NEW ADVERTISEMENTS.

Howard.
W. B. Boyd--Notice.
J. W. Messie--Provisions.
W. D. Wallace--City Tax Notice.
A & N C Railroad--Special rates.

Cooler this morning and fair to-day is the prediction of the weather bureau.

The steamer New Berne left yesterday afternoon. The steamer Neuse arrives this morning and leaves this afternoon at 6 o'clock.

Lavinia Merrick, a colored woman dropped dead on Rountree street Sunday afternoon. She was under the influence of liquor at the time.

The regular monthly meeting of the Penitentiary Benevolent Society will be held this afternoon at 4:30 o'clock at the home of Miss Motts.

We are requested to state that those interested in the formation of a bicycle club are invited to meet at the office of O. H. Ginn, Esq., to-morrow night at eight o'clock.

On the New York Cotton Exchange Saturday morning both the October and November cotton futures sold below six cents for the first time in the history of the exchange.

Geo. C. A. Battle leaves this morning to speak at La Grange. He has appointments straight ahead until Oct. 11. As far as made they end at Harrell's store, Hertford County.

The New Berne Eastern North Carolina Colored Baptist Association will convene in St. John's Chapel, this city, to-morrow. Rev. A. J. Marshall is the secretary of the association.

The ministers who are to give a performance for the benefit of the Naval Reserves, (for the purchase of new uniforms) are practicing every day with the determination to give a good entertainment.

Interesting services are being held in the Presbyterian church. To-night Rev. C. G. Vardell will take for his subject: "Life or Death." It is the last of a series of three sermons based on John 3:16. A cordial invitation is extended to everybody to attend.

A large enthusiastic Democratic meeting was held at Jacksonville Saturday, the speakers being General C. A. Battle of New Berne and Mr. Rudolph Duffy, candidate from Onslow for the legislature. They both made telling speeches.

The Olathe tree on the dividing line between Dr. F. W. Hughes' lot and the street was cut down yesterday. The Olathe is an unsightly and short lived tree and is moreover had about running in all directions and sending up many bushes. They ought to be exterminated.

The JOYNTAL publication of the law requiring all children in public schools to be instructed as to the effects of alcoholic drinks and narcotics led to an interesting discussion of both intoxicating liquors and tobacco in the Y. M. C. A. meeting Sunday. Some hard blows were dealt to each by several of the members.

Messrs. J. R. Parker, Jr., and W. K. Styron secured two of the prettiest building lots on Broad street yesterday at \$750 each. They were a part of the Slade property. Mr. Parker purchased the one adjoining the old residence of the late Mrs. S. J. Dudley. Mr. Styron's lot adjoining it.

Capt. David Hill, of Washington, N. C., has moved to the city with his family and formed a partnership with his brother-in-law, Mr. R. L. Duffy who recently established a candy factory and mercantile business here. Capt. Hill is living in one of the Watson houses on Broad street. He moved over on his steamer The Gargelle.

The New Berne Collegiate Institute received ten new pupils yesterday. If they continue to come in as they have been doing the school will very soon number 150. The graded school also received ten new ones. This raises the total number of enrollment in the latter school up to 209. The scholars are continuing to come in both schools.

We were shown yesterday a picture of the Atlantic Fire Co., taken while at the Tournament at Winston-Salem. Every one of the boys can be distinctly recognized. The Sibley and the rest of the apparatus make a fine show. The horse, "Knock-Kneed Jim" looks natural, also does the driver, Taylor. The picture was taken directly in front of the Salem Female Academy, and gives a full view of the building.

A Sudden Death.
Mr. Matthew Moore, a shoemaker who for some time had been in the employ of Mr. J. M. McSorley, was taken ill on Saturday night and died very suddenly at his boarding house. The cause of death is said to have been Bright's Disease.

The deceased was 47 years old, a man of good traits, intelligent and respected by those who best knew him. His home was in Raleigh. His father was a gallant Confederate soldier and fell in battle. Mr. Moore was buried from the house Sunday evening, Rev. J. T. Lyon, officiating.

Connecticut Monument for New Berne National Cemetery.

The State of Connecticut has ordered a monument erected to the members of the 15th Connecticut regiment who are buried in the National cemetery at this city. It will be dedicated by the Veterans' Association of that State about forty of whom, some of them accompanied by their wives, are expected to come down about the middle of this month for the purpose.

Mr. J. K. Willis of New Berne, has charge of the erection of the monument. It is now on the way. After it arrives the time of the coming of the veterans will be settled with definiteness. The monument will stand about eight feet high and weigh between fifteen and eighteen thousand pounds.

The Grading Contracted For.

The County Commissioners yesterday increased the county's appropriation to the fund for macadamizing a portion of Neuse road from \$250 to \$500. A good move which shows that the commissioners are in sympathy with the movement.

Mr. Enoch Walsworth, the supervisor, has contracted to have the ditching and grading of the road done at 12 cents per running yard. The work is to begin at the railroad Thursday morning.

All but about a dozen of those who subscribed have been seen and have paid first installment of 20 per cent for the road. In case any left are not readily found, it is hoped they will send the money at once to Mr. J. A. Meadows, the treasurer.

