**BOLTED** Water-mill Meal at **W. D. BARRINGTON'S.**

**A FULL** line of spring and summer samples. It will be your interest to examine my samples before purchasing elsewhere as satisfaction is always guaranteed. My samples are from the largest importing houses. You can get suits at your own prices, as one house alone occupies 15,000 square feet of space. **F. M. CAWICK,** Merchant Tailor, 43 Pollock street, near Postoffice.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**Clark Baking Co.**—Notice.  
**Sam'l. Cohn & Son**—Fine Meat.  
**H. H. Cutler & Co.**—Seasonable helps.  
**Sol Cohen**—The reason is here.  
**The State**—The World, and the State for \$1.25.

"Saturday fair and slightly cooler," is the weather prediction for to-day.

The heavy shower of rain last night about one o'clock was very much needed by the truckers, as dry weather has prevailed for some time.

Expressions of sympathy in her bereavement have been sent to Mrs. Vance from Pamlico county in behalf of the "great common people."

The subject for Mr. Petree's sermon tomorrow morning will be "Our Vance Yet Speaks." The public cordially invited.

The Beautifol Herald says that pieces of wreckage washed ashore near Cape Lookout indicate that a large vessel has gone to wreck on the shoals.

The steamer Thom has come up from Ocracoke with the engineers who have been at work making the preliminary work for the opening of the channel. They went on to Wilmington. Everything is now ready for the work to go forward whenever the order for it is received.

Gov. Carr has invited the Scotch Irish Congress which meets this year in Des Moines, Iowa, to hold its next annual conference in Charlotte. The letter of invitation was first forwarded to Dr. C. W. Graham, of Charlotte, for approval.

Mr. Elijah Taylor was up yesterday with peas from his farm at Adams creek—there were also some from Mr. Robt. Whitehead's of the same place. They picked at the rate of ten boxes to the acre which is the best we have heard of so far—the peas on the vines are scarce.

A love affair was singularly and abruptly terminated Friday. A young man arrived in New Berne from a distance to marry the girl of his choice, and presented himself armed with a license and with a minister on hand, but she told him she was only jesting—didn't mean it—and he badly departed on the steamer Neuse. Poor fellow.

**D. W. Roberts in the Post-Office.**  
Mr. Donald W. Roberts takes a position in the post-office Monday morning as an addition to the force.

The increase of force has been found necessary, the work of the office is constantly growing—it is nearly double now what it was when Mr. Manly was post-master under Cleveland's first administration and the placing of a mail route on the W. N. & N., railroad has added its proportion to the office.

**Johnson's Alleged Offenses**—Dr. Campbell and several nurses and attendants have been indicted for the death of a child. The charges are that they administered to the child a dose of arsenic and other poisonous substances, and that they withheld medical aid.

**Death of Mrs. Josephus Peed**  
It is with deep regret that we announce the death on the 18th inst. of Mrs. Lillie A. Peed, wife of Josephus Peed, Esq. She was a young woman in the first bloom of youth, a member of the Episcopal church at this place. She with her little babe in her arms was on the next day committed to the ground, but will rise again.—Aurora Progressive Age.

The end of the Brazilian war is officially announced.

## WATER WORKS COMPLETED.

### The Official Test Will Speedily Follow.

The water works are now finished; the last pipe was laid yesterday on Elm street. The preliminary firing up will be done Monday and water be turned on Tuesday with extra pressure as the company's test to see that everything is in right shape—the intention being if there is any weakness or defect anywhere in the system to make it manifest itself right then.

After this, if everything proves satisfactory the official test before the Board of City Council will be made. This test is to throw five streams of water one hundred feet high.

This is the official test but the representatives hope the Board will have other tests of their own that it may be demonstrated that everything is in the shape it should be.

Then the works having been found satisfactory and been accepted everything will be ready for service.

The time is at hand when every one can have an abundance of good, pure water wherever he wants it, and when property will receive the added protection which the works afford.

### Coming and Going.

Mr. L. J. Taylor returned from Baltimore. His wife who is now at Johns Hopkins hospital was extremely ill a week ago, but we are glad to learn that she has shown improvement lately.

Miss Augusta Crapon returned from Wilmington where she has been visiting a few days.

Gen'l Chapin left on the steamer Neuse for a northern trip.

Mr. J. A. Jones came in on the steamer Neuse from a trip on which he purchased a number of horses for his livery stable. They will arrive by the E. C. D. line this morning.

