#### Washington Letter.

Friday the Democratic caucus adopted plan by which a quorum could be counted. All the members of one delegation except Messrs, Grady and Crawford voted in favor of the "quorum-counting" plan. By a vote of 80 to 44, the caucus directed the Committee on Rules to report the rule by which a quorum could be counted. This plan cordially ommends stelf to all economical people

commends itself to all economical people who want to see the recent senseless fit-buster stopped. In a few days Speaker Crisp and the other members of the Com-mittee on Rules will meet and determine definitely what abape this new rule shall take. It will require time and much care to formulate it. It is expected to have an immediate effect on the Senate, which it is hoped will adopt something like the Hill cloture resolution. In this event the early passage of the tariff bill may be looked for. The Stäte Department has directed all

and will be in Washington soon. Doxey's army has reached Maryland and will be in Washington soon. The Consular officers of the United States in foreign countries to prepare special re-ports for publication on the great through lines of traffic in their respective districts, the object being to supply American mer-chante, travelers and students with au-thentic information concerning ocean and coastwise lines, 'railways, navigable rivers and coast lines and first-class paved or macadamized higbways. Doxey's army has reached Maryland and will be in Washington soon. Dr. N. C. H. Randolph, a grandson of Thomas Jefferson, is in the city.

Reports of Dalegates to the State Cou-

von ion-A Good Inspiring Meet-

ing.

Reports were heard from Messrs, Jac. M. Howard, C. B. Foy, T. G. Wilkinson, Dr. J. D. Clark, Mr. Paylor and Profound regret at the death was expressothers who were delegates to the ed among the natives of the State yester-State Convention held a week before in day who are in Washington, and it was Wilmington, Rev. C. G. Vardell made conceded that Senator ome remarks appropriate to the occasion which were well received.

The young men who attended the con-section spoke of the good they derived ber of prominent men of the State, that by exchanging experiences with other delegates as to experiences in Association work and thus finding out different plans of work and how each succeeded, day with a petition to the family to that effect. and flading out the amount of work done

in the State. The convention gave each delegate a grander realization of the magnitude and importance of the work n general than they had before.

One of the delegation, Dr. Clark, spoke particularly of the State organization, of he benefits it was to the local organizations. He mentioned that last year having been a bard one financially, and the a peculiar rela-

ionship, an association not being a Guard: church, many of them had closed their doors, and others might have done so but for the aid and encouragement; afforded them through the efforts of the State Secretary. He alluded also to the benefit the

State Secretary's work had been to New Berne association, and urged a support of he State as well as the local work. All the talks were to the point, and alculated to draw the triends of the asciation to greater love for the work in chalf of young men.

A new tobacco factory with a capacity of 500,000 pounds, is to be built at Statesville at once. A new cotton fac-tory is also being crected in Cleveland county.

The industrial situation reported by Bradstreet is complicated and not en-couraging. There is a prospect of wide-pread strike of coal miners and others this month, with a probability of further rikes and lockouts at large cities early in May.

It has always been said that in what is own as the frostless belt, along the les of certain mountains in this State, summer. All the people down this way would be peaches. Not only were the buds inlied, but also the young branches. heretofore the "thermal belt" crop has een unfuiling.
