**R. W. King**, sheriff of Pitt county is advertising that he will pay liberal rewards for the capture of the five prisoners, all colored, who escaped from the jail at Greenville recently.

The schooner "John Q. Ferguson" arrived in port yesterday with coal for Messrs. Thos. Green and Wm. Dunn and lay for Chas. B. Hill. A schooner also arrived with coal for Hollister & Cox.

Two yases and two handkerchiefs are at the Y. M. C. A. left there from the last social gathering. The management of the hall requests owners to call and get them.

A green snake about 2 1/2 feet long crawled through a window into the residence of Mrs. S. E. Sterling. We cannot say which was frightened worse—the snake or the ladies, but the snake fared the worst in the end.

Mr. J. T. Whitehurst, assistant agent at Norfolk of the Norfolk & Western R. R., and Mr. M. P. Williams, soliciting freight agent, came in on the steamer Neuse to spend a short time in the city and vicinity in the interest of the road.

One of the large glass in Mr. Jas. Smith's show windows was smashed by some thief and two pairs of shoes stolen about a half hour after the fire bell rang Monday night. The breaking of the glass was heard but the thief escaped undisturbed.

A largely attended barbecue and Democratic speaking was held at Woodington, Lenoir county yesterday. Genl. C. A. Battle made an address an hour and three quarters in length. Then came dinner. The crowd was on the grounds three hours.

Mr. Henry J. Lovick, candidate of the Republicans for county surveyor, has held the place for 29 years—ever since the war—a long term of service, and though of the opposite party we can say he has always been conservative and endeavored to do what he considered to be his duty.

The attendance Monday night at the meeting in the Presbyterian church was considered good, but the number was largely increased last night. The sermon by Rev. C. G. Vardell was a very strong one. To-night Rev. Rufus Ford of the Baptist church will fill the pulpit. The services begin at 7:45 o'clock.

The use of shell rock for the paving of buildings, as much as it is desired appears to be impracticable. Its porousness has caused dampness that became annoying in the longer bills of it and resulted in the leakage of the material, the building to be covered on the outside with cement.

Capt. M. W. Jones has commenced the erection of a good dwelling for his residence on Pollock street. It occupies the site of the small one in last year's photograph.

Just received at Ed Collins' a nice lot of Ladies' Wrist and Clocks—all of the latest styles. Also a full line of Dishes, Plates, Napkins, Towels and other household goods at bargain prices. 408 W. 11th St.

## Coming and Going.

Mr. H. D. Hazlett and family, consisting of his wife and four children moved up from Wilmington yesterday and are at Hancock's boarding house. Mr. Hazlett takes the position of saw sharpener at the Stinson Lumber Company's mill.

Mr. A. A. McLean, wife and child of Richmond who have been visiting at Swansboro came in en route to their home. They continue the journey by rail this morning.

**The Republican County Ticket.**  
The Craven County Republican Executive committee by virtue of power vested in it by the county convention, have put out a county ticket. It is as follows:

For Sheriff, J. L. Hahn; Clerk of Superior Court, W. E. Clarke; Register of Deeds, Jas. C. Harrison; Treasurer, Meyer Hahn; Surveyor, Henry J. Lovick; Coroner, Dr. J. J. Lasher, et al.

The candidate for the legislature was nominated by the convention itself, R. P. Williams, a former incumbent, is the nominee.

**A Fire—Timely Discovery.**  
About half past one o'clock Monday night, Mr. Anderson, the Pollock street watchman discovered that he could not discern the light which had been in the store of Messrs. J. B. Holland & Co's., so he speedily went through the alley at the rear to see if anything was amiss, and he found the store on fire at the back door—the reason the light in the store could not be seen was that it had been obscured by the smoke. Being near the fire alarm station he ran directly to it and gave the alarm. The fire department responded at once and the fire was extinguished with but very little damage. The door was burned through and the wall scorched as high as the ceiling. If the fire had been undischarged a few minutes longer it would have had a strong hold. The watchman's services stood his employers in good stead this time.

**Fireman's Benefit Paid.**  
Mr. T. A. Green, Treasurer of the N. C. State Firemen's Association, has paid to Mrs. Laura D. Styron \$300 on the life of her son Mr. Guy C. Styron who recently died from disease contracted by exposure at a fire.

A fireman who is any way injured by active service is entitled to two dollars a day while disabled by the injury, and to three hundred dollars should he be killed or receive an injury which results in death. There have been losses for injuries paid in New Berne before but Mr. Styron's is the first death loss.

The money for this insurance does not come either out of the State or the people of the State.

The fire insurance companies doing business in the State who had been paying about \$3,500 taxes to the State agreed a few years ago to pay double the amount they had been doing and to let the additional \$2,500 be set aside for the benefit of the volunteer firemen who were fighting for their interests.

