## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**Howard.**

J. J. Baxter—E. & L. collars.

M. Porter—Wash, wood.

C. E. Slover—Fresh butter

N. Whitford—Pork sausage.

S. R. Street—Mules at auction.

S. Cohn & Son—Dressed poultry.

Mr. E. P. Dillingham—Turner's almanac.

Today is the big day of Wilmington's Welcome Week. Are you going?

While Mayor Ellis is in Wilmington attending her gale celebration, Councilman F. Ulrich fills the mayor's chair.

State Auditor Furman has mailed the pension warrants to all the pensioners in the State, some 4,800 in number.

The largest tobacco factory at Durham has begun to run on double time and will continue to do so until Christmas.

Rev. Hight C. Moore of Goldsboro, has accepted a call to be pastor of the Broad Street Baptist Church at Winston.

The lecture which was to have been given by Dr. Hume on Tuesday night was postponed on account of the inclement of the weather.

Mr. Jas B. Clark has very nearly sold out his stock of dry goods and notions. He retires from this line in order to give his full attention to his baking business.

The Str. Pearlle May will be sold today at 12 o'clock by U. S. Deputy Marshall C. B. Hill to satisfy claims against her. The sale will take place back of his store.

We found a man yesterday who was delirious to hear that Hlick's had predicted another bad winter. It was Mr. M. Porter the wood man of Riverdale. He informs us that he has several hundred cords all ready for delivery and more than a dozen men still cutting.

The December number of the Cosmopolitan magazine ran up to a 260,000 edition. 200,000 copies of this number were purchased by the American News Company of New York which is thought to be the largest order for any magazine ever known. The Cosmopolitan has had an extraordinary growth and now ranks with the best published anywhere.

Mr. W. P. Burrus is in receipt of several letters from St. Paul Minnesota, who desire to rent furnished houses in the city. The majority of them intend to remain simply through the winter, others desire to make this city their permanent home. Among the number are men of national reputation whose names would be recognized at once by our readers if given, but we will hold them until their contemplated action becomes a certainty.

An exchange has an item stating that Hon. W. T. Griffin of Elizabeth City is in Washington with a petition asking Post Master General Bissell to order a primary election in the former place to settle the post mastership. The Elizabeth City Economist Falconer discounts the scheme, considering that it is on by liable to breed dissensions, &c., among the democrats to the delight of the republicans.

**The "Doll Show" Last Night.**

A goodly and very pleasant crowd attended the "doll show" last night and patronized it well, both on dolls and on the delicious edibles. The rooms were tastefully decorated with evergreens and otherwise.

Nearly all the dolls were sold; two dressed as brides, were disposed of by guessing. The prettiest, named "Victoria" brought eight dollars.

She was won by Judge Bynum, which shows he is a good guesser as well as a good dispenser of the law.

The other doll was awarded to the one guessing the day on which she was to be married. Several guessed St. Valentine's day, which was correct, and on drawing to decide between the correct guessers, Miss Maud Smith was made the happy owner.

**CLARE BROS.**

A nice lot of Red Yams and Haman Sweet Potatoes cheap at

CLARE BROS., No. 18 Middle Street.

TRY OLD BAKER 1861.

## Off to the Welcome Week Celebration.

Another party of New Bernians left on yesterday morning's regular passenger train for Wilmington, some especially to attend the Welcome Week exercises, others primarily to attend the Methodist Conference and to take in the celebration as incidental.

In the afternoon the Navals Reserve left by the freight train thirty nine strong. They lacked just one of carrying full number, a good showing for them. Their appearance was highly complimented and they left in fine spirits looking forward with pleasure to their first appearance on a gun boat and the big time they expect to have participating in the festivities of Welcome Week.

The weather which had been unfavorable had so far modified that the rain had ceased by morning though it was still cloudy and by afternoon fair weather reigned. All were glad of this.

The sham battle between the Naval Reserves on the monitor Nantucket and the land forces in Hilton Park is to take place this afternoon. The train will arrive there a good while before it commences and all who go this morning will have full opportunity to witness it.

The fire works display for which lavish preparations have been made will take place tonight and as we have before announced a special train will be run from Wilmington to New Berne after they are over, so that all visitors who can give but one day to their visit can return home by it—if any one prefers to do so the choice is given of returning by the regular train which leaves in the afternoon.

