The tongue of the just is as choice silver.—Solomon.

In the great debate on silver what says the majestic Ransome?

Lillian H. Harper has been appointed postmaster at Dukes Nash County.

Surgeon General Wyman advises strict quarantine against Brunswick.

Jack-onville, Pa., sends \$1,000 in cash and \$500 worth of provisions to Brunswick.

The Wilson bill, repealing the Sherman act, will pass the House by a large majority.

For the merchandise of it (wisdom) is better than the merchandise of silver. Prov. 3.

The National bank note circulation has reached \$200,000,000, an increase of \$12,000,000 during the month.

Vance never fails to let you know where he stands. He may be flat on his back, but he stands up all the same.

Mr. Cannon, of New York, in his speech in favor of the Wilson bill goes for southern members with gloves off. He tells them that the South nominated Cleveland and it is their duty to stand up to him, and not be following the lead of Kansas jayhawkers.

The U. S. Senate decides against seating Lee Mantle. The Montana Legislature during its latest session became deadlocked, and finally adjourned without electing a United States Senator. Upon the expiration of the sitting Senator's term Mr. Mantle was appointed to fill the vacancy. Similar appointments were made by the Governor of Wyoming and Washington. The Senator appointed in Montana is Lee Mantle.

Confound the man who is afraid to express himself, but we have a high respect for the man who does not pretend to know all about silver.

James G. Blaine was a double-standard Republican. Hear him: "If, therefore, silver has been demonetized, I am in favor of remonetizing it. If its coinage has been prohibited, I am in favor of ordering it to be resumed. If it has been restricted, I am in favor of having it enlarged."

There is one man in Kansas who takes no interest in the calamity cry of the Republicans. It is said that he looks at everything with a sad eye and talks in a low voice. He is the husband of Mrs. Lease and has a very robust calamity of his own, but is wise enough not to refer to the fact while in the home circle.—States.

"Mr. Grady, Democrat of North Carolina, spoke in favor of free coinage." This is all the report says. It is not fair. We want to know what Grady said. How his speech was received on the floor and in the galleries. Did men applaud and cheer until their voices failed? Did women wave their handkerchiefs and scream? How was it?

### LOCAL NEWS.

#### NEW ADVERTISEMENTS.

Howard, C. Disoway & Co.—Ink stands, P. M. Draney—Horse, etc., for sale. New Berne Theater—"The Phoenix."

The balloon ascension at 3 o'clock Tuesday is to be by a lady who never made an ascension before.

We are glad to say that it is understood that Mr. B. L. Perry will again have charge of the Atlantic Hotel next year.

The knitting factory is being moved into the Machinery Hall of the New Berne Fair. During the next year it will be so arranged that its workings will be a part of the exhibit.

No Deadly Weapons for Minors. It is well for dealers to bear in mind that according to an act of the last legislature it is unlawful for any person, firm or corporation knowingly to sell or offer for sale, give or otherwise dispose of to a minor any pistol or pistol cartridges, brass knucks, or bowie knife, dirk, loaded cane or sling shot. Any one violating the provisions of this law may be either fined, imprisoned or both.

Attempted Suicide. Mr. Wm. Lane attempted suicide at his home on the opposite side of Neuse river from New Berne yesterday morning by shooting himself in the head by means of a string tied to the trigger of his gun which he pulled with his foot. The load passed along the side of his head making a severe scalp wound about three inches long but not close enough to break the skull. The miss is thought to be due to the hardness with which the trigger worked.

Mr. Lane was brought to the city and received the necessary surgical attention from Dr. Leinster Duffy.

Coming and Going. Mr. L. J. Taylor and family who have been stopping for some time at W. L. Arendell's, Morehead City, returned home yesterday morning.

Miss Carrie Arendell who has been visiting relatives at Morehead returned home. Rev. G. T. Adams left to visit relatives at Four Oaks, and then to pursue Theological studies in Vanderbilt University, Knoxville, Tenn.

Mr. C. H. Schermernorn left for New York expecting to remain a couple of weeks.

Capt. Daniel Roberts went down to Morehead City to spend a week.

Dr. D. H. Abbott and wife, of Vandemere left for the World's Fair.

Col. A. C. Delafeld, Superintendent of the New Berne Water Works and Sewerage System, who has been in Texas looking after the construction of works there returned to the city last night and is stopping at Hotel Albert.

Miss Sallie Waters, who has been visiting her cousin Mrs. A. H. White left returning to Beaufort.

The family of Mr. J. S. Baught are visiting relatives at Vandemere and Marshall.

Mr. and Mrs. R. P. Montague returned from Baltimore and from visiting friends in King George's county, Va. Mr. C. D. Bradham returned from a Southern business trip. Mr. J. Duke Murray, agent of the "Union Tobacco" Company is stopping at Hotel Albert.

