

# THE DAILY JOURNAL.

VOL. XII--No. 100

NEW BERNE, N. C., THURSDAY, JULY 27, 1893

PRICE 5 CENTS.

**BUSINESS LOCALS.**

**HANDSOME** Presentation Books by Standard Authors can be found at Hall's Stationery Store, Middle St., opposite Baptist Church.

**HAVE** you anything special to sell, or do you want to buy any article not supplied by the regular market? If so try the advertising columns of the JOURNAL.

**BROWN BEANS** for table use at 3 cents per quart. Also Seed Beans for fall planting, at low prices. R. HERRY.

**FOR RENT**—The Dwelling next door to my residence on Pollock Street. J. W. SWEENEY.

**WANTED**—Agents wanted everywhere to sell a fast selling article. Good pay to the right man. Sample 25c. For terms apply to Marshall Hill, Apartment 8 O.

**ONE OF** the most satisfactory things about a Columbia Bicycle is the price. Owners of this wheel know they own a bicycle worth the price, \$150, because Columbias are never at any place sold for less. Heavy discounts are given on many other wheels listed at \$170 because they are not worth the listed price. The discount varies as does the price and persistence of the prospective purchaser. Moral: Buy a Columbia and know that you'll be beyond the shadow of a doubt the best on Earth. 100,000 wheelmen ride Columbias.

W. T. Hill & Co., Sales Agents.

**DUFFY'S** Diarrhoea Remedy, a preparation which has been used for many years, with extraordinary success. It will have used it. Composed of Vegetable Aromatics, Aspirin, Camphor and Antiseptic. Pleasant, Harmless and Effective. For Diarrhoea, Cholera, Summer Complaint, Cholera, Cramps and Pain in the Stomach. This medicine is used and endorsed by Judge H. R. Bryan, Mr. W. H. Murray, Mr. John B. Young, and a number of other citizens of this and surrounding counties. For sale by dealers in the adjoining counties. P. R. DUFFY.

**A FULL** line of Spring and Summer Samples, consisting of Chas. H. Black, Blue and Brown Serge, Fine Cut Suits, mere Imported Suitings. Materials in all gradations. Satisfaction guaranteed. P. M. Chadwick, Tailor, at Hall's Book Store.

**GO TO** Street Horse Store for Livestock. Fine feeders at Street's Horse Store.

**ELEGANT** saddles at Street's Horse Store.

**Less than 10 per cent** of the clerks in the treasury are Democrats.

**Secretary Carlisle** is the only member of the Cabinet now in Washington City.

**In Madison county, Alabama** one dog made a raid on a flock of sheep and killed twenty of them.

**The grand jury** has found true bills against Col. Ainsworth and others for the Ford theatre disaster.

**Mr. Cleveland** is writing his message to the Congress. Its chief features will be currency and tariff.

**"Walter Besant predicts** that Chicago will be the metropolis of America," why, that's been the talk for ten years. Besant is a back number.

**There is a great depression** in the price of American wheat, and that too in the face of a deficiency of 100,000,000 bushels in present crop and great shortage in England.

**The sub-treasury officials** at Chicago refuse to take silver in exchange for notes on the ground that they were unable to count and check up the large amount they had already on hand.

**Let the financial question** be dealt with calmly, intelligently, honestly, justly, patriotically. Passion, partisanship and platocratic intermeddling will be out of place.—Messenger.

**Rigid economy** during the past year or two has placed the southern banks in first-class condition, and they are in better standing than any of their competitors in the country. There is not the slightest danger of such a panic in this section as they have recently had at Denver.

**A Tennessee man** is at work on a flying machine which, he claims, will eclipse anything yet attempted in that line. He has made several successful experiments with it and hopes to have it on exhibition at the world's fair.

**The experiment of training** Indians for the military service has been abandoned by the War Department, after two years trial. The project seemed promising; but its results have failed to be beneficial to either the army or the Indians, and the work of mustering them out has therefore been begun. The Indian is all right as a fighter; as a soldier, subject to the restraints of discipline, he is not a success.

The French Government, in consequence of Siam's reply to its ultimatum, has decided to blockade the Minam river. The London Times says France's movement is more against British commerce than the Siamese Government.

According to rumor, Tennessee Democrats do not like the deal in that State. The St. Louis Republic says: "Mr. Cleveland has disappointed his friends in Tennessee. We learn from the Memphis papers that the H. H. men are getting the oil and the Cleveland men the laugh. This is indeed hard carried State to Chicago, and won a defeat."

Mitchell has signed articles for the Corbett of Chicago, and Corbett has signed articles to fight Mitchell at Coney Island. The fight will probably be carried on over long-distance telephone. The signing of contracts do not appear to have any stomach for Mitchell's warring teaching of a life. They ought to be denied tolerance in the new State of sporting news.—R. J. D.

**Craven Circuit Held at Beach Grove Church Friday and Saturday**

The Craven Circuit Sunday School Conference will hold its seventh annual session at Beach Grove Church, Thursday and Friday, July 26th and 27th inst.

Six schools, all except one, were represented, and the attendance of the Sunday School work was about 100.

Our reports show that an average of only a little more than one percent of the children were present at the conference. This fact is somewhat surprising, especially in view of the fact that the school term is now in progress, and a good many of the children are in school.

Reports from the various schools show that the work is being done in a satisfactory manner. The following table shows the results of the work:
