New Berne B. & L. Ass'n.—Special Meeting.

New Berne B. & L. Ass'n.—Application for Amendments.

The "Peake's Sisters" of Alaska will appear in New Bern on the 30th of March, report says.

Mr. L. W. Wallina intends to sell out his entire stock of pictures, novelties &c., at auction next Saturday and Monday, for the purpose of making a change in his business.

Rev. J. W. Lee of Greensboro, "the Irish evangelist," who about two years ago did considerable successful work in this vicinity is now assisting **Rev. D. L. Moody** in his Washington meetings.

The operation of getting stumps from the bottom of the river can now be seen at the E. C. D. wharf. The Government Dredge is now at work there and will be for several days. Some quite large stumps are being gotten up.

On Sunday **Dr. Talmage** withdrew his resignation as pastor of Brooklyn Tabernacle. Satisfactory arrangements have been made with **Russell Sage** who has a claim of \$125,000 principal and \$25,000 interest against the property, and the other creditors will not press for payment for some time.

A notice of the premium list of the East Carolina Fair, as awarded, also a notice of the list of winning horses in the races will give some idea of how wide a range of territory the exhibits at the Fair came from. They cover a wide portion of our State and a few of them are from other States.

We see in the Globe that Durham is excited over the mad dog question. A white dog belonging to a black woman ran mad, went on a rampage and bit four people before he was killed. The mad dog also bit four other dogs, these were promptly killed. Still another dog man inflicted hydrophobic symptoms and was promptly killed. Mad stones were applied.

In Distress.

The schooner **James Hargrove**, bound from New Berne to New York with lumber, struck a log in the sound and lost her rudder, and received other damages, which necessitated her putting in to Norfolk for repairs.

Advanced Politics.

Solicitor **George H. White**, col., is to make Tarboro his home—he goes for the purpose of becoming a resident of what is known as the black district, as he proposes to enter the field for Congress against Congressman Woodard.

The Choral Society.

There was another good attendance at the Choral Society last evening. After having finished with the instruction, **Miss Stella Roberts** sang a beautiful solo, "O Promise Me."

Also **Miss Rosa Schwern** of New York, being present, gave to the gratification of those present, a classical rendition—*Sonata Pathetique*—from the celebrated composer, **Beethoven**.

Miss Schwern is an accomplished musician, and upon invitation very kindly played one other piece.

EPISCOPAL CONVOCATION.

The Convocation of Wilmington and its Approaching Meeting in New Berne.

Three weeks from today the convocation of Wilmington will meet in Christ church, New Berne. The date is Thursday March 29th.

The first service will be held that night the opening sermon will be preached by **Rev. Dr. Guabee** of Cambridge, Mass., who is now temporarily located in Fayetteville.

The convocation will end the Sunday after it begins.

It Ought to be Built.

We notice cross ties which were placed on the streets for the railway are being hauled down to the electric light station. We suppose the project, as far as the company which secured the franchise is concerned, has gone up. It seems the city fathers think so too, as they have ordered the collection of the bond which the company filed for their completion.

We hope, however, that the line may be established by some company. Running the line out to the truck farms and hauling the loaded cars to connecting railroads for shipments as planned, will give a good little stream of income which street cars in most cities could not have, and which added to the regular business ought to make such a line a good paying investment.

Coming and Going.

Mr. B. W. Herring, of the Stief Piano Co., returned from Kingston and Goldboro where he has been on a business trip.

Mr. Z. R. Folsom, left for Norfolk on the steamer Neuse on a business trip.

Mrs. L. J. Taylor left on the steamer Neuse for Baltimore.

The steamer Neuse of the E. C. D. line had a pretty good party of milliners aboard yesterday afternoon, as passengers to the northern markets to purchase their spring stocks. They were **Miss Mattie Jones** of Beaufort, **Mrs. S. H. Lane** and **Mrs. B. B. Lane**, of New Berne. The latter was accompanied by **Miss Mamie Trenwith**.

Moved to Greenville.

Greenville received quite an accession yesterday from New Berne. **Mr. Lovitt Hines** and family, **Mr. W. P. Hall** and family and **Mr. W. B. Burgess** and family, all left moving there.

The recent purchase, by **Mr. Hines** and **Mr. S. C. Hamilton** of the saw mill property there was the cause of their removal.

Mr. Hall and **Mr. Burgess** have been with **Mr. Hines** who has been running the Scheckly mill in New Berne, (now leased to other parties) and remain with him in his new field of operations.

The Greenville business has been changed to a joint stock company instead of being a partnership between the two first purchasers as planned at the beginning. It will be known as the **Greenville Lumber Company**.

Their saw mill has a capacity of 20,000 feet per day, the planing mill a capacity of 30,000.

While we regret the departure of these good citizens from New Berne, we are glad to see them working upward in their business affairs.

Besides his interest in the Greenville mill **Mr. Hines** retains his connection as partner in the Dover mill of **Hines Bros.**, which will be operated as heretofore, his brother being the one being directly in charge of it.

A Farmer Who Farms Right.

