**LOCAL NEWS.**  
NEW ADVERTISEMENTS.  
Howard.  
E. S. Street—Two ext. loads horses.  
COTTON SALES.  
Monday—bales 750.  
The Progressive Age says the Presbyterians are pushing away on their church at that place.  
Mr. Jas. M. Patrick is now conceded to be the oldest citizen in Lowndes county he being in his 84th year.  
Prof. Joseph Kinsey's school at La Grange now numbers 700 or 800 pupils, 10 boards.  
There will be a regular meeting of the 4th Division of the Naval Reserve held at the armory tonight at 8 o'clock.  
Repairs on the Presbyterian church bell may necessitate tearing it down some time during the present season.  
Mr. A. J. Swain and wife are getting the 100 boxes for the year at the large warehouse of the W. S. & N. R. Co. It takes 10,000 feet.  
A small number of affidavits have been coming in lately. It is said that indications in the courts are that the general run will set in early. This season it is thought they will be abundant.  
Rev. D. H. Parnell has had an office yesterday on the corner, 11-12 inches in length, and 11-12 inches in width. It was found to be in his home in Stokes county. Mr. Parnell will have some more even larger than this at the Fair.

Additional stables are being built at the Fair grounds for stock being exhibited. The upper part of all the stable doors are being cut away so that there will be an unobstructed view of the stock; this will be a great improvement.  
"We have the highest authority for saying that the charges against Mr. Simmons have been about three weeks passed there by Senator Vance."—Wilmington Messenger.  
Tickets for the merchants' carnival to be given next week will be on sale at Nunn & McFarley's through that day. Though the entertainment is novel and so elaborate the admission price has been fixed low. It is only 50 cents for reserved seats, 25 cents for general admission and 25 cents for the gallery.  
An exchange says editor Boyd of the Wadesboro Messenger Intelligence is some thing of a poor reasoner. He has just killed one which weighs 700 pounds dressed. It was a cross of Berkshire and Poland China and was 25 months old.  
Mr. Geo. L. Taylor, of Lenoir, receives the travelling man of the New Bern Journal is a walking living curiosity, when he told this he was a Cleveland Democrat. He thought the agent ought to be an exhibit at the Fair—he had not seen a Cleveland Democrat, since the extra session of Congress.  
I. B. Abbott, col., was bound over yesterday to the Superior court in the sum of \$100 on the charge of larceny as narrated in Sunday's Journal. To be Gardner, a white youth, was bound over in the sum of \$25 for the charge of stealing a Partridge Cochon chicken from Mr. Wm. Dunn. The latter gave bond; the former failed to do so.  
Mr. E. K. Bishop had a narrow escape from drowning last night at the steamer wharf. While walking over a pile of bags of salt seeing that they were properly protected from the weather he slipped and fell backward. Not being able to swim he gave one call for help and was not able to do more, but fortunately that call was heard and he was rescued by a colored man.

Rev. Edward Bull will take a second trip this week over the railroads, between New Bern and Goldsboro, Goldsboro and Wilmington, and Wilmington and New Bern in the interest of the Fair; this time he will put up the long posters known as "streamers," which simply call attention to the Fair or the races and give the date. These will be plentifully posted on cars, fences and everywhere there is a conspicuous place for them.

**Coming and going.**  
Mr. T. A. Green, one of the directors of the Oxford Orphan Asylum went up to yesterday to attend a meeting of the Board. Probably the most important business that will come before it will be the election of Superintendent, the time for that having arrived.  
Mr. Geo. W. Gaskill, left for Durham yesterday morning to take upon himself the yoke of matrimonial blessedness. Mr. and Mrs. R. H. Berry and Mr. Guy C. Styrion went up also to attend the marriage.  
Mr. Sam'l Hudson, of Pollockville, arrived last night on business.  
Our former townman, Mr. Jas. F. Norman and family, moved back to New Bern yesterday. This is repeatedly snowed—people who moved away are coming back and new ones are moving in constantly.  
**They Will be Removed.**  
We are glad to learn that the Government is taking prompt action about the two old kinds of Lookout shells to which we called such sharp attention week before last.  
Assistant Engineer Chadbourne has been ordered to go down, find and locate the wrecks. This having been done, the Vesuvius will be sent there to blow them up. Another report has been received of the floating spar and Mr. Chadbourne will seek that also while there. He intends to leave Thursday night for the purpose.