Other passengers on the Neuse were Mr. and Mrs. M. K. King and Mr. E. C. Potter.

Miss Emma Kate Jones returned last night from Graham, where she has been attending a wedding. The contracting parties were Miss Blanche Williamson, of that place and Mr. Jas. Harrison Spencer, of Danville.

### Broad Street Sidewalk Improvement.

The improvements which have been in progress for several days on the Southern sidewalk of Broad street just below Hancock will be appreciated both by the merchants in business along there and by the public.

The old time ditch drainage has been supplanted by good under-ground pipe drainage.

A truck curing is being made at the edge of the sidewalk and the sidewalk itself is being raised half a foot or more. This makes it so that trucks which have required a step, can now be entered without that aid.

And an additional improvement of a style which we ever delight to see is the removal by Mr. J. R. Parker, Jr., of the entrance to his cellar from the sidewalk to the side of his store in the yard.

No projection ought to encumber a public highway.

This is being realized, and gradually those in existence are being removed. Press on with the sidewalk and street improvement.

### Quarterly Conferences.

Presiding Elder Swindell arrived from Goldsboro and held Quarterly Conference and preached at Hancock Street Methodist Church last night.

To-night he will be at Brice's creek church to hold Quarterly Conference and will return and preach here again Sunday.

On the fourth Sunday in May he will hold quarterly conference in Centenary church on the morning of that day he will preach at Beech Grove and in Centenary at night.

### Not Captured Yet.

The Aurora Progressive Age tells of the attempted rape of a young white girl near Vandemere by a negro man about thirty-five years old, previously told of by us and closes its accounts thus:

"Since writing the above we learn that the negro who committed the crime has been seen on Durham's and Porter's creek, and that a party from this place was in search of him but did not find him. If captured it is probable that the county will have but little trouble with his case."

### The Cruiser Raleigh Added to the Navy.

The Washington Star announces that the cruiser Raleigh has been added to the navy. The Raleigh, a 3,000 ton cruiser, enjoys the distinction of being the first vessel of the new navy built by the government. She was built at the Norfolk navy yard entirely under the government supervision and in accordance with plans and specifications prepared at the Navy Department. Now that she has been commissioned she will be made ready for active service at once. Her career will be watched with interest as affording a basis of comparison between the work of the government and the work of the private ship builders.

### Death of Mrs. Josephus Peed.

It is with deep regret that we announce the death on the 18th inst. of Mrs. Lillie A. Peed, wife of Josephus Peed, Esq. She was a young woman in the first bloom of youth, a member of the Episcopal church at this place. She with her little babe in her arms was on the next day committed to the ground, but will rise again.—Aurora Progressive Age.

### The end of the Brazilian war is officially announced.

The end of the Brazilian war is officially announced.

## A BOLD BEAR.

### Takes His Stand in the Road and Defies the Passage of Four Men.

Tuesday, the steamer Carolina carried some colored hands from New Berne to the landing nearest to where they are getting out lumber for Mr. A. Doe, it being in Whitford's Pocosin near Vanceboro.

Upon their arrival Caesar, Deaton, col., started up the tram-road five miles into the swamp. On the way they encountered a bear two-thirds grown which took his stand in the middle of the road with the determination it appeared of staying right there in spite of all comers.

As the bear would not yield and take to the swamp the men were bound to pass over the road. The bear was soon in progress.

The bear's pluck was more to be admired than his judgment. The men were armed only with the implements of their work, axes and saws, but four men striking at once with such weapons was too much for any one bear to withstand and lifeless Bruin is now furiously fresh meat to the victorious lumbermen.

### TRUSTEES MEETING.

#### Four Vacancies in the Board Filled—Action Towards Securing a Principal.

At a meeting of the Trustees of the New Berne Academy held yesterday the following named gentlemen were elected members of the Board to fill vacancies caused by death and removal from the city: Thomas Daniel, O. H. Ginn, W. P. Rountree and C. E. Slover.

Prof. J. D. Hodges, the principal of the Collegiate Institute having decided not to remain in New Berne another year the matter of securing his successor was discussed and left in shape for correspondence on the subject.

All who knew Prof. Hodges especially patrons of the school will regret his decision. He is one of the best teachers New Berne has ever had and not one ever gave more general satisfaction.

### Important to Truck Shippers.

**NOBOLK, VA., April 19th, 1894**  
**GEORGE HENDERSON, Esq., Agent,**  
New Berne, N. C.

Dear Sir:—Your letter is received and I note what you say about the representations being made at New Berne, that delivery of truck at Jersey City will result in increased cost to shippers.