### Ditches vs. Underground Drainage.

Our readers know that we are warmly in favor of replacing ditches wherever they exist in the city by aqueducts or tile drainage. If any one wishes a plain convincing object lesson which unmistakably shows by contrast the advantage of the underground drainage over ditches he has but to take his stand at the junction of Broad and Hancock streets and from there look up and down the latter street.

From Broad street to the river the underground drainage is in vogue. The result is that there is not a foot of available space but what can be used. Vehicles can drive clear to the edge of the sidewalk and two can pass one another on the same side of the railroad track.

From Broad street to the depot the street is being put in just as good order as far as the existence of the ditches will permit but their being on each side of the street takes up so much space that in order to pass, one vehicle must be on one side of the railroad, the other on the other side, and the ditches with the grass and weeds which will find a foothold in them, and the ordinary bridges over them for vehicles to use in entering lots, or worse still the worn places where the ditches are driven across without a bridge all go that far to make street unsightly.

Both appearances and utility demand the abolition of the ditch drainage and the establishment of a system more in accord with the progressiveness of the times.

The improved method not only makes the street look ten times better but doubles its vehicle capacity.

Not only should the rest of this street be fixed thus but the good work should be extended as far as finances will permit and we doubt not that it will be done. Time is needed for the accomplishment of everything and there has been a marvelous change for the better in the condition of our streets during the last few years.

The Nantucket on Her Way. The old single turret monster Nantucket has left New York for Wilmington in tow of the warship Kearsarge where she will be permanently stationed for the North Carolina Naval Reserves, with headquarters at Wilmington.

Though particulars have not yet been made it is intended that the State Reserves be given a four or five days drill and target practice aboard the Kearsarge at sea.

The Kearsarge as a bark-rigged steamship, 500 feet long, 33 feet beam, and has four 9-inch, two 8-inch and one sixty-pounder guns in main battery, and two twenty pounders, one 3-inch and one Gatlin gun in secondary battery.

The two companies from Wilmington, one from Charlotte, and probably our New Berne boys will join them. It would be a delightful trip and attended with but little cost.

Life Saving Service Examination. The crew of Cape Lookout Life Saving station were in the city yesterday and stood the annual examination before Dr. Ches. Duffy as to physical qualifications for the duties required. The crew of Ocracoke or Cape Hatteras station were also in during the week and were examined.

Those who were examined yesterday were Messrs. Abram Moore, David Jones, Wm. Willis, Jas. Harris, Kilby Guthrie, Alex. Moore and Jas. Wade. Captain Howard Gaakill is in charge of this station. He did not come up. While the men have to be examined every year the captains have to pass examination only once.

There will always remain something to be said of woman, as long as there is one on the earth.

### PREAMBLE AND RESOLUTION

Passed by the New Berne Epworth League on Aug. 21, 1893

Whereas Prof. G. T. Adams, our worthy and esteemed President of the New Berne Epworth League, has determined to change his present field of labor to engage in the ministry of the M. E. Church, South, and is hereby induced to sever by resignation his valuable connection with us, therefore be it

Resolved, first, That we, members of this League, realize with deep regret the separation of our friendly ties, our loss of the prudent counsel, earnest zeal, active and vigilant co-operation of our beloved brother in the various interests of the Church, and we gladly extend to him our most sincere prayer and heartfelt benedictions for his future happiness and pre-eminence success by divine help in the Master's cause, and most cordially recommend him to the friendly and Christian consideration and regard of all, with whom the Lord may call him to serve.

Resolved, secondly, That a copy of this preamble and resolutions be entered in the proceedings of this meeting and also furnished to the New Berne Daily Journal for publication.

### Good Crops in North Carolina.

From all over the State come expressions of satisfaction and gratification at the condition of the crops. We give a few extracts from exchanges.

Newton Enterprise: There is the best prospect for a good cotton crop this year that we have ever seen.

Scotland Neck Democrat: The most flattering report of the crops in this section continue to come in. There have not been better crop prospects in many years, except possibly in 1890.

Warrenton Record: The crop prospect continues very fine. The cotton, although not large, is fringing splendidly. The corn crop is all that could be desired. This county will have an abundance of food supplies.

### A Hurricane Predicted.

People were mystified yesterday by the display, about noon and thereafter, of a red flag over Messrs. Hackburn & Willett's store as a part of the weather signal—such a flag had never been displayed before and curiosity was speedily aroused.

Investigation showed it the signal of a hard wind. The telegram on which the signal was based read as follows: "On Sunday rain preceding the hurricane moving north."

### Encouraging From Yellow Fever.

There is not a case of yellow fever in Brunswick Ga. The last case has been removed to the country.

State Health officer Porter has issued a bulletin which restores Port Tampa to its nominal condition after six days of suspicion.

Wilmington has quarantined against Atlanta and Columbus because of refugees.

