Messrs. E. Poesolt Bros., who moved here from Salem have opened their merchant tailoring establishment in the Henry building on Middle Street. The characteristic feature of their business is they carry a large stock of materials instead of having their customers to select suits by samples. They impress us as clever gentlemen and we look for them to do a good business in their new home. Such good new citizens will ever find a ready welcome.

Patric Mine Sold.

Mr. Matt White of Hartford has sold the little bay filly, Patric Mine, which was the first trotting pair for a purse of \$750 at the East Carolina Fair for \$1,100 more than she cost him a year ago. Having her at the Fair paid Mr. White well.

Patric Mine squatted herself so well at the Fair that Mr. White estimated her value at a thousand dollars higher when he left than he did when he started for the Fair, and got it, too.

Turns Table arrived.

The turn table for the W. N. & N. R. R. was brought to the city yesterday from Pollockville where it has been ever since about Christmas. It was being unloaded yesterday and will be put in position as quickly as possible.

The turned foundation for the table had already been provided for, piling was not done to give assurance of stability, which was built over and then a splendid square block of 36. Any granite placed upon that to hold the ground firm.

A week or two more will see the turntable in operation.

Passed the President

The steamer Albemarle passed the Light-house tender violet Wednesday at Long Point with the Presidential party aboard prepared for a fishing frolic. Cleveland had on a corduroy suit and a hunting cap. The Albemarle saluted as she drew near and the President and Secretary Graham both gracefully acknowledged the salute by a tip of their hats and a bow.

A hunter who was passenger on the Albemarle fired a salute of two shots from his gun and five from his pistol as an additional salute. This also was acknowledged by the President and his party.

Will Leave for Greenville this Week.

Messrs. Hines Bros., who have been running the Scheekly mill under a lease end their connection with it tomorrow. Mr. Lovitt Hines and family intend to leave Wednesday for Greenville where he and Mr. S. C. Hamilton have purchased as partners a good established mill, dry-kilns and planing mill of 15,000 feet capacity per day.

Mr. Hamilton also goes up to Greenville early this week, but his family will remain in New Berne awhile longer.

The Pine Lumber Company, who are now building a saw mill along side, will operate the planing mills and dry-kilns hereafter.

After the Synagogue is erected Mr. Simmons, when at home, will have the Presbyterian church at his back, the Catholic church in his front, and the Jewish Synagogue at his right.

Now if some denomination will build a church on the other side of his residence. Mr. Simmons will have religion all around him.

A New Benevolent Organization

A society for Benevolent purposes based upon the same principles as the Knights of Harmony was organized Friday afternoon at the residence of Mrs. Martha Boyd with about thirty members. The name selected for the organization is Faith Hope and Charity. Mr. E. E. Quiddle was chosen President, Mrs. Annie L. Quiddle Secretary, and Mr. Jas. Roberts, Treasurer.

As in the Knights of Harmony, sick members are to receive attention, deceased members be buried at the expense of the order and their heirs be paid a sum equal to \$1.00 from each surviving member. A point of difference between the Knights of Harmony and this organization, is that the former limits the age of those whom it will receive as new members to 53 years old, while the latter will take members at any age. This was the desired feature which led to the organization of the latter. The ages of those now members range from twelve to about sixty five years.

Another meeting will be held next Friday afternoon at the same place, at which time it is meant to get into good working condition and make arrangements for securing a permanent meeting place.

Progress of the Water Works Construction

The work of putting in the water works pipe was finished yesterday from the starting point at the south east corner of Queen and East Front on down the latter street to King.

The ground was opened for more pipes as far as the foot of Short street—opposite the Revenue Cutter wharf. Water was encountered in the bottom of the ditch and the work was not pursued further down that street at the time but a start was made up Union street.

Two of the fire hydrants have been placed in position—one at the starting point by the W. N. & N. railroad and the other a square farther on, at the corner of East Front and King.

Each hydrant has two nozzles that admit of throwing a 1 1/2 inch stream, a size that is most effective in putting out a fire. It is shown by experience that a stream of about an inch is largely consumed into steam as it strikes a force fire, and it is hard to make an impression with it, but a one and a half inch stream washes the fire right before it.

The regular lower pressure will be sufficient to throw these streams 75 feet high; with this pump pressure they can be thrown 125 feet. The water works will afford good protection besides the convenience they will be.

A Brave Officer of the Confederacy

Col. Samuel Neal Snow, a native of Lincoln county and for about 25 years a citizen of White Bear Hill, Indian Territory, died Sunday, the 19th February, after a protracted illness. He was 72 years of age. He represented Lincoln county in the Legislature from 1845 to 1850, and from 1850 to 1852. Cassara county (now in 1854) voted with Lincoln until 1853.

He was in Texas in 1860 and returned to North Carolina in 1861 to sell in the Southern army among the first. His war history was in the real over-sea—Christiana campaign.

The Next Meeting of the Teachers Assembly.

The programme for the eleventh annual session of the N. C. Teachers Assembly to be held at Morehead City next June is nearly completed. The North Carolina Teacher says it will show such a feast of good things as has rarely been provided at any similar meeting in this country.

The Teacher makes the following reference to the attendance of the western members.

There will be a large delegation of teachers and their families from the extreme western part of our State at the Assembly this summer. We welcome most cordially all friends from "beyond the Blue Ridge" to the many delights of our charming sea side home and to all the pleasures of the Assembly. Pack your trunk for a two weeks revel upon the Atlantic ocean and you will be delighted and greatly benefited by your visit.

The necessity, the demand, and the desire of the people of North Carolina for a State Reform School is steadily growing stronger. As the natural impulse of this existing popular will the whole question of a Reform School will be fully discussed by North Carolina's greatest organization of progressive thinkers, the Teachers' Assembly, at Morehead City this summer. This matter has before been considered by the Assembly, but not with such universal popular demand behind it as is now the case. A special committee will be appointed to present the subject to the next Legislature and arrange for the early establishment of this greatly needed Reform School.

Mr. Richardson is a native of North Carolina—he was born near Elizabeth City. He is a cousin of Mrs. W. H. Bray and is now visiting there. He went out to Mr. Brays farm in the afternoon. This is Mr. Richardson's first visit to North Carolina in fifteen years.

DEATH OF GEN. EARLY.

Senator Daniel Watched by the Bedside of His Old Commander.

Lynchburg, Va., March 2.—United States Senator John W. Daniel walked into the News office at 11 o'clock tonight, and in a sad voice announced that his old commander, Gen. Jubal A. Early at whose bedside he has been a constant watcher for some days, had gone to his eternal reward.

Gen. Early died at 10:35. He passed away quietly in the presence of his family and physicians, his kindred and several intimate friends. The old general seemed aware of his approaching end early in the day.

It is thought Gen. Early has left a good estate, though he was a man of unassuming generosity, especially toward his numerous relatives and needy ex-Confederates.

"Fine clothes is never out of fashion." IDAMIE PROVERB.

When you buy an article of clothing, get the best you can afford, it pays in the end and costs but a fraction more in the beginning. It costs as much in labor to make an eight dollar suit as it does a 12 dollar one. The difference, four dollars is in the cloth. When you get ready to buy call on us for what you need. We try to treat you fairly. New lot of Diamond Shirts just in, all sizes.
