## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**Howari.**  
Wm. Sultan—For rent.  
A & N C R R—Change in schedule.

Hotel Albert has just put in additional electric lights and a telephone service. Mr. Geo. Wyman performed the work.

The City Council having repealed the dog muzzling ordinance most of the canines now have their usual freedom. Occasionally, however, one can be seen still wearing the muzzle.

Governor Carr issues a proclamation offering \$100 reward for the arrest of Ed. S. Hart, who is charged with burning the barn of Mrs. Mary Dewey near Vanceboro.

Next Sunday the A & N C R R will run another special train to Morehead City. It will leave here at the usual hour 8:30 a. m., and start back at 8 p. m. Good cars will be on, and the encampment being in progress, there will be an opportunity of spending some time pleasantly there.

The business meeting of the Naval Reserve held Tuesday night was the first at which the newly elected commanding officer, Mr. C. C. Clark, Jr., presided. On assuming charge, Mr. Clark made an earnest and enthusiastic address to the organization with determination to inspire new life and put it on a better basis.

The audience at Miss Lura Beard's recitation and musical entertainment last night was somewhat smaller than usual but was as large as could have been expected with so many of our people away. The gifted young lady showed great versatility of talent and entertained the audience for about two hours. She goes next to Wilmington and Goldsboro.

Gen'l Gaston Lewis who has been down to the encampment running off the grounds previous to the carrying of the troops, passed through returning to Goldsboro. He pronounces the grounds the prettiest and best he has ever seen. The grounds have been improved considerably since last year. One of the improvements is that the brush has been cleared out between the grounds and the railroad, giving breeze free access to and through the grounds.

Senator Daniel and Senator Jarvis, of North Carolina, had a conference Wednesday with Col. Derrill, State Senator D. J. Turner, R. S. Cohn, of Norfolk, Va.; Dr. J. F. Bryant and P. D. Camp of Franklin, Va., representing the North Carolina Lumber Association, who are trying to have the duty upon lumber restored to that place upon it by the House tariff bill. New Berne being a great lumber section, considerable interest is felt in whatever is done in Congress in reference to the tariff upon lumber.

**Death of the Heaviest Man on Earth.**  
Many JOURNAL readers and New Berne Fair visitors will recall the rotund figure of John Hanson Craig who was at the New Berne Fair in 1892, and was then the heaviest man in the world, his weight being 907 pounds. Mr. Craig, we are sorry to say, is no longer the heaviest man on earth, for he died last week in Danville, Indiana.

At the time Mr. Craig was at our Fair he weighed 907 pounds; at the time of his death he weighed 735 pounds. A special coffin, of course, had to be prepared for him.  
His first wife, Miss Mary Kinsler, is said to have been almost as large as her husband. His last wife was a small lady. Mr. Craig had one child, the offspring of the last marriage.  
Mr. Craig's weight at two years old was 300 pounds, at which time he took the thousand dollar premium in Barnum's baby show in 1852.

### Strike Brevities.

At all points in California except Sacramento and Oakland the situation has turned against the strikers.

Five hundred troops with five Gatling guns and two Hotchkiss guns are en route to San Francisco by train. The strikers there are wild over the news. There are 3000 of them and flushed with victory over United States Marshals and State police and a complete victory over more than a thousand State militia they are just in the mood to resist the regulars and a pitched battle may result.

The strikers in Galveston, Texas, had a little conflict with police and deputy marshals. They were trying to take two Pullman cars from a train but did not succeed. They afterwards damaged engines and held up some trains.

At Spring Valley, Ill., the regulars fired into a mob composed of Hungarians, Poles and other foreigners that were pelting them with stones. They killed one and wounded several. The mob then broke for timber and has not assembled since.

### A Change in Judges.

Tuesday morning, July 10th, Judge Spier Whitaker addressed Gov. Carr the following letter:  
"I beg leave to tender to you my resignation, to take effect August 20th."  
Accompanying this letter was another as follows:  
"I afford me pleasure to recommend to you the appointment of W. R. Allen, of Wayne county, as judge of the Superior Court for the Fourth judicial district, to fill the vacancy made by my resignation."  
Governor Carr accepted the resignation and commission was at once issued to Judge Allen, to take effect August 20th. —Raleigh Cor. to Wm. Messenger.

### Wake Forest College.

We call the attention of our readers to the advertisement of this well known institution, which begins its 60th session September 5th, next.

It is what is claimed to be, a distinctive Christian college.

It seeks to give the highest culture under the spirit and influence of the best type of Christianity.

