Wednesday—233 bales, 7 5-8 to 7 7-8.
Dr. J. W. Duguid has moved his office to the one in Mrs. S. M. Smith's boarding house recently vacated by Dr. N. H. Street.
Water fowls are putting in their appearance. Monday Mr. J. D. Hennesleys twelve year old son, Dave went out and killed over thirty blue peters and one teal. He had similar luck yesterday morning.
Big Ike and H. B. Duffy made one of the biggest deals Wednesday that has been made in the city in a long time. Big Ike sold all his dress goods to Mr. Duffy at a sacrifice, and Mr. Duffy sold all of his clothing to Big Ike in the same way. Bargains at both ends of the line and customers get the benefit.
Mrs. J. D. Mayo, of Conway, S. C., and her three children left for their home Tuesday morning. They have been spending the summer visiting relatives at Portsmouth. They made a few days visit to Mrs. G. L. Wadsworth, cousin of Mrs. Mayo both on the coming and return trip. The visit has been rather a sad one for Mrs. Mayo. Her infant child was taken very sick directly after she started from home and died not long after New Bern was reached and her father Capt. Washington Roberts, of Portsmouth died a few weeks ago while she was there.
Attempted Habeas Corpus Falls.
A writ of habeas corpus was taken out by Edward Murphy yesterday, alleging that a magistrate had jurisdiction and sole jurisdiction in the case of assault of which he was guilty. The case was heard before Judge Bryan at the court house at 4 p. m. Mr. J. W. Waters appeared for the prisoner and Hons. F. M. Simmons and L. J. Moore represented Mr. Hancock and moved that the writ be dismissed.
At the conclusion of Mr. Waters' speech the judge declared that it was not necessary for those on the opposing side to say anything. He promptly decided that the magistrate had no jurisdiction over it—that the case was one for the Superior court.
Judge Bryan, however, reduced the bond by a hundred dollars and Murphy was accordingly remanded to jail to await Superior court, or until he gave a \$300 justified bond and paid the costs of the proceedings.
DO YOU OWE THE JOURNAL?
We have endeavored to be as patient with our subscribers through the summer when money was scarce, as we possibly could, but now that the fall is here we think it right that they should call in and promptly settle their indebtedness.
We are especially anxious to get this indebtedness off our books and respectfully request immediate attention.

Coming and Going.
Mr. C. D. Bradham left for his former home Wallace, Duplin county, on account of the illness of his father.
City Tax Collector Wallace, his niece, Miss Etta Wallace and Miss Carrie Arendell, left to attend the State Fair and to visit relatives in Raleigh.
Mrs. Sarah Willis left for a protracted visit to relatives in Raleigh.
Mrs. J. W. Hamilton who has been visiting relatives in the city left returning to her home in Durham.
Miss Margaret Hanff of Morehead passed through to attend the Fair to visit her son Mr. A. M. Hanff of Raleigh.
Mrs. Bettie Sawyer who has been visiting her daughter, Mrs. Janie Robertson, left on the steamer Neuse returning to her home at Pantego, N. C.
Mr. Herman Clark of Pantego, who has been visiting his brother, Mr. J. B. Clark, left on the steamer Neuse returning home.
Among the passengers brought in by the steamer Neuse were the following: Judge A. S. Seymour, returning from holding court in Virginia; Mrs. H. R. Bryan returning from Norfolk accompanied by her son Mr. Henry R. Bryan Jr., of that place coming home on a visit; Mrs. F. L. Ray returning from a visit to relatives in Norfolk.
Mr. E. K. Bishop returned last night from New York where he has been on a business trip.
Miss Nellie Hill returned from a visit to relatives in Lenoir and Greene county.
Mr. and Mrs. Wm. Broadstreet returned from Jacksonville, Fla., where they have been spending some months.
Mr. G. L. Kilpatrick, representative of the Free Press, arrived in the city.
Messrs. W. L. Kennedy, Dempsey Wood, Lenoir county directors of the A. & N. R. R. came in on the evening train on a short business trip.

