On motion a committee on resolution was appointed. They retired and ventions, On motion, Jessie F. Sawyer was made permanent chairman and Benjamin Camspeech-making became the order of the convention.

R. P. Williams, former Republican member of the House, took the floor and made a rambling speech. He talked of his career in city politics and in the legistature and feeling pretty sure of his own chances, he unlike his predecessors, remembered a friend, and Mr. Hancock having in his remarks made an attack upon Mr. Clarke for his appointees in the post office, Mr. Williams took up the cudgel in his defence and attacked Mr. Hancock sharply, talking about his not paying a James City bond he was on when he (Williams) paid. and charged that Hancock said "the d-d niggers were as able to pay it as he was." At this juncture, Har.cock, with shaking fist and torcible language, denounced Williams as a liar. Matters looked squally, but Hancock did not advance and Williams

kept on till he fluished. Then Hancock got the floore and "went down for Williams from sfar back," Said that when he was given the Republican nomination for sheriff he was taken by the convention "red-handed to the elhow in Democratic rescality and thievduring the month of June, issued by the ery." Address to his People by one New Berne's Colored Citizens.

ED. NEW BERNE JOURNAL:-Please allow me space in your valuable paper to say to the public that Drayton hall was filled last night by enthusiastic citizens to hear the address of our esteemed friend, Prof. Isaac H. Smith.

The address was recognized by the intelligence of the fourth ward, as, being pointed, timely and instructive, which excited a nobler thirst for action, and filled the vacuum of the mind with satisfaction more lofty and pure than any among the justly enginent. He showed that when the colored people learns the value of a dollar and how to use it, then and not until then, would they march on to success, prosperity and true greatness.
I never heard better than this pointed out by him, coming from any man, and i what he said was carried out to the letter there need not be another word said about solving the "Negra Problem." J. W. WEATHINGTON.

Keep Up the Sanitary Commission,

EDITOR JOURNAL-We are very sorry learn that the services of the sanitary officers have been dispensed with, as the most trying season of the year is now approaching, mainly August and September. That they have done their duty well and faithfully no one can deny, and we suggest that the services of one of them at least be continued until October.

We believe that the sanitary condition of the city has never been as good as it is now, all owing to the fidelity with which they have discharged their duty. If their services are not continued through the sickly wouths, there is good reason for believing that owners of premises will grow careless, and the city will relapse into the condition it was in before the sanitary commission was established.