Much interest centres in the sham battle, and the pyrotechnic display to take place tonight is announced as the crowning glory of the celebration.

The weather now having cleared off, mild, bright and beautiful, there will no doubt be the largest crowd of the week to go off this morning.

## Superior Court

**WEDNESDAY PROCEEDINGS.**

Upon intimation of the court in the case of H. B. Duffy vs M. Hahn, assignee. Defendant took a non-suit and appeal.

Wallace Elliott & Co. vs Jos. L. Cohen and Wm. Cohen, assignee. Verdict for plaintiff. Simmons, Gibbs and Pelletier represented the plaintiff and W. W. Clark the defendants.

Hyatt Smith Manufacturing Company vs S. H. Gray et al. Continued by consent.

Randall Staton, col. vs Isaac H. Smith, col. Judgment for plaintiff.

Laverwright et al. vs Wm. Sultan, action to set aside assignment. This case is a warmly contested one, and considerable testimony was taken. Nearly the whole day was taken up with it, and the argument is not finished yet. Messrs. P. H. Pelletier and C. R. Thomas represent the plaintiff; Mr. M. D. W. Stevenson represents Mr. M. Hahn, the assignee, and Messrs. Clark and Guion, Pearsall and Gibbs, represent Mr. Sultan. Messrs. Guion, Thomas and Stevenson argued the case yesterday afternoon, and the argument will be continued this morning by Messrs. Pelletier and Clark. Owing to the length of this case, all cases set for the day were not reached.

## Teachers Assembly.

Both the old and new Executive Committees of the Teachers' Assembly will meet in Raleigh on Wednesday, Dec 27, 1893, at the Yarbrough House. This is the regular annual meeting. At it a programme will be prepared for the next session of the Assembly, the secretary and Treasurer's accounts, will be audited, and any matter needing attention in the interest of the Assembly be looked after.

The new Executive Committee (for 1893-1894) is composed of J. M. Horner, Oxford; B. F. Sheld, Wake Forest; M. C. S. Noble, Wilmington; George A. Grimsley, Greensboro; E. A. Aldeman, Chapel Hill; C. B. Denson, Raleigh, and E. P. Moses, Raleigh.

The effort will be made to have the programme for the coming convention, the best of all.

## A Noble Fire Horse Sick

The fine grey horse "Dick," belonging to the Atlantic Fire Engine Company, while at work yesterday on the street, was stricken with a severe case of spinal meningitis, and seems to be now beyond all hopes of recovery.

"Dick" has been a faithful servant of the company, and they no doubt will regret very much to lose him. Every inch a fire horse, he was always ready to respond to the call,—never lagging in this, or any other duty which he was called upon to perform.

## NONE BETTER THAN OLD BAKER 1861.

## Accident Insurance.

If you are not already provided with an accident policy be sure and take one out right away in the Guarantee Accident Lloyd's of New York. This system has been in vogue more than two hundred years, the first one being established in London in 1683, and during that time not one record of a failure among them can be found.

**BOMULUS A. NUNN, Agt.**

IT WILL PAY YOU TO TRY OLD BAKER.

OLD BAKER 1861 at TAYLOR'S JUNCTION.

## The Purchase of Sir Walter Raleigh's Fort.

The purchase of the old Sir Walter Raleigh Fort, on Roanoke Island by Baltimore gentlemen in order that it may be preserved is important historical news. It is gratifying that it has been done. Baltimore, by the way, seems to be doing more for North Carolina history than North Carolina herself. This is all right of course. If North Carolina will continue to give Baltimore her trade, Baltimore will take care of her history.

The above is taken from the Baltimore American. We will only say for the American that our information is that the Baltimoreans who are members of the company which purchased the fort are native North Carolinians; the society is composed both of members still living on their native hearth and of others residing in Baltimore whose state pride has not deserted them because of their removal and we would give both the honor due them for leading in the patriotic work.

