## G. A. R. VETERAN EXPRESSES REGRET

Northern Soldier Whose Father Is Buried Here Has Friendly Feeling for Southerners

MAKES INTERESTING SPEECH

Injustice Done Confederate Veterans Last Week at Chattanooga.

(Special to the Journal)

Newark, Ohio, Sept. 25.—Capt. J. L. Styrton, formerly of Newark, but now of Columbus, is in the city, and yesterday afternoon attended the G. A. R. open meeting, where he made an address. Capt. Styrton, who last spring was at New Bern, hunting for the grave of his father was reared royally by the people of the South, deeply felt that an injustice was done the Confederate Veterans in refusing to permit them to march in the parade at Chattanooga and so expressed himself in his talk. At the conclusion of his address he offered resolutions expressing regret at the action in not permitting the Confederates to march, which were adopted.

Captain Styrton said:

"Comrades of the G. A. R.:

"I am no speaker and you must not expect a speech from me.

"We should be thankful to our Heavenly Father for being permitted to be able to be here today. When we look back to the dark days of '61 to '65 and realize what this country suffered by reason of war—and realize the large number of brave men on both sides of the conflict who gave up their lives during the terrible struggle, we should feel that we were spared, for some good cause, and what better cause could we be engaged in than "brotherly love"—and endeavor to wipe out any and all feelings of animosity or enmity between the people of the north or the south—I do not think there is one particle of animosity existing between the intelligent class of either north or south. My experience in the south during my recent visit there is ample proof of my belief—the courteous reception extended to me by the best citizens in North Carolina, where I assisted in raising a regiment of infantry for the Union Army which was recruited in the cities and towns where I visited, and my father, who was a captain in the United States Navy was wounded at the second battle of Roanoke Island in 64 and died from the effects of the wound at New Bern, N. C., June 16, 1864, and is buried in the National cemetery there, and myself were well known as being very strong in defense of the Union cause. If there existed any ill feeling I certainly would have been ostracized and "snubbed"—but far from it. I was received with open arms and entertained at the homes of the best citizens of the various cities where I visited and the most enthusiastic to entertain me were veterans of the Confederate army.

"Comrades, the war ended in 1865, and I am yet to hear one Confederate soldier say anything but what he was glad the war ended just as it did. They realize that the war was necessary in order to make our flag a more 'truthful flag'—the land of the free, and home of the brave. And comrades feeling as I do and knowing as I have said the feeling of the southern people toward us here in the north, and learning of the unjust and indiscreet acts at Chattanooga of some unthoughtful person or persons in refusing the Confederate soldiers and the aides, who were invited by the members of the G. A. R. to participate in the parade there, I most respectfully suggest that we here assembled introduce and pass resolutions condemning such action and offering the Confederates our regrets.

**MRS. WM. HOLLISTER SUFFERS STROKE OF PARALYSIS.**

Mrs. William Hollister, who resides at the corner of Broad and George streets, suffered a stroke of paralysis early yesterday morning. A message from her home last night was to the effect that she was much improved. Mrs. Hollister has been spending the summer in the Western part of the State and only returned home on last Tuesday night.

One nice thing about a summer vacation is the way you can go home and rest up after it is over.

## MALARIA EXPERT COMING AGAIN

Dr. Henry R. Carter Is To Pay Another Visit To Eastern North Carolina.

HE WILL DELIVER LECTURES

Itinerary Includes Kinston, Morehead City, Jacksonville And Other Places.

Several weeks ago Dr. Henry R. Carter, a Government expert on malaria, visited Eastern North Carolina and made a study of the malarial condition of this section after which he pointed out to the health authorities the spots where the malarial mosquitoes breed, and explained to them how these germ carriers might be exterminated.

Dr. Carter spent two days in New Bern studying the conditions here and before leaving, made a very interesting address on his findings while in the city and his suggestions to the health officers have already been put in effect and much good is expected to result from them.

