**LOCAL NEWS.**

**NEW ADVERTISEMENTS**

Sam's Corner—Fine beef.

J. H. Fisher 100 dozen eggs.

Lucas & Lewis—North Carolina hams.

Mr. B. Berry gets up a raspberry milk shake which is one of the most delicious drinks going.

On account of repairs to the steamer Albemarle of the W. N. & N. line there will be no boat to sail to-day on that line.

That courtly and splendid gentleman, Mr. Walter R. Henry of Henderson, is expected to lecture in New Berne Friday night.

Mr. B. L. Perry spent yesterday in the city. A party of eight from above New Berne were down to the Atlantic Hotel with him for mackerel fishing.

Monday morning the sheriff of Pamlico, in the absence of the Judge adjourned court until the next morning at 9 o'clock. This was because he had not received his official information that there would be no court.

Again we ask that no exchanges be taken from the office. If a paper has something in it our friends wish to see the chance is ten to one that it is the very paper we want to use.

The schooner Melvin sailed yesterday for another trip to the West Indies. The schooner Geo. A. Howes, Capt. Beverage, also sailed for Newark, N. J. lumber laden.

Mr. Walter B. Weeks and Miss Olivia Gible, both of Harlowe, were married on Wednesday night, the 18th inst. at the residence of the groom's father, Mr. R. M. Weeks, J. P., who officiated in the performance of the ceremony.

Rev. P. Greening, of Harlowe circuit, and Mr. O. G. Bell, of Harlowe, went fishing Monday in the New Berne and Beaufort canal. They aimed for robins, perch and croakers, but we are told Mr. Greening's luck seemed to lie in catch-catching. He also hooked a small shark.

The Third party are looking around for men of reputation to put on their ticket. Though the name cannot now be given the public, there is ground for the rumor that a prominent New Berne lawyer has been asked to allow his name to be used by them for a Judge-ship.

A Pollockville correspondent, alluding to the cheering effects of the recent rain after the long drought says: It causes the farmers to go forth with renewed energy, the fishermen with newly baited hook, the marabouts with a cleaner collar, and even the politician proclaims the rights of American citizens with renewed energy and a clearer voice.

**The Government's Cattle Experiment.**

Dr. Kilborne of the U. S. Veterinary Department is again in the city looking after the cattle which the government is using for experimental purposes in a pasture at the edge of the city. It will be remembered that the experiment is for the purpose of determining whether vaccination is a preventive of Texas fever in cattle or not.

Not one of the ten vaccinated cows exposed to the influenza which produces the fever have even shown any symptoms of the fever. The three others have had the fever but are not as sick as they were while back—all were equally exposed.

Later in the summer there is more liability to the disease and it may be that further developments will take place then.

**A COLORED MAN SHOT.**

Moses Robbins, col., Accidentally Shoots George Creed.

Last night at West End, on Broad St., about 11 o'clock, George Creed, col., was accidentally shot by Moses Robbins, a colored man, who drags on the street. The ball took effect in the left leg near the groin. The ball was from a 32 caliber, American self-acting revolver.

Robbins says that he was going home and while passing by the store of Creed, he was called by him, and told that the pistol he bought from him, Robbins, about three weeks ago, was out of fix and as he had guaranteed it; he wanted him to look at the spring and see what the difficulty was.

Robbins was standing at the entrance of Creed's store and took the pistol and partially pulled the hammer back, believing that it was unloaded, but by some means the hammer went down causing an explosion, and Creed threw his hands to his side exclaiming that he was shot. Robbins told him that it was accidental, but he didn't know that the pistol was loaded.

A brother of Creed being in the store at the time, sought to take revenge, but Robbins immediately made retreat and delivered himself at the police station where he was released by Mayor Ellis upon his personal recognition for trial this morning.

The wounded man bled quite freely. He was taken to a room of a near house and seen to by Dr. Leinster Duffy.

The ball was not found, but the wound is not likely to give much trouble, though just a little higher up it would have been very dangerous.

**Coming and Going.**

Miss Lydia Pierce, one of Beaufort's fair daughters, and Miss Samie Noe, arrived on yesterday morning's train, and left in the afternoon by boat to visit friends and relatives in Elizabeth, N. J.

Mr. Geo. Allen, returned to Raleigh yesterday. Also Mrs. Walton, of Missouri and Mrs. Chandler, of Nebraska who have been making a short visit to New Berne and Beaufort.

Mr. Will Potter, of Beaufort, was in the city yesterday, and left in the afternoon returning home.

Rev. E. Matthias, of Beaufort, Rev. M. J. Strong, of Wilmington, and Dr. A. J. DeRosset, of Wilmington are in the city en route to Edenton to attend the Episcopal Council of this diocese.