**Northern M. E. Church Appointments.**  
Rev. W. Q. A. Graham P. E., and Principal of Marshallburg Academy passed through last night returning home from Concord when he has been attending the conference of the Northern Methodist church. The following are the several pastoral appointments made for this region.

Rev. C. F. Castevens, Morehead City; J. H. Patterson, Bethlehem, J. L. Stevenson, Havelock mission, J. H. Fine, Swansboro; W. E. West, Oenoke; U. S. Crowder Kinnekeet.

Of these Rev. Mr. Castevens and Rev. Mr. West are sent back to their old charges. Messrs. Stevenson and Mr. Fine are new comers, they are from the western part of the state; Rev. W. E. West who was at Swansboro last year has been transferred to Transylvania; and Rev. N. M. Cooper who was at Wildwood goes to Haw river.

**The New A. & N. C. R. E. Cars.**  
Ten of the box cars just purchased by the A. & N. C. R. R., have arrived and the other seven are to arrive the latter part of the week. These seventeen cars are as good freight cars as are built; they are of 60,000 pounds capacity—the standard is 40,000—their length inside is 34 feet; width, 8 feet 2 1/4 inches; height, 6 feet 8 1/2 inches, and they are substantial and convenient in every way. They are provided with extra doors to make them suitable for loading with coal, etc.; these doors will also make them suitable for stock cars as they give sufficient ventilation for that purpose.

The cars were built on a special order by the Basic City Car Works which went into the hands of a receiver some months back. Not having been finished in time there was a failure to deliver to the railroad they were intended for and as a consequence the old mallet road secured them at a great bargain, about \$3,500 less than the purchase price. They came in very opportunely too, as the road was getting in need of such cars and would very soon have had to purchase regular J. This was the road off with all of the mallet.

## MAKE THEM GIVE ACCOUNT.

**Boys and Suspicious Characters Should Not be Allowed to Roam the Streets at Night.**

About midnight Monday night a negro boy who from his size was judged to be about twelve years of age, was seen gazing into one of the show windows on Middle street. Before morning, as has been the case before, a glass in one of the windows on the street was broken and articles stolen from the window. Any night, boys, both white and colored and adults of suspicious character, can be seen on the streets until a very late hour, if not the entire night through. It has not been long since we saw small white boys both of them certainly under fifteen years of age, were seen in the post-office at two o'clock in the morning. How came they there and why were they out at such an hour? It is a shame on any parents or any persons having children under control not to keep them under better surveillance and management than that. Groups of boys can be seen on the streets many a night, not as late possibly as the two extreme ones we have just spoken of, but certainly at an hour when they belong at home in bed.

Then there are the suspicious characters strolling, loitering—perhaps they are not seeking opportunities for evil, perhaps they are, but in either case why are they allowed to roam the streets at their own will without giving account of themselves. Isn't it time that in New Berne as in many other cities, any boy or any adult who is not known should be made to render a straight account of himself that is on the streets after a certain hour, and in case he fails to do so be put under arrest? It seems so to us. If this step is taken we doubt not the breaking of store windows and petty thieving will be diminished, which of late has been occurring at two frequent intervals, will be diminished, and if it does occur the possibility of capturing the offender be increased. We believe the citizens will say, "Let it be tried."

**At Work on the Road.**  
Tuesday the improvement work on Neuse Road began. Mr. Enoch Wadsworth the supervisor will, no doubt, soon have the road presenting a different appearance from what it does now.

He has a force of seventeen hands at work at the edge of the city and a force of eight hands will begin at the railroad to-morrow each working from one extreme end towards the other.

Mr. Wadsworth is a man well qualified for the management of this work. He is himself a practical farmer who knows the need for good roads and not only know the need but knows how to construct them. He is also a good business man and in the business operations he will be seconded by Mr. J. A. Meadows the Treasurer than whom no better could be found for the place. All the members of the committee are also every one of them keenly interested. It is not a committee which leaves everything to the chairman—all hands work.

The building of such a road is something that concerns every man in the county, especially every one in the city and every one who travels over it. In constructing such a road leading to a city to bring trade for which the business man cater, every one should contribute who can, he owes it to himself to do this, and every public spirited man will do so. It is something which will benefit the whole town.

**Do not Mix Trashy Cotton With Good.**  
Messrs. Alexander Sprunt & Co., Wilmington exporters have issued a circular letter, "Important to Cotton Planters," in which they say;

"In view of the unfortunate effects of the recent storm upon the cotton fields in our district, it is of especial importance to planters that the cotton which has been blown upon the ground, as well as that which remains in the bolls, be allowed to dry thoroughly before being gathered. Do not mix wet cotton with that which is dry. The sandy and trashy cotton should be carefully put into separate bags by the pickers, and only the cleanest and whitest put into the main sack. When good and indifferent qualities are mixed, the whole sells at the price of the bad cotton, and the farmer loses by his neglect. It is, therefore, much better to sell the poor stuff for what it will bring than to sacrifice the whole picking."

