The officers of this Presbyterian church have decided to make the effort to raise the money for the improvements in the church by free-will offerings instead of subscription. Next sabbath is the time for the initiatory movement towards raising the funds.
We see that the people of Colbert county, Alabama have just voted to spend \$300,000 on the improvement of the public roads. We expect a proposition to spend a sum even one-tenth as large on the roads of Craven county would frighten a very large proportion of the tax-payers but it would be found a good investment.
A Belled Buzzard.
We hear occasionally of a belled buzzard making his appearance in neighboring localities. Such is the case now at Stone-wall. The bell sounds like a small call bell.
Something over a year ago, a buzzard which happened to get caught near Vasonboro, had a belt fastened around his neck by those who whose hands he fell and was then turned loose. It may be the same bird.

WILL NOW BE CONFIRMED

Senator Vance Virtually Withdraws His Opposition to Mr. Simmons.
The friends of Hon. F. M. Simmons can now rest satisfied that he is secure in the position of Internal Revenue Collector. A telegram received by THE JOURNAL yesterday states that Senator Vance has virtually withdrawn his opposition to him.
We are glad of this. It was Mr. Simmons that the Democracy of North Carolina chose in the last campaign to "pull the plow" for them as Chairman of the State Executive Committee and he pulled it well. The office he has is small enough a reward for his faithful and successful services.
Coming and Going.
Rev. F. N. Skinner, of Wilmington who attended the Convocation of Wilmington in this city, and the ordination at Washington left for his home yesterday.

Superior Court being over Judge G. H. Brown, Jr. of Washington and Solicitor O. H. Allen, of Kinston, came up from Jacksonville Thursday. They are registered at Hotel Alberts.
Miss Katie Hewlett who has been visiting Miss Magrie Douglas left for her home in Wilmington.
Among the truck commission men who arrived yesterday and who will remain in the city several days are Messrs. N. H. Carter, of P. Mercers & Co., Jno. E. Kinder, Philadelphia, B. T. Touax, of Hill & Touax, Philadelphia, and Mr. R. F. Dalton, of High Point, who is in the sack and door business here in the city.
Mr. D. H. Parquharson, of Norfolk, Va., representing the Standard Oil Co., was registered in the city yesterday. He has left for Washington, N. C.
Mr. R. J. Cherry, of Vanceboro, arrived in the city last night.

THE METHODIST MEETINGS.

Owing to the illness of the pastor, Rev. J. T. Lyon, the meetings in Centenary M. E. Church closed last night.
Rev. G. W. Harley of Hancock Street Methodist Church who conducted the services the previous day and night gave another suitable sermon last night. The afternoon service was conducted by Rev. C. G. Vardell of the Presbyterian church.
The protracted meeting will be resumed in Hancock Street Methodist Church next Sunday night. All are invited to attend.
Mr. Lyon is suffering from a slight bilious attack. It has confined him to his bed the two days but we are glad to say improvement is already manifested.

An Historic Grave

The ancient looking, ivy-covered tomb near Middle street in the Episcopal church yard is a noticeable object, but very few of those who view it know of the memories it awakens in those acquainted with the history of the man whose last resting place it is.
It contains the remains of Rev. Jas. Reed, one of the earliest pastors of Christ church. He took an active part in 1754, in founding the New Berne Academy and in the times of the Revolutionary war, he and his congregation held widely different views.
The church was the Church of England; Mr. Reed's commission was from the other side of the ocean, and he sided with the mother country—his congregation sided with the colonies.
So strong was he in his views that when Congress in 1776 appointed a day of prayer and fasting he refused to hold services, but his congregation, not asking him any odds, opened the doors of the church and conducted services themselves.
On the strength of this, the Committee of safety of the town recommended that the church withhold Mr. Reed's salary and this was done for awhile. He died not very long afterwards—1777 was the date of his death.
But though the people differed from him on the great questions of the day, they never lost their esteem for him. He was a man of unquestioned piety, and of great zeal and activity, and such men as Abner Nash, afterwards Governor of the State) Richard Ogdell, &c., did not let these differences cause them to hold opposition to him.
That Laying Rooster.
We recently gave an item in reference to a chicken phenomenon in Pamlico county. A correspondent sends us the following particulars:
"There is a curiosity near Stone-wall in the shape of a rooster that is regularly laying eggs. He has laid several times, seldom missing a day, he lays two eggs connected by a small ligature, and strange as it all one egg is all yolk, the other all white, the two are about the same size of a pullet's egg.
This strange fowl belongs to a colored man, a tenant of Dr. G. S. Atmore, and he says he is willing to give a sworn certificate corroborating the above.
If the roosters and the hens keep up the laying there is not much danger but what Cox's army can be fed on cheap eggs. When the roosters get to laying eggs they must fall tariff or no tariff."
A Bargain.

