## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
Howari.

**Rev. F. D. Swindell, P. E.** will preach at Canterbury M. E. Church to-night.

**The Jewish Festival** of the Passover commenced Friday evening at 5:30 o'clock and will continue for seven days.

**A big light** over in James City last night, but as there was no bell ringing or commotion of any kind observed it is not thought that the fire was of any consequence.

**The Singer Sewing Machine** office and residence of the agent Mr. W. T. Lane presents quite a neat appearance under the repainting it has just received at the hands of Mr. C. C. King—a deep buff color with light trimmings. The office has also been well papered by Mr. King.

**Rev. O. D. Lewis** from Harlowe came up en route to Antioch church Swift creek to hold services. Mr. Lewis has had a long and severe spell of sickness lasting from the first of January to the present month. His friends are glad to see him able to be getting around again.

**A protracted meeting** is in progress in the Free-Will Baptist church on Fleet street. It commenced last Wednesday, Elder Wilson Lupton, the pastor, has conducted it so far. He expects assistance next week. There will be services at 11 a. m. and 7:30 p. m. to-try.

**To Leave Us**  
Mr. and Mrs. Mohler, and their accomplished daughter, Miss Marie, of St. Paul, Minnesota, who have been spending the winter here, will, much to the regret of our people, and particularly the society portion, leave on the steamer Neuse to-morrow evening.

**That Miss Marie**, a prominent belle in her western home is not less appreciated by the elite in the "Athens of North Carolina," was evidenced by a complimentary select dance given her in the yacht club building on Friday night. Mr. Mohler is vice-president of the great Northern railway and is a prominent in business and social circles as are his wife and daughter in their sphere. That they will all be missed here is evident, but the absence of Miss Marie will doubtless occasion the severer heartaches.

**Good Exhibitions To-morrow Night.**  
The stereoscopic exhibition which a little over a week ago was shown at the Collegiate Institute will be repeated to-morrow night in the Y. M. C. A. Hall for the benefit of the Oxford Orphan Asylum.

**Mr. W. L. Ward** who has charge of the exhibition has just shown at Beaufort and Morehead and the Beaufort Herald speaks in very high terms of the exhibition.

**When Mr. Ward** showed at the Collegiate Institute, the larger part of the audience was composed, as was expected, of children, but among those present were some of our most intelligent citizens, and they, without exception, speak in very complimentary terms of it. We can with confidence recommend the exhibition, and as it is for a charitable object to aid an institution dear to all the people of the State, there ought to be a full house.

**The whole of** Piquette Progress is shown—going this part makes an impression equal to a receding of the book. There are also in a crowd shown and many views from all over the world, besides a number of beautiful stereoscopic views.

**The general admission** is twenty-five cents, children fifteen cents.

## Church Services

**Presbyterian Church**—Service at 11 a. m. conducted by Mr. T. A. Henry in the absence of the pastor. All are cordially invited to attend. Sunday School at 3:30 p. m.

**Christ Church**—Rev. T. M. N. George, rector. 4th Sunday after Easter. Holy Communion 7:45 a. m. Service and sermon 11 a. m. and 8 p. m. Sunday School and Young Men's Bible Class 4 p. m. Sunday School at the Chapel 9:30 a. m. The public are cordially invited. Attentive ushers.

**Centenary Methodist Church**—Services conducted by the pastor, Rev. J. T. Lyon at 11 a. m., and at 7:30 p. m. by Presiding Elder Swindell. Prayer meeting at 9:30 a. m. Sunday School at 3 p. m. J. M. Howard, Su. st.

**Church of Christ**—D. H. Petree, pastor. Service at 11 a. m. and 8 p. m. Subject for morning: "Our Vantage yet speaks." Sunday School at 3 p. m. All cordially invited to attend.

**St. Paul's Catholic church**—Mass at 11 a. m. Vespers and Benediction at 7:30 p. m. Rev. P. F. Quinn.

**Baptist Church**—Rev. Rufus Ford pastor. Services at 11 a. m. and 8 p. m. Baptism immediately after the morning service. Sunday school at 3 p. m.

**Y. M. C. A.**—4:45 p. m. Gospel meeting for men; Mr. J. C. Whitty will speak.

**Free-Will Baptist church**—Elder Wilson Lupton, pastor, services at 11 a. m., and 7:30 p. m. A warm invitation extended to all.

## Coming and Going

**Miss Mable Pearce**, agent at Scott's Hill, of the W. N. & N. Railroad, came up yesterday and is visiting at Mr. R. B. Nixon's.

**Mr. Wm. H. Oliver**, left for Wilmington to visit his daughter, Mrs. M. S. Willard.

**Mr. Geo. Allen** arrived last night to spend a few days in the city.

**Mr. F. J. Hege**, of Salem, who made a notable exhibit of poultry and pet animals at the recent Fair, arrived on a business trip. He is stopping at Mr. W. H. Bray's.