Its sons are to be found in high and honored callings in nearly every State of the Union.

Three of the six honorary scholarships open to North Carolina students are held by Wake Forest men.

Its faculty represents the culture and scholarship of Johns Hopkins, Washington and Lee and the University of Virginia. President Harper of the great Chicago University is reported to have said recently, "Wake Forest is the best college in the South."

The college claims to offer thorough scholarships in a religious atmosphere at a minimum cost.

**Craven County University Alumni.**  
There will be a meeting of the Alumni of the University of North Carolina, who are residents of Craven county, on Wednesday, July 18th, next, at the law office of C. R. Thomas. All former students of the University, whether members of the Craven County Branch Alumni Association or not, are urged to attend this meeting.

The members now enrolled in the Branch Association are Dr. John S. Long, Judge H. B. Bryan, Dr. N. H. Street, O. R. Thomas, James Thomas, R. B. Nixon, Geo. W. Neal, Geo. Green, Jr., George Shover, James B. Hughes, M. DeW. Stevenson.  
**JOHN S. LONG,**  
President Craven County Alumni Association.  
C. R. THOMAS, Sec'y.

### OUR LUMBER SHIPMENTS.

#### Two Million Feet in a Week's Time—The Figures from some of the Mills.

New Berne does an immense trade in lumber shipping. Although we see it going on around us we are apt to lose sight of the magnitude of the industry and occasionally need to refresh ourselves with some of the figures that we may properly appreciate its importance.

From the Blades mill on Monday morning, July 9th, his new schooner, the Ivey, left with the second cargo she has ever taken out. She had on 225,000 feet; that afternoon the steam barge Wm. R. McCabe left from the same mill with 125,000 feet of lumber and 167,000 shingles.

At the W. N. & N. wharf the barge Edward has just loaded with 250,000 feet and the barge Everett E. Dale is now loading with 350,000. These two barges will in a few days go out together. These cargoes were brought into the city by rail from the Parmelee Eccleson Lumber Company's mill. These cargoes are equal to sixteen car loads.

At the New Berne Lumber Company's mill the schooners Robert Brattan and Addie Henry are loading. They will carry a total of 150,000 feet.

At the Chatlaka mills, the Lizzie James and J. C. Wilson are loading. One carries 225,000, the other 65,000 feet.

The barge Nautly is at the mill of the Pine Lumber Company, loading. She will take out 300,000 feet. The schooner Cherubin, Capt. John Nelson, has also arrived to take a load of 100,000 feet from this mill.

Two barges, the Ella McNally and Minnie Saylor are to arrive today to load at the Stimsen Lumber Company's mill. They, together, will take out 500,000 feet.

There are several large mills, the Clark mill, the Moody mill, etc., whose immediate shipments are not included in the above. The figures above given make more than two million feet, and with the shipments of the other mills added it is safe to say that the figures will be swelled considerably beyond that amount.

#### A Card to the Citizens of North Carolina Concerning Blind Children.

In view of the completion of the Morgan Institution for the education of the Deaf, and their removal from the Institution for the Deaf Dumb and Blind at Raleigh, the latter Institution is better prepared than ever before to sustain and educate the Blind. Our capacity is increased, our force augmented and methods ameliorated; all of which enables us to do more efficient work than we have heretofore done. We are anxious that every Blind child in the State receive an education; we wish to do all in our power for the betterment of this unfortunate class; to enable them to avail themselves of this FREE Institution in which the State so magnanimously offers to instruct this class of its citizens.

With a view to this end, we earnestly appeal to the philanthropic people of our commonwealth to aid us in this noble work. We wish to be put in touch with every Blind child within our borders. We desire the name, postoffice, township, county and nearest railroad station of every child of this class of North Carolina. Also the name of the parent or guardian of such child. With such data, we will correspond with the parents and guardians of these children, and in this way put them in reach of an education.

Will not the good people of the State who know of a Blind child or children in their vicinity send us a card with the information wanted? We promise to use our best efforts to get these children in school, if you will enable us to get their names. Please forward the data at once and greatly oblige.

Very truly,  
B. F. MONTGUE,  
For the Board of Trustees.

Principal.

#### HAPPENINGS OF THE DAY.

The Senate on July 10th passed the House bill for the admission of Utah as a State.

To-morrow is the time for Pendegrat, the murderer of Mayor Carter Harrison, of Chicago, to be hung. This ought to have been done months ago. Short work should be made of such fellows.