CALMING DOWN.

The Situation in South Carolina—The Inquest—Arresting the Citizens—Troops Soon to be Withdrawn.
Darlington, S. C., via Florence, S. C., April 4.—Everything at the seat of war is perfectly quiet. There is a spirit of unrest at the possibility of trouble, as the report over the two dead bodies is about to be held this morning. A detachment of troops has just reported to act under Mayor Dargan's orders. No one excepting those directly interested will be permitted to go near the railroad station where the inquest is to be held.
The constables are expected to arrive here some time during the day, but the time and place of their arrival is not made public for good reasons. It is thought that the constables will be permitted to testify without interference and then go home. The citizens have pledged that the men will not be molested.
There are quite a number of visitors here for the inquest.
FLORENCE, S. C., April 4.—Our people are anxiously awaiting a completion of the testimony in the coroner's inquest. They want to hear the result and are anxious to see the time come when the troops will be called in, as it makes the blood boil in every Florentine's heart to hear the beat of the drum and the step of military on our streets when there is no necessity for it.
Fifteen of the spies passed through here from Columbia going to Darlington tonight to attend the coroner's inquest in the morning and testify. Chief Galliard was in charge of them. Mayor Dargan, of Darlington, and E. K. Dargan, of the same place, were along with them. Mayor Dargan has promised that there shall be no trouble if the spies would return and testify.
The military officers at this place in charge of the troops have received instructions to arrest all the citizens who went to the army and took out the gun belonging to the Florence Rifles.
FIVE CITIZENS ARRESTED.
FLORENCE, S. C., April 4.—The citizens of Florence were greatly startled this morning by the announcement that the men who took the guns from the army here Friday last and participated in the pursuit of the constables would be arrested by the militia. The disposition was at first to resist, but the mild methods adopted by the officers induced the men to acquiesce in the action taken.
Col. Evans said that martial law was in force and that he was ordered to arrest these gentlemen under it. As it was not desired to interfere with their business, he would place them on parole not to leave the city limits and required them to report to Maj. Wardlaw every morning at 10 o'clock.
The tents of the militia have arrived, but there is as yet no disposition to pitch them. Indications are that the force may be withdrawn before the end of the week and possibly sooner.
Columbia, S. C., April 4.—The Governor was called upon today by three of the citizens of Darlington with whom he talked over the situation in that city. No promises were made, but as a result of the conference, the troops now in Darlington will be returned to their homes Friday morning if the condition of affairs there remains as tranquil as it is apparently at present.
There is a clash of authority between the Mayor of Columbia and the Governor. The former will not obey Tillman's orders and says he will treat it as utterly without authority. The city authorities hold that the Governor has no right to take possession of the police except in cases of riot and then only with the consent of the city authorities.