**Mr. J. M. Hines**, canvassing agent for THE JOURNAL, returned from a trip in Lenoir, Wayne and Pitt counties.

**Peako's Sisters**  
The Wilmington Messenger and Star speak in complimentary terms of the fair sisters of Alaska who appeared in that city on Wednesday night. Their performance was good.

**They deserve** and no doubt will be greeted by a large audience next Friday night. Seventeen sisters must be a beautiful sight.

## CULLED ITEMS OF NEWS.

**The failures** for the past week were 219 against 186 for the week before.

**The Third party** people of Kinston called a meeting on city elections Friday night, and failed to get enough to hold a meeting or to even ring the bell.

**Though every man** in America was as bad as Breckinridge, still that would not excuse him. He alone is responsible for his own acts, no matter what the example set him.

**The appointment** of Senator Jarvis has been received with widespread approbation in the east, and also in the central parts of the State. In the western portion there is some dissatisfaction but even there the vast majority of the expressions strongly approve the selection of Jarvis.

**In the Senate** executive session Friday an adverse report was made on the nomination of Charles H. J. Taylor, colored to be recorder of deeds for the District of Columbia.

**Mr. W. S. O'B. Robinson**, receiver of the First National bank, of Wilmington says that he will be able to pay the depositors and other creditors a ten per cent dividend in the next thirty days.

**Friday Senator Hawley** made an attack upon Senator Allen for his stand in favor of Coxe's army. He denounced the sentiments expressed by the popular Nebraska in favor of receiving them, and said the speech would have been received with tumultuous applause in a meeting of anarchists. The whole of Senator Hawley's speech attracted attention and the best attendance produced a sensation. A reply by Allen was cut off by the arrival of the hour to take up the tariff bill.

**Yesterday at noon** was the time for the big strike of miners, 123,000 were expected to go out at noon. Their distribution among the States is as follows: Pennsylvania, 50,000; Ohio, 24,000; Iowa, 4,000; West Virginia, 6,000; Tennessee and Kentucky, 5,000; Missouri, 3,000; Alabama, 8,000; Colorado, 4,000; Indian Territory, 3,000. The total is 123. There is a probability that the order for the strikes will be disregarded in Kansas, Colorado and Iowa.

**An Omaha, Neb., mob** of 3,000 workmen stole two engines and trains composed of forty cars, Friday in behalf of the western division of Coxe's army. The commander, Kelly repudiated the transaction—refused to accept the train, as by the rules of peace under which they were moving they could not do an act which would be an express violation of the law. While the excitement was in progress the railroad men had torn up a portion of the track to keep the train from proceeding, and malitia was in readiness. At last everything was quiet.

## NOTICE

**Is hereby** given that certificate No. 75 in series No. 1 of the New Berne Building and Loan Association for 3 shares has been lost and that application will be made for a new certificate to be issued in place thereof.

## THE WATER WORKS.

**THE PLAN OF THE SYSTEM AS CONSTRUCTED—LOCATION OF MAIN**

**And Smaller Lines—Hydrants and Drinking Fountains.**

**General Remarks About the Wells, S and Pipe, Water, Pumps**

Now that the water works are completed, we will present a view of the system, showing along what streets the pipes run, where the fire hydrants and drinking fountains are located, and other points pertaining to the works of interest to the public.

**WHERE THE PIPE IS LAID.**  
We will first give the plan of the pipe as laid. On the streets that run north and south—the pipe is laid as follows:

**On East Front street**—From South Front street to Pollock, and from Broad to Queen.

**On Craven, Graves and Griffith streets**—practically one street—From the steamer docks at the foot of Craven to Attmore street—at the Scheeky mill.

**On Middle street**—From the market dock to Graves street.

**On Hancock street**—From South Front to Broad.

**On Metcalf**—From South Front to Broad.

**On George**—From New to Cypress—north of the Fair ground.

**Elen street**—From South Front to Pollock.

**Berne street**—From Pollock to Broad.

**Spring street**—From South Front to Pollock.

**Norwood**, (by T. F. McCarthy's)—From South Front to Pollock and then on to Broad through an alley, the continuation of Norwood street.

**West street**—From Queen to Cedar.

**Elm street**—From Broad to Kilmarnock.

**On the streets** having an easterly and westerly course the pipe is laid thus:

**On South Front Street**—From East Front to Hancock.

**On Pollock**—From East Front to Queen.

**Broad**—From East Front to Queen.

**New**—From Craven to George.

**Johnson**—From East Front to Metcalf.

**Queen**—From Graves to water works, east of Elen street.

**Elm**—From West to Kilmarnock.

**There have** been 36,000 feet of pipe used in the construction of the system—6,000 feet of twelve-inch, 4,000 of eight-inch, and 30,000 of six-inch.

**Pollock street**, and the position of Queen from Pollock to the pump-house and tower have the twelve-inch; Queen street, with the exception of the portion already spoken of, has the eight-inch; six-inch pipe is used on all the other streets.

**Most water-works** have some four inch pipe used in their construction, ours has not got a length smaller than six-inch.

