YOUNG LADY IS PAINFULLY HURT

Miss Grace Stewart Thrown From A Horse Yesterday Afternoon.

HEAD STRUCK SIDEWALK

Escape From Fatal Injury Seemed Miraculous To Spectators.

Miss Grace Stewart, a daughter of Mr. and Mrs. J. W. Stewart, was painfully injured yesterday afternoon when she was thrown from a horse in front of her home on Pollock street.

Miss Stewart had taken the horse, which is owned by her father, and had gone out for a short ride around the city. After riding around for a short time she decided to return and came down Pollock street at a pretty fast clip. Reaching the driveway which leads from the street to the stables at her home, Miss Stewart attempted to turn the horse into it. In some way she became overbalanced and was thrown to the sidewalk which she struck with great force.

When several persons who witnessed the accident rushed to her assistance they found her unconscious. She was placed in a chair on the piazza at her home and a physician was hurriedly summoned. Before the latter arrived, however, she had recovered consciousness but was dazed, and for some time could not remember what had happened to her.

In falling the back of Miss Stewart's head struck the ground and in making an examination of her injuries the physician found that the worst injuries were at this point. No bones were broken but she was badly bruised.

It was learned at the Stewart home late last night that Miss Grace was resting about as well as could be expected under the circumstance and that the attending physician did not think her injuries would prove to be very serious.

WON HEALTH BY WALKING TOUR

HERBERT HOOVER CROSSED THE CONTINENT TWICE IN 322 DAYS.

New York, Sept. 2.—Herbert H. Hoover, who double-crossed the continent in 322 days, narrowly escaped arrest when he arrived here at the completion of his long journey. His long hair and ragged clothes attracted the attention of a policeman, but after the officer had seen letters from chiefs of police of towns all the way across the country which the pedestrian carried within him he respectfully directed Hoover to police headquarters, where Hoover told his story.

The walker said that by tramping to San Francisco and back he had won a wager of \$1,000, but that his principal purpose in making the journey on foot was to improve his health. In this he was successful. When he started he weighed only 104 pounds. Now he weighs 140 pounds and is in the pink of condition.

Hoover's home is in Newark, N. J. He is 21 years old.

Nonsense Says Vanderlip.

New York, Sept. 1.—F. A. Vanderlip, president of the National City Bank, was told over the telephone at his home in Scarsdale, of the attack which Senator Owen makes in his statement against the National City bank. "He said:

"It is all perfect nonsense that this bank is leading a movement against the currency bill. I have made some criticism against the bill, and intend to make other criticism if I see fit."

SAY POLICEMAN IS HIGHWAYMAN

NEW YORK OFFICER ARRESTED AND STRIPPED OF SHIELD, CLUB AND GUN.

New York, Sept. 2.—Accused of being a highwayman, Patrolman James F. Brady, of the East Fifty-first street Station, was stripped of his shield, club and gun and put in a cell in his own station.

The arrest was made under dramatic circumstances by James F. Dillon, Fourth Deputy Police Commissioner, who for many hours had investigated an amazing charge made against Brady by John Robinson, a bartender, of 49 Prospect place.

Robinson said Brady told him there was trouble in a hallway at 250 East Forty-third street, between 12 and 1 o'clock yesterday morning and sought his help. Robinson went in to the hallway and says Brady attacked and robbed him there.

The Deputy Commissioner learned Robinson had an excellent record and is known as a man who never drinks to excess. Policeman Brady has been with the department only 14 months. He is 35 years old.

MUSICAL COMEDY AT THE ATHENS

TEN PEOPLE IN COMPANY PLAYING THERE ALL NEXT WEEK.

Patrons of the Athens Theatre have in store a rare treat during the approaching week. Managers Lovick and Taylor have secured the Southern Beauty Musical Company for an entire week's engagement. This company is composed of ten people, mostly girls, and bears the enviable reputation of being the best musical comedy aggregation on the road this season.

The company played in Atlanta a few weeks ago and the following item regarding their work is taken from the Atlanta Footlight:

"One of the best known tabloid musical comedy companies playing the Southern territory is the Southern Beauties. This company holds the distinction of having played twenty-two weeks under the management of the United Booking Offices, and have contacts on hand which will keep them busy for a long time to come. Mr. Bernard Tassell is producing manager of this company, and unlike most companies of this kind, he does not depend on

"the usual nigger acts," but is playing all script plays. Miss Hazel Young, the star and leading lady with the company, is pretty, graceful, and, judging from the local press reports on the show, she became popular soon after the opening of the Southern Beauty Company in any theatre. It is companies like this that will do the great things in raising the standard of popular priced houses. The day of horse play, and suggestive lines is past, and the public demands more and more talent every day, and only such ability as this company possesses, together with hard, conscientious work on the part of every member of the cast, can appease them.

"It may be said of this company that they never attempt a bill which every member is not thoroughly up in, and for this reason they not only give satisfaction to the public, but greatly assist the management of the house in which they are playing to build up a reputation, which, in the last analysis, is the only true asset a theatre possesses. "The managers of the Athens have not had vaudeville acts at their theatre during the summer months, but from now on their patrons may rest assured that they will have an opportunity of seeing some of the best and highest priced acts which can be secured.

The longest line does not always get the biggest fish.

