Huntings Monster Show will be here October 20th.

A number of our citizens commend the proposition of not allowing small boys on the street at an unreasonable hour of night unless on business for their parents or guardians.

On the 2d inst Rev. W. C. Norman, of Wilmington was unanimously elected President of Greensboro Female college. From what has been said of him in the Wilmington papers and otherwise the selection seems to be a wise one.

Rev. Rufus Ford gave a sound discourse at the Presbyterian church last night. To-morrow night Rev. J. T. Lyon will conduct the meeting. To-night each pastor will be at his own church it being the regular prayer meeting. Mr. Vardell will preach to-night from the text "Where is thy Brother?" Gen. 4:9.

Gen'l C. A. Battle, left for quite a tour canvassing, Wednesday morning. The following are his appointments as far as made: Fremont, Wayne county, Oct. 3d; Elm city, Wilson county, Oct. 4th; Robertsonville, Martin county, Oct. 6; Jamesville, Martin county, Oct. 8; Coleraine, Bertie county, Oct. 10; Harrell's store, Bertie county, Oct. 11.

#### Coming and Going.

Several young ladies went up to Greensboro to enter the State Normal & Industrial College, Wednesday morning; they were Misses Bessie Tucker and Lena Hall of the city, Miss Annie Whitford, of Craven county, Miss Rena Conner, of Riverdale, and Misses Beulah Padey and Laura Switzer, of Beaufort.

Miss Florence Garner, of Beaufort came up yesterday morning and is visiting Miss Nellie Walker.

Mr. John D. Whitford, Jr., left to resume work with his uncle Mr. Reid Whitford on the government harbor improvement work at Georgetown, S. C.

Miss Mary Oliver has returned from Fayetteville where she has been visiting her sister Mrs. Huske.

Mr. C. R. Thomas went down to Beaufort on a business trip and will return to-morrow.

Miss Lottie Roberts who has been north perfecting herself in the millinery business and informing herself as to the latest styles, came in on the steamer New Berne and went down last night to her home in Beaufort. She will return in a day or two to fill her old place in Mrs. Bettie Whaley's Millinery establishment.

### The Joke Was Turned.

Two youths of the city went out last night with their faces browned, and rigged out in costumes somewhat theatrical, very high collars, &c., and they created a bigger sensation than they intended. Policeman Toler "pulled them in."

They attracted a crowd, not only when they were taken down to the station but afterwards. People kept coming in to view them as though they were on exhibition and to crack jokes at their expense, all of which the martyrs to fun-loving stood good naturedly. Their going out in disguise was no doubt done thoughtlessly as a joke, but such a proceeding is a violation of a State law and we believe is counted quite a serious offence.

### New Berne Cycle Club.

A New Berne Cycle Club was organized last night with Messrs. Wm. Dunn, President; J. L. Hahn, Vice Pres.; T. C. Daniels, Secretary; E. W. Chadwick, Treas. W. T. Hill, Captain; J. W. Watson, Lieut.

A committee on organization was appointed consisting of W. T. Hill, T. C. Daniels, E. E. Harper, E. H. Goldberg, and J. M. Howard, to draft all by-laws necessary and report at a meeting of the club to be held on Monday night next at 8 o'clock at the office of O. H. Guion.

A committee was appointed to see the cyclists of the city and invite them to become members of the club and to attend the meeting of the club next Monday night.

### The Boys.

It is said by some that the "Y. M. C. A." is used as an excuse by the boys and young men (and some of the old ones) of the city to get away from home at night. The excuse is a reasonable one, and any parent or guardian desiring to know whether their boys do visit the Y. M. C. A. or not, and how long they generally remain there, can learn the facts by calling on the Secretary.

Small boys are not allowed to remain longer than 9:15, and the rooms are closed about ten o'clock every night.

Warm congratulations and wishes for future happiness were showered upon the groom and bride.

### "Cotton Movement and Fluctuations."

Messrs. Latham Alexander & Co., bankers and commission merchants of New York have gotten out their annual statement of the "Cotton Movements and Fluctuations." This work is the standard on such matters and is very comprehensive. The general statement of the cotton crop in the country at large is given from 1889, and also the daily receipts at all the United States ports in 1894—4, besides the fluctuations in Liverpool and the movements in Great Britain and on the continent.

The total crop for the year ending Sept. 1, 1894 was 7,527,311 bales, the exports 5,231,494 bales, the spinners taking 2,357,300 bales leaving a stock on hand at the close of the year of 183,737 bales.

