COTTON SALES.
Tuesday—14 bales, 7.25.

"Merchants Carnival" tonight. Reserved seats at Nunn & McSorley's.

The British bark, Port Yarrow, was wrecked off the Irish coast Sunday. Twenty six lives were lost.

THE JOURNAL received a one-year's paid up subscription yesterday from Pedras Negras, Mexico.

Our former townsman, Mr. Clem Manly represented North Carolina at the Georgetown University alumni banquet.

A subpoena has been issued for Secretary Carlisle. He is cited to appear and answer the injunction against the issue of bonds.

The gold reserve is still decreasing. The loss during the month was \$11,500,000, but the enormous pension paying business still goes on.

Have you bought your Fair season tickets. Mr. Reizenslein is now supplying our citizens. Be ready to purchase when you meet him.

Mr. T. W. Dewey moved yesterday into the largest dwelling on Middle street between the residence of Mr. J. H. Gibson and Mr. H. L. Hall.

The Law and Order League club has taken up the proposition to petition the Governor to call the militia in connection with the Corbett case. It will have the resolve to make it lively for the principals, officers and adherents.

Collector Simmons does not believe that Senator Vance has preferred charges against him as has been stated. He has been assured of this by Senator Ransom, and has other reasons for the belief.

There has been a storm off Cape Cod, and wide spread destruction along the coast of Massachusetts. At Biddeford, Me., Monday night is spoken of as the wildest this winter. Newport, R. I. is being flooded by rain.

A slight fire occurred yesterday morning. Mr. John Dunn's chimney had been on fire and an undetected coal which fell at the chimney finally set the roof on fire. It was put out without much trouble or loss.

A contract has been made by the North Carolina Teachers' Assembly with Dr. J. M. Rice, of Boston, for the delivery of two lectures at its next meeting at Morehead City in June. The subject will be scientific teaching.

Mrs. J. R. Hodges nee Miss Sue Pringle died at LaGrange Monday and was buried Tuesday in the family burying ground near Falling creek. The deceased was a niece of Mrs. N. B. Richardson of New Berne.

We have received from Mr. C. M. Gilpin, special examiner of pensions a copy of the report of the commissioners of pensions for the year ending June 30, 1893. We are glad to have the exact and correct figures on the pension business.

Secretary Eugene Harrell, of the Teachers' Assembly, says that a contract has been made with Dr. J. W. Rice, a noted educator, of Boston, for the delivery in June, at Morehead City, of two lectures on "Scientific Teaching."

Mr. O. Judd Carroll, the new U. S. District Marshal came down last night from Raleigh, his home, and was at once sworn into the office before Judge A. S. Seymour, the bond and other preliminaries having already been fixed. He will take charge of the office immediately.

The health authorities in New York City are alarmed at the general spread of small pox. It is still raging there and not confined to any one quarter of the metropolis. Health inspectors are stationed at five different places all of which are infested with the contagious disease.

A shipment of wild celery taken from the banks of Neuse river was expressed yesterday to Gen. Alexander of Georgetown, S. C., who is General Lee's Chief of Artillery. Gen. Alexander means to plant it in his legion to attract the curious back ducks, it being a great food for ducks of every description. The General owns seven or eight thousand acres near Georgetown.

Tonight's Entertainment.
The time for the Merchant's Carnival has arrived. It begins tonight at 8 o'clock. Seldom if ever have so many young ladies participated in an entertainment here as take part in this one.

Tickets for the entertainment as we announced will be on sale all day long at the store of Nunn & McSorley.

Being the first entertainment of the kind held in the city, and at so low a price and for a good cause also it will no doubt be largely attended.

At Work on the Wrecks.
The Cruiser Vesuvius, one of Uncle Sam's newest and best boats, is already at work in Delaware. The news sent out from Lewes, Del., on the 29th reads:

"The cruiser Vesuvius to day destroyed a derelict one mile north of Northeast End lightship, probably the schooner Manitoire, from Philadelphia, which sank December 2nd near Five Fathom Bank lightship."

The Vesuvius is the same one that is to destroy the dangerous wrecks on the North Carolina coast.

Poets in Demand.
Spring poets are generally at a discount but the merchants carnival caused any one who was known to "write poetry" to spring into favor, as many young ladies wanted an original and suitable piece, to recite.