HEAVY STORM IN NEW BERN

WIND BLEW 65 MILES AN HOUR WATER FRONT IS SUBMERGED

A storm of cyclonic intensity and the worst seen here since the memorable storm of 1899, struck this city last evening about 7 o'clock. As the night wore on the wind, which was blowing a gale from the Northeast, increased and at midnight it was blowing at a velocity of sixty-five miles an hour.

At 1 a. m. the streets near the water were submerged and owners of business houses were moving their goods to places of safety. At 2 o'clock the water had risen several inches higher and at 3 o'clock it was still higher.

Electric wires were broken down and this necessitated the cutting off of all electric current and complete darkness intensified the storm's ravages. With the cutting off of the power the Journal's Monotype Machine was put out of commission and numerous important articles are omitted from today's paper on this account.

Just how great is the damage wrought by the storm is not known at this hour but it is believed that the wind and water combined have played havoc.

HEART DISEASE CAUSED DEATH

CORONER'S JURY HOLDS INQUEST OVER REMAINS OF DEMPSEY JONES.

At 3 o'clock yesterday afternoon the coroner's jury composed of Jake Hartsfield, Oscar Kafer, Thomas Daniels, George Wood, Charles Ellison and M. D. W. Stevenson, who on the previous afternoon accompanied Dr. Raymond Pollock to a point near W. F. Foy's home, about seven miles from New Bern, where the dead body of Dempsey Jones had been found earlier in the day, assembled at the

coroner's office and held an inquest.

There was no indication that Mr. Wood had met with foul play of any kind and the verdict rendered by the jury was to the effect that the death of the deceased was caused by an attack of heart trouble. Mr. Jones remains were interred in Cedar Grove cemetery yesterday afternoon at 3 o'clock.

WOMAN ANSWER

Washington, Sept. 2.—At a meeting held by women suffragists at the Columbia theatre Dr. Anna Shaw answered Senator Benjamin R. Tillman's speech against equal suffrage. In comparing South Carolina with other States, Dr. Shaw said that Senator Tillman should think before he speaks. His State the suffrage speaker said, has no compulsory educational law, and it ranks third in illiteracy. It has no child labor law, no woman's labor law and no white slave law, she declared.

ARMY AVIATORS ARE IN DEMAND

HANDSOME CERTIFICATES AND BADGES SPECIAL INDUCEMENTS.

Washington, Sept. 2.—Scarcity of army officers volunteering for the Aviation Corps has called out an appeal from Brig.-Gen. George P. Scriven, chief Signal officer.

The announcement yesterday that France was about to recruit its aerial squadron on an unusually extensive scale gave an added impetus to the decision to strengthen the United States Army's force in this direction. At present there are 10 vacancies in the squad with no recruits in sight.

General Scriven says frankly in his appeal that while married men are not barred from this branch of the service, bachelors not over 30 years of age are preferred. As an added inducement why youthful bachelor officers should seek entrance to the air service, the head of the Signal Corps declares:

"The military aviator will receive a handsome certificate, signed by the Secretary of War and the chief signal officer, and under existing regulations wears a badge indicating that he is a military aviator."

However, aspirants, for the "handsome certificates" and the "badge" are informed they must have "excellent eyesight, good hearing, endurance, quickness of action and presence of mind."

With these requisites there is no telling how high the aviator may rise in the service or the air.

TWO YEARS FOR KILLING LOVER

Jury Returns Verdict Of Manslaughter In Case Against Emmeline Murphy.

CRIMINAL SESSION CLOSES

Civil Cases To Be Taken Up This Morning By Judge H. W. Whedbee.

Judge Harry W. Whedbee, of Greenville, who is presiding over the term of Craven county Superior Court which is now in session, believes in doing things as speedily as possible and this accounts for the fact that yesterday afternoon he concluded the criminal docket for the term, after having been on it only two days during which time two murder cases were disposed of, and today the civil cases will be taken up.

The most interesting case taken up yesterday was that in which Emmeline Murphy, colored, was charged with killing her sweetheart, Golden McCray. Journal readers will remember that the Murphy woman shot McCray late one Saturday afternoon in the servant's room at the Gaston Hotel where she was employed as a chambermaid. Several hours were consumed in the hearing of this case, but after being out only a short time the jury returned a verdict that the defendant was guilty of manslaughter and she was sentenced to a term of two years in the State's prison.

There were two bills of indictment against James Joyner, the first charging him with carrying an concealed weapon and the other with an assault with a deadly weapon. Judgment in the first was suspended and in the second the defendant was sentenced to serve for six months on the county roads. Laura Croom submitted to a charge of an assault with a deadly weapon and judgment was suspended upon the payment of the costs of the case. There were several minor matters disposed of just before the close of the day's session, and at the close of these Judge Whedbee closed the criminal session.

This morning the civil cases will be taken up. The following cases are on the docket for today and the remainder of the week.

Fenner vs. Fenner, Gray Company vs. Jacobs and wife, Lancaster et al vs. Jackson, Wood vs. McMillan, Goulding vs. Rowe, Daniels vs. Styron.

The sympathetic acting and staging make a charming play of this interesting Edison Comedy. All next week "The Southern Beauties," Musical Comedy Co. 10 performers, 6 Ladies, 4 men. A chorus of dainty, darling, dazzling, daring dancers who can sing. They have played return engagements in many cities in this state recently to packed houses. We have seen them and know what they can do.
