The State crop bulletin shows that all crops were much damaged by the recent storm and subsequent rains. Tobacco received the greatest injury and cotton the least.
Zachariah Garret, a Third party speaker of Vance county, spoke in Granville some days ago, and, according to the Oxford Ledger, declared that "we'll carry our pint if we have to swim in blood."
Republican manufacturers are very cunning of defence and they know how to manufacture public sentiment. They discharged 1,000,000 hands because the Democrats were about to disturb the tariff.
Gov. Carr has appointed Col. G. N. Folk, of Oaldwell, as one of the commissioners to act with the national commission to locate the position of the North Carolina troops at the battle of Chicamauga.
Secretary Boko Smith was in Atlanta last week, his business being, it is stated, to unload his interest in the Atlanta Journal, because of the constant criticism he receives on account of the utterances of that paper, in which he owns a controlling interest.
About \$40,000,000 of new circulation has come into the country in the form of gold imports, and \$20,000,000 has been issued by the national banks, all since May 1. When business revives there will be plenty of money to do business with, says the Chattanooga Times.

BRIDGE ACCIDENT.
One End of a Section Pulled From the Pier Into the River by a Boat's Anchor.
 About 6 o'clock yesterday morning as the steam tug Ella was towing the schooner Eunity R. Dyer of Beaufort through the draw in the A. & N. C. R. R. bridge over Trent river, the anchor of the latter caught in the end of the large sill on which the cross ties of the bridge rest and pulled the track of the brick pillar which supported it sidewise into the river. The bridge was damaged a distance of 60 or 75 feet but the timbers were not broken—simply pulled out of position, consequently the bridge is good and can be put back intact. Work was promptly begun and the bridge will in all likelihood be ready for use again this afternoon.
 The damage to the schooner was very slight—simply the flue of the anchor broken off and a hole knocked in the bulwark.
 She belongs to Mrs. Gabriel of Beaufort and Capt. Beveridge was in command. She was about to load with lumber at Blades Bros. mills for Philadelphia. The tug was Messrs. Blades Bros., Capt. Parkins was in charge.
 Immediately after the accident the management of the railroad secured the services of a steam boat, and transferred all mail, express and passengers to a special made up in New Berne. It left at 10:30, made all connections at Goldsboro for the passengers and mail and also for the fresh fish and other express for the north and west.
 The freight train also left the city at the usual time making all connections.
Col E. G. Harrell.
 This gentleman is now attracting an undue proportion of public attention in North Carolina. While he has been the machine that has run the Teachers' Association for nine years, during that time he annually received \$2.00 each from considerably more than half the season visitors to Morehead city, amounting to an average not below \$1,800 or \$2,000. As Secretary and Treasurer, for which office he declined to accept a salary, and in consideration of which the Assembly required no bond or itemized settlement, he has done much work, and been at some expense for postage, clerk, stationery, etc., say some \$300.00 or \$300.00 yearly. He also advanced \$1,500 for the completion of Assembly Hall some seven or eight years ago.
 According to his this year's report as read before the Assembly on the last day of the session, it was still indebted to him something over \$600. Although since said loan he must have collected on account of the Assembly, not less than \$18,000. While all this is true, and the farther fact that his attack on W. D. McIver and the Normal school because McIver would not buy books from his firm at higher prices than he could get them for elsewhere, and his organization of a cheap excursion to Chicago (the one that has raised Cain) prevented hundreds of people from attending Morehead, lessening the receipts of the Atlantic Railroad and the Atlantic Hotel, most of the editors in the State, knowing to these facts, suppressed them nor said ought to warn the unwary against the dictator and manipulator of the Teachers' Assembly and the military funds as well. After criticism by this writer in the Charlotte Observer, to which Colonel Harrell took exception, but which was sustained, the weak and puny press, with one accord, show their independence (!) by jumping on him with every tool. They are but yelping on a cold trail. That Colonel Harrell will never be elected Secretary and Treasurer was settled on the day of his last election to that position beyond peradventure, and in the light of recent events, it is hardly probable he will undertake to run any more World's Fair excursion.
 The man has lost his vocation. His public career is practically ended, and his propositions to substitute referees of his friends for the threatened slander suit is a tacit surrender. Continued vilification will only tend to raise the cry of persecution, excite sympathy and give him importance beyond the necessity of the case. Self respecting papers should hold up.