ALEXANDER SPRUNT & SON,  
Cotton Exporters.

Four persons were roasted alive and two others badly burned at the farm residence of B. B. Pierce, of Wisconsin, in the town of Wilmet, near the State line, Saturday evening. Pierce's family consisted of his wife, three sons, aged 25, 29 and 34 years, and a daughter aged 18 years. All slept up stairs. The young man first noticed the fire and leaped down stairs. He then returned to arouse the others of the family but perished with his brothers and sister. The father and mother escaped with severe burns.

**Notice—Craven County Alliance Meeting.**  
Craven County Alliance will meet at New Berne, Oct. 11, at 12 m., to transact the business of the regular quarterly session and such other business as may come before it, and requests a full attendance of delegates from every sub-Alliance in the county of Craven; and all members in good standing are invited to be present.

## Barque in Distress.

(Special to JOURNAL.)  
BEAUFORT, N. C., Oct. 2.—Barque J. H. Devine is twenty-five miles north of Cape Lookout and five miles off the beach, flying colors of distress. She carried away her rudder during the recent gale.

**HAPPENINGS OF THE DAY.**

The students in the State University Oct. 1st numbered four hundred and forty-five.

Work on a limited scale has been resumed on the Panama canal. The resumption of work has been marked by no evidences of enthusiasm.

Commander George J. Tran has been designated by Secretary Herbert to take charge of the naval exhibition at the Atlanta exposition next year.

A London cable says: "Rumors are current that the government proposes to coin a British silver dollar for Eastern trade purposes."

Another British steamer engaged in the petroleum trade has been fitted with furnaces and oil jets to enable her to burn oil instead of coal for generating steam.

Mrs. Frederick Duppen, of Cincinnati, Ohio, has just learned that seventeen years ago Frederick Miller made a remark derogatory to her character, and has ordered a suit for slander.

Do you want to pay eighty cents on the hundred dollars tax for State purposes as you did in 1869-70? If so, vote for the Republican and Populist members of the Legislature. If you prefer paying 25 cents on the hundred as you have been for the past ten years, then vote the Democratic ticket.—Aberdeen Telegram.

The Board of Directors of the N. C. Insane Asylum have elected an assistant and a second assistant physician to succeed Dr. Fuller deceased, and Dr. Cobb, resigned. For the first assistant physician to succeed Dr. Fuller the Board elected Dr. J. A. Faison of Mt. Olive. For second assistant to succeed Dr. Cobb, Dr. A. S. McGeachy, of Fayetteville was elected.

At the last meeting of the Democratic Central Executive committee, Chairman J. H. Pou stated that the Democratic Hand book was ready for delivery, and that Capt. S. A. Ashe was due most of the credit for the work. Thereupon it was unanimously resolved, that the thanks of the committee be tendered Capt. Ashe for his very valuable labors in the preparation of the Hand-book.

Advices from Salisbury say that business is lively at the quarries in Rowan county. Besides operations which have been and are still in progress, Messrs. N. B. and J. C. McCasless have secured a large contract for furnishing curbing rock for Washington city. Already they have received orders for \$15,000 worth and expect other orders soon.

Japan has secured a foot hold on the Chinese coast and hunted an army of 35,000 men. The Chinese Emperors' tether-in-law is leading a strong force of Manchusians to repel the invaders. There is great disorder and but little discipline at the Chinese camp at Tien-Tsin. Chinese merchants are fleeing and European residents are taking refuge in treaty ports under the war ships of their respective countries.

This anecdote told in his speeches by Hon. W. H. Bower fully describes the Populist party: A farmer went to a marketman and told him that he had a pond on his place that had four wagon loads of bull frogs in it; that he was going to draw off the pond and catch the frogs and wanted to sell them to him. The marketman closed a trade. The next day the farmer brought to the marketman four little frogs. The marketman asked if these were samples. "No," said the farmer, "they are the crop. From the noise they made I thought there was four wagon loads, but when I drained off the water those were all I could find."—Salisbury Watchman.

**Call Number 2.**

The following is an extract from a New York special to the Washington Post: "A new element of uncertainty developed today in the throats of the indignant friends of Senator Hill, who says if ex Secretary of the Treasury Fairchild and the Cleveland Democrats put out an independent Democratic ticket that Hill will decline to run, and leave the field clear for the independents, and that Hill Democrats throughout the State will take great pleasure in burying the Fairchild proteges on election day. Senator Hill says nothing himself about the matter, and he has followed President Cleveland's example of neutrality, and declined to interfere in the local Democratic fight in this country. This means that the Hill Democrats will nominate a full ticket against that of the Herrick Democracy, since they were refused representation on it."