Mr. O. G. Bell, of Harlowe, was in the city yesterday. He and his mother, Mrs. Eliza A. Bell, who has been for a number of weeks visiting in the city returned home last night.

Mr. L. C. Emmett returned from Pollockville. He reports that there was one conversion Monday night. Rev. Mr. Vardell is expected to return home to-day.

**Rose Festival To-night.**

The following is the programme that will be rendered to-night at the entertainment that will precede the Rose festival: Petit coquette waltz, Orchestra.

The joy of service, by King's Daughter's and Sons.

Her bright smile haunts me still, Duet.

The Rose is ever the Queen, Vocal Trio.

Brier Rose, Reading.

"Lutspiel," Duet.

Under the rose bush, Vocal Duet.

Convent Bells, Orchestra.

The following is the menu as served from each booth:

Pink booth.—Strawberry cream, chocolate cream, chocolate cake.

White booth.—Vanilla cream, pineapple ice, plain cake.

Red booth.—Strawberry ice, strawberries, caramel cake.

Yellow booth.—Banana cream, orange ice, lemonade, orange cake.

One who saw the above list said it made him hungry to read it.

There will be a vote taken at the festival as to which booth is the prettiest.

**A Delightful Picnic.**

The annual Sunday School picnic of the Disciples was held yesterday at Wilkinson's Point, about twenty miles below New Berne, on the beautiful banks of the Neuse. The pace of landing was at the residence of Mr. Elbert Phillips, who gave access to the premises with all that courtesy and hospitality as characteristic of the country home.

The grounds are beautiful and admirably adapted for picnics, with the exception of the deep sand to be encountered on every hand.

The day could not have been more delightful and that it was a most enjoyable picnic, was the general remark.

**Presbyterian Picnic To-day.**

To-morrow morning at 9 o'clock, weather permitting, the Presbyterian picnic will leave on the steamer Trent from the foot of Craven street.

All scholars and teachers are requested to meet at the Sabbath school room at 8:45.

Baskets are to be sent direct to the steamer.

Should the weather happen to be stormy, the picnic will be postponed until the next day.

It is not fully decided as to what place the picnic will go, but the strong inclination is that Wilkinson's point will be the place.

**HAPPENINGS OF THE DAY.**

The Populists of Winston had a meeting Saturday. A resolution to fuse with the Republicans was voted down by a large majority.

The Pennsylvania coal mines strike is so far a failure. The men are disheartened and have broken camp.

The State Medical Board, recently met, granted license to quite a number of applicants, among whom were three ladies: Miss Anna M. Gore, Mrs. L. Hughes Brown and Mrs. Clara E. Jones.

A dispatch from Grand Rapids, Mich., says a lively flurry of snow fell Friday and the thermometer registered 36. At Cadillac six inches of snow fell and the temperature was 32.

An instance reported from Savannah, Ga., proves that the bite of a "blue gum" negro is fatal. Kate Grant bit Annie Jenkins, and Annie died of negro-fobia.

Whiskey is loose in Columbia, S. C. It is sold in some thirty odd places in broad day light, to miners, or any body that applies, free of tax, law, or license.

There was a serious wreck on the New Port and Mississippi Valley railroad at Standing Rock, Ky., on the 19th in which conductor Hill and seven or eight of the passengers were killed.

There was another big flood at Johnstown, Pa., on the 21st and also at Williamsport and other adjacent towns. It was also very destructive in New York. There has been some loss of life and much loss to property.

A Savannah Divine preached a sermon Sunday on "Recognition in Heaven." Unfortunately for the country that interests our people just now less than recognition in Washington.

This administration should do something to alter existing conditions. There was snow on Walden's Ridge, near Chattanooga on the 19th. If there is no change it will be much colder in November.

The Raleigh papers of last night speak in highest praise of the Confederate concert and the reading of Mr. O. W. Blackman's ode. There was a large crowd in attendance and everything bid fair for a grand day yesterday at the corner stone laying of the Confederate monument.

A storm on lake Michigan wrecked many vessels on the 18th, and numbers of sailors went down to a watery grave. On the same date six states were swept by a terrific storm, entailing death and destruction. Illinois, Michigan and Ohio were the worst sufferers.

Coxey appeared at a banquet in a northern city the other night in a full dress suit. In consequence of the refusal of the 400 to sit with him, he had to retire. Meanwhile some of his followers are being taken up as vagrants, and others imprisoned for disorderly conduct, with sympathy for them on the increase.

The sentiment is rapidly growing in this country for a paper currency—a currency based upon and secured by the wealth of the country—not subject to the fluctuations of gold and silver, a legal tender for all debts, public and private, and for which no interest bearing bonds have to be issued.

Judge Miller on Monday sentenced Coxey, Brown and Jones to twenty days each in jail. They were handcuffed and sent to prison in the "Black Maria" along with common misdemeanants. This is considered a severe sentence for "getting on the grass," and will possibly excite more sympathy for Coxey than he has heretofore had.