It is hard to tell which was in the worse pickle, the young lady who wanted a good verse or the poet writing a citizen who was having dozens of the young ladies to call upon him. However that struggle is over. Both parties were probably taxed as severely as they wanted to be and tonight will tell the story of the success.

Opening For a Night School.
There are numbers of young men in New Berne who have taken up their life-work, but who have nevertheless not advanced as far in education as they wish especially on branches relating to practical business—book-keeping, commercial arithmetic, business forms and usages, etc.

To these young men a night school conducted by a competent young man at such hours as they could attend, would be an excellent thing and we believe there is an opening just at this time for work of the kind. We believe such a school, if started, would be a good thing both for the young men and for the one in charge.

Coming and Going.
Capt. W. W. Carraway, the fat and jolly canvasser of the Richmond Dispatch in the city at the Farlow House. Capt. Carraway has been everywhere who are glad to see him around and wish him all success in his business.

Mr. Hughes Holland returned last night, he says from Concord, one of his friends says from somewhere else—at any rate we judge he had a good time for he expressed the wish that he could go back this morning.

Col. A. C. Davis, of Winston, whose fine military school was formerly at La Grange is in the city on business and is stopping at Hotel Albert. We are pleased to learn that the school is in a flourishing condition with a large number of pupils than it had last year.

Mr. R. S. Petty, of Pittsboro, representing the Cutaway Harrow Company of Higgenum, Conn., is registered at Hotel Albert. Part of Mr. Petty's business is to prepare for the exhibit of his implements which his firm will make at the Fair. Mr. Petty will be in charge of the exhibit.

The Charlotte Observer's Washington News, of Monday says: "Representative Grady went to the Treasury Department to-day with Stephen H. Lane, the new collector at New Berne, whose bond for \$10,000 was approved. Mr. Lane was duly installed."

The first and second floors of Mr. F. F. Cherry's barn at Aurora broke in a few days ago, says the Progressive Age, on account of the weight of corn on the second floor, breaking it through and carrying the other floor along with it. It doesn't look much like hard times with farmers when two story barns are giving way beneath their load of crops.

Mr. Gustavus Rountree died Friday at Southern Pines of consumption. The deceased was a son of Mr. Robert H. Rountree, and a member of the well known commission firm of R. H. Rountree & Co., cotton exchange New York. The remains were taken to Kinston to be interred by the side of his mother in the family plot in the cemetery of that town.

The Correct Answer.
The first correct answer to conundrum was from Mr. Howard Gaskill as follows: The brothers first sold 7 for 1c and remaining eggs at 3c each in this way:

John (50 eggs) 7 for 1c—07c; 1 for 3 cents each.	10c
Jim (30 eggs) 7 for 4c—04c; 3 for 3 cents each.	10c
Wm. (10 eggs) 7 for 1c—01c; 3 for 3 cents each.	10c
Total for 90 eggs.	30c

Miss Lida Emery, Mr. W. D. Wallace, Miss Bertina Tucker and others, also sent in correct solutions.

CLARK BAKING CO.

The Char of Russia is suffering from pneumonia.

Evangelist Pearson Invited Here.
Yesterday morning an invitation to again hold a series of revival meetings in New Berne was sent off to Evangelist Pearson. The invitation was signed by the several pastors—Rev. J. T. Lyon, pastor of Centenary M. E. Church; Rev. G. G. Harley, of Hancock Street M. E. Church; Rev. D. H. Petree, Church of Christ; Rev. C. G. Vandell, Presbyterian Church, and Rev. Rufus Ford, Baptist Church.

Sunday March 18th, was the time suggested in the invitation as the date for commencing the meetings.

Previous correspondence with Mr. Pearson leads to the belief that the invitation will be accepted, though it may not be on the date suggested. When last heard from Mr. Pearson had no engagement at that time but how the matter stands now can only be told when he is heard from again.

We do our people remember the great revival that resulted from the meetings held in this city six years ago by Mr. Pearson and many have been the expressions of desire for his return since that time. He will be warmly welcomed whenever he comes.

Game in the Sound—Other Items.
Mr. W. T. Lane returned yesterday from a trip to the coast, along the coast on which he was accompanied by Mr. D. C. Kelton of Holyoke, Mass., who is stopping with him spending some time in this section for his health.

