I Want More Coal

A great many pretty stoves at delightfully low prices are like Oliver Twist—always wanting more. What matters it how pretty a stove is—how small the price—if it is going to eat so much coal that you have to go into the coal business in order to satisfy it. In buying a stove this is an important thing to look after.

The Tip Top Oak Hot Blast

Is as pretty a stove as you would wish to see, and this coal feature has been carefully looked after.

Star Theatre TODAY.

"THE SPIRIT OF THE ORIENT." (VITAGRAPH.) DRAMA.
Featuring everybody's favorite, Maurice Costello. This is a splendid picture, full of mystery, very thrilling and interesting. Not a dull moment from start to finish, and much to be appreciated. Blood is thicker than water. She tries to kill her husband for the love of a man of her own race. He and she die by their own hands.

"THE FATE OF ELIZABETH." (SELIG.)
A farce founded on the attempted suppression of a risqué novel. A very clever plot, and well portrayed indeed.

"THE HEART OF A GAMBLER." (S. AND A.)
A gripping drama of the West. Full of heart thrills, beautiful mountain scenery.

"THE ENEMY'S BABY." (BIOGRAPH.)
This is a "Cracker-jack," and you will enjoy this picture very much. A laugh from start to finish.

Continuous evening performance starts at 7:45; second immediately after. Matinee starts daily at 4 o'clock, continuous to 6 o'clock.

The Patrons of the 'STAR' may always be assured of the "best obtainable pictures."