In that connection I am glad to inform you that immediately following the visit of the delegation of your truck growers to Jersey City and New York to inspect the facilities of the respective terminal lines, a similar visit was made by the President, Vice-President and Executive Committee of the Truck Farmers Association of Charleston, S. C., for the purpose of satisfying themselves about the delivery of truck by the Penn. Rail Road at Jersey City.

They were shown over the same territory covered by our friends when they were there, and also had an opportunity of conferring with some of the principal commission merchants. When returning home they said they were satisfied that their interests in New York would be best protected by the Penn. Rail Road and they should not only patronize the all rail line but would use their influence to have every member of their association do the same.

All of the party were unanimous in the opinion that Bay Street, Jersey City, is to be the great market for truck at New York.

Many of the commission men have openly declared that there will be no cartage charge from Jersey City and shippers will have no difficulty in having their produce handled more advantageously at Jersey City, than it ever has been at any of the New York piers.

Very truly yours,  
**H. C. HUDGINS, G. F. & P. A.**

The above letter explains itself—and deliveries at Jersey City will be much earlier than heretofore. Our steamers sail from New Berne daily (except Sundays).

Freight received up to 4 p. m. on days of sailing.  
**Geo. HENDERSON,**  
Agent.

### A States Rights Bill.

A bill has been introduced in Congress to amend the act admitting this and other Southern States into the Union, the declared intention being to place the Southern States on the same footing in all particulars as those of the North and West. The bill was introduced by Mr. Patterson of Tennessee at the request of Mr. T. B. Egerton, a lawyer and great States rightsman of Tennessee.

Mr. Egerton thinks that certain conditions imposed by the acts admitting these States reflect on the State and infringe their rights.

The amendment is to repeal each and all provisions of the acts which relate to the elective franchise and the right to hold office and the provision pertaining to the school rights and privileges and to provide that all laws and parts which deny the equality of these States severally with other States of the Union are repealed.

"Poor clothes make unhappy faces." It is a well known fact that a mans emotions and surroundings will in time have an effect on his facial expressions. That is to say if a man for any considerable time wear a raw edge collar he will look unhappy or if his trousers are fringed at the bottom, or if his coat is too tight in the back it will have the same effect. Now if you would avoid these things call on us and get your some new Clothes, new Collars, new Cuffs and Ties.

**J. M. HOWARD.**

## SENATOR JARVIS.

### Will Not be a Candidate Before the Legislature for Senator Vance's Unexpired Term, but Will be Ransom's Opponent—A Sketch of the Senator.

On Friday before Gov. Carr made the appointment of Thos. J. Jarvis as United States Senator, a delegation called on him to appoint Hon. R. T. Bennett; another from Iredell county urged the appointment of Hon. R. F. Arambold.

Letters were received by the Governor from friends of the following gentlemen: A. C. Avery, R. P. Armbold, W. M. Robinson, John S. Henderson, Charles M. Stelman, Lee S. Overman, Julian S. Carr, S. B. Alexander, T. J. Jarvis, A. M. Washell, A. Leazar, J. C. L. Gubger, James H. Merrimon, Thomas M. Holt, E. L. Osborne, W. J. Courts, R. T. Bennett, S. A. Ashe, E. D. Latta and W. E. Abernethy.

A remarkable event of the day was that a delegation of colored men called and urged the appointment of Gov. Jarvis, of whom they spoke in highest terms. A special to the Wilmington Messenger gives their names as follows:

Thomas Donaldson, president of the colored industrial association; Jas. H. Young and W. S. Mitchell, editors of the Gazette; Rev. C. H. Williamson, Rev. B. P. Petersen, Jas. E. Haslin and Morris W. W. W. Governor Carr thanked them for their kindly interest. They were informed of the appointment and at once went to the Yarboro house and congratulated Senator Jarvis who expressed his appreciation of so unusual a compliment.

The correspondent states that the news of Governor Jarvis' appointment flew fast and he received hundreds of congratulations. His appointment gives great satisfaction here. It is said here that he will fill out Senator Vance's term until the Legislature meets and will then be a candidate for Senator Ransom's seat, thus letting some Western man be elected to fill the remainder of Senator Vance's term, two years.

In an interview Senator Jarvis said he stood on the Chicago platform, with all that means constructed at the South. His relations with the administration, so far as he can control them, may be inferred from the fact that he was Minister to Brazil under Mr. Cleveland's former administration.