**Jokers Beware.**  
Some one without due reverence for either religious or sectarian, turned on the gas in the vestibule of the Baptist Church while the prayer meeting was in progress last Thursday night. The trick was repeated Sunday night, though at that time the congregation had been dismissed, and only the janitor was inside. The act was no doubt committed in exchange for a joke, but a house of worship is not a fit place for any pranks, playing, and some of the members feel indignation at the lack of respect shown. We hope the net was not a certain extent, committed thoughtless, and that the culprit will be again reported.  
**The Fair's Trial, Fayetteville.**  
Intense interest is developing in the Fuller murder case at Fayetteville. About fifteen witnesses have been examined and their stories probably be twenty-five more.  
Father says Parker knocked him down and was heading towards the spot him to see his own life.  
The young boy to whom Parker was engaged has been examined and is healthy to an extent. The one to whom Fuller was engaged was examined yesterday. They are sisters.  
Under the head of "Poverty From Choice," the Winston Republican tells of a man whom the editor heard complaining that he was too poor to feed a couple of pigs and yet it says that some man was keeping eight dogs. People who let worthless curs supplant useful animals can expect nothing except hard times.  
Corbett passed through Charlotte at midnight but a large crowd was on hand to see him. Mitchell passed through three hours later with a party of six friends. He did not look badly banged up with the exception of a bruise on the right side of his face. He is said to take his defeat like a man and to be very magnanimous in his expressions towards Corbett.  
Bridges are having another team road built in Jones county for the purpose of getting lumber from the forests to New Bern where it will be transported in rafts to their mills at New Bern. The locomotive will be run on the road. It will be six or eight miles in length and come out a little below Pollockville. The first supply of rails enough to build five miles arrived yesterday.

**The Rockingham Rocket says:** Mr. D. M. Morrison showed us a few days ago some particularly fine specimens of kaolin which came from Mr. Joshua Chapple's place near Ellerbe Springs. In digging a well the kaolin was struck some two feet beneath the surface and extends to a depth of 30 feet or more. Mr. Morrison says the quantity is practically inexhaustible, while the quality is of the finest.  
The Raleigh News-Observer Chronicle says that Mr. Calvin J. Cowles of Wilkesboro, having seen the article of Mr. T. K. Bruner on kaolin in this State writes to say that he has on hand belonging to him in Watauga county a magnificent and endless deposit of feldspar which he says is the finest material for china clay and just what the Japanese want for their arts and their fine pottery.  
An effort is being made to have the De Brubel post office moved from the present location back to where it was a year ago. The postmaster moved at that time down to Rocky Run (about two miles nearer New Bern) and of course carried the office along with him. No fault is found of his service. The only point in consideration is the convenience of the patrons to the majority of whom the old location is said to be the handiest. We are informed that at the old stand there were about a hundred patrons of the office.

**STATES' WORLD'S FAIR EXHIBIT.**  
**Mr. T. K. Bruner Selects the Space for it to be Displayed at Our Fair.**  
Mr. T. K. Bruner, Secretary of the State Board of Agriculture came down from Raleigh on a trip specially in behalf of the exhibit which the State is to make at the Fair. There will be a full car load of the exhibits all of which were shown at the World's Fair and they are well selected. The best that were shown. The exhibits will fill one room and the north room on the first floor is selected for them.  
Mr. Bruner's plan of selection of the space, took a diagram of a room and will return here tomorrow.  
The collection contains 200 pieces of polished wood, of oak, maple, birch, hickory, cherry, ash, beech, chestnut, and the various kinds of fruit—all the various kinds of stone—gold, silver, copper, iron, steel, tin, zinc, lead, nickel, platinum, and various other metals, and various kinds of machinery, tools, and household articles of all kinds, and a number of very elegant photographs of Galatrassey.  
**Will Canvass the City.**  
Now is the time to supply yourself with season tickets to the Fair. As the Fair approaches and Mr. Bruner is to be going back and forth for many days, it will be as easy to get up with as now, so he will at once canvass the city and give the citizens an easy opportunity to purchase at once. By purchasing now you make it lighter for the officials when the rush of preparation begins, and you also make sure of having your ticket at the low price of \$1.50 instead of \$2.00 which will be charged without any exception during Fair week. Tickets for children under ten are half price.  
A thorough canvass of the city will also be made, as is usual every year, to get a list of all who will take either board or lodges or both, and how many each can take. This is important information to have, so that each citizen who applies to the secretary for information as to how to make his home comfortable at the Fair may be promptly attended to.  
Citizens who intend to go to work during the Fair are urged to get their tickets at once, so that they will not be inconvenienced. They will be glad to see you on the day they will be away, and we are sure to be provided for. The department has been notified and it will be done.

