FREIGHT CARS TAKEN OFF EX-PRESS TRAINS.

Effective Sunday, August 24th the Norfolk Southern Railroad will put into effect a new schedule for the night passenger trains between Raleigh and Norfolk. The change will shorten the running time between the two points approximately forty-five minutes. The most important feature of the new schedule will be that the train leaving Norfolk at 9 o'clock at night and also train leaving Raleigh at 9:30 p. m. for Norfolk will not have any freight cars in their make-up as has been the case heretofore.

The night train from Norfolk will arrive 6:30 a. m. instead of 7:15 a. m. Passengers will be allowed to remain in sleeper until 7:30 a. m. so that they will not be inconvenienced.

The night train to Norfolk will leave Raleigh at 9:30 instead of 9 o'clock as at present. The day train will arrive Raleigh at 7:45 p. m.

The Railway officials consider the elimination of the freight cars from the night express the most important part of the improved schedule. Beginning Sunday also the day trains between Raleigh and Norfolk will make a dinner stop of fifteen minutes at Edenton instead of stopping only ten minutes there as now. As restaurant is close to the station passengs will be enabled to enjoy a mid-day me where now they have only time to natch a sandwich.
