Central England had a snow-storm on Monday the 5th inst.

France is strengthening its Italian frontier army and Italy may answer the threat in like fashion.

The Philadelphia Record says "The World's" Gandy show opened at New York is the biggest exhibition ever attempted."

General Hard Times should now make his report and turn the command over to General Prosperity.

A King has been stoned to death letters from Aora, on the West African gold coast, say that the King of Ashantee was stoned to death recently by insurgents in the streets of Coomassie

Read the Atlanta Journal and the Atlanta Constitution, it is edited by fools. Read the Constitution and the Journal people seem to be idiots. Ours, gentlemen, stop this, and show your fine points. Both papers have done good service and have abundant reserve forces.

There is no resemblance between a woman and a mule, but two men are in hospital with blood poison, one caused by the bite of a woman and the other by the bite of a mule. We have long known that the kick of a woman and that of a mule were equally fatal.

Costa Rica following the example of Sweden, has donated the major portion of her World's Fair exhibit to the Pennsylvania Museum—a repository of art treasures which in perpetuating some of the glories of the Centennial Exhibition has already become the nucleus of a great national collection destined to become of world-wide interest.

The Washington correspondent of the Atlanta Journal says: "During the month of December and January between eight hundred presidential offices will become vacant by the expiration of the terms of the present incumbents. The President and Postmaster General Bissell will not have time to give any attention to these forthcoming vacancies until after the presidential message and the departmental reports for the coming season of Congress shall have been completed." So it goes. It's time to turn the scales out.

LOCAL NEWS.

NEW ADVERTISEMENTS.

Howard.
S. Cohn & Son—More fine beef.
C. E. Slover—Sweet Florida oranges.
J. J. Disoway—Pitcher spout pumps.

COTTON SALES.

Thursday—91 bales, 7,40 to 7,70.

Local showers are predicted for today.

The rain fall for the twenty-four hours ending at 6 p. m. on the 8th inst was 2.10.

The maximum temperature yesterday was 58, minimum 50, range 8.

Woman suffrage was carried in Colorado by a majority of 2,500 or more.

The King's Daughters will meet at Miss Carrie Mayhew's this evening at 7 o'clock.

The Sanford Express says there are seven or eight Presbyterian churches in Moore county, that are without ministers.

The foot ball teams of the A. & M. College and the University of Tennessee played a match game on Nov. 7. The former won by a score of 12 to 6.

Rev. J. P. Butt who has been assisting in revival meetings in the central part of the State will be back from his trip Saturday and fill his regular appointment Sunday.

Severe damage was done to property in Norfolk by the storm, mainly along the wharves. The water was the highest it has been for twelve months, all the lower streets were under water. Several houses also were unroofed.

The rain at Morehead was considered the heaviest and the blow the severest that has been there in three years, but the direction of the wind kept off danger to land property.

It is expected that the last work on roof of the W. N. & N. R. R. depot will be done about noon today. It shows well. The ceiling and painting of the building is also well under way.

Craven county jail now holds nineteen prisoners. One of these is serving out a sentence for robbing the mails, another is insane, and the remainder are awaiting trial at Superior court for various crimes. Only one of the entire number is white.

The Salisbury Herald recently told of a little nine year old girl in Rowan county, who picked 101 pounds of cotton in a day, and wanted to know who could beat it. Alberta Brown, a little eight year old girl of Carolina township, Pitt county, picked 116 pounds in a day.

The News Observer-Chronicle states that the annex to the Agricultural building is nearing completion and that there will be very handsome additional apartments in connection with the State museum in which the Chicago exhibit will be placed. The exhibit is expected to arrive in Raleigh from Chicago about December 1st.

Presiding Elder F. D. Swindell of the New Berne District will hold quarterly conference in Hancock street church, this city Friday, Nov. 24th at night; at Trenton for Jones circuit, Nov. 25th and 26th and at Centenary M. E. Church, New Berne, Saturday and Sunday, Dec. 3d and 4d. The latter will be his closing appointment for the conference year.

The Goldsboro Argus says that Mr. Joseph L. Rhem, of New Berne, the noted planter and successful truck grower, who is now shipping a second crop of green peas and Irish potatoes to the Northern markets and will soon be shipping winter: cabbage, was in the city yesterday, making purchase of a saw mill from Messrs. Dewey Bros., which he proposes to erect on an extensive tract of timber land belonging to him recently penetrated by the new railroad between New Berne and Wilmington. Mr. Rhem is a hustler—and so is the grand old town he hails from.