### North Carolina Ahead.

The Charlotte Observer, of Thursday, says: "The New York Herald of Sunday contains cuts of a number of the young ladies from Southern States who are to represent their respective Commonwealth in a tableau at the great gathering of veterans at Birmingham, Ala., in October. They are Misses Leila Chisholm, of South Carolina; Caroline Gordon, of Georgia; Elizabeth Pasco, of Florida; Nellie Powell, of Mississippi; Lillie McGee, of Arkansas; Lizzie I. S. Clark, of Virginia; but Miss Kate Theodosia Cantwell, of Wilmington, who leads the Herald's galaxy of beauties, is the fairest and most radiant of them all."

Milton Nobles. The New York Sun says: "The Phoenix" was revived in the presence of a bumper house at the People's on Saturday night. Milton Nobles fairly out did himself in his old play.

It is a wonder that he has not revived it before, for none of the later plays which he has added to his repertory has suited him half as well as the old drama which, to a Bowery audience at all events, the ages can never make sleep worn.

Mr. Fred Lotto, in the Character of the Jew, which was created by M. B. Curtis and is said to have been the original of his "Sam of Posen", did excellent work. There was a clever cast and some good scenery.

### Night Disturbers.

ED. JOURNAL.—We call the attention of the city authorities to a matter of great annoyance to the good and law-abiding citizens, white and colored, and at near the corner of George and New streets.

As soon as the electric lights are turned on at night a gang of colored boys (a number of whom are about grown) congregate and commence whooping and boisterous laughing which not only disturbs us but is very offensive to respectable people.

Not only are the sidewalks often blocked by them, but they throw missiles against fences and houses, and otherwise make themselves obnoxious.

### MANY CITIZENS.

Invitation. ED. JOURNAL.—The whites of New Berne are respectfully invited to St. Peter's Church today.

Rev. H. G. Phillips promises to entertain his hearers with a fine and powerful sermon.

"Make hay while the sun shines. In other words take advantage of a bargain when you see it. At this time of year when our clothing stock is broken if you can find a suit that will please you we'll make the price to suit you. Just bring your money along and see how you can do. Do you need any shirts, we have an unsold stock of shirts worth 75c., take them now for 50c. All sizes."

J. H. HOWARD.

### AUGUST 18th, 1893.

"Come unto me, all ye that labour and are heavy laden, and I will give you rest."

Come unto me, when shadows darkly gather. When the sad heart is weary and distressed. Seeking for comfort from your heavenly Father. Come unto me, and I will give you rest!

Large are the mansions in thy Father's dwelling. Glad are the homes that sorrows never dim. Sweet are the harps, in holy music swelling. Soft are the tones which raise the heavenly hymn!

There, like an Eden, blossoming in gladness. Bloom the fair flowers, the earth too rudely pressed. Come unto me, all ye who droop in sadness.

"Come unto me, and I will give you rest."

### Death of an Ab'e Local Methodist Minister.

Rev. Chas. M. Cook died at his home in Edgecombe county Saturday the 12th inst., after having been paralyzed for a number of years. The deceased was for many years a local minister in the North Carolina Conference, Methodist Episcopal Church, South, and in this county he was well known and highly esteemed by a large circle of friends.

In 1877 Mr. Cook conducted the greatest revival ever known in this section, the influence of which will live forever. Many of the best workers in the churches here were converted at that meeting. He was a great sufferer the last few years of his life, but when the Lord shall come to make up his jewels, we trust that he may have many seals to his ministry and souls for his hire. His memory will ever be cherished by the people of Weldon.

He was the father of Hon. Charles A. Cook, of Warrenton. Our sympathies are with the bereaved family.—Weldon News.

### AD ACROSTIC EPITAPH.

BY HIGHT C. MOORE.

Cold blast of death, its chilling breath Laid here a victim true and brave— A gentle dove, a lovely flower, Unrivaled song in gloomy hour, Delightful star, pure crystal wave,— I'll earth deserved a life so high And Claudia dwells beyond the sky.

### UP TO A CERTAIN POINT

In the progress of Consumption, Dr. Pierce's Golden Medical Discovery is a positive remedy. Even in the most advanced cases, it gives comfort and relief; and where other medicines only relieve, this will cure. But delay is dangerous, with Consumption. In all the conditions that lead to the "Discovery" is the remedy. With severe, lingering Coughs or Weak Lungs, nothing acts so promptly. Every disease that can be reached through the blood yields to this medicine. The Scrofulous affection of the lungs that's called Consumption is one of them. For this, and for every other form of Scrofula, for all blood-taints and disorders, and all chronic Bronchial, Throat, and Lung affections, the "Discovery" is the only remedy so certain that it can be guaranteed. If it ever fails to benefit or cure, you have your money back. Can anything else be "just as good" for you to buy? Don't believe it.

I always found it to my advantage to use Allcock's Porous Plasters while in training, as they quickly remove soreness and stiffness; and when attacked with any kind of pains, the result of slight colds, I always used Allcock's with beneficial results. I have noticed that most athletes of the present day use nothing else but Allcock's Plasters."
