COTTON SALES.
Tuesday—22 bales, 7 1-8 to 7 1-2.

The funeral services of Hon. T. G. Sparrow, of Idalia, was held from the Episcopal church of New Berne yesterday. The Old Fellows, of which he was a member being in charge of the burial.

Every indication points a very largely increased attendance at the Fair. People continue to seek to make arrangements ahead for it. There has been one application sent in for a party of thirty.

Marion Butler the Populist leader, and Paul C. Humphrey of Goldsboro had a fight in the dining room of Hotel Kenyon, Goldsboro Sunday morning. It is stated that Butler came out second best. The dispute was about a seat claimed by Mr. Humphrey for his wife which Mr. Butler was unwilling to vacate.

Prof. J. Oakley, of the public schools of New York, is to give a little stereopticon entertainment of an hour in duration this afternoon at the Graded school for the children. The views are instructive. They are on "A Trip Across the Continent," and "Revelations of the Microscope."

The Philadelphia Record Almanac is before us. It is an esteemed work of a little more than a hundred pages and contains much condensed valuable information that would be hard to obtain otherwise in as convenient a form. The Record is an able paper and its almanac is worthy of it.

As indicated heretofore Mr. S. H. Lane was nominated Monday for collector of customs at New Berne. Other nominations were: Melvin E. Carter for Collector of the Western District; O. J. Carroll of Raleigh for marshal of the eastern district and Elijah W. Rawls for postmaster at Tarboro. A special to the Charlotte Observer gives the above facts.

Mr. F. Harding, of Patterson, N. J. and his son Mr. A. J. Harding, are registered at the Fulford House. Mr. Harding is one of the gentlemen that were here in November and succeeded in killing the large 400 pound bear at Haverlock; mentioned in the JOURNAL. They expect to be here two weeks and will return again in time for the Fair in company with quite a party from Patterson. Mr. Fulford had twelve arrivals last night.

The Life Saving Station at Portsmouth
Secretary Carlise has awarded the contract for the erection of the life saving station at Portsmouth, N. C., to W. J. B. Shuff, of Beaufort, N. C., at \$5,413.

Coming and Going

Mrs. C. Follman left to visit her stepdaughter, Mrs. Julia Howard of St. Augustine, Fla.
Mr. W. B. Blade left yesterday for Washington, and Mr. S. C. Hamilton for Philadelphia on business trips.

To Become a New York Commission Merchant.

Mr. C. L. Dickinson of Beaufort passed through en route to New York Tuesday. Mr. Dickinson goes to engage in the commission business. He aims primarily for fish, oyster and clam shipments, but will pay due attention to truck in the season. Mr. Dickinson has had ten years experience as a buyer and shipper of fish and shell-fish and the experience gained will no doubt stand him in good stead.

His son, Mr. C. O. Dickinson will buy for him at Wrightsville and he has a good prospect of patronage from shippers at and near his home. 119 barrels of clams were shipped to him yesterday as a starter. We hope he will meet with beautiful success.

OLD BAKER 1891 ONLY at L. J. TAYLOR'S.

COAST STORMS.

Protection Wanted Through Weather Bureau Service That Will Warn of Their Start in the West Indies

The Key West (Fla.) Board of Trade passed resolutions in December seeking better United States Weather Bureau service for the Gulf and Atlantic (especially South Atlantic) coasts. The resolutions cite as a reason for this that during that period of each year included between July 15th and October 25th known as the "hurricane months" tropical storms frequently of great violence dove upon the tropics in the region of the West Indies and Caribbean sea, and sweep northward causing incalculable loss of both life and property on the States bordering on the Gulf of Mexico and the Atlantic ocean and that it is possible, in most cases, to give ample warning of their approach, if sufficient and timely reports are received from the West Indies.

The resolutions go on to recognize and approve the efforts of the National Weather Bureau in this direction, but lays stress on the fact that this valuable service is hampered through lack of means to place the West India service on a proper footing and gives as the sense of the board that every effort should be made to have Congress appropriate a sufficient amount to organize and perfect the West India weather service, and to carry the same on each year on a systematic plan.

The storms in the period spoken of were illustrated during the season just passed on August 27th at Savannah, Ga., and Beaufort, S. C. and Oct. 21 at New Orleans, when thousands of lives were lost and property to the amount of several millions of dollars destroyed.

Action from other Boards of Trades and Chambers of Commerce similar to that taken by the one at Key West, will go far towards securing the action of Congress desired, and with a view to getting such concert of action, circular letters and copies of the resolutions are being sent out to city officials and commercial organizations of the principal cities bordering on the ocean and gulf from New York to Texas.

In view of such fearful losses as are outlined above the amount which would have to be appropriated would be but nominal, and it is hoped that it will be secured.

Died From the Blow.

David Mackey, the colored man who was struck on the head Sunday night with an ax by Wm. Humphrey, col., died from the effects of the blow Monday night.

Humphrey, upon examination before Mayor Ellis, was committed to jail without bail on the charge of murder to await trial at the next term of Superior court, which holds in May. Humphrey is below the average size and is quite young—apparently about 20 or 22. He had been married about a year.