How Fruit Pays.
Mr. A. E. Wadsworth, of Perfection was in the city Tuesday with a load of Keiffer pears so fine as to command \$3.00 wholesale—Messrs. Hackburn & Willett were the purchasers. As Mr. Wadsworth was driving to the store he found a number of ready retail customers whom he supplied at \$1.25 per peck.
Like the majority of our farmers Mr. Wadsworth has so far not given any great attention to raising fruit, being content to amply at home supplies, but if the good results, being attained from the little surplus does not cause him to branch out in horticulture we will miss our guess.
The tree from which these pears were gathered is the only one of that variety Mr. Wadsworth has. It is but five years old now. What the total results from it will be this year is not yet known, but last year fifteen dollars worth of pears were sold from it. This year it is expected to go beyond that figure—it would no doubt have doubled it, but for the August storm blowing off so much of the fruit.
The tree is a standard—forty of them is none too many to put on an acre. Multiply even the results of last season \$15, by 40, and it will be seen that the product is an immense amount of money to be realized off so small a space and it must be remembered that each year will give larger and larger yields. It is only a question of time when fruit culture will be a prominent industry of this region.
Powder in the Fire Engine.
The New Bern Fire Company's steam engine not having worked satisfactorily lately, Mr. Herbert Willis started to give it a good cleaning out. As he proceeded with the work the startling discovery was made that it contained four packages of gunpowder amounting in all to about six ounces and that ammonia had been mixed with the water in the boiler.
The position of two of the packages indicated that some one familiar with engines had placed them there.
It is not generally considered that, divided as the packages were that serious results either to the engine or parties near would have followed even had they become ignited. Graver apprehensions were felt as to the ammonia—the fear being entertained that it might have generated gas and caused a boiler explosion.
An investigation of the occurrence was held before the fire department committee of the Board of City Council and upon their recommendation Mayor Ellis suspended the engineer, Mr. Jas. Maxwell, until the Board of Council acts in the matter and appointed Mr. Herbert Willis to serve in his stead until that time.
Mr. Maxwell says he has no knowledge of the matter at all.
\$300.25 Sent to the Brunswick Sufferers.
One more dollar given by Mr. L. J. Moore was added to the list raised for the yellow fever sufferers at Brunswick, Ga., which we published and the entire amount sent off by express. A telegram was also sent announcing its coming. Knowing it is on the way will no doubt enable any relief committee of that city to purchase needed supplies based on its fact even before its arrival.
The total amount was \$300.25—a very good sum to be raised on such a short notice, the Board of City Council are to be commended for the quick action and good personal work in the matter and the citizens for the prompt response to the appeal.

Meetings For Christians.
ED. JOURNAL.—It is a confessed and lamentable fact that of the one thousand and more members of the different churches in our city many of them are not in the enjoyment of as much real heart religion as we desire and we make confession of this ourselves and do not feel willing to leave this place in the next two or three months without making an extra effort to ask all professing Christians to join us in a ten nights meeting which commenced last night at Hancock street church every night, for a wonderful outpouring of God's Holy spirit upon us. No regular sermon will be preached except on Sundays.
No one is invited to these meetings except professing Christians of all denominations and such sinners as shall come to seek religion.
Come then, brethren and sisters, if you want to spend an hour or more each night for more joy in Christ and a better fitness to help sinners to come to Christ.
In another meeting of a different kind to be held after this, over all will be invited.
JOHN F. BURT, Pastor.

COVE CORRESPONDENCE.
Local News and Comments on Passing Events.
Miss Julie E. Charlton and Fred White Jr., of our village attended the Baptist Association at Seven Springs. They report a good time.
The storm on yesterday did considerable damage to cotton where left in the field, the most of it will be picked up instead of picked out.
We have three merchants in our village, apparently doing a good business, you can buy everything you want, but if you have anything to sell you have to take it to New Bern or Trenton. Why is it that some one don't buy such things as the farmers have to sell? It appears to us that a little money and the right man could do a good business at this place.
We regret very much that the reputation for health in our neighborhood should be misconstrued. There are some people who think it would be almost sudden death to live in Cove. It is true we have had lots of sickness for the last year but with this exception we have never known a healthier place.
Senator Vance may have a just cause to oppose the confirmation of Elias, but when it comes to F. M. Simmons it is a little beyond our comprehension. Our faith in Vance has always been unshaken but this opposition to Simmons is going too far. If there is a man in Eastern North Carolina loved by all true Democrats, rich or poor, that man is F. M. Simmons. We don't know what the sentiments of the people are generally, but should Vance succeed in defeating Simmons he will lose friends in this section.
"Their feet through faithless leather met the dirt."—SHAKESPEARE.
We don't know what Shakespeare meant when he wrote this unless he alluded to the party who buys paper sole shoes. The saying will not apply to Stacy Adams & Co's Shoes, (the kind we sell.) They have no faithless leather about them, if they have we'll make it right. The prices run from \$2.00 to \$5.00. They are the kind to buy if you want your money's worth.

RESOLUTIONS OF RESPECT
Passed by the Vestry of St. Cyprian Parish of New Bern, N. C., October 24, 1893.
Whereas, it has pleased our Divine Father to remove by death our late Benefactor, the Rev. Edward McCartney Forbes, who departed this life Sept. 25th, 1893. Therefore be it,
Resolved, That while we bow in humble submission to the will of Almighty God, who doeth all things well, yet in his death we feel that we have lost a true and devoted friend, the Diocese an able counselor and the Church an exemplar, which we deplore, but we believe our loss is his eternal gain.
Resolved, That as the founder and for several years the foster father of St. Cyprian Mission, and afterwards manifested a great interest in its material and spiritual growth, and that in later years, when he came to visit us, he brought telegraphic theological speculations of Divine Truth, and never left us without our hopes being stronger in "The Faith once delivered to the Saints," and that God is not so far away that the wings of dream and hope cannot carry the aspiring soul, it is therefore very right and proper that a day be set apart for memorial services to be held in grateful remembrance of the said Rev. Edward McCartney Forbes.
Resolved, That the 1st day of November A. D. 1893—being "All Saints Day," be named for the said memorial services.
Resolved, That a copy of these resolutions be sent to the New Bern Journal for publication, and a copy be placed upon the record book of the Parish.
What for my God ordains is right; He will never just; However he orders now my cause, I will be still and wait; He is my God; Though dark my road, He holds me that I shall not fall; Wherefore to him I leave it all, A. T. YORK.