The Morganton Herald says: "Last week we mentioned the fact that the Japanese Commissioner at the World's Fair was so much impressed by the display of Burke county corn, furnished by Col. T. W. Walton, of Morganton, that he has opened negotiations with a view to securing some of the corn to be planted in Japan. Besides sending the best display of corn to Chicago, Col. Walton furnished one of the largest gold nuggets for North Carolina's displays in the Mines building. The two exhibits mentioned have done much to attract attention to Burke county."

The Tarboro correspondent of the Richmond Times says: "At the opening session Rev. John A. Prostan, D. D., of Charlotte, in behalf of Mr. J. C. Burroughs, of that State, presented the Synod with a gavel made from the assasfrax tree, growing at the foot of the grave of Rev. Alexander Craighhead, the pioneer Presbyterian preacher of Mecklenburg county. He came to the colony in 1797 and established nine churches in the nine remaining years of his life. He died in 1796. His body was borne to the grave on two assasfrax poles. These poles were stuck in the ground to mark the head and foot of the grave, and both took root and grew into large trees; thus that which was associated with death became an emblem of life."

Hunters Keep Off.
All persons are forbidden to hunt on any "Cherment" plantation with gun or dog. Anyone offending will be prosecuted.
HEBERT B. BRYAN.
Nov. 9th, 1893. n81w

Rego's Schedule Again.

Where the washout occurred on the W. N. & N. R. R. repairing force worked all Wednesday night and by eight o'clock Thursday morning the damaged part was so trains could pass over.

The regular passenger train was run as usual but the freight train was annulled just for the one day.

The new passenger coach which was brought to the city the previous day for the Ellis-Smith bridal party was brought into requisition in making up the passenger train to leave from New Berne for Wilmington at 9 a. m. The passenger train the evening before had come as far as the scene of the accident and there leaving its passengers to be brought on by transfer provided by the railroad, returned to Wilmington and left there late the next morning arriving in New Berne about 2 p. m. The train remained in New Berne to get back into its regular running groove starting from New Berne at 9 o'clock this morning.

The rapidity with which the injured track was repaired and trains got to running again shows commendable push both in the railroad officials and in those immediately in charge of the work. Few who saw the condition of the affairs after the accident thought that trains would be running across before today and that the track should be all in readiness before train time next morning was a matter of gratification to all interested.

Mad Dog Epidemic.

The Charlotte News tells of a mad dog epidemic on the Pee Dee river in southern Stanly county. It says the dogs did not bite any of the citizens but played havoc with the hogs and sheep of the country. The hogs that were bitten suffer very little and will sleep for three or four days at the time, then rouse up and nothing wrong will be seen until twenty-seven days have elapsed when the same symptoms will again show up. The sheep are troubled in the opposite manner. They butt their heads against rocks and trees and turn summersaults, being taken at such time with the most violent fits. Sometimes they butt the solid rocks so hard that they kill themselves outright.

As a consequence of all this hydrophobia there are now more guns and powder and lead, and fewer dogs in that section of country than ever before. Every citizen regards it as a duty to see that the dogs are put away.

The Basnight Mill in the Storm.

The mill of the New Berne Lumber Company opposite the city fared worse in the last storm than in the one that preceded it, the wind being in a direction which caused the mill to feel the effects of it more. The mill was racked, the log slide torn up, seven trestles broken away from under the log carriage, and the water came up in it, left the fire room badly sanded up, and submerged pulleys and belts, damaging both, and also damaged the skiff belonging to the property.

The log pound was demolished—only two of the boom logs being left standing and all the logs in the pound were swept away, but fortunately very few were on hand.

The total damage sustained was about a hundred or a hundred and fifty dollars.

Coming and Going.

Dr. Loinster Duffy, Mr. Hill Humphrey, Mr. "Doc" Wollard and the following attorneys: Hona F. M. Simmons, L. J. Moore, M. D. W. Stevenson who have been at Jacksonville during the holding of Superior court have returned.

Hon. F. M. Simmons left yesterday morning for Goldsboro and Raleigh on a business trip which may be extended further.