A murder of a negro by a northern white man has indirectly been one of the results of the Darlington riot. The slayer is Dr. Payne of Ohio, who has been stopping in Darlington awhile. The man he killed is Sam Green, a cook at the hotel. Green testified before a trial justice that the night the dispensary was broken open he saw Payne coming out of it with some liquor; for this offense Payne drew his pistol and, without any quarrel, placed it to the negro's breast and fired, killing him instantly. The ball, it is stated, tore his heart out.
The Sir Walter Raleigh Fort purchase has not been lost sight of. We take from the Charlotte News the following in reference to the work for the preservation of this noted historical site: "Gen. Barringer is meeting with good success in raising Charlotte's quota of the fund required to secure the site and the adjoining land of the famous fort. The Old Fort has been photographed; and each contributor to the fund will be given a certain number of copies. This is rapidly popularizing the Virginia Dare sentiment. Norfolk has just taken \$110 of the fund."
Brutality to School Boys
A. the Davis military college, on April 4th, Lieut. Shipp gave Cadet Reider a whipping with a rawhide, inflicting injuries that caused young Reider to be sent to the hospital. The trouble arose through Reider cursing and striking Cadet Martin with a rock. Martin received a painful blow. Lieut. Shipp also gave another cadet a thrashing for criticizing his action in Reider's case. Lieut. Shipp is a United States army officer and controls the discipline of the college.

RIOT AND BLOODSHED.

Brutal Murder of the Manager of the Frick Works.
Sixteen Persons Killed in the Pennsylvania Coke Regions—Preparing for Serious Trouble.
PITTSBURGH, Pa., April 4. A Times Special from Uniontown, Pa., says: Chief Engineer Joseph H. Padlock, of the H. C. Frick Coke Company, brutally murdered by 200 riotous Hungarians at the Davison coke works at Connellsville about 3 o'clock this afternoon.
The murderers were pursued by a sheriff's posse. One of the fleeing Hungarians was shot and instantly killed. Two others were fatally wounded. The other workmen in the region who refused to join in the mob were assaulted and fatally hurt. They were carried away by their associates. Ninety-four of the rioters have already been arrested and are now in jail here, charged with murder.
Padlock, the murdered man, lived at Connellsville. By honest effort he had won a prominent and profitable place with the Frick coke company, and when his life was sacrificed he was endeavoring to escape the fury of the mob by running through the infuriated crowd. Stones and clubs were hurled at him. Twice he was knocked down, but with superhuman effort he regained his feet. Finally he was knocked down by a heavy stone thrown by one of the mob. He fell senseless. Then, while he lay there dead, one of the mob fired a bullet into his head. His body was then carried to a window in the tippie building, and was thrown about forty feet to the burning ovens below. Then the mob disappeared over the hill. Padlock was thirty-five years old. His murder occurred within sight of his home.
TEN MORE STRIKERS KILLED.
The rioters left Bradford and proceeded to Leith. The houses of the foreign elements were besieged to get the men to accompany the strikers on their raid, but all the doors were locked and some nailed tightly. When the Leith men failed to come out the doors were broken in and the men dragged out by the rioters. They were forced to fall into line and march on south with the strikers. At all the plants the workmen were told that they would be beaten within an inch of their lives if they again returned to work.
Late reports from Bradford say that ten Hungarians were killed tonight, or fatally injured, by the deputies and citizens who were pursuing them for the murder of Chief Engineer Padlock. A sensational rumor was received here at 11 o'clock tonight to the effect that the coke plants of Frick and McClure companies are besieged by a mob of 1,500 strikers, and that the rioters are making menacing demonstrations. A telephone message from the company stores partly confirms the rumor.
A bloody riot is expected at Moyer tonight or in the morning. Threats have been made to burn the company store and kill all those found about the work. 1,000 men have already assembled there.
The Western N. C. Lynchers in Court.
Alex Rose was brought from Winston last week to Surry Court and surrendered the names of the persons that composed the Slaughter lynch party to the grand jury of Surry county.
True bills were found against nine. Six are Ashe county men, two are from this county and one from Wilkes. Alex. Rose was forced to turn State's evidence and will be released by giving a \$1,500 bond for his appearance from Court to Court.—Allegheny Star.
