The residents of Brunswick are anxiously waiting for the approaching meeting on Jack Frost and Yellow Jack.

Republican Senators think the Vice President will put a motion to close debate on the Repeal bill if it is made.

The fruit growing industry of California is immense, and is increasing yearly. A couple of weeks ago, one county, Santa Clara, shipped nearly five million pounds, most of which came East.

The able New York Recorder, Republican, has this to say of the situation: "Nor should it cause the least surprise that the organs of the international gold trust are now suggesting revolutionary means for making the Voorhees bill law without the consent of the Senate."

The silver Republicans of the Senate say they will accept the time compromise in so far as to allow it to come to a vote. The general policy of the Republicans is to be hands off and let the Democrats fix up the compromise.

The Herald says that President Cleveland "is master of the situation. Far from being in danger of discomfiture by the silverites, it is they who are at his mercy on this question, and, of truth, they have no money to expect at his hands." It is an interesting situation. What will the harvest be?

Mr. Henry C. Baird, an able financial writer of Philadelphia, and a Republican, we believe, attributes the business troubles of the country to the sudden contraction of \$136,000,000 in bank loans. Behind the contraction of bank loans was a disturbance of credit and a withdrawal of deposits.

Sudden wealth seldom brings permanent prosperity. Richard Pennato, who died a pauper at the Forest Home, Philadelphia, last Monday, drew \$500,000 in the Havans lottery in 1874. Six years later he had but a cent and for fourteen years before his death he lived on charity.

Little Butterfly. It is often that one is equally strong as an actor and an author, yet Wilfred Clarke, the bright young comedian, can lay claim to that distinction. His rank as an actor is of decided merit and entitles him to a place in the foremost rank of American comedians, while "Tit for Tat" last season's success, and his new play, "Little Butterfly," stamp him as a playwright of no mean ability.

"Little Butterfly" was first produced in Charleston, W. Va., on Aug. 21, '93, since which time it has been presented in Louisville, Nashville, and other cities where it was so well received that it will be permanently retained in Mr. Clarke's repertoire. His humor is clean and wholesome, his language crisp and high, and his situations ludicrous in the extreme. It will be presented here Monday, Oct. 23, and will be followed Tuesday night by "She Stoops to Conquer."

We were glad to see yesterday that nearly all notices intended for this morning's paper were brought in early in the day. This keeps the printers from so late work as they would otherwise have to perform.

Mr. Chas. Reizenstein is making up a party to leave on the steamer Neuse next Wednesday to attend the Elizabeth City Fair. It will be an enjoyable trip, and the larger the crowd the better. Low rates are given for the occasion.

The races on Thursday of New Berne Fair week foot up the magnificent sum of \$1,000. There are two races for \$350 each, one for \$200 and one for \$100. The grandest races that ever took place in the State may with confidence be expected. There will be racing four days.

The Beaufort Herald says the great storm of fourteen years ago which destroyed the Atlantic Hotel was probably harder than the last one, but for duration and high tide the latter has never been exceeded. Yet only about \$500 was the damage to the town.

Mr. D. R. Phillips, Superintendent of Mr. D. S. Aman's farm near Palo Alto has a stalk of corn on which there are nine cobs under one shuck. He found several other stalks with four or five cobs under a single shuck. All the cobs had some grains but none of them were full.

A citizen of Bogue writes us that the farmers are not housing their present crops generally this season, they leave them for their hogs. "The peanut crop has not been good in this section this season and the late storm has damaged the cotton crop seriously."

The fall term of the United States District Court for the Eastern District of North Carolina convenes in this city tomorrow at eleven o'clock. Judge A. S. Seymour presiding. U. S. District Attorney and Marshal J. B. Hill will be down Monday night.

An interesting case came up before the Railroad commission, involving the question of refunding the unused part of a ticket. A ticket, round trip, from Morehead City to Raleigh was used as far as Goldsboro on the return. The railway refused to refund the part from Goldsboro to Raleigh, claiming that it had not been properly stamped.

The Sunday afternoon meetings at Mr. Calvary Temple in the suburbs, established by Rev. John F. Butt, are interesting and deeply spiritual meetings. As a rule, they are well attended, and beyond question, the labor in behalf of them has not been in vain. The work of reaching out among the poor in gospel efforts ought to be largely increased.

An exchange states that on the 18th inst. nearly 30,000 tags for commercial fertilizer were sold by the Agricultural department of the State. The sales throughout the week were heavy, and since this month set in they are larger than for three months previously.

Dr. John S. Long, L. L. D., expects to leave by the steamer Neuse for Baltimore on Monday evening, where he is engaged to lecture on next Thursday evening, Oct. 26th. The Doctor has had no vacation for a long time and will use this opportunity to spend a few days with his daughter, Mrs. Yost. He expects to return in about two weeks.

Mr. Jonathan Havens has several times treated the JOURNAL force to pecans of his raising. He brought in another generous supply yesterday. They are beyond question fine ones, unusually large and of the very best flavor. It is a matter of surprise that such fruit is not found on every farm. Nowhere do they flourish better than in the soils of Eastern North Carolina.

The Lenoir Topic gives the following item: "Maj. Harper, who returned from Watauga court Saturday evening tells us that there is a regular band of robbers over in Watauga—a Jesse James gang—who have been carrying on their business there for a considerable time. Eight of them are in jail in Boone, but a great many of them are still at large. They take an oath, putting both hands on the Bible, getting down on their knees and swear that they will steal, rob, lie and not give away any of their members."

The Asheville Citizen reports that Col. John D. Cameron is very seriously ill at his home in that city. The announcement will cause anxious solicitude among his many friends in the State. Col. Cameron has shown considerable interest in our section, has attended several exhibitions of the East Carolina Fair annually held in this city and has contributed by his pen no little to the success it has achieved.

Among the Elizabeth City notes of the Norfolk Virginian occurs the following item which indicates a good North Carolina oyster season: "Never before has the oysters of this section improved so rapidly as this season. On rocks where the oysters a few weeks ago were nothing more than 'blisters,' they are now fat, plump and of excellent flavor. This is said to be owing to the frequent rains they have below here."

"Words of others tell the story."
One of our prominent business men said to us a few days ago, that he had bought only two pair of shoes in the last two years. The two pair had lasted him that length of time. It is only fair to say that they were the old reliable Stacy Adams & Co's. We have just received a new lot. If you need a pair of shoes that are wear resisters do not fail to see us.

Fearful Wreck and Hoax

A terrible railroad wreck occurred Friday near Battle Creek, Mich. Ten passenger trains were on the line, and the cars caught on fire and were charred and destroyed.

The cars caught on fire and were charred and destroyed. So completely were they burned that they could not be separated from the ground on which they lay.

The passengers were all saved, but several were injured. The wreck was a very serious one.