### A Colored Butcher Steals a Cow.

Policeman Henry Brinson did another piece of good detective work Wednesday the third inst, and as a result Matthew Johnson, the son of the colored Baptist preacher, Rev. John Johnson, now lies in Craven county hotel for the theft of a cow from Mr. Drew Dixon who lives about eight miles from the city.

Johnson stole the cow Monday night, brought her down and butchered her the Tuesday morning, following at the slaughter pen east of End street; took the hide and sunk it in a hole of water in Lane's Branch near where the public road crosses it, and carried the beef to his stall at the corner of Pollock and Norwood streets diagonally across from Mr. T. E. McCarthy's) for sale.

Mr. Dixon came down Tuesday hunting for his cow. He had traced her until he found she had been brought to ward New Berne, and he obtained facts enough to warrant him in suspecting Johnson; so yesterday he reported at the police headquarters, and Mr. Brinson was given the case to work up.

He went to the shop of Johnson armed with a warrant for his arrest. Johnson told very contradictory and false stories, but he at last confessed, even to where the hide was hid.

He was tried before his honor Mayor Ellis yesterday afternoon and bound over to next term of court, but failed to give bond.

This is not the first case of the kind that Johnson has been caught at. At a term of Superior court not long ago, he was tried for stealing a cow from Mr. David Williams, but was let off in that instance with paying the costs of the case and paying for the cow.

### Don't 'Monkey' With the Weather Bureau.

A recent act of Congress provides that "any person who shall knowingly issue or publish any counterfeit weather forecasts or warnings of weather conditions, falsely representing such forecasts or warnings to be those issued or published by the Weather Bureau, United States Signal Service, or other branch of the Government service, shall be deemed guilty of a misdemeanor, and, on conviction thereof, for each offence, be fined in a sum not exceeding five hundred dollars, or imprisoned not to exceed ninety days, or be both fined and imprisoned in the discretion of the court.—Ex.

### The Presbyterian's New Editor.

The Rev. James M. Rawlings, D. D., of Lewisburg, West Virginia, who recently purchased a half interest in the North Carolina Presbyterian, and who is to assume the editorial management of that paper has arrived in our city. His family will arrive in Wilmington in a few days.

Mr. John McLaurin, who has owned and ably edited the paper since the 1st of March 1877, retains a half interest and will hereafter have charge of its business management.

The new editor is a polished and cultured gentleman and comes to the work equipped with fine ability, ripe scholarship and mature judgment. Trained in theology and posted on church history, he is also further qualified to fill the responsible position of editor of a paper that is the recognized exponent of Presbyterianism in North Carolina.

The Messenger cordially welcomes Dr. Rawlings into the editorial fold of North Carolina.—Wil. Messenger.

After a conference of District leaders Wm. R. Grace stated in answer to a question as to whether another Democratic State ticket would be nominated that it appeared the leading men in their organization were in favor of it but the rank and file against it. At a meeting of the general committee of the Shepard Democracy it was decided that the ticket with Hill at the head of it should not be supported. The result was greeted with cheers which could be heard a block away.

The stockholders of the Southern Railway Company have authorized the officers to execute and deliver a mortgage to the Central Trust Company of New York, as trustee, upon and covering the railroad properties, privileges and franchises of the said company, to secure an issue of bonds in the aggregate principal sum of \$120,000,000, payable July 1, 1904, is a gold coin of the United States, with interest at the rate of five per cent. per annum, payable semi-annually in like gold coin; Of the \$120,000,000 issue of first consolidated 5s, \$78,098,373.18 will be reserved to take up the outstanding mortgage and equipment obligations, \$21,911,927.87, including \$6,000,000 for new construction, will be used now, and \$20,000,000 will be reserved for new construction after the first of January, 1904.

### Prompt Settlement.

Mr. E. B. Cox, who recently died at Newbern, N. C., had a policy of insurance in the Connecticut Mutual Life Insurance Co., of Hartford for \$10,000. In less than ten days after proof of loss was received, Mr. William H. Oliver, agent of the company at Newbern paid the family of Mr. Cox ten thousand two hundred and sixty-two 70-100 dollars. The \$262 70-100 being a monthly dividend or the insurance interest in the accumulated surplus.

Cost of the Policy.—This policy had been in force 27 years, the premium on it was \$281.80 for 27 years: \$75.87.00 Each and every year a dividend was paid, which amounted to \$750.70

Which reduced the amount paid to \$487.80 Being \$178.90 per annum on \$10,000, or \$17.87 per annum on \$1,000.

