At Raleigh it now seems to be considered that Republican and Populist fusion in the State will be accomplished. The action of Wake county in fusing is believed to carry considerable weight on that side.

We recognize the good road movement that is going on in a number of counties throughout the State as one having in view results of the utmost commercial significance, and our effort has been to do all that was possible in the way of practical assistance.

The coach for Hotel Chattawka which Messrs. Waters & Son have been at work on for several weeks, now stands ready for use as pretty a piece of work as one could wish to see turned out. It is finished with bird's eye maple inside; the exterior painting is bottle green trimmed with black with bright red at certain points. The painting was the work of Messrs. Waters & Son and the lettering was by Mr. E. T. Berry.

Pet & Larceny. J. E. Folley was tried before Mayor Ulrich yesterday morning on the charge of stealing a bottle of wine from J. D. Diakin, and was dismissed the evidence not being sufficient to convict. In the afternoon Jos. Idlett, col., of James City, was tried for stealing a bottle of liquor on the steamer New Berne and was bound over to court in the sum of \$100.

Opening of the Campaign. The North Carolina Democratic campaign will be opened September 20th, at a convention of the clubs in Raleigh, the call for which will be based this week. Appointments will, however be made before that time in various parts of the State.

The Central Executive committee is called to meet September 6th and is requested by the Executive committee to hold meetings every other Thursday thereafter. The family of Mr. U. S. Mace, who have been spending the summer visiting relatives in Hyde county, returned home.

Mr. Leza Richardson, who has been in the city visiting his parents a few days, left returning to Henderson.

Masters Eddie Dowler, Luther and Charlie Fulford and Geo. Harrington and Miss Sadie Dowder, who have been spending the vacation at their homes in the city, left yesterday morning returning to the Oxford Orphan Asylum.

Miss Irvin Paylor, who has been visiting at Mr. T. A. Green's since May, returned to her home at High Point.

Mr. E. L. Horton, who has been spending the summer in Chatham county, passed through en route to Morehead. After a brief visit there he will return to Pollockville.

Capt. Geo. M. Crayon, who has been off spending a short time with his family at Southport, returned home last night. His family remains at home longer.

The steamer New Berne brought in the following passengers: Mr. Ralph Gray returning home from New York where he has been on a business trip, and his little daughter and Mrs. Burrus who went with him on a pleasure trip; Dr. R. S. Primrose returning home from a trip to Baltimore and Mr. J. E. Latham returning from a Northern pleasure trip; and Mr. Lewis G. Wood of South Carolina, coming to New Berne on a pleasure trip.

Cleveland on the Tariff Bill. The two days having expired since the passage of the Tariff bill without President Cleveland having either approved or vetoed it; it becomes a law without his signature as he intended it should.

The President has written a letter to Representative Catching's, of Mississippi, giving his views on the new tariff bill and his reasons for withholding his signature to it. He says it is not in line with true tariff reform, that the work of trusts and combinations prevented the success desired, and that there are besides crudities and inconsistencies in the bill which ought not to be in tariff laws of any kind, and as he cannot promptly and enthusiastically endorse the measure, he withholds his signature, as a mark of his disapproval of the present bill and withholds his veto because with all its faults it is a vast improvement over existing conditions. He says it is not only a barrier against the return of mad protection but it affords a vantage ground from which must be waged further aggressive operations against monopoly and governmental favoritism.

The letter is a calm patriotic Statesman like presentation of the situation and should do much towards dispelling the idea that some have that Cleveland is a man of unreasoning stubbornness. While believing that better ought to have been done he yields to circumstances for the present, but seeks for better ere long. And now that the good work of reform and of honest economical government has been started again in National affairs may no untoward event again hinder it.

Capt. Ashe a Candidate. We publish this morning a card from Capt. S. A. Ashe, announcing himself a candidate for the United States Senate, not against either Ransom or Jarvis but for the short term, the unexpired portion of Senator Vance's, which neither of them is seeking.

Capt. Ashe has long been a valiant and unflinching champion of Democracy and through the columns of the News and Observer he has done work that has told in accomplishing the Democratic victories in the State, and its effectiveness is acknowledged through its length and breadth. He is a well informed man, a sound reasoner, a lawyer of ability and a thorough gentleman. Though he has ever stood in the front ranks of Democracy when its battles were to be fought, he has held himself in the background when honours and emoluments were being distributed. We see his name used also in connection with the appointment for the consulate which Mr. Grinnell, President Harrison's brother-in-law now holds.