 Chairman Ulrich reports both cemeteries in good condition with the exception of some private lots that for the lack of proper attention were rankly bristling with grass and weeds, he could not commend such neglect of these sacred gardens of the dead.

 Councilman Gerock had presented bill for burial of Elizabeth Blount to Board of County Commissioners which was referred to their attorney.

LOCAL NEWS.
NEW ADVERTISEMENTS.
 A. J. Smith—Just received.
 S. Sobn & Son—Fine beef.
 Rev. H. W. Winfield will preach in the Church of Christ to-night.
 The State University prospects are splendid. On the 5th inst—two days before date of opening two hundred students were present—one hundred of them freshmen.
 Mr. Nelson Whitford has had both his show windows ornamented with a fancy sign in three colors calling attention to his "beef, pork and sausages." The signs are a little previous however as he will not begin making until it is a little cooler, 'tis simply a case of coming events casting their shadows before.
Defacing School Property.
 The trustees of the New Berne Academy have, at considerable expense, had repairs made to the Collegiate Institute building within the last few weeks. Wanton defacement caused an outlay of about \$100. This is a very bad showing and until the mischief is fastened upon the perpetrators it stands as a reflection against the boys of the town in general. Therefore those who know of any instance of the school property being injured whether it is the fence or building, whether during the school term or vacation, owe it to themselves to make the guilty one known.
 All should take a pride in this property and its preservation.
Coming and Going.
 Mr. J. W. Stewart left yesterday for the World's Fair.
 Mr. Wm. Hay left returning to Davis Military school, Winston and Mr. Stanly Oaksmith passed through en route to the same school.
 Master Guion Dunn left for Oxford to enter Homer School.
 Mr. Fred Dixon, of Durham is in the city visiting relatives.
 Misses Etta Num of the city and Carrie Dall of Snow Hill came in on the steamer Plymouth from Elizabeth City where they have been visiting friends.
 The steamer New Berne of the N. W. & N. Line took out the following passengers: Mrs. B. B. Lane and Miss Harriet Lane going north for the fall stock of millinery, Misses Nellie Wood and Carrie Arendell accompanying the latter on a pleasure trip, and Mrs. D. C. Hutton of Washington City returning home from a visit to relatives.
Mission Station of the Y. M. C. A.
 A mission meeting under the auspices of the Y. M. C. A. was commenced about the latter part of July over the store of J. Parsons in the J. F. Taylor building. The meetings have been very well attended and the Association feels assured that much good will result from them, should we be enabled to keep them up. To do so money is necessary and we kindly ask all who shall read this notice to contribute something for this purpose; any amount you wish to contribute can be handed to any member of the committee or to the Editor of the JOURNAL.
 You are asked my brother to contribute for that purpose, not in our names, but on the name of the Master.

THE TUBEROSE.
 Flower of the Death Angel! Cold in thy beauty,
 Waxen thy leaves like the beautiful dead;
 Heavy thy breath as the sweet-laden censer
 Which angel hands swing o'er the dying one's head.
 "Father," the angel bent low 'fore the Master,
 "All nature droops 'neath my withering eye;
 Oh, give me one blossom to love and to cherish,
 That shall bloom at its fairest when I am near by."
 "Take thou this blossom," the Master said, kindly,
 "Its beauty be perfect when 'neath thy chill breath;
 Let it be thy symbol to bloom in the earthland,
 And all men shall call it the 'Flower of Death.'"
 Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administered it to her own offspring and always with the best results. For sale by J. V. Jordan.
 Golden opportunities fly low, but they fly swift.
