School Art Exhibit.

Peace Institute, Raleigh, the Presbyterian Female College of the State intends to make a large and fine exhibit in the Art Department of the Fair.

We are glad of it and hope that Prof. Joseph Kinsey will be on hand also with such a superb art collection from his school as he has made in the past and that still other schools will also be well represented.

The State's Exhibit.

The car containing the State Exhibit of articles shown at the World's Fair is on the way. It is now at Goldsboro. Mr. H. Brimley and the exhibit in charge arrived.

Mr. Brimley was an appreciated visitor to our last Fair and Mr. Green was with him when the coming exhibit was at the World's Fair and did the decorating for that great occasion.

We are glad to have both those gentlemen with us and we value highly the recognition the State is thus making of the great East Carolina Mid-winter Exposition.

Culinary Exhibits.

Owing to the need of time for preparation, articles in the line of cake and bread may be entered for premiums in the culinary department of the Fair as late as Tuesday at 1 P. M.; all other exhibits in the department intended to compete must be in by Monday.

It is again requested of New Berne house keepers that each and all contribute of their stores to this department. From its very nature it must depend more largely on the city than any other to maintain its high order of excellence, and the committee in charge wishes to keep it well in the front in variety and attractiveness. The way for this to be done is for back housekeepers to send a selection from the best of their stores or the best she can prepare in any or all of the various lines of the department.

Extortionate Insurance.

The Southeastern Tariff association has raised quite a storm among property-owners in Raleigh by its action in raising fire insurance rates.

Raleigh has one of the best fire departments in the country, and has been an exception to the local board making the rates. Now the representative of the Southeastern Tariff Association has raised the rate 50 per cent, on business risks. The local board no longer has control. The insurance men themselves regard the new rates as excessive. The matter has been laid before the Chamber of Commerce.

The rates are from 50 to 100 per cent higher than previously and are considered not only excessive but out of reason.

The effect will no doubt force the establishment of home companies.

The Burning of Harnett Court House.

Judge W. A. Hoke arrived in the city from Lillington where he has been holding Harnett Court, but the term of court was brought suddenly to a close by the destruction of the court house by fire about 8 o'clock in the morning.

The origin of the fire is supposed to have been entirely accidental and it was so far under way when discovered that it was impossible to save the building.

All the records and other contents of any value were saved, except some Supreme Court records.

The Harnett Court house was burned about two years ago, and since then court has been held in a large frame building, which was rented for the purpose, and which belongs to Col. John D. Williams, of Fayetteville. This was the building destroyed.—News Observer Chronicle.

Raleigh is very much exercised over the recent exorbitant advance on insurance rates in that city. At a meeting of a committee from the Chamber of Commerce E. B. Englehard, chief of the fire Department, furnished the committee with figures showing that during the past six years, while the companies have received \$180,000 in premiums there, they have had to pay for losses only \$38,719. It seems that Raleigh is one of the most profitable places for the companies.

Death of an Octogenarian.

Mr. Cyrus W. Alexander, of No. 5 township, died last Saturday morning after a lingering illness, in the 83rd year of his age. Mr. Alexander leaves seven children, forty six grand children, two sisters and one brother.—Concord Times.

During Fair Week.

The Banks of this city will close at one o'clock p. m. except on Tuesday the 20th and Thursday the 23rd when they will be closed all day.

N. C. SOYS OF THE REVOLUTION.

Object of the Society—Qualification for Membership—Officers.

We have before us a four page circular the object of which is to disseminate information in reference to the organization known as the North Carolina Society of the Sons of the Revolution. Its headquarters are at Raleigh. It was temporarily organized October 24, 1893; permanently organized November 21, 1893; and legally incorporated January 8, 1894.

The object of the Society are social, literary and patriotic. It is formed for the purpose of perpetuating the memory of those men, who, in the military, naval and civil service of the American Colonies during the War of the Revolution, by their acts or counsel, achieved the independence of our country; to stimulate a love for historical study; to collect and secure for preservation the manuscripts, records and other documents relating to that period—particularly those pertaining to North Carolina; to inspire the members of the Society with the patriotic spirit of their forefathers, and to promote a feeling of fellowship among them.

