## THE MAN HUNT IS IN PROGRESS

Officers Of This Section Are Searching For Lenoir County Convicts.

### SIX ARE STILL AT LARGE

Negroes Apprehended At Maysville Were Not The Ones Wanted.

When five unknown negroes walked into Maysville yesterday morning and began to inquire if they could secure work in that town, the citizens felt sure that they were five of the ten men who early last Sunday morning overpowered the guards and escaped from the Lenoir county chain gang. This suspicion grew stronger when the men said that they had walked through the country from this city and were enroute to Wilmington. Deputy Sheriff L. T. Gillette called up the Lenoir county Sheriff, who was in New Bern, and asked him if he wanted the men arrested and brought here for identification. The Sheriff felt sure the men were the ones he was in search of and asked that they be placed under arrest and this was done.

Yesterday afternoon the five negroes were brought to New Bern, but they proved not to be the ones wanted and were released from custody. The five negroes have been working down in Pamlico county and were enroute to their homes at Wilmington.

That one or more of the fugitives are now in New Bern is almost a certainty. Monday night a shotgun and shells were stolen from O. H. Wetherington's store, at Tuscarora, by the escaped convicts, and yesterday morning Policeman A. L. Bryan found a number of the shells in a deserted house in the northern part of the city. A pair of old shoes and some cast off wearing apparel was also found there and the police firmly believe that one of the negroes spent the previous night there.

Four of the ten who escaped have been captured and it is probable that the remaining six will be taken in a day or two as every avenue of escape is being closely watched.

### IMPRESSIVE FUNERAL YESTERDAY AFTERNOON.

The last sad rites over the body of the late C. R. F. Edwards who died last Saturday night at his home at Roper, N. C., were conducted from Centenary Methodist Church by Rev. J. B. Hurley, the pastor.

At the grave the Masons, of which order the deceased was a member, had charge of the ceremonies. Many beautiful floral offerings attested the esteem in which the deceased was held by his friends and acquaintances.

## NEW BERNIANS GO TO RALEIGH

LOCAL DELEGATION WILL ATTEND SESSION OF THE LEGISLATURE TODAY.

C. D. Bradham, Charles R. Thomas, T. G. Hyman and L. H. Cutler, Jr., left last evening for Raleigh where they will attend the session of the Legislature at which time the matter of the sale of the State's stock in the Atlantic and North Carolina Railway Company will be decided upon.

E. Carl Duncan and others have made the State an offer to purchase its stock for seventy-five per cent. of its par value. In order that this sale can be made it will be necessary for the legislature to pass an act authorizing such an action.

The New Bern Delegation will also bring before the Legislature again the objection of New Bern and other coast cities to the proposed action of the railway companies to grant the inland towns a reduction of twenty per cent. in freight rates while New Bern and the other cities and towns, with waterway facilities, gets no reduction. The delegation will ask that some reduction, if not the whole amount, be given.

Today being a Jewish holiday many of the stores in this city will be closed during the day and also tomorrow. Among these will be Mrs. B. Allen's establishment.

## THE NEW BERN SCHOOLS OPEN

Largest Attendance In The History Of This Institution.

### SUPERINTENDENT IS PLEASED

Expected That Enrollment Will Reach Eight Hundred And Fifty Mark.

Surpassing all previous records for attendance, the New Bern Graded Schools were yesterday opened for the fall term. Eight hundred and twenty-three pupils were enrolled and it is expected that before the end of the week the enrollment will be increased at least twenty-five more.

For several days Prof. Craven, the able superintendent of the schools, and his corps of assistants have been getting in readiness for the beginning of the term and there was not the slightest hitch in the first day's session.

Although the parents of the pupils had been given ample warning that no child would be admitted who had not been successfully vaccinated during the past five years, there were twenty or more pupils who came to school yesterday who had not complied with this requirement. These were not allowed to enter and were sent home to remain until they have been vaccinated. In addition to these there are a number of children out of town who probably arrive and enter school today or tomorrow.

The following statistics furnished by Prof. Craven, gives the name of the teachers in the various grades and the attendance in each grade.

10A. Mr. A. L. Williams, attendance, 7.

10B. Mr. A. L. Williams, attendance, 18.

9A. Miss Maude Hurley, attendance, 18.

9B. Mr. F. H. Kennedy, attendance, 17.

7A. Miss Bessie Summerrell, attendance, 21.

8B. Miss Appie Cahoon, attendance, 30.

8B. Mr. O. J. Rock, attendance, 23.

7B. Miss Mary Uzzell, attendance, 36.

