by the sea. They furnished as the following list of voyagers and the capacity in which they shipped. J. P. Ives captain; W. E. Pearce engineer, W. E. Patterson purser, C. D. Bradburn and Ralph deck hands, H. C. Lunsden steward, Jas. Holton passenger, Isaac Dawey, cook.

FROM IDA BELL TO BIG IKE.

I have read your letters from far and four near from Katie and from Mollie that seem to you so dear.

I imagine they've a secret which to you they wish to tell.

And so have I my friend Big Ike a sweet "Ida Bell."

I hope when my letter I send to you you will justly accept it and my request you will heed.

And trust my little self you will remember well.

And bear in mind these lines you read are from sweet "Ida Bell."

Remember your wealth which came by your hands.

I trust you appreciate the One that gave us lunas.

Are ahead of all inventions which you I love to tell.

To you the noble Big Ike! Think of "Ida Bell."

Your history I have read and it seems to me you are a man of great renown that everybody see.

Oh noble Big Ike you must remember well.

The name I bear is now you see is your sweet "Ida Bell."

I will not attempt your affection to gain Nor do I expect a fortune to maintain.

But only to hear from you if you've anything to tell.

Be hold at once my friend Big Ike with your sweet "Ida Bell."

I will with patience wait on you if you wish to reply.

To me; At once just do I will not deny.

But hope in the future you will continue to do well.

Is the prayer oh noble Big Ike of your sweet "Ida Bell."

When at work, when at rest, when at last do you roam.

When sailing o'er the wide ocean and far away from home.

My last words to you Big Ike is what I wish to tell.

Forgive me not but think of me your sweet "Ida Bell."