Hon. Jno. M. Faison, Congressman from the Third District, has arranged for Dr. Carter to again visit this section. The following letter in regard to this matter was received yesterday by the Journal from Congressman Faison:

"I have just arranged with Dr. Rupert Blue, U. S. Surgeon General, for Dr. Henry R. Carter, Expert on Malaria in the U. S. Public Health Service, to investigate malaria and malarial mosquitoes and lecture on these and general sanitation at Kinston, Morehead City, Jacksonville, Wilmington and Clinton.

"His work will begin about the 1st or 2nd of October and he will finish this itinerary about October 15th. He will visit these towns in the order named above or in the reverse order.

"I will thank you to put a notice in the next issue of your paper, stating that I have made this arrangement and urge the people to hear this distinguished physician and expert on this very vital question. It means so much to our people in Eastern North Carolina and everybody should avail themselves of this opportunity to become better informed on this subject."

While Congressman Faison's letter does not mention the fact that Dr. Carter will visit New Bern during his itinerary, it is more than probable that he will spend a day or two in the city while in this section and may deliver another lecture.

**WILL BE TAKEN TO RESCUE HOME**

THE SALVATION ARMY IS TRYING TO REDEEM KINSTON YOUNG WOMAN.

Captain Satterfield, commander of the local branch of the Salvation Army, left last evening for Kinston where today he will raise funds to be used in defraying the expense of taking a wayward girl of that place to the Army's Rescue Home at Greenville, S. C.

This case is a pathetic one in the extreme and the Salvation Army is exerting every effort to redeem this unfortunate girl and the citizens of Kinston have already promised to give Captain Satterfield assistance in any possible way. He will spend today in that town and return to New Bern tomorrow and will probably take the young woman to Greenville on Monday.

The rescue work done by the local branch of the Salvation Army is attracting the attention of the public of this section and their efforts are receiving the commendation of all. During the past few months a number of young women who were on the road to ruin have been rescued and taken to the Army home at Greenville, and very encouraging reports have been received from the management in regard to their deportment after being entered there.

Attmore Brabble who came here several months ago to accept the position as manager at the Gaston Hotel, returned last evening to Rocky Mount to resume his duties as manager at the Ricks Hotel at that place. Mr. Brabble has made many friends since coming to New Bern and they regret his departure.

## NEW MOTOR VEHICLES WILL BE PURCHASED

Representative of Glenburnie Transportation Company Goes To New York Next Week To Select Vehicles For New Line—In Operation Soon

Some time during the approaching week, probably Tuesday or Wednesday, W. C. Willett, one of the incorporators of the Glenburnie Transportation Company, a New Bern company which was granted a charter on last Wednesday to operate a motor vehicle and boat line in this city, will leave for New York where he will inspect and purchase several large motor buses which will be used by this company.

In organizing this company the promoters had in mind the matter of affording the public some speedy and satisfactory method of getting to and from the Fair grounds at a nominal cost. Since the last Fair there have been numerous events held at the Fair grounds and in the future there will be many others and the public naturally desires some way in which to reach the grounds without any delay, and in the motor line which the new company will put into service soon, this long felt want will be gratified.

Just what type of motor bus will be purchased has not been definitely decided upon. However, they will probably be similar to those used during the last Fair, only larger and more comfortable.

In addition to the operation of the motor line, the company will also operate a line of boats between the city and the Fair grounds and the majority of the freight will be transported on these. The stockholders in the new company state that the line will be in operation by the latter part of next month, in time for the approaching Fair.

## LITTLE PROGRESS MADE IN SULZER IMPEACHMENT

Court In Session All During The Day and a Number of Witnesses Were Examined But There Were No Sensational Developments

(Special to the Journal.)

Albany, N. Y., Sept. 25.—Although the impeachment proceedings against Governor Sulzer were in progress all during today, but very little progress was made.

Charles A. Stadler, president of the American Maltng Company, this afternoon told the court that he had been sent to Tammany Hall by William Sulzer to bargain for the nomination for the Governorship.