In Gainesville, Texas, fifty men who had been laying off for twenty days because there was nothing for them to do, received the order to strike and have obeyed it.

Constantinople had two violent earthquakes July 10th, each shock lasting about twenty seconds. Considerable damage was done and several persons are reported killed. Thousands of the inhabitants are now camping out, fearing to re-enter their homes.

The Charlotte, Columbia & Augusta and the Columbia & Greenville Railway lines, in the Richmond & Danville system were sold in Columbia, S. C., on the 10th inst. under decree of the Circuit Court of the United States. Each road was bid in at \$100,000 by Sam'l Spencer, President of the Southern Railway Company, the purchasers to carry out the terms of the re-organization plan as agreed upon under the Drexel, Morgan & Co., arrangement.

**A Household Treasure.**  
D. W. Fuller, of Canton, N. Y., says that he always keeps Dr. King's New Discovery in the home and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Canton, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at F. S. Duffy's Drug Store, Raleigh size 50c, and \$1.00.

### A New Hero of the Revolution

The article following copied from the Minutes of Craven County Court, is a worthy companion piece to the extract in your issue of the 17th ult., taken from the Memorial address of Captain Elliot, describing the heroism of North Carolina soldiers in the late war. Our soldiers but repeat the deeds of their ancestors of the Revolution, from whom they have bravery and fortitude by inheritance.

The sad story of suffering and death of John Davis was told here by our sheriff, W. B. Lane, in his oration, on our last Memorial Day, and the fearless sacrifice to principal deserves to be widely known. Every one has heard it related how a General officer of our Revolution, who, when offered money to fore swear his allegiance, replied: "I am a very poor man, but, poor as I may be, the King of Great Britain has not wealth enough to buy me;" but how many have heard of the more heroic reply, with its tragic consequences, of this our townsman of humble station, whose sense of duty was his only reward!

It was a happy thought in those who insisted on having the patriotic action of this brave man preserved in the records of our County Court, while yet there were those living to whom the details were known.

GRAHAM DAVIS.  
Minutes of Craven County Court, December term, 1855, Book 13, Pp. 524-25. Extract: Wednesday, 12th.

"John T. Lane appears in open Court, and being sworn upon the Holy Evangelist of Almighty God, deposes and says, that he heard Thomas A. Green, of the county of Craven, say, that he the said Green and John Davis of said County, were taken prisoners of war together during the Revolution, and imprisoned together in Charleston (1780) and that he the said Green, was separated from the said Davis, and that he never saw the said Davis after the said separation, and did not know what became of him, except from general rumor, and that rumor was that he was whipped the death in the British Navy. Deponent further states that he has frequently heard Thomas Davis say that his brother John Davis was whipped to death on board a British Man of War. Deponent further states that he heard Captain Richard Carter say that he was a prisoner of war during the Revolution, and was imprisoned on board of a British Man of War with one John Davis; that the master of the ship tried to make the American prisoners do duty on board ship, and that the said John Davis, who was an American, peremptorily refused, whereupon the said Davis was severely whipped, that the whipping was stopped and he was told that if he would draw a bucket of water from the ship's side the punishment should cease; that he refused to do it, and the whipping was commenced often, and continued until his bowels were whipped out, and he died; that he, the said Carter, was an eye-witness to the whole. Deponent further says that the said Green and Carter died many years ago; that they were men of trust and of a belief that their statements were true, and that he has no interest whatever in making this deposition."

John Davis was one of three sons of James Davis, —John, Thomas and William. James Davis established the first printing-press in North Carolina—in New Bern, (at foot of Broad street) in 1749, and was the first public printer.

It is said that John Davis, after his first whipping, was taken in a boat to the side of every ship in the fleet and given fifteen lashes at each one; was then returned to the prison-ship and told if he would draw a bucket of water from the ship's side they would cease the whipping. He replied: "If His Majesty's whole navy was on fire and that one bucket of water drawn by me would extinguish the flames, I would not draw it." The flogging was then resumed and continued until he died, he being wholly or partially disembowelled.

Capt. Richard Carter was Captain of a Revenue Cutter at New Bern, after the Revolution.

"The More Haste the Less Speed."  
This is true of buttoning a starched collar on to a button, the head of which is out of proportion to the collar's button hole. The man does not live who can perform this little act without losing his temper. He will fret and fume and tug, but in spite of all his haste he cannot speed the connection between the collar and the button, unless he slightly moistens the edges of the button hole. This is a good scheme for stiff cuffs also; but the best scheme is to buy your collars and cuffs, shoes and hats of