Unquestionably Capt. Ashe has duly won the right to recognition at the hands of the Democratic party, and we hope to see him elevated to a position commensurate with his abilities and with the distinguished services which he has rendered.

### HAPPENINGS OF THE DAY.

France exports canned peas to all parts of the world.

A white wolf has been killed on Grandfather mountain.

The Indians of Eastern Washington have taken steps to prevent the sale of liquor among them by unprincipled whites.

A commission is soon to visit the United States from England, to inspect officially the public schools of our leading cities.

The wages of Japanese are rarely more than ten cents a day, but last year the converts gave twenty-seven thousand dollars for mission purposes.

A Texas jury has been reprimanded for bringing in a verdict of guilty too quick. The lawyers for the defense wanted their services to have the benefit of a doubt.

Two colored boys were playing with a pistol in Pitt county. It wasn't loaded and one of them snapped it "less for fun." The wound in his hip is quite painful.

The Populists revealed themselves in their true colors when they made a trade with the Republicans, agreeing through Ohio Wilson, to equally divide the offices and vote for a colored man.--News and Observer.

Col. Breckinridge having declared in a speech that he has "been living in hell for ten years," the Louisville Post protests against his representing a Kentucky district in Congress on the ground that he is a non-resident.

The News and Observer says that some of the colored Republicans and all the white Populists who attended the Wake county "fusion" convention, went home sick and sore, and did not look like men who were filled with party enthusiasm.

The rumor that Japan needed some American generals has filled the country with volunteers. They will be disappointed. The Japs are all generals. They are only a little short of men who are willing to stand as private targets for Chinese sharpshooters.

Madame Januscheck and other self-respecting actresses strongly condemn, and with good reason, Josephine Pollard's announced intention of going on the stage. But it is the dollars of the bald-heads and not the good will of the profession that Miss Pollard is after.

The News and Observer has started a new venture in North Carolina journalism. Two editions will be issued, daily--the morning edition will go to press at 12:30 a. m., and the evening edition will go to press at 4:40 a. m. A large Sunday edition is also contemplated as the next move. This is progress with a vim. The paper deserves success, and we hope it will attain to it.

The Populist leaders and the Republican leaders are in league and sympathy with one another. They are pulling together for office and seeking to "pool" their followers to that end. What a cess-pool it will be, to be sure! Will any old line Democrat be found therein? We shall see what we shall see.--Goldsboro Argus

### WASHINGTON LETTER.

Adjournment.--N. C. And South-rn Development.--Dr. Sanderlin Speaks--The Senators And Patronage.

A joint resolution passed both houses of Congress Aug. 24 adjourn. Tuesday, 28 The President I hear endorses this programme.

The Southern Development Association promises to be a success. It meets here next week. A preliminary meeting was held last night during which Hon G. W. Sanderlin talked about N. C. His state was so full of natural resources that he would not attempt to go into details. He related a number of amusing and interesting anecdotes illustrating the inducements which N. C. has to offer. Claude Bennett and E. P. Spoor spoke of Georgia's fruit crop. Mr. Bennett told of a man who had amassed a fortune of \$60,000 in a few years in shipping peaches. He referred to the fact that considerable progress was being made in the manufacture of cotton.

Internal revenue receipts to be heavy reaching yesterday \$2,105,000 and bringing up the total for the month to date to \$21,299,000 and for the year to date to \$48,199,000 against \$8,500,000 for the corresponding period of August 1893 and to \$21,300,000 for the corresponding period of the fiscal year 1893. This rush of business is due to the fact that the senate bill becomes a law next Monday night. The dealers are especially anxious to get their money as possible out of hand before that time. A high average of receipts is \$500,000 a day, according to Chief Clerk Scott Nesbitt's calculation. The last receipts from N. C. were 4th Dec. \$723,357 5th Dec. \$2,178 81. The monthly receipts from N. C. last year were: Dec. \$1,200,000; Jan. \$1,200,000; Feb. \$1,200,000; Mar. \$1,200,000; Apr. \$1,200,000; May \$1,200,000; Jun. \$1,200,000; Jul. \$1,200,000; Aug. \$1,200,000; Sep. \$1,200,000; Oct. \$1,200,000; Nov. \$1,200,000; Dec. \$1,200,000.