**Received More than Was Lent.**  
There is a great amount of the same money carried in New Bern both regularly and irregularly, and in order to get the amount of our circulation of the currency, the payments is sometimes added to depreciously.  
This is a question, however, on which much could be said on the opposite side even if the premiums amount to the aggregate to more than was received in return. But it sometimes happens that more is brought into the city than is paid out. This is the case now with the order of Chosen Friends.  
Statistics of the order, shown by Mr. Witcover, gives the following figures for New Bern for this city. From the time of its organization up to June 30th, 1893 the council paid in \$24,541.23, and received \$41,000—the benefits have been nearly double the expenses; showing whether viewed from the stand point of the beneficiaries or the financial effects upon the community.  
**Kilston Knitting Factory**  
The Orin Knitting Mills at Kilston, are now running on full time, working about 100 operatives.  
They are turning out some very nice products, and finding ready sale.  
One of our old subscribers, Capt. J. D. Taylor, has charge of the machinery, keeping every thing in order. He is a most excellent man and attends strictly to business.  
Kilston is proud of her knitting factory, and with cause. It is an honor to the town and a source of great benefit. Her people have done well by repeatedly taking action that led the factory to grow from a small beginning to its present creditable size. Its success should serve as an incentive to like interest in the New Bern factory by our people.  
**His Nibs and His Mustache.**  
The New York Sun gets off the following relative to our Governor. If Editor Dana will come to the New Bern Fair, he will hear more than the silent eloquence of the whiskers of Gov. Carr. We take the Sun's words:  
"It is only just to say that if Governor Elias Carr, of North Carolina, doesn't urke as much noise as Governor O'Ferrall, of Virginia, it is not because he isn't full of eloquence. We have before us a photograph of the Tar Heel Governor. His mustachios measure at least 32-2 inches from tip to tip, and are beautiful specimens of art.  
A man with mustachios like Governor Carr's has no need of words. The guardians of his upper lip make themselves heard from afar. Those hairs have language. Tip to tip murmurs, and every capillary tube becomes a speaking trumpet. Carr with his mouth shut is a greater orator than even O'Ferrall at his period of highest production and perihelion of palaver."

**"GRAB THE BARGAINS"**  
One 6,000 pound Marvin safe for sale at a great sacrifice. One 350 pound safe. One 1,100 pound safe. One 450 pound safe.  
See Bro. Lee, T. G. A. B. D.

**Outrageous Conduct of Foreign Miners.**  
Miners in general on the swamps in Pettigrew county, N. C. lately have become temperamental and noisy. They assault people and break up the peace, and plunder the property of the people. They are especially opposed to the State Board of Agriculture. On the 18th of the month they attacked the State Board of Agriculture and destroyed the building in which they were holding their meeting. The property of the State Board was destroyed. The miners were then ordered to leave the State. They refused to do so and the State Board was forced to send a posse to drive them out. The posse was composed of the State Board members and a number of the people. They succeeded in driving the miners out of the State.  
**A Relative of Benj. Franklin Dies in Wayne County.**  
There is a report that a relative of Benjamin Franklin died in Wayne county. The name of the deceased is said to be Benjamin Franklin. He was a well-known farmer and a member of the church. He died of a long illness. His family is said to be mourning his death.

**General News Gathered by a Resident.**  
While playing in the yard Master Earle B. left and broke the largest bone in his left forearm. The injury was indeed painful, but he is improving rapidly and will be out again soon.  
Miss Ada Johnson left on the 231 for Greensboro, where she has been attending the female college.  
The 17th of January, 1894 another wedding for Pollockville at the residence of the bride's father, Mr. N. M. White, Mr. H. A. Stokes was happily married to Miss Cora White, Rev. Mr. Vernon officiating.  
Old and young who knew Mrs. Barr—who died on the 19th inst. with creeping paralysis loved and respected her. She was a staunch Baptist in religious belief, and though firm in her faith, she was kind and charitable to all de nominations—ever ready to help all in need of sympathy. She leaves behind only one child, Professor W. D. Bruns, of the Methodist and Female Academy here.  
The people of this entire community were well pleased last Sabbath (23rd) to see the face of Rev. Mr. S. H. Elder of Goldsboro again. Quite a while ago he was called as pastor of the church here, and for people here not forgotten him. His sermons are not only abundantly arranged, but are new ideas attractively presented. The pulpits of this place are all filled by men of marked ability and high Christian character. The Methodist has the service of Rev. W. B. Lee; the Baptist Rev. J. H. Vernon; the Presbyterian Mr. Isler.  
**Milk Loves Free.**  
Three brothers John, Jim and William had a lot of eggs to sell. John had 50, Jim 30, and William 10. They all went to market. All of them sold their eggs at the same price, and all received the same amount of money. How much did the brothers receive for their eggs? The first correct answer will be rewarded with tickets for 12 "Delicious" milk loaves. Clark Baking Co.
