Between the silver barons and the tariff barons we seem to be having quite a royal time.

The Beary law is to be enforced. Preparations are being made to deposit Celestials at an early day.

The President has accepted the resignation of Hon. Josiah Quincy as Assistant Secretary of State to take effect October the first.

The Washington Post says: "Mr. Cleveland is firm. A silver compromise receives no support from him."

Troubles never come single. The family of a Franklin man fled to a pit for protection from a storm and one of the children is bitten by a snake that had taken refuge there.

Republican office holders are about to conclude that Cleveland's administration is as good as Harrison's." so, Mr. Snooks, see so.

It is rather remarkable that all of the manufacturers who appear before the Ways and Means Committee are so anxious concerning the wages of their employes.

The Government receipts continue small. They were less on Wednesday than any day since 1885. The receipts average now only about \$652,000 a day, while the expenses are \$900,000 a day.

Senator Walthall was on the line of genuine financial sense when he said: "They know that a single gold standard meant a reduction in the volume of money and an increase in the value."

There is something of a Revolution in Brazil and Secretary Gresham has telegraphed instructions to minister Thompson. The cruiser Charleston is ordered to Rio Janeiro.

An Iowa man claims to have seen a snake forty feet long, ten inches in diameter, and sufficiently strong to lift a two-hundred-pound hog from the ground. Undoubtedly it was this story that induced the prohibitionists to place a ticket in the field.

Let the Democratic Congress give the 60 per cent. Average tariff tax monstrosity a severe whack. Out it down to not less than 35 per cent. with a sliding scale of reduction until it reaches 20 per cent. average in five or eight years.—Messenger.

If we are to credit the report, the coolest piece of audacity of this very cold day, is the attempt of the Administration to forestall popular sentiment as to the Presidential succession. We are told that the Cabinet has decided that the nomination change to Whitney if he wants it; otherwise it will be given to Gresham.

LOCAL NEWS.

NEW ADVERTISEMENTS.
W. H. & R. S. Tucker—Artistic dress making.

Baby Ruth has a sister. The new arrival is the first President's child ever born in the White House.

The Naval Reserves who are now in practice at Wilmington announce that they are ready to compete with the Naval militia of other States.

Rev. N. E. Coletrane is holding a protracted meeting at Hookerton and Rev. J. G. Johnson is conducting one at Lanes Chapel.

There is to be a colored non-secretarian camp meeting at Riverdale commencing Wednesday Sept. 13th and ending on the 21st.

New Berne raised cabbages have about played out and Northern ones have put in their appearance. Some very good ones were received by produce dealers yesterday.

The frame of Mr. R. C. Kehoe's new residence adjoining Mr. W. M. Watson's is up. It shows that it will be a commodious structure. Mr. J. M. Andrews is in charge of the building operation.

Brother Henry Blount had as well take a back seat. The JOURNAL is now prepared to furnish poetry by the yard. A consignment of fifteen feet—all one piece, has just been received.

Despite the rain at the time, Mr. T. G. Churchill's funeral was very largely attended. The church even to the galleries were well filled. The Naval Reserves attended with uniform and with their guns.

Elizabeth City Economist-Falcon says: "Ho! anglers! Kill your fish as soon as they are off the hook. Killing them by instantaneous blood-letting. Every flutter of a fin is a slow death from natural causes and renders them less fit for food."

Mr. J. J. Baxter, late of the well known and popular firm of Barrington & Baxter, was getting in his brand new stock of goods Monday with which to open in the store vacated for him nearly opposite the Baptist church. Mr. Baxter is just back from the north where he personally selected all, and the consequence is he will have a very pretty stock to show his friends about the last of this week.

More manufacturing and home work, especially of the higher class is greatly needed and consequently we are glad to notice that Messrs. Tucker & Co., of Raleigh have put in operation a new department—dress making. For this new feature they have provided skilled help from New York and Philadelphia which will enable them to give their North Carolina patrons the same class of work as that of the best Northern establishments. The house of Tucker & Co. is one of the most progressive in the State and we are sure that their present undertaking will meet with the great success it deserves.

At Hancock Street M. E. Sabbath school.
Mr. S. R. Ball, superintendent of Hancock Street M. E. Sunday school, supplements the international lessons by brief but carefully prepared black-board lectures which serve to impress the truths of the lessons upon the scholars. Mr. Ball's lecture was supplemented Sunday by one from Mr. Jonathan Haven of about twenty minutes in length being particularly on the Mediterranean sea and the bordering countries of Bible times. The lecture showed research and familiarity with the subject handled and we are confident that there was not one who heard who did not get some good points of information to which he was before a stranger.