Any male person above the age of twenty-one years, of good character, and a descendant of one who, as a military, naval or marine officer, soldier, sailor or marine, in actual service, under the authority of any of the thirteen Colonies or States, or of the Continental Congress, and remaining always loyal to such authority; or a descendant of one who signed the Declaration of Independence, or of one who, as a member of the Continental Congress, or of the Congress of any of the Colonies or States, or as an officer appointed by or under the authority of any such legislative bodies, actually assisted in the establishment of American Independence by services rendered during the War of the Revolution, becoming thereby liable to conviction of treason against the Government of Great Britain, but remaining always loyal to the authority of the Colonies or States, shall be eligible to membership in the Society, provided always that the Society reserves to itself the privilege of rejecting any application that may not be acceptable to it.

The Society requires of applicants for membership that the service of ancestors must be proven by documentary or historical evidence. No tradition however direct or accurate is taken as proof.

The officers of the Society are: Gen. Elias Carr President; Hon. Kemp P. Battle, L. L. D. Vice President; Marshall DeLaney, Hon. Secy.; Prof. D. H. Hill, Registrar; Dr. H. B. Butte, Treasurer; Rev. Robert Brent, D. D., Chaplain.

A Credit to North Carolina.

We are glad indeed to note the success that has attended the State Normal School at Greensboro for young ladies. Although of recent organization and a new departure for the State, it has proven a valuable step.

Teaching the practical duties of life, and especially to girls and young ladies, has been too much neglected.

The school has enrolled 383 students this year, besides its practice and observation school. About 250 students board in the dormitories and the others board in private families. Had there been sufficient dormitory accommodations the institution could have enrolled over 500 students. This is the second year of the school. Its enrollment last year was 233.

Most of the counties in the State are represented. After Guilford, Mecklenburg leads in the number of students. It sends fifteen. Wake has the next largest representation, and then come Robeson, Orange, Buncombe, Wayne, Gates, Iredell, Richmond, Anson, Durham, Edgecombe, Lenoir, Rockingham, Warren, Wilson, Cumberland and New Hanover, each of which sends from seven to ten.

The average age of the students is between 10 and 20 years, and about twenty-five are graduates of other institutions. Applications for admission have been received from six states besides North Carolina.

Atlantics, Notice.

Every member and every other person having a uniform belonging to the Atlantic Steam Fire Engine Company, is requested to send it at once to Nunn & McSorley's store, or J. B. Holland & Co's., J. L. HARTSFIELD, Com. on Uniforms.

Spiritualism.

Friday night Feb'y 16 at the opera House, 8 o'clock and other spiritual mediums will give a seance for the purpose of demonstrating spirit power in night.

The following are among the demonstrators given: Slade's open seance as presented by him before the leading scientific societies of England, Austria, Germany and France. Mr. Slade was by them subjected to the most critical test conditions.

There is not one member among them but acknowledges that in the presence of Mr. Slade there is a wonderful power and intelligence outside the physical body that can assume a human form and annihilate distance. But what this power is there is a diversity of opinion.

A table rises and floats in mid-air; flowers are brought and passed through the audience by visible hands; spirit plate writing; questions written and retained by the interrogators will receive full and intelligent answers. A small admission will be charged.

Where are you going to have your good things? In this world or in the next?

Mr. P. arson at Davidson

The town of Davidson was Sunday thronged with perhaps the largest crowd of people that was ever there at one time. The people had come there from all the surrounding country to hear the preaching by Rev. R. G. Prason, the well known evangelist of the Presbyterian church. The streets were thronged with people, the lots were packed and jammed with horses and vehicles, which was all so the eyes outside of the town limits.

At 11 o'clock, a. m., Mr. Prason preached an able and effective sermon on "Consecration."

This sermon was preached in the Presbyterian church to a very large congregation. Every available foot of room was taken, yet in the midst of the discourse not a rattle of disturbance marred the occasion the interest in the sermon being so intense.

At 2 o'clock in the evening, Rev. Mr. Prason preached in the college chapel, the church being inadequate to accommodate the great crowds in attendance. His text for this service was from Acts 16 31.—"Believe on the Lord Jesus Christ and thou shalt be saved."

Mr. Prason gave a Bible reading in the Chapel at noon. His subject for the hour was—"Forgiveness of sinners."

The students of Davidson college are taking great interest in the meetings there being a large number of them who remained for the inquiry meeting after Sunday night's services. The meetings will continue through this week and probably close on next Sunday. Charlotte News.