Mr. Isaac Taylor was up to the city yesterday with 50 bushels of as fine Norton yams as have been in market this year and got the highest market prices for them. **Mr. Taylor** says he brings a few each time he comes to town. He raised a thousand bushels of them and has quite a supply still in reserve. He raises none but the best, yams for own use and home market and yellow yams for the northern markets. He had some of the latter with him for shipment yesterday.

Mr. Taylor is one of the few men who have always made home supplies the first consideration. He has never bought any meat or corn during his entire farming career of 21 years neither has he bought clothing or material for clothing with the exception of dress suits, everything for ordinary wear is made right at home.

Mr. Taylor, besides his farming operation carries on a mill business also. He owns near his home a saw mill, grist mill, and cotton gin and he is also postmaster—the postoffice name is **Bachelor**.

So with it all, it can easily be seen that he is an industrious and busy man, but with all his responsibilities he never seems hurried or worried—the reason is he keeps up with what he is doing—he runs his business and does not let that run him.

Men like **Mr. Taylor** are the backbone of a country. May there number be multiplied.

The American yacht **Natalie** which took on board at Savannah a lot of cannon, arms and ammunition for the revolutionists of Haiti is at Fortune Island watched by two Haitian gun boats.

CHURCH DEDICATION.

St. Thomas (Episcopal) Church to be Dedicated April 1.—A Short Sketch of its Career.

St. Thomas' church, (Episcopal) at Jasper is to be dedicated while the conference of Wilmington is in session in New Berne. The convocation begins Thursday March 29th at 8 o'clock P. M., and the church will be dedicated the following Sabbath, by the Bishop, **Rev. T. M. N. George** and **Rev. Mr. Wooten**.

Although this church is a mission, and the present building just erected, it is an old organization, and they had a church of their own up to the time of the war.

The first St. Thomas' was built in 1835 by the late Doctor **Richard L. Mason**, while rector of Christ church, New Berne. During the late war the church was burned by the Northern army.

Rev. Israel Harding with great zeal and faith, at last started the rebuilding of the church.—The corner stone was laid August 17th 1887, by Bishop **Watson**. **Mr. Harding** planned the edifice himself and with his own hands did much of the work. But at his death Jan'y 31, 1891 all work upon the building was stopped.

But at last, chiefly through the efforts of **Mr. Geo. H. Roberts**, of New Berne, the work on the church was carried forward until it was in shape that would admit of its being used, and finally an appeal was sent out by **Rev. T. M. N. George**, Rector of Christ church New Berne which appeal was heartily approved for by Bishop **Watson**, the needed money raised, the church completed and now its dedication follows.

FIRST SERIES MATURED.

New Berne Building and Loan to Pay Its Members April 10th—A Good Showing

On the night of Tuesday April 10th the first series of stock in the New Berne Building and Loan Association will be paid off. A special meeting of the stockholders has been called for that night mainly for the purpose of paying the matured shares of stock, though some matters relative to proposed changes in its laws will also be presented.

The financial results of the series make a very satisfactory business showing for both investors and borrowers.

The Association was organized Oct. 1, 1887, consequently the stock has matured in 6 1-2 years.

Members who took stock as an investment have, during the time, paid in \$78 per share, for this they now get \$100—\$22 profit on the amount paid in and the payments have amounted simply to small monthly savings which any one could meet, but which, small as they were drew interest for the members from the time they were received until the stock matured.

A borrowing member who secured a loan of \$1,000 the first month the Association was organized would have paid, from that time to the present, in principal and interest \$1,300—(of course others borrowing later would have paid a smaller amount but in the same proportions. He would thus have paid only \$300 for the use of the thousand dollars.

It will be found by dividing the \$300 by 6 1-2 (the number of years) that the interest cost him only \$46 15 a year, whereas had he borrowed it regularly he would have paid \$80 interest per year and in all probability would have still owing the original debt, but by being in the Building & Loan Association everything is paid, and he has a home free from incumbrance.

Such results from a home organization are very gratifying to its friends.

Since the Association started numbers of outside building and loan associations have tried to compete with and have made more alluring promises than the home one has ever thought of doing but if there is one man in the city who has ever received as good returns from any of them as this we have never met or heard of him, and there are some who tried outside ones of which they knew nothing, instead of the home one to their sorrow.

The results to all belonging to the New Berne Association are good enough, and we look for the membership to continue to increase.

A new series has been opened, the stock in which dates from April 1st. There will no doubt be many new ones to join, in addition to the old ones who will stand by the organization which has served them so faithfully in the past.

The Proposed Changes Come up to-night.

Every attendant at the Presbyterian church, whether a member of the church or simply of the congregation, is wanted at the congregational meeting to-night. It will be held directly after the prayer-meeting which will end near 8 o'clock.

Shall the church be re-modelled so those entering will not be compelled to face those that preceded them and shall the interior of the church be equipped with pews and other furnishings more in accord with the present times? These are questions that this meeting may settle. There can scarcely be a question as to the good results that would ensue from the changes.

"Fine clothes is never out of fashion." **DANISH PROVERB.**

When you buy an article of Clothing, get the best you can afford, it pays in the end and costs but a fraction more in the beginning. It costs as much in labor to make an eight dollar suit as it does a 12 dollar one. The difference, four dollars is in the cloth. When you get ready to buy call on us for what you need. We try to treat you fairly. New lot of Diamond Shirts just in, all sizes