Death of Mr. W. S. Styron.

Mr. West S. Styron died at his residence in this city yesterday near noon, aged 62 years. The funeral will be from Centenary M. E. Church this afternoon at half past four o'clock.

Mr. Styron was a native of Portsmouth, N. C. He went into the Confederate army when the war broke out and served until its close, then made New Berne his home and married Miss Laura Cutler, sister of Mr. L. H. Cutler, who, with four children, two sons and two daughters, survive him.

Mr. Styron's health has been broken for two years; he has been confined to his room for three months with a complication of diseases, the immediate cause of death was a paralysis which attacked him last week.

Mr. Styron was at one time in business for himself in partnership with Mr. S. R. Ball, but the greater part of his time was spent as a salesman for others. Being popular his services were much sought after and he commanded very lucrative salaries.

A Burglary.

Mr. A. T. Baxter's residence was broken into Saturday night, but only a small amount was stolen, the only things missing are a rubber coat and an umbrella. In the early part of the night the dining room was vacated for a few minutes and when it was re-entered it was found that some rolls which had been wrapped up on the table had been taken out into the yard, but the removal could not be accounted for.

That night Mrs. Baxter awakened after midnight and hearing something, started to investigate; she found both doors and windows open, and found the lock of her trunk in her room had been picked and the trunk opened, but nothing taken from it. Lying by the trunk was a carving knife which had been taken from the kitchen. Whether the thief became frightened and left hurriedly or what was the reason that he stole no more of course cannot be told. It was barely a week previous that Messrs. Nunn & McSorley's store was broken into. Those disposed to violate the law in this manner should remember that they not only run the risk of being killed while at their nefarious work but that it is a crime for which they would be hung if caught.

What Can Be Done in North Carolina.

The following notice from the Baltimore News is short but it is a very good and truthful mention of this State. The allusion to the eastern part is specially gratifying:

"Mr. W. E. Patterson of New Berne, N. C., is at the Howard. He is a young man and represents the liberal views and progressive energy of the new South. 'I have just made a trip through the Piedmont section of the Carolinas,' he said, 'and I found the crops in fine shape. You don't hear as much talk about North Carolina as about some other States, but she is nevertheless keeping in the van. Once upon a time the best of the geographers could say about the Old North State was that she produced a great deal of naval stores and lumber. But things are different now. Truck farming, for instance, has grown to immense proportions, and all the railroad and steamship lines have more vegetable freight than they can well handle. Hundreds of cases are shipped each year. I was told that a trucker who came to New Berne seven or eight years ago from New Jersey with a very small capital and a year or two ago he and his partner made \$50,000 on early Irish potatoes, and now he is wealthy. There are what magnificent hunting and fishing we have. Why, we are making a great winter resort out of the greater portion of the State.'"

"We have a variety of climate that is only equaled by California and a correspondingly variety of products."

"Hotel accommodations in the Carolinas have improved very much in the past few years. It is especially noticeable in New Berne, with two such Palatial Hotels as 'The Chateaufort' and 'The Albert' the traveling public can rest assured of being well cared for."

Coming and Going.

Mrs. W. C. Moore and children, who have been visiting her brother, Dr. N. H. Street, left for her home in Goldsboro.

Rev. W. E. Edmondson, who preached two edifying sermons in Centenary M. E. church Sunday, left for his home in Morganton. In about two weeks he expects to enter upon his appointment as a Naval Chaplain.

Mr. Chas. Edwards left for Jones county to work upon the cotton ginners of Mr. Cyrus Foscoe.

Messrs. O. H. Guion, W. W. Clark, and W. D. McIver left for the Supreme court at Raleigh. The case upon which they are engaged is that of the appeal from the confirmation of the sale of the Water Works. Messrs. Clark and Guion representing the receivers are for confirming and Mr. McIver represents the opposite side. Mr. P. M. Pearsall is also in attendance upon Supreme court. He went up Saturday.

Mr. and Mrs. Fred A. Ives, of Cheshire, Md., are visiting Mr. Geo. N. Ives.

Mr. M. DeW. Stevenson went over to Trenton to effect the sale of the John Mercer lands, very valuable property. He returned last night having accomplished his object.

Li. E. A. Jack of the Revenue cutter Winona, left to spend a leave of absence at Portsmouth.

Mr. R. F. Broadbent left on a Northern business trip.

Mr. E. McKnight, a prominent business man of Winston, is in the city, and is registered at Hotel Chateaufort.

The steamer New Berne brought in the following passengers: Mr. Sam'l Duffy, his daughter Miss Alice and Mrs. H. J. Lovick returning home from a northern pleasure trip; Mrs. H. R. Bryan returning from the North where she has been to enter the Misses Bryan in college, and Mrs. S. H. Lane returning from her Northern trip to purchase her fall and winter millinery.

Washington Letter.

The chief topic of conversation here is the recapture in New York of Capt. Howgate the embazzeling executive officer of the Signal Corps three years ago. His successful hiding. It has always been said here that it would have been no difficult matter to find him but that there was little desire to do so on account of unpleasant developments concerning prominent persons that may result.