Thomas J. Jarvis was born in Currituck county, N. C., in January 1836 and is now 58 years of age.

He married December 23rd, 1874, Miss Mary Woodson, of Virginia.

In the Confederate army he was captain of Company B of the Eight North Carolina regiment and was a member of the constitutional convention of 1865 from Currituck.

He was elected a Democratic member of the Legislature from Tyrrell county in 1868. He was a member also of the succeeding Legislature and was made Speaker of the House.

He was a member of the constitutional convention in 1875 and in the year following was elected Lieutenant Governor of the State on the ticket with Senator Vance and became Governor in 1875.

At the next election he was chosen governor and altogether occupied the gubernatorial chair for more than six years.

In 1885 Mr. Cleveland appointed him minister to Brazil, where he passed the following four years with honor to himself and credit to the American people. Since his return he has devoted himself to the practice of his profession—the law.

President Geo. T. Winston of the University in a communication to the News-Observer-Chronicle calls attention to the fact that there is a hall in the Capitol at Washington, where Congress has invited each State to place two statues in memory of its greatest men. The pedestals prepared for North Carolina are still vacant, and we believe that the people of the State will agree with President Winston when he says the statue of Senator Vance should grace one of them for he was our greatest leader in the greatest period of history and his life an epitome of what is noblest in our history. He has been our greatest public man because he has been our greatest North Carolinian and his statue should be there to show the world the sort of man North Carolina loves and honors, the genuine typical North Carolinian.

### THE LILY.

A lily said to a threatening cloud  
Which in sternest garb arrayed him:  
"You take my lord the sun away,  
And I know not where you have laid him."

So it tolled its leaves and trembled, sore,  
As the hours of darkness passed it,  
But at morn, like a bird in beauty shone,  
For with pearls the dew had dressed it.

Then it felt ashamed of its treifol thought  
And in the dust would hide it,  
For the night of weeping had jewels brought,  
Which the pride of the day denied it.

—Valdosta (Ga.) Telescope.

Mrs. Preder, widow of Gen. W. D. Preder, writes that she will be in Raleigh May 10th. The life and services of her distinguished husband will be the subject of the address that day, by Walter A. Montgomery, Esq., who has secured a mass of valuable material.

Sensitors Preffer and Allen, populists, want Coxey and his followers to have a hearing. They say, though their ideas may be visionary it is not beneath the dignity of the Senate to hear them in person and orally.

## CULLED ITEMS OF NEWS.

A desperate fight between the Dalton gang and Federal marshals has occurred in the Cherokee strip. It is reported that eight persons were killed.

All is quiet at the mines at Birmingham. Seventy new men have gone to work.

The Presbytery of North Alabama has adopted a resolution overruling the General Assembly to appoint a committee on Presbyterian unity.

Joe Pulley, a white man, of Raleigh has been sent to work on the public road for six months for beating his wife.

Judging from our exchanges Hogg and sugar as a combination is being more talked about in Texas than "hog and hominy," the old-time winter favorite.

Most of the revolts against the rule of political bosses were not mere attempts to enthroned a new boss more of them would succeed.

It is said President Dole is at work on a constitution for Hawaii. He takes a constitutional limer every morning, and a constitutional walk every afternoon.

Ten of the former applicants for license as pharmacists passed examination, three being negroes. The percentage given license is unusually large.

Mr. Swanson, Democrat, of Virginia, has introduced a bill to repeal the 10 per cent. State bank tax.

Gov. Waite's difficulties in Colorado have been settled by the Supreme Court in his favor and the officials who dispossessed his authority have a heavy bill of costs to pay, besides perhaps being in danger of other penalties for defying the Governor or with arms in their hands.

A young boy in Mecklenburg county is reported as dying from the effects of a grain of coffee sucked into his windpipe six years ago. The grain has finally lodged in his lung, causing pneumonia and abscess of the lung.

The Charlotte Observer has advised that the man Woody, charged with being the leader in the Allegheny lynching, for whom a reward of \$300 was offered by the Governor, has been captured. Repositions have been sent to the Governor of Virginia for all in that State, who are said to have taken part in the lynching.

The foundation for the Confederate monument at Raleigh has been laid off. The base will be 24 feet square. Mr. W. J. Hicks' is the superintendent of construction. A Raleigh man has been given the contract, for putting down the foundation, which is two and a half feet thick. All will be in readiness in three weeks.