They brought a few wild ducks and geese up with them and report that swans were brant and ducks are all very plentiful in Pamlico sound all the way from Hatteras to Roanoke Island.

Mr. Lane informs us that he talked up the Fair wherever he went and that there will be some interesting water fowls from that locality, tame swans and a number of varieties of wild ducks.

Mr. Lane brought up with him also some scuppernon wine from Roanoke Island which was made of grapes, the product of a vine now growing on the island which is known to be 200 years old.

Mr. Lane also brought up a walking cane from Sir Walter Raleigh's fort but he says they are very scarce now—relics are about exhausted the supply.

Insurgent Success in Brazil.
The insurgents have an advantage in Brazil. A strong force landed on Bonfins Island on the morning of the 24th inst., under cover of fire from the batteries and captured the barracks held by the government troops. They secured a quantity of ammunition and some provisions.

The Government is mounting heavy cannon on the Rio Janeiro, and this is expected to cause the insurgents to again abandon the city.

Rioters Quieting Down.
The rioting hostilities in Pennsylvania appear to be subsiding, though peaceable native American miners live in fear of the threatening maneuvers of the lawless, ignorant horde of foreigners.

A mine at Mansfield, a place newly reached by the trouble, shut down under influence of the threats and there were demonstrations elsewhere.

The American Eagle Stuffed.
Monday was an exciting day at Rio Janeiro. The cause was that the American Naval fleet made ready to take a hand in the "unpleasantness."

Reckless gunning Saturday by the insurgents endangered American banks, and an unenviable reply came when the officers were informed of it. Monday Admiral Beahan had the action and escorted an American ship to the docks.

The action caused great excitement both on sea and land, among both the civilians and the combatants.

Dates of Noted Weather Events.
Lincolnton has some old citizens and some who have been very careful in recording facts. We have been handed some dates which have been very carefully preserved, and we feel that we are safe in giving them as facts.

The cold Friday, so often spoken of was in 1895 and not in 1883, as the Charlotte Observer has it. It was in the month of February.

The largest freshet within the memory of the living was 1814.

The meteors fell in 1833.

The servile insurrection in Southampton, Va., was in 1832.

The dry season was in 1845.

The deep snow was in the winter of 1850 and 1857, when most all the deer were killed.

Who can tell anything about the deep snow that fell about 100 years ago? The average depth was five feet.—Lincolnton Courier.

Now's the day and now's the hour.
BURNS.

There is only about ten days left before we move. Now's the time to buy what you need in Clothing, Hats and Shoes at low prices. We have about 30 children's suits if there are any in the lot that will suit you. We'll make the prices right. Do you need a trunk or a valise? They are going at cost. A few more rugs left. Call early before they are all gone. Don't forget to bring your money.

J. M. ROWARD.

Some Hogs.
In our last issue we told of a hog 23 months old killed by the editor of the Wakeboro-Messenger Intelligence which weighed 706 pounds dressed.

A Trovick correspondent of the Wilmington News says that of one 29 months old killed by Mr. Moses Weaver, of Harriet county on the 26th inst. that weighed 760 pounds dressed.

The same correspondent tells of one killed by Mr. Albert Ingory of that county, that tipped the beam at 120 pounds.

Another correspondent of the Messenger, writing from Reidsville, says that Mr. Henry Flowers, of that town killed one on the 26th inst. which was 9 feet 1 1/2 inches long, and weighed 770 pounds. This is a little the largest of any and big enough for any hog.

The aggregate weight of these four hogs is 2765 enough to make almost fourteen barrels of pork.

Search where you please and we think these hogs would be hard to beat or even equal.

Old Time N. C. Currency.
We have been shown a specimen of North Carolina currency lacking but little of being 140 years old—the date is 1754. The face reads as follows:

"NO. CAROLINA CURRENCY
TWENTY SHILLINGS & ONE
POUND."

This bill of TWENTY SHILLINGS shall be a tender in all payments whatever, agreeable to an act of assembly passed at Newbern the 29th day of November, A. D. seventeen hundred and eighty-five. No. 7148.

I. Hunt, Auditor.

CHANCEKEEPERS BEWARE.

The back of the note in the center reads as follows:

ONE POUND.