Stadler, testifying further, declared that he had collected large sums of money for Sulzer's campaign fund from the brewers and liquor dealers of the State of New York.

Jacob H. Schiff, the New York banker who was placed on the stand yesterday, was recalled. Mr. Stanchfield

sought to make the banker explain how his campaign contribution of twenty-five hundred dollars could be diverted to Sulzer's personal use in face of expressed notation on the face of the check showing that it was to be used for campaign purposes alone. Schiff's replies were not satisfactory to the Sulzer opponents and he was told to stand aside.

Louis A. Sarecky, confidential secretary to Governor Sulzer, was found today by subpoena servers and late this afternoon was brought into the anteroom adjoining the court, but was not called upon to give any evidence.

Richard Croker, jr., appeared today and it is expected that he will testify against Governor Sulzer.

## VIRGINIA GUARD WON FIRST PRIZE

HORSE TRAINED ON LOCAL TRACK TOOK FIRST PLACE IN EXCITING RACE.

A telegram received here yesterday from North Wilkesboro, N. C., carried the information that Virginia Guard, a race horse owned by Sheriff Reed of Elizabeth City, and which has been in charge of trainer C. W. Bush at the Fair ground stables for several weeks, had won the first prize in a big race held here yesterday morning. The horse was driven by Pete Draney of this city.

Billy Boy, owned by A. B. Cox, of Cove City, and another one of the horses which has been undergoing training at the local track, won the second prize. Trainer Bush drove Billy Boy in the race. Several horses which have been at the Fair ground track for several weeks left here last Saturday for the Western part of the State where they are to be entered in several races.

Next week the horses will be taken to Winston-Salem for a race at the Fair ground track and after leaving that city they will go to Virginia for several races, returning to New Bern in time to participate in the races during the approaching Fair.

**NEW BERN DELEGATION RETURNS HOME.**

The following gentlemen returned yesterday from Raleigh where they had been to protest against the discrimination against this section by the railroads of the State by giving the inland towns a reduction of twenty per cent. in freight rates.

Postmaster J. S. Basnight, C. L. Ives, E. K. Bishop, J. Leon Williams, L. G. Daniels, Nelson Angell, Charles R. Thomas, R. A. Nunn, W. D. McIver, W. L. Lewis, B. B. Hurst, T. G. Hyman.

Speech is used by lots of people to conceal that they think.

## TORPEDO BOAT TO BE RETURNED

The Foote Will Soon Be Located Again at This Port.

IS NOW AT ELIZABETH CITY

Machinery Which Broke Down Year Ago Has Been Repaired.

On Saturday night, October 4, the New Bern division of the North Carolina Naval Militia will sail on board of their training ship, the Elfrida, for Elizabeth City, where they will take charge of the torpedo boat, Foote, and tow her back to this port.

The Foote was for several months located at New Bern, but last October was taken to Elizabeth City for the purpose of bringing to New Bern the Naval Militia at that place to participate in one of the military events at the Eastern Carol na Fair. After reaching Elizabeth City some part of the machinery was broken and several weeks elapsed before this was repaired. Since that time the vessel has remained at Elizabeth City.

The Elfrida was recently brought back from Norfolk where she had been undergoing repairs and will in the future remain here. The revenue cutter Pamlico is now at Baltimore being repaired and being equipped with wireless and will probably return to New Bern about October 15. With these three vessels in port, New Bern will be well equipped with Government vessels.

**GOVERNOR CRAIG'S MESSAGE READ**

NO ACTION HAS BEEN TAKEN BY LEGISLATURE ON RATE QUESTION.

(Special to the Journal.)

Raleigh, Sept. 25.—Nothing important today was done on the rate question except the reading in the legislature of Governor Craig's message favoring the acceptance of the proposition.

It is impossible to forecast what action the legislature will take in the matter.

