ONE OF the most satisfactory things about a Columbia Bicycle is the price. Owners of this wheel know they own a bicycle worth the price, \$150, because Columbias are never at any place sold for less. Heavy discounts are given on many other wheels listed at \$150, because they are not worth the listed price. The discount applies as follows: on the purchase of a new Columbia bicycle, a Columbia and know that you'd be in the shadow of a doubt ride the Best on Earth 100,000 wheelman ride Columbias.

The total net receipts of cotton since the first of last September are 4,999,736 bales.

Only twenty-three internal revenue collectors out of sixty-three have been changed.

Mutton chop whiskers are predicted for next winter. In Chicago the chop of the period is pork.

The Central American Republic of Costa Rica is suffering from both a money panic and yellow fever epidemic.

The free gold in the treasury is now \$900,000. Gold certificates will not be issued until it reaches about \$7,000,000.

Report from New York on 2nd inst. was that the financial skies were brightening in all sections and confidence was coming back.

It is said that France is preparing to make another demand on Siam. If France does not look out she will run against a snag.

It is said that Representative Crawford desires to have a clerk, because he can't swear that he needs one. Can't some body follow his example?

Congressman Henderson says he is not in favor of the unconditional repeal of the Sherman act, and wants to carry out the Chicago platform as a whole. Correct!

Many Congressmen look for the repeal of the Sherman law with a condition that will provide for the free coinage of silver at an increased ratio.

It takes seven days after death, according to Siamese belief, for the soul to reach Heaven, and prayers are kept up during that period to help it on its way.

Secretary Herbert will, in his report to Congress, urge the building of ten battle-ships and a change of type in the construction of light cruisers of 2,000 and 3,000 tons.

The Chicago Silver Convention adjourned. It was against repealing the Sherman law until free coinage comes. Ex-Representative Pierce, of Tennessee, made a fierce attack upon the President.

Treasury Department officials say the treasury is prepared to supply all the small notes wanted, and that the lack of such currency must be due to people hoarding it, for the treasury has recently sent to New York more small notes than at any time in many years.

Governor William J. Northen, of Georgia, is the most religious governor in the union. He is a regular attendant at church and Sunday school, a prominent figure in Baptist conventions, lectures at Y. M. C. A. meetings and devotes much of his time to charitable work.

Carter Harrison, in his address of welcome to the silver men in convention at Chicago, remarked that they had been called "cranks" and assured them that he was something of a "crank" himself. We shouldn't like to have said so much of Chicago's mayor, but he ought to know what he is talking about.

Miss Carrie Arendell left to visit relatives at Morehead City.

Presiding Elder Swindell of Goldsboro and Mr. C. P. Dey of Beaufort, who have been attending the District Conference came on the steamer May Belle from Grifton and left on the night train for Beaufort.

Mr. Jas. Redmond left for Baltimore.

Mr. Chas. Reizenstein came up from Morehead and left to visit relatives in New York from there he may go to the World's Fair.

Mr. Chas. Barker, of Stella, is spending a few days in the city.

The Pony Penning. To-morrow is the time to leave for Morehead if you are going to the pony penning so that you will have an early start by boat the next morning and take in all the sport, fun and excitement. If you live in New Berne the railroad fare will be only \$1.25 for the round trip, from Kinston it is only \$1.90, from Goldsboro only \$2.50, and from all other stations the same low rates in proportion hold good.

The tickets will be good to return until and including next Monday.

Either train the Shoo Fly or the regular may be used. The penning will be at the middle pen. This is on Core Banks.

As the penning has been advertised it is proposed to put forth special efforts to get an unusually large number of the ponies up. This is the best opportunity to see a good penning that has occurred for years and there is no telling when so convenient a one will offer itself again.

Two colored men were before the Mayor yesterday on the charge of gambling with cards, and were bound over to await trial at the next term of Superior court. Other cases are likely to follow.

Our clever and joke-loving hardware merchant, Mr. L. H. Cutler, was put to considerable annoyance by the mistake of a single letter that occurred in Sunday's JOURNAL—an L for an H. It was not he but H. H. Cutler that bought the stolen watch spoken of.

The special session of Congress began yesterday at noon. Democrats in full control. Congressman Reed has been nominated in caucus on the Republican side for Speaker of the House and Congressman Crisp on the Democratic side. Cleveland got back to Washington Saturday.

Mr. C. B. Spencer who moved his grain and feed store in one of Messrs. Watson & Daniel's new stores at the market dock last week, was getting in new supplies yesterday and is making a pretty good show. This is the first of these stores to be occupied. Work is in progress on some of the others still.

A new publication, "Poultry Talk," has made its appearance at Atlanta, Ga. It is edited by J. H. Daves and contains a notice of our Winter Exposition. If Mr. Daves wishes to see the best yet held of these popular Fairs, we invite him to be present at the next one to be held about six months from now.

A few of those who intend to be at the pony penning Thursday are already going down. Among those who passed through last night for the double purpose of attending the penning and enjoying the sea breezes were Mr. Chas. Bonbow of Greensboro and Maj. J. W. Dowd, superintendent of one division of the Blackwell Durham Tobacco factory and Mr. L. D. Killett of Wilson.

Prof. G. T. Adams who got back to New Berne last night expects to take in the penning also.

A Handsome Monument from New Berne.

Mr. J. K. Willis has just erected in the cemetery at Kinston the handsomest private monument in Lenoir county and one of the handsomest that ever went from the East Carolina Works of this city. It is to the memory of Mrs. R. H. Rountree.

The monument is of granite and is surmounted by a lovely, life-like and life-size marble figure of Hope; this figure was carried in Italy. The whole stands fifteen feet high.

The beauty and excellence of the monument is intensely gratifying to the relatives of the deceased, estimable lady and is much admired by all who have viewed it. So perfect does the work show that Mr. Willis has already received several orders directly due to it.

The great question is not how long we are going to live, but how.

Mr. Geo. Henderson and family left on the steamer Neuse to visit the World's Fair.

Mrs. J. B. Holland left on the steamer Neuse to visit relatives in Montreal, Canada.

Mr. W. J. Smith left on the same steamer on a business trip to Elizabeth City.