The absence of temptation is the absence of virtue.

The City Census Started.

The taking of the census for the purpose of numbering the houses and getting out a directory with the ultimate intention of securing free mail delivery was begun yesterday at 1 o'clock by Mr. R. D. Hancock and Policeman J. K. Land. The start was made at Union Point. The census is being taken by wards.

The numbers are not ready for putting up and consequently the enumeration of the inhabitants is now being made ahead of the numbering of the houses with the intention of afterwards putting up the numbers, when ready, in the area given over by that time and letting the census taking and numbering go hand in hand the rest of the way.

The number of the inhabitants is being ascertained correctly and expeditiously; yet it strikes us that the plan being followed at the commencement of this work is hardly the best.

To answer the purposes for which the census is intended the numbers should first be placed on the houses. Then the census taker should take the number of the house, then the name of the head of the household and the number of residents in the house and whether white or colored.

This will be sufficient but anything less will not come up to the requirements of the case, and by letting the numbering of the houses accompany or precede the census the possibility of any mistake will be reduced to a minimum and will make the one time going over answer both the city's purpose in getting the total number so as to seek the free delivery and the directory's needs for other information and it seems thus working together is preferable.

Shooting Affray in Greene County.
We hear of a tragedy at Snow Hill due to whisky. Late Saturday afternoon two white men, one named Waters, a native of that county, (Green) the other named Hamilton who had recently moved there became engaged in an altercation and the former shot and killed the latter.

Waters claimed self-defence as a justification but a colored boy swore that after the quarrel Waters went off about a hundred yards, loaded his pistol and then came back and did the shooting. On account of this testimony Waters was committed to jail without bail.

Waters was married about three months ago—Hamilton was a single man.

Jewish New Year Services.
Hebrew New Year services were held in the New Berne Fire company's Hall from 10 a. m., to 1 p. m., yesterday morning. The number of Gentiles attending the service was in excess of the Jewish attendance. The Rabbi's sermon was suited to the occasion.

Ellis Goldstein was confirmed in the Jewish religion and acquitted himself very creditably. Rabbi Kaiser will have a confirmation class two weeks from now consisting of four girls. The age for confirmation is from thirteen upward.

Experience of an Ex-Champion.
Athletes and men who take ordinary outdoor exercise such as walking, running, bicycle riding, jumping, swimming, tennis, etc., are often the subjects of acute troubles. The experience of an ex-champion walker will be of interest to all who are afflicted. Harry Brooks writes: "No. 324 East 19th St., New York, April 2, 1886.

Numerous statements relative to the merits of different plasters having been brought to my attention, I take this opportunity to state that I have used Alcock's Porous Plasters for over 20 years and prefer them to any other kind. I would furthermore state that I was very sick with catarrh of the kidneys, and attribute my recovery entirely to Alcock's Porous Plasters.

YOU GET STRONG.

If you're a tired-out or "run-down" woman, with Dr. Pierce's Favorite Prescription, And if you suffer from any "female complaint" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the only medicine that's guaranteed. If it doesn't benefit or cure, in every case, your money is returned. On these terms, what else can be "just as good" for you to buy?

The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It improves digestion, enriches the blood, brings refreshing sleep, and restores health and vigor.

For ulcerations, displacements, bearing-down sensations, periodical pains, and every chronic weakness or irregularity, it's a remedy that's safe, and permanently cures.

THE UNION SOLDIER'S GRAVE.

He is lonely sleeping here
Within the tomb we grave,
With but the sighing of the pines
Above his grave—
Around him rest the sleeping dead
Where the living come forlorn—
But no one parts the waving grass
About his grave to mourn.

It matters not to him, poor dust
He hears no passing bird
Or glad song of the mockingbird
Or sound of falling leaf—
It matters not to him, if none
Pause at his grave to weep—
Or stir the grasses warm and bright
That in the silence sleep.

And yet, so lonely is the spot
The Union Soldier's tomb
Within the Southern churchyard here
Beneath the pine-tree gloom,
I fain would lay a flower to-day
Upon his lowly sod
As one would pray some little prayer
For another's soul to God.
—Mrs. L. Whitfield Wright,
Toledo, Ohio.