**BAND INSTRUMENTS SHIPPED.**

Money Must Be Secured To Pay For These.

The instruments which were ordered several days ago for the members of The Peoples Band, New Bern's new musical organization, have been shipped and are expected to arrive here on Wednesday of next week.

These instruments must be paid for at once and the band members have decided to make a vigorous campaign among the business men of the city for the purpose of raising enough money to defray this expense. About one hundred dollars has already been subscribed but a much larger sum is needed and the citizens are urged to contribute when called upon by the band members.

This band will be a credit to the city and every New Bernian is proud of the organization.

**BILLIARD PLAYER HERE.**

Was At One Time World's Champion With A Cue.

J. L. Malone, of New York City, at one time the world's champion billiard and pool player, is in the city and last night gave an exhibition of pool and billiard playing at the Elks club rooms.

Mr. Malone has travelled all over the United States and several other countries during the past few years giving exhibitions of pool and billiards. Not only is he an expert at playing a straight game of either the above games, but he has a number of trick shots that are indeed marvelous.

Tonight he will give another exhibition at the club and tomorrow night will play a game of pool or billiards with some local player, and this latter event bids fair to be especially interesting.

Even those who have an iron constitution must obey the laws and by-laws of nature.

**INVITATIONS ISSUED**

Popular Young Couple Soon to Wed.

The following invitation has been sent out:

"Mr. and Mrs. Robert Alonzo Richardson invite you to be present at the marriage of their daughter Mamie Hunter to Mr. John Dodson Kinser, on the morning of Wednesday of eighth of October, nineteen hundred and thirteen, half after eight o'clock, Christ Church, New Bern, North Carolina."

"At home, 4032 Magnolia Avenue, Tampa, Florida."

No cards in the city.

It's usually the fast young man who is left at the post.

## BLANKS SENT OUT BY STATE SUPT.

J. Y. Joyner Forwards Supplies For Itemized Statement Of Six Months School.

THE LAW LIMITS AMOUNT

County Superintendent S. M. Brinson Also Receives Attendance Cards.

S. M. Brinson, County Superintendent of public schools, yesterday received from J. Y. Joyner, State superintendent of public schools, blanks which will be used for the itemized statement of funds needed for a school term of six months on a basis of teachers salaries, to be submitted to the State Board of Education on or before December 1, duly sworn to; this apportioned on the basis of salaries of teachers actually employed. The law limits the amount which can be paid from this fund to not over \$40 a month to the first grade teachers, \$30 to second grade and \$20 to the third grade.

The board, however, is not limited to these amounts in fixing monthly salaries for the four months or more provided by the county, but irrespective of the salaries paid out of the county and district funds in any particular district, the schools in that district must be run for the additional period designated for which salaries are allowed and apportioned from the equalizing fund.

To illustrate: If a teacher has been legally employed in a district at a salary of \$50 per month for four months or more for which funds have been provided by county and district apportionment and an apportionment of the maximum salary of \$40 for salary of said teacher for an additional month is made from the State equalizing fund, then the teacher must teach the additional month for a salary of \$40, unless the additional \$10 is provided by local taxation, private subscription, or otherwise. The county superintendent cannot legally approve the teacher's voucher for salary for a less period than the designated period of one month and the use of the \$40 apportioned therefor, or any part of it, for any less period than that designated, would be a misdemeanor.

Superintendent Brinson has also received the compulsory attendance blanks from Superintendent Joyner and these are being distributed among the attendance officers in the various sections of the county and it will be their duty to fill these in with the name of every child who does not attend school and return them to the county superintendent who will then take steps to have the compulsory attendance law enforced.

**Program at The Athens Today**

Two Franks. Novelty equilibrist. You never saw better anywhere.

PICTURES. "His Better Self." An absorbing Lubin drama.

"Pathe Weekly." News from every part of the world in moving pictures.

"A Gambler's Honor." Intensely Interesting Biograph drama Matinee daily at 3:45. Show at night starts at 7:45.
