The program...
Mr. Rhodes of the Principal of this school deserves a word of credit. It is an excellent institution and is located in the progressive town of Littleton, in one of the healthiest sections of North Carolina. It is also in a short distance of the farmed Panacea springs.

It cannot be denied that the influence of climate upon health is great, and it is in recognition of this fact that physicians send patients suffering with pulmonary diseases to great distances for "change of air."...

Oh, What a Cough!
Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption, ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a Million Bottles are sold the past year. It relieves coughs and whooping cough at once. Mothers do not be without it. For lame back, side or chest use Shiloh's Plaster. Sold by New Berne Drug Co.

The refusal of Judge O. H. Horton, of Illinois, to take part in the commencement exercises of the Northwestern University, in case Gov. Altgeld is permitted to occupy a seat on the platform, involves a question of taste which Judge Horton is fully privileged to determine for himself in his own way...
It strikes us that this conclusion is too far-fetched to accord with common sense, or even common decency...
The charge that the nomination of Altgeld for Governor is the primary cause of the lawlessness so generally prevalent would of itself be difficult of substantiation, though it may have been a contributory influence; but to associate Mr. Cleveland in the same conspiracy, and attach to him any share whatever in its consequences, is a proposition too absurd to be entertained, and only serves to show to what reckless and ridiculous extremes the partisanship of the day is running—Washington Post.