Miss Hattie Dail left to visit friends in Greensboro.

Mr. H. A. Crews of the Wilmington Messenger is in the city canvassing for the paper.

Mr. Jas. Windfield recently finished teaching a school in Pamlico county has left to enter the Disciple College at Ayden, Pitt county.

Miss Gertie Abbott returned from a visit to relatives at Greensboro.

A Foot Ball Record Hard to Beat.

A Durham correspondent of the News-Observer-Chronicle in giving an account of the match game of foot ball between Trinity College and University of Tennessee thus speaks of one of New Berne's athletes:

"The one great feature of the game was Daniels' kicking goals. Out of twelve touch downs eleven goals were kicked. The one missed in the beginning of the game is the only one missed by him this season, a record hard to beat. "The Trinity players were not in very good condition, having to substitute two new players, yet finer runnings and blocking and passing the ball has never been seen in North Carolina."

"Economy is Wealth."

We have about fifty pair of Gloves, regular dollar and a half goods, sizes 7 to 9 at 70 cents per pair. They are not cheap gloves, but really good ones, just as good as you can get at any price in this market. They are made of kid and light dog skin. Do not let the opportunity pass without buying a pair.
J. M. HOWARD.

Republican Tidal Wave

Republicans carried Massachusetts by a plurality of 34,728. This is a gain for them of 40,640 over the election of 1890. McKinley claims Ohio by 80,000 and claims for Republicans the largest majority in both branches of the legislature ever had in the history of the party.

The Republicans had a sweeping victory in New York. The Secretary of State was elected by 34,680 majority, and Barlett defeated Maynard by the overwhelming plurality of 89,669. The Republicans have good working majorities in both houses—probably a majority of five in the senate and twenty-two in the house.

All the Republican candidates for the bench in Illinois were elected except one.

Republicans made gains in Maryland, but Democrats elected all the their judicial candidates, and carried the State by 10,000 plurality. This is against 20,000 two years ago.

Indications lead to the belief that the Democratic majority will reach 50,000 in Virginia.

Indications lead to the belief that the Democratic majority on the State ticket will reach 50,000.

The Atlanta Constitution gives as its opinion why Democracy met with such losses the following:

"The party was defeated in the elections last Tuesday because its representatives in Congress, by refusing to carry out the whole of the financial pledges in the platform, have left our currency system in a worse condition, so far as the interests of the people are concerned, than the Republicans left it in 1890. That and that alone, was the cause of the Democratic collapse last Tuesday."

DIED

At his home in Charlotte, N. C. on the 9th inst, Benjamin S. Cannon in the 68th year of his age.

The deceased was the only surviving brother of Dr. J. A. Guion of this city. Up to within a year or two of his death he was actively engaged in following his profession, that of Civil Engineer in which he had gained great distinction.

He leaves a wife and several children to mourn his loss, in addition to many strong friends and admirers throughout the State.

Are your children subject to croup?

If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croup appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by J. V. Jordan.

LOST.

On the street between the City Hall and Depot a memorandum book 5x11, valuable to the city, but worthless to others. The finder will be rewarded by leaving the same at this office.
W. D. WALLACE, City Clerk.

BRISTLES!!!

You've heard of the man who only needed Bristles to be a Porker! If you see him send him to us. We've got the Bristles for him. Our Bristles are made into the finest lot of brushes ever seen. Clothes brushes, tooth brushes, shoe brushes—all kinds of brushes.
GEO. W. GASKILL.

About Prescriptions.

The best of Medicines are none too good for sick folks. Its bad enough to be sick without running chances with second grade drugs. That's the reason; buy only the very highest quality of everything. It's a great satisfaction to us to know that every prescription we send out is just as good as pure drugs will make it. No matter what you paid for it you couldn't get better.
GEO. W. GASKILL.

To Perfume Properly.

Sachet Powder is necessary. What kind you will use depends on your own taste. Sachet bags in drawers and closets give to clothes that delicately distinct odor which is the stamp of refinement. The most popular powder now is the new "White Violet." It is sweet, dainty and penetrating.
GEO. W. GASKILL.

A cream of tartar baking powder Highest of all in leavening strength—LATEST UNITED STATES GOVERNMENT FOOD REPORT. ROYAL BAKING POWDER CO., 106 WALL ST., N. Y.