We are very sorry that when it was started there was not a prompt voluntary rally by numbers of others in furtherance of the work when the scheme was started. Our native New Bernian, Prof. E. G. Davee, is a leading Baltimore worker in behalf of the historic spot, and his brother Major Graham Davee, still living in New Berne is another foremost worker. The latter is the gentleman through whom the purchase was made. While the preservation of this memorable place is of special importance to North Carolinians there is abundant reason why the whole country should be interested in it as the place of the earliest English settlement in America, the birth place of the first white child of America (Virginia Dare), and the place where first a Christian rite was celebrated on this continent.

## A. C. Line Conductor Bitten by a Mad Dog.

The Wilmington Messenger has a special from Florence, S. C., telling that Capt. Harold M. Brunson, one of the Coast Line's most popular conductors was fearfully bitten by a mad dog Saturday afternoon.

Capt. Brunson was pursuing the dog to kill him and had fired at him with a pistol at the cotton oil mill. The dog turned and jumped on him, biting him on the right hand, tearing the back of the hand out, together with the sinews. Dr. Covington dressed the wound.

Capt. Brunson left at once for New York, where he will undergo treatment at the Pasteur Institute.

## The Hunters' Bet.

The Oxford Ledger tells of the following boss squirrel hunting story. It is said our worthy friend (Hustler) of Culbreth, captures the prize as a squirrel hunter. One day last week he ventured up in "Shake Rag" Nathan Lunsford's domain, and killed 144. An eye witness said (Hustler) hustled along the road with the tails of the squirrels strung on a pole 20 feet long.

The same paper tells of two mammoth beets set to the office. One weighed ten pounds and was two and a half feet long; the other weighed eight pounds and was two feet two inches in length.

## The Phosphate Industry.

We recently published the discovery made by Mr. R. Berry that the green sand marl brought to the surface in boring the water works wells at the edge of the city contained phosphate. A complete analysis and further investigation should be made to determine the percentage of phosphate and whether it can be profitably mined. It might prove a matter of weighty importance.

The extent to which the phosphate industry in South Carolina has grown may be partly judged by the comptroller general's report which shows the royalty for the fiscal year recently ended:

November, \$12,441.47; December, \$1,358.88; January, \$23,432.50; February, \$31,204.75; March, \$26,000.25; April, \$12,465.58; May, \$28,598.81; June, \$30,385.99; July, \$22,521.59; August, \$23,023.60; September, \$6,265.—Total, \$177,720.20. The number of dollars received represents the number of tons mined.

## OLD BAKER 1861 WILL MAKE YOU SMILE.

## A Cordial Welcome.

Ed. JOURNAL.—As it has been stated I moved to Cove, N. C., last week. On last Saturday night while I was away to fill my appointments at Kitt Swamp and Broad Creek churches. A number of the citizens of the village of Cove and surrounding community came to my house with packages of very serviceable articles, consisting of meal, flour, fresh meat, sugar, coffee, cheese, sweet potatoes and crockery, for which I feel under many obligations and take this method of expressing my sincere appreciation.

May the Lord help me to be able to render service worthy of the cordial welcome they have given me.

J. W. ROSS.

Cove, N. C., Dec. 5th, '93.

Good Dry Pine Wood For Sale in hundred cord lots.

M. PORTER, Elvedale, N. C.

## THIRTEEN MEN KILLED

Others a Badly Wounded that it is Almost Impossible for them to Recover—Great Expedition Prevailed Throughout the Town.

One man, residing in the city, was the sort of man who is always ready daily to "step hand" in the street. This is a terrible state of affairs, that while so many are suffering against one and still a few are all in check, while others are still trying to get on their feet, which is an impossibility.

The Mallard brothers, seven in number, from near Fayetteville, were in town yesterday in search of a suit each in trying to get out merchants to see which was the cheapest, would remark, before buying that they would try Big Ike and the insignificant reply would be, why do you try from Big Ike, he has nothing but old stock.

Let me say to those who assail me in that way that I have bought out thirteen different parties, mostly bankrupt stocks, in Newbern, which goes to prove that they are dead in the mercantile world; and these who assail me by making false representations prove that they are badly wounded and cannot stand the mighty bombs that the great American Bankrupt Dealer is throwing in their teeth.

Hearken, my brother merchants, when you make false statements to your customers, they will do as the Mallard brothers done buy from Big Ike, because when you run him down, you only advertise him. Let this be your last time.

## WHILE IN

Baltimore

I Bought Some Rare Bargains in

Ladies and Misses