This bill of Twenty Shillings shall be a tender in all payments whatever agreeable to.

ACT OF ASSEMBLY
Passed at Newbern, the 29th of December, 1755.

Two and a half Dollars.

Across the note on the ends is the old warning "Taxpayer's Inherit" the words "The Revenue" "The Inheritance" "Printed by Thomas Davis."

The bill is believed to be probably 12 1/2 years, which at one time was a sound of the State eight shillings to the dollar. N. Y. and Maryland had similar currencies. The dollar in Maryland was called a bay.

The paper of which it is printed appears good but it must be of fine quality for it is in a good state of preservation. It belongs to Mr. Jos. P. Shields of Hatteras county, and will be among the curios at the Fair.

Healthy It Be Sentiment.
Other evidences of a growing healthy sentiment are shown in the indictment of Governor of Greenville, N. C., in the Federal Court at Fayette, N. C., called for the purpose of creating sentiment and taking action against gambling in that city.

There are good ground. If in some places there are night crimes seen on the streets, there is evidently a bolder and stronger sentiment against them, and our law makers and expositors of law deal with them more vigorously, and what is better than all public sentiment is roused against them, and the public is taking hold of them as never before. The pulp, too, gives no equivocal utterances, and is taking the lead in reform.—Daily Christian Advocate.

The South and North Carolina.
The first nugget of gold found in the United States was in North Carolina in 1799. The South produced in gold, that went to the mints more than \$12,750,000 for 1893. North Carolina since 1799 has by estimate produced \$21,580,000 of gold.

The product of mica in North Carolina in 1884 amounted to \$180,000. There is copper in the southwestern portion of the State. North Carolina is a coal producing State. Last year it produced 69,000 tons. In 1889-1892, 37,488 tons were produced. Last year 109 miles of road were constructed. There are four wood pulp mills.

North Carolina's State debt is now \$7,538,557, or \$4.76 per capita. In 1880 the debt of the South aggregated \$116,917,953, against \$96,610,330 in 1890. There are 554 National banks with a reported capital of \$80,925,830, and 507 State banks with \$50,292,550, while its entire banking capital in National, State, savings and private banks is over \$182,925,750. During the past year twenty-four new National banks were organized in the Southern States, with a capital stock of \$3,750,000. In the recent great financial storm the South stood it better than the East or West.—Wilmington Messenger.

Rubbers! Rubbers!!
ONE THOUSAND PAIR children's rubber shoes, 6 to 11s, for 10 cents per pair at BIG IKES. It may save your child a case of the Grippe to buy a pair of them.

BUSINESS ANNOUNCEMENT.
Having purchased the entire stock of Choice Family Groceries of Mr. C. E. Slover I announce to the trading public that I will continue the business at the same old stand and will try to serve them as well and as faithfully as they have been served heretofore—which means perfect satisfaction in every particular. I will endeavor to keep the same quality of goods that have always given such general satisfaction to all who have heretofore traded with Mr. Slover.

Very Respectfully,
W. D. BARRINGTON.

Strong Press Notices of the Fair.
The hold the East Carolina Fair has upon the good opinions and wishes of the public is pretty well indicated by the many strong endorsements of reviews from the Press. We copy a few of them this morning.

"The New Berne Fair is a success, and have attracted wide attention. All who have attended in the past will be well satisfied with this trip."—Carroll's.

"Thanks are extended to the managers of the Eastern Carolina Fish, Oyster, Game and Industrial Association, New Berne, N. C. for an invitation to be present at their Fair, on February 19th to 24th. To a Piedmont the exhibits would prove especially interesting, owing to the difference in soil, product and industries, to those of our big old country. The fish exhibit alone would be worth the trip."—Winston Republican.

"The annual fair of the East Carolina Fish, Oyster, Game and Industrial Association will be held at New Berne, February 19th to 24th, 1894. North Carolina is usually well represented in this intensely interesting exhibition. There is no fair of the year anywhere more entertaining and instructive than this of the Fish, Oysters and Game of Eastern North Carolina."—North's Enquirer.

"The great and white star—the latest exposition ever held in North Carolina, opens in New Berne on the 19th of February. Special trains and reduced rates will be in vogue over the A. & N. C. R. R. from this city, and thousands of visitors from all sections will be at hand."—Goldsmith's Argus.
