Death of Jas. C. Harrison.

James Carter Harrison was born in Raleigh, N. C. Dec. 17th 1838, and died in peace at his residence on Pollock street in this city, September 21st, 1893, aged 54 years, 9 months and 4 days. He leaves a wife, four sons and one daughter, and one sister to mourn his death. He was a consistent member of the M. E. Church South, and died in great hope of a blissful immortality.

Mr. Harrison, following the occupation of a printer, moved to New Bern shortly before the outbreak of the war. After the city fell into the hands of the Federals he remained in the capacity of Government printer.

After the war he ran a newspaper for awhile, and later became clerk of the Superior court and then he held the office of Register of Deeds for eight years. At the time of his death he was public Administrator which position he has held for some half a dozen years.

Mr. Harrison died after an illness of twelve days with malaria fever. The immediate cause of death was failure of his heart to act which failure was produced by the pressure of gas formed on his stomach.

Mr. Harrison was careful in his business habits of a friendly and accommodating disposition and as a natural consequence was generally liked by those who came in contact with him in either business or social relations.

The funeral will take place from Centenary M. E. Church this afternoon at four o'clock.

Dr. T. B. Carroll veterinary surgeon of Wilmington and his friend Mr. John Furlong arrived last night to spend a few days in the city and are staying at Hancock's Boarding house.

Mrs. J. T. Hall returned from Kinston where she has been visiting her sister.

Ms. Iclos Injury.

Saturday night a false alarm of fire was sent in by some party or parties and an electric light damaged and on Wednesday night electric lights were tampered with and the circuit broken so that all street lamps were put out.

There are strong indications that the misdeeds were committed by young men of the city whose age and standing would have caused them to rise above such practices which not only work injury to the Electric Light Company but inconvenience to our citizens. There has also been some defacement of private property. It is hoped and believed that full exposure will follow if the wanton injuries are persisted.

The notice about the guarantee fund and life and accident insurance features of the building and loan association represented by Mr. Geo. Allen should have stated that all these extra benefits are received without additional cost to the members.

One of our subscribers of Marines, N. C. writes us that a man by the name of V. R. Young died near there on 6th Sept. He had been in Onslow county about two years, selling medicine which he prepared himself. He claimed to have a family in Virginia. Should his family or friends see this, they can get the particulars of his death from Mr. W. N. Marine, Marine, N. C.

The yellow fever epidemic is slowly spreading at Brunswick, Ga. Nineteen cases are under treatment. A number of deaths have occurred and business is completely ruined. A large proportion of the city has fled, and most of those remaining, about three thousand, are in a destitute condition. Latest reports are to the effect that it is thought there will be no further spread of the disease.

The Board of City Council held a special meeting yesterday afternoon to receive the report of the committee appointed to investigate in the matter of allowing the W. N. & N. R. R. to connect by switch with the A. & N. C. R. R. at Byrum's corner opposite the depot of the latter. The committee not being ready as yet was continued until such time as it was ready to report, which will be in a few days.

AWFUL SLAUGHTER.

Twelve Men Killed at Roanoke, Va. While Trying to Lynch a Negro

The papers last night bring news of a bloody carnage at Roanoke, Va., resulting from an attempt to lynch a negro who had been assaulted and robbed a white lady, wife of a well-to-do farmer.

Five thousand angry citizens surrounded the jail threatening for the negro's life but the storm being foreseen the Roanoke Light Infantry had been placed there to see the dignity of the law upheld.

Five hundred men made the attack on the jail and the military fired. Twelve were killed and as many more seriously wounded.

The attention of the mob being distracted the negro was slipped out of jail and spirited away, thus saving his worthless neck in spite of the inhuman slaughter.

The excitement was still high, though the town had become comparatively quiet, at least account.

Bicycle Trip.

Mr. Milan Howard returned from Auburn yesterday where he has been spending a few days. He made the round trip on his Columbia bicycle.

He started back a little after nine o'clock and reached the city in time for dinner.

The greater portion of the run about twenty miles, was over good road—smooth and hard. This stretch was covered in about two hours.

We believe this trip to be the longest without interruption that any New Berner wheelmen has yet made.

Pearl-She Pecans.

Mr. Jonathan Havens has left at our office, twigs from his paper shell pecans—tree with the fruit clustered on them as many as five in a bunch. They are very fine.

The tree from which they are taken is twenty-two years old and Mr. Havens has sold as much as forty-two dollars worth of the nuts per season. Allowing only thirty two trees to the acre, this would be at the rate of over twelve hundred dollars per acre.

DIED.

On Tuesday, 19th inst., at the residence in this city of his son-in-law, Mr. W. J. Osteen, Mr. Amos Wetherington of Core Creek, aged 64 years.

Death ensued as the result of an injury accidentally received while cutting wood during the cold snap of last winter. Mr. Wetherington was a good and industrious man.

He leaves a wife and nine grown children. He was buried in New Bern, Rev. F. W. Furries conducting the funeral.

We have received from the author, "The Nut Shell," a pocket guide as to what is to be seen at the World's Fair and how to see it. The information it contains, though in a compact form, is very interesting and valuable and we scarcely see how a visitor who wishes to get the greatest amount of good out of his trip would be willing to be without it even though it cost several times as much as it does. The price is 25 cents. It can be obtained from the publisher, A. J. Burton, Room 704, Quincy street, Chicago.

The play is entirely rewritten and changed, so much that it