Drummond, the Republican ex-chief of the secret service, who finally effected the capture, has been professionally working on the case for years. Last year he was asked to resign in favor of a democrat but begged to be retained on account of his probable early success in finding the defaulter. It seemed, however, that he was going to use this argument for retention indefinitely, and he was displaced last February. When his successor took charge he found that all the Howgate papers were missing and Mr. Drummond will be called on to explain why he did not leave these papers on file. Howgate will probably be brought here from N. Y. on Monday.

President Taylor of Wake Forest College stopped in the city this week to see his son, who is living here. He was on his way to New York.

Gen. W. R. Cox, has returned to N. C. leaving behind his two sons, who will enter school here on Monday.

Cadet Worth Bagley of Raleigh, has been appointed chief petty officer of the naval cadet battalion at Annapolis.

At its last session Congress appropriated \$400,000 to begin the work of fortifying four points on the Atlantic and Gulf coast lines, to be designated by the Secretary of War, Secretary Lamont, in accordance with the recommendation of the engineers constituting the board of fortifications, has designated Pensacola as one of the ports. The engineer in charge of the Government work in this harbor has been notified that the sum of \$100,000 has been placed to the credit of Pensacola and instructed to begin the surveys for a site upon which to erect a battery of heavy disappearing guns and a battery of seacoast mortars. The site has been selected on Santa Rosa island, one mile east of Fort Pickens, and a survey is now being made for a steam railway upon which to haul the material for the batteries from a wharf that will be erected. The estimated cost of the work is over \$1,000,000 and when the batteries are completed it is believed that the defenses of the harbor will be impregnable.

Attention Ladies.

Just Received at Sol Cohen's a nice line of Ladies Wraps and Cloaks--all of the latest styles. Also a full line of Table Cloths, Napkins, Towels and other Linens for sale at bargain prices.

Duncan M. Williams, of Wilmington is reported from Raleigh to have gotten a verdict for \$12,000 against the Southern Bell Telephone Company. He sued for \$20,000. Last February while walking along a street at Wilmington he was struck on the head by a glass-insulator, dropped from the top of a pole by a lineman. He was badly injured, and was for several months in a physician's charge.

HAPPENINGS OF THE DAY.

Cardinal Gibbons, Archbishop of Baltimore, has been summoned to Rome, the Pope being desirous before he dies of again seeing the American Cardinal.

The Federal grand jury has returned indictments against strikers at Oakland, Sacramento, Duns Muir and Red Bluff.

Application was made in Atlanta Saturday for the appointment of a receiver for the Atlanta and Florida road. The application was made on behalf of the Atlanta Trust company.

Three white men and four negroes were arrested at Newport News, Va., by Special Inspector R. C. Cull Saturday noon on the charge of smuggling two barrels of whiskey from the British steamship Alicia.

The Lacawanna Iron and Steel Co. has shut its south steel mill at Scranton for an indefinite time because of no further orders, throwing idle 1,000 employees. This makes a complete closing of all the steel works there and the idleness of over 3,000 men employed.

The threatened railroad tax war in Kentucky has been averted. Collector Blackwell now declares that he will come with only his son (Gip) as a companion. A legal effort will be made to stop him on his first attempt to collect the taxes.

The regular Democratic State convention of Nebraska, nominated by the Bryan convention with Populist nominees, was filed with the secretary of State Saturday. The latter has not decided whether he will accept this ticket or the one presented by the bolters.

The Pitt county "Straight-out Republicans" held their county convention at Greenville and nominated a full county ticket. There was great enthusiasm and crowd present. The Third party primary was not largely attended and there was no enthusiasm.

The Chief Postoffice Inspector has been advised of the arrest of Lloyd Wagner, Tice Wagner, Judd Wagner, Much Wagner and Lloyd Danner, at Valle Crucis, N. C. for robbing the postoffice there several weeks ago of a large amount of stamps and money contained in numerous registered letters.

The net earnings of the Norfolk & Western road for August were \$287,900, an increase of \$1,635 compared with August 1893. For the eight months ended August 31, the net earnings were \$1,699,061, a decrease of \$91,479 compared with the corresponding period of 1893.

Every tin plate plant in the United States, with possibly one exception--shut down Saturday. That one was to shut down as quick as the work on hand, about enough for a day could be completed. This makes several thousand men idle. A dispute about wages is the cause of the shut down.

British troops are expected to start for China at once. The Duke of Cambridge, commander-in-chief of the British army, visited the war office Saturday. It is reported that the Duke was making arrangements for immediate despatch of troops to Shanghai in order to protect the British residents whose lives are said to be in danger from the Chinese population.

A fatal affray occurred at Mt. Carmel, Pickens county, Saturday. J. E. Childress, a lawyer of Pickens, shot at close range and killed J. W. Latham. There was an old feud between them. One witness said Latham stepped up and struck Childress with a stick and then the latter shot him. Childress escaped, but was captured and jailed. The affair created great excitement.