**THE DRINKING FOUNTAINS.**  
There are five drinking fountains. One is at the junction of Pollock and Queen street and another at corner of Broad and Queen; one is on George street opposite the Fair grounds; another at the corner of Middle and Craven, and the last one is on South Front near Middle, where the street drays most congregate whenever they are not at work.

**ORNAMENTAL FOUNTAIN.**  
An ornamental fountain, a very beautiful one, eleven feet high, is to arrive and be placed in Cedar Grove cemetery this week.

**FIRE HYDRANTS.**  
Taking the corner by the W. N. & N. Railroad depot as a starting point giving East Front street first and the parallel streets in the order in which they come we will give the location of all the fire hydrants, both on corners and intermediate points.

**There are** seventy-five of the fire hydrants. This gives a hydrant at every corner wherever the system runs and at certain places intermediate hydrants. The location of the hydrants are as follows:

**On East Front hydrants** are located at the corners of Queen, King, Union, Change, Short, New, Broad, Pollock and South Front. There is also one hydrant between Pollock and South Front.

**Johnson, New, Broad, Pollock and South Front streets**, also half way between Pollock and South Front and at the market dock.

**On Hancock street**—At the corners of Queen, Johnson, New, Broad, Pollock and South Front and half way between Pollock and South Front.

**On Metcalf**—At the corners of Johnson, New, Broad, Pollock and South Front.

**On Queen street** there are three hydrants located otherwise than on the corners of the main cross streets. One fronts Image alley, another fronts Howard street and the third is at the corner of Johnson.

**On George street**—At the corners of Cypress, Pine, Cedar, Queen, New, Broad and Pollock.

**On Elen street**—At the corner of South Front.

**On Berne street**—At the corners of Queen, Broad and Pollock.

**On corner Spring and South Front Streets.**

**On Fleet street**—At the corners of Broad and Pollock.

**On West street** at the corners of Cedar, Elen and Queen streets.

**Corner of Queen and Broad.**

**Corner of Kilmarnock and Elm.**

**Corner of German and Pollock.**

**On Norwood street**—Corners of Crooked and South Front, and corner of Alley (Norwood street extended) and Broad.

**And lastly** at the point formed by the junction of Pollock and Queen streets.

**MACHINERY, ETC.**  
The pumps and engines are duplex compound ones. Each of the two pumps has a capacity of one million gallons a day.

**There are** two fifty-horse power boilers. These were manufactured by Messrs. J. H. Crabtree & Co., of New Berne.

**The stand-pipe** is 16 feet in diameter and 120 feet high.

**There are** six six inch drilled wells, ranging in depth from 90 to 350 feet deep. One of the deepest wells is used to supply the boilers at the works, the remaining five to supply the patrons.

**The water** from each well is pronounced as soft as the Croton water of New York—one we find is as good as another.

**The securing** of the right kind of water from wells instead of from a stream, lake or pond is considered quite an advantage.

**When taken** from the latter sources it has more or less vegetable matter in it, and other impurities also, animal as well as vegetable. Coming from below pure and wholesome, filtered in the laboratory of nature is much preferable.

**The great height** of the stand-pipe is also a point that is worthy of special notice.

**Those who** are pretty well informed on such matters declare that, take them all in all our water works are unequalled in the State.

**List of Letters.**  
Remaining in the Post Office at New Berne, Craven county, N. C., April 21st, 1894.

**A**—Solomon J. Austin.

**B**—H. H. Bell, Miss Julie Besaly, G. D. Bowen, Miss Maria Brown, Miss Linnie Boyd, J. S. Barnette, Setlows Hatless, Rachael Brain, Susan Bonner, Miss Salina Boon, R. E. Barnes, Miss Bettie Brey, Miss Mary Braireler, Mrs. Colie Speits, Sudy Boone, G. L. Bryant.

**M**—Marianne McMillan, Aaron McRay, Louis H. Moore, Mr. Mrs. Winfield, M. A. Morris.

**Painting up Handsome'y.**  
Dr. Geo. Slover's hardware store is being brightened up very considerably by a good repainting by Mr. Wm. Charlotte. The front is in cream and will be trimmed in olive two shades of green and red.

**On the interior** the counters are polished cherry with white fronts trimmed in cherry, and the shelves are likewise of white and cherry. It makes a very pretty show.

**At the time** of the dissolution of the partnership previously existing between him and Mr. Smallwood Dr. Slover's stock was left rather low, but he is now filling up rapidly and nearly everything in the store is as new and bright as if he had just started in business.

**Already** both store and contents are making an excellent appearance and when the painting is finished and the remainder of the stock received and arranged, the improvement will be still more marked.

**On Elen street**—At the corner of South Front.

**On Berne street**—At the corners of Queen, Broad and Pollock.

**On corner Spring and South Front Streets.**

**On Fleet street**—At the corners of Broad and Pollock.

**On West street** at the corners of Cedar, Elen and Queen streets.