Coroner Primrose impaneled a jury and made a post mortem examination. Death was found to have resulted from compression at the base of the brain caused by a blood clot—the injury being on the opposite side from which the blow was struck—a species of injury designated as *contre coup*, being the same in character as the one from which John Monjohn died about a year ago caused by a blow from a billiard cue.

No verdict has been rendered by the coroner's jury. This is because of failure to find the wife of the accused, whose testimony was wanted. It is likely that she has attempted to run away, but even if she has she will no doubt be gotten up with between now and court.

The White City Ablaze

A terrible fire has just occurred at Chicago in the World's Fair buildings. It is supposed to have been started in revenge by two vagabond tramps that were kicked out of the music hall and told to find quarters elsewhere.

The fire originated in the casino, destroyed that, rushed along the peristyle, the gigantic statues tumbling one by one into the waters of Lake Michigan. The music hall is a total loss and the flames penetrating the great palace of Liberal Arts, seized upon the foreign exhibits still stored therein and the whole Exposition was threatened, but about mid night the fire was got under control; it had been burning since about 6:30 p. m.

Some estimates place the loss at a million and a half dollars; President Heggens'otham however says it will not exceed \$100,000.

Three brave firemen were killed—one by a ladder giving away—two by falling ruins. Others were badly injured.

Notice.

Brethren of St. John's Lodge No. 3 A. F. & A. M., will be reminded that tonight is regular communication. Please be on hand promptly at 7:30 o'clock. **J. S. BASSORR, Sec'y.**

48th DIVIDEND.

THE NATIONAL BANK OF
New Berne, N. C.,
Dec. 27, 1893.
The Board of Directors of this Bank, have this day declared a semi-annual dividend of 4 per cent from the earnings of the past six months payable on after January 10th, 1894. **G. H. ROSENBERG,** Cashier

TORBETT CONCERT COMPANY.

This Brilliant Young Violinist Accompanied by the Luttelman Sextette.

A good number of tickets have already been purchased to hear the young violinist, Miss Ollie Torbett, and the Luttelman Sextette of Sweden at the Theatre to night, and a large audience will no doubt greet them.

The company was procured by the Y. M. C. A. and only upon a cash guarantee which will not be less than \$120.00. They come highly recommended.

Mr. Mosnier, the pianist with the company, won the \$500 prize contest offered two years ago by the New York Herald for the original musical composition. E. B. Pond the well known manager, paid the highest terms of Mr. P.

FROM THE MEMPHIS AVAUCHE.
Miss Ollie Torbett the violinist was evidently the favorite of the evening, and the vigorous and long continued applause which followed the close of each number forced her to return and accept encores, to which she responded gracefully and pleasantly.

FROM THE PHILADELPHIA TIMES.
Miss Ollie Torbett, who divided the chief honors of the evening with Miss Emma Thursty, commands intense interest by her power and delicacy in bringing out the finer effects of the violin.

FROM THE NEW YORK ADVERTISER.
The Danrosch Concert—This concert at Music Hall exceeded in attractiveness any that have thus far been given, and the audience it is pleasant to say, was very large.

A particularly delightful feature of the concert was the appearance of the Luttelman Swedish Male Sextette. This is an organization of which Mr. Danrosch may profitably avail himself frequently throughout the season.

FROM ITALY.
They sing without accompaniment of any instrument, they accentuate with a surprising security, and their perfect intonation and the melody of their voices is wonderful. The audience which the concert immensely, the excellent singers evoked the warmest applause, and the encores were numerous.—Il Secolo, Milano.

BILLS ALLOWED

By County Commissioners at the January Meeting.

R. G. Mosely, col., house rent C. Southwick \$2.50; Fannie Williams, superintendent poor house \$12.50; Irene Cooley, cook for poor house \$3.00; J. J. "Comparisons are odious."

C. BURTON.

We know comparisons are odious but what a prominent grocery merchant of Commercial Row said to us a few days ago is too good to keep. He said "I am always better pleased with the goods I buy of you, in fit and wear, than any I got from these other clothing or shoe men. Now he was right; the Clothing, Hats, Shoes and other fixtures we sell are from reliable dealers—no shoddy stock. When you need anything in this line, try us, Simple Shirt, Socks and Suspenders at New York cost.

At J. M. HOWARD'S.

AUTOPTSY OF A GRIP VICTIM.

The Deadly Character of the Disease Evidenced by a Post-Mortem.

This is what Dr. J. K. McCreight was one that puzzled the doctors. They were confident that there was some affection of the brain, and they treated him in general for the grip. He was a well defined case of that deadly disease. It was determined that in the interest of science to hold a post mortem examination and it was conducted yesterday by Drs. McCombs, McSuberra and R. W. Gibson, Jr. The autopsy revealed the deadly character of the grip.

There was a granular spot on the right lung, an abscess of white on the brain, an atrophied gall bladder, and the liver and spleen were affected. Mr. McCreight was seized with his illness on the Saturday night before Christmas. During the first stages of his sickness he was unconscious, but later he became conscious and remained so until within a short time of his death.—Charlotte News.