**THE CHILDREN LEAD**

In the Work of Contributing to the Vance Monument Fund of this County.

Dr. J. S. Long visited the schools of New Berne Monday in the interest of the fund to erect a monument to Senator Vance. He told the pupils that it would be a good thing if the children could get ahead of every body else in starting the fund from Craven county—that in his opinion Vance had done as much for the children of North Carolina as any North Carolinian in the history of the State.

The children are promptly responding. They were only solicited for small sums, as it is hoped that every child in the State will participate in building the monument. While following scholars at the different schools have all contributed small sums. The contributions as collected are passed into the hands of the treasurer, Mr. Geo. H. Roberts.

**Musical Honors to a Native of This City**

The Baltimore Sun of the 17th inst tells of a musical honor won by a young lady, a native of New Berne, now a resident of Baltimore. The lady is Miss Minna D. Hill, youngest daughter of Capt. Edward Hill, who moved from New Berne in 1872, and was lost at sea two years ago.

Miss Hill, as a student of the Peabody Institute of the City of Baltimore Conservatory of Music, was awarded the Diploma for distinguished musicianship. The diploma was conferred Wednesday night the 16th inst. The present is the twenty-eighth season of these Peabody concerts, and yet the diploma awarded Miss Hill is only the eighth in number that has been bestowed in the history of the institution. This shows the height of the honor.

The Sun says Miss Hill's examination made by the entire faculty, was remarkably strict and thorough, and she received from the examiners a unanimous vote of approval.

At the time of the conferring of the diploma which was done in the presence of a large audience the programme consisted entirely of original compositions by Miss Hill. She was greeted with enthusiastic applause and it is stated that the compositions showed "decided merit as well as successful study, and they promise a bright future for the composer."

**ANOTHER LAKE HUNT.**

Three Deer, A Large Alligator and Other Game Killed.

ED. JOURNAL—Friday afternoon six men all of Pollockville, left home for the lake. We reached there at 2:40 and set sail for Heron Island.

On reaching the island, Mr. A. I. Bryan, having his rifle with him, and being quite a good shot, killed five herons in about ten minutes.

After that fun was over, Mr. R. W. Bryan was the next lucky man. A five buck was compelled to take to the water, as the bounds were so near him. J. H. Bender and David Crockett were in the boat and started for him. For a few minutes he gained on the boys but in the course of a mile, he overtook him, and Mr. Bryan, the lucky man fired two shots at him and killed him. He was taken into the boat, carried ashore and we all had some venison for supper, and also nice fish.

Some of us fished nearly all night and caught quite a fine lot, some of which we used for breakfast.

After breakfast we all started for the Tury Banks ridge, to have another deer chase. On our way, when near Cat point, a large object was seen by W. H. Bender; it looked as if it was a log, but as we drew near to it some of the men described it as a large alligator. D. J. Crockett caught his gun in his hand, as he was in the lead of the boat, and poured a most destructive fire into him, hitting him close behind the shoulder, and killed him; he was quite a large one. Mr. Crockett was well pleased with his shot and wants to kill one more soon.

After we reached the Tury Ridge and the men took their stands for the deer. Soon the whole pack of Mr. E. T. Bender's wood hounds were put in the woods, and in a few minutes the deer was put upon his feet. J. H. Bender being on the fourth that led to the lake on which the deer traveled to get to the water was lucky enough to kill two deer at three shots. Mr. Bender is quite a good shot and has a fine gun, a six-shooter; it is rather hard for a deer to pass him.

The eagle's nest upon which the unsuccessful attempt at robbery was made a short time since still stands unharmed, on the shore of the lake. No one would again volunteer to go up to see how the young ones are. John says some one else can try it next time if they want to—he is done with the eagle's nest.

Mr. V. A. Bender, though he would not go up to the eagle's nest, went up to the fish hawk's nest, and it was nearly as dangerous. The hawk came for him, but Allen pulled his revolver from his pocket and as he came close, he shot four times and killed him. He got the young ones; there were four in the nest. We are going to try to tame them, but we do not think they will live.

We all returned home with as much as each one could lug, and hope to go again as soon as we are done our crops.

Dr. J. S. Long visited the schools of New Berne Monday in the interest of the fund to erect a monument to Senator Vance. He told the pupils that it would be a good thing if the children could get ahead of every body else in starting the fund from Craven county—that in his opinion Vance had done as much for the children of North Carolina as any North Carolinian in the history of the State.

The children are promptly responding. They were only solicited for small sums, as it is hoped that every child in the State will participate in building the monument. While following scholars at the different schools have all contributed small sums. The contributions as collected are passed into the hands of the treasurer, Mr. Geo. H. Roberts.