The dividends paid by the Connecticut Mutual are larger than those paid by any other insurance company. Consequently the same amount of insurance can be obtained for less money than from any other company as shown by above statement.

WILLIAM H. OLIVER, Agt. Conn. Mutual Life Ins. Co. Newbern, N. C.

### CORBETT DETHRONED.

Fitzsimmons Declared Champion—Corbett Agrees to Fight Anybody After July 1st—Will Then Retire.

The Board of Directors of the Olympic Club at New Orleans met Tuesday and formally declared Fitzsimmons champion of the world, in the hope that it would bring Mr. Corbett around to their way of thinking! They claim to have the right to do this on the ground that the championship was won and lost in their arena, and they have the right to dis-possess it as they see fit, if the holder declines to defend it when properly challenged.

The result of this will be quite contrary to what the Club and Fitzsimmons hoped for. Fitzsimmons, as the holder of the Club's championship, will have to defend it against all comers and of course Corbett will have his underlings, Steve O'Donnell, challenge Fitzsimmons and he will have nothing else to do but accept, which will be exactly the programme that Mr. Corbett desired carried out.

On learning of the above James J. Corbett issued a statement to the public in which he says that his contracts will prevent him from fighting anyone before July 1 next. He says he will immediately post \$10,000 with David Blanchard, of Boston, as a guarantee of good faith; that he will meet all comers for one week after July 1st next. He declares that he will fight one man every night during that week, and then retire permanently from the ring.

He concludes by saying that he will fight Fitzsimmons first, and after him first come first served, no weight or color barred.

### HAPPENINGS OF THE DAY.

A heavy snow storm is now in progress in Louisville, Colorado, and west of there, it is exceedingly cold.

Fred Douglas emerged from obscurity the other day long enough to say that neither party cared anything for the negro, except about election time.

The footpads who frequented Chicago during the World's Fair are now apparently doing a thriving business in New York city.

The man who argues politics is had enough, but he adds to his offense if he falls afterward how he triumphed in the argument.

The schooners Laska and Selene, owned by John E. Brooks and Mr. Henderson, of the Anchor Line, propose to race across the Atlantic. The start to be on Christmas day. The stakes \$5,000.

What seems to be the oldest woman in the State is Mrs. Sarah Curwell, of Parke county, who is 105 years old. Her father fought at the battle of Kings Mountain.

The coffee crop of 1894 is estimated at 12,500,000 bags, the largest in the annals of the trade and 2,000,000 bags in excess of the consumption. A drop in prices is expected.

A dispatch from Hamburg says that Dr. Oertel, of the Hygienic Institute, of that city, has died from Asiatic cholera, resulting from an experiment with water taken from the river Vistula.

A special from Brunswick, Ga., says: It is rumored that the Jekyll Island Club has been offered \$1,000,000 for their clubhouse and island, near Brunswick, by Phil. D. Armour, the Chicago hog king.

The kidnapping of two children is reported at Washington city. They were sons of Mrs. A. H. Glennon who had parted from her husband Dr. Glennon a surgeon of the Marine hospital service. The kidnapping was done by four men who burst into Mrs. Glennon's apartments at night, it is supposed by instruction of her husband who wants a divorce from her. He charges her with infidelity.

The Louisville Courier-Journal proves that at present prices the sugar planters of Louisiana can clear \$50 per acre. And yet they are making the country tired crying for protection and say they are going to the Republican party to get it.

Let them go. The Democrats will ever oppose taxing the farmers who raise cotton corn and tobacco, and have a hard time to make both ends meet, in order to make the Louisiana farmers independently rich.

### BLOWN TO ATOMS.

A Burglar Proof Safe Wrecked by Crooks—Paper Money Torn to Pieces—Vault a Wreck.

A guaranteed burglar proof safe in the fire proof vaults of the State bank at Medford, this county, was blown almost to atoms yesterday morning by a tremendous charge of nitro glycerine. The crooksmen forced the vault locks without difficulty. The safe contained \$5,000 in gold coin, \$800 in paper currency, \$400 in silver coin, and \$2,600 in school district bonds, payable to bearer. The paper money was torn into bits and the coin was battered and bent and scattered to the four winds.

Nineteen of the bonds have been recovered intact, the rest being destroyed or stolen. Fifteen hundred dollars in the battered coin was recovered. It is presumed the burglars got the rest. The interior of the vault looks as though it had passed through a bombardment. A ton of scrap metal lies upon the floor and is imbedded in the walls and ceiling. The boxes were riddled by flying bits of metal and \$131,000 worth of mortgage deeds are almost destroyed. The bank estimated its loss at \$4,000.