6A. Miss Emily Ferebee, attendance, 46.

6B. Miss Janet Hollister, attendance, 31.

5A. Miss Annie Chadwick, attendance, 29.

5B. Miss Mamie Meeks, attendance, 55.

4A. Miss Varita Wallace, attendance, 67.

4B. Miss Eleanor Marshall, attendance, 31.

4C. Miss Mamie Howard, attendance, 36.

3A. Miss Fannie Howerton, attendance, 41.

3B. Miss Ruth Berry, attendance, 42.

3C. Miss Bessie Carmon, attendance, 36.

2A. Miss Sarah Richardson, attendance, 45.

2B. Miss Lizzie Hancock, attendance, 54.

1A. Miss Alice R. Bowman, attendance, 36.

1B. Miss Mollie Heath, attendance, 98.

The entire faculty is very much pleased with the present prospect for a very successful term.

### RIVER STEAMER HAS BEEN REPAIRED.

After having been on the ways for several weeks undergoing repairs, the river steamer Vanceboro, owned by Mayor T. S. Jackson, of Vanceboro, was again put in commission yesterday and made a trip to this city. The Vanceboro was damaged by fire when Redmond's wharf, at the foot of Craven street, was partially destroyed a few weeks ago.

## NEW BERN'S NEW BAND NEEDS FINANCIAL AID

Several Hundred Dollars Contributed By Public Spirited Citizens But Not Enough Money Has Been Secured

When the members of the Peoples Concert Band announced a few days ago that their instruments had arrived and that they needed several hundred dollars to get them out of the express office, they did not think that the citizens of New Bern would be so liberal in assisting them to pay for these instruments.

Monday the band boys started out soliciting subscriptions and donations and they have met with much success. However, there is still a deficit and they are asking the business men to help them cover this. Any amount, no matter how small, will be appreciated and the boys promise to give New Bern the best band within the history of the historic old town on the Neuse.

The following contributions have been received up to the present time:

City Beautiful Club, \$25; New Bern Sun, \$25; Clyde Eby, \$25; E. B. Hackburn, \$25; Wm. B. Blades, \$25; Pepsi-Cola Co. and Bradham Drug Co., \$25; Jno. M. ## WILL SELL MORE STOCK IN NEW COTTON MILL

Only Few Thousand Dollars Needed Before New Enterprise Will Be Started In New Bern—Promoters Hold Important Meeting.

J. O. DuVal, of Weldon, who is connected with the Weldon Cotton Manufacturing Company and the Shaw Cotton Mill Company of that place, arrived in the city last evening. Mr. DuVal is interested in the proposed cotton mill which is to be erected in this city at an early date and has taken five thousand dollars worth of stock.

The movement to secure stock for this mill was started several weeks ago. It was at first planned to get fifty thousand dollars subscribed before the work on the mill would be started, but after investigation it was found that this would not be quite enough money to start with, and it was decided to secure a few thousand more before taking any steps towards beginning operations.

At present about forty thousand dollars have been subscribed. During the past week or two the promoters have not solicited subscriptions, but at a meeting held last night, several committees were appointed to go out among the business men and capitalists of the city and secure enough subscriptions for stock to get the required amount of money in the treasury before actual operations are begun.

New Bern needs a cotton mill and there is not the least possible doubt but that such an enterprise would prove to be a paying investment. That those who have subscribed for stock believe that this is true is evidenced by the interest they have taken in the project.

Mr. DuVal is an experienced cotton mill man. He has been engaged in the cotton manufacturing business for many years and thoroughly understands every department of the work, and he has agreed to give any possible assistance in organizing and getting the mill in operation.

### TO GIVE DEMONSTRATIONS.

Colored Farmers To Hear Soil Expert.

J. R. Gillespie, secretary of the Eastern North Carolina Colored Fair Association Company, has received a letter from the Secretary of Agriculture at Washington, D. C., stating that this department would furnish a demonstrator to come to New Bern on Thursday, November 6, to give demonstrations and to make an address to the farmers. Thursday has been set aside as "Farmers' Day" and tillers of the soil from this and adjoining counties are expected to be present.

Secretary Gillespie had an interview with H. S. Leard, general passenger agent of the Norfolk Southern Railway Company, while he was in the city Tuesday night and Mr. Leard informed him that the company was intending to give reduced rates from all points along its line to New Bern the week of the fair and would operate special trains on two days.

You can't measure the enjoyment of others by your own.

## LITTLE PROGRESS IN SULZER CASE

New York Broker Tells What The Alleged "Dummy" Of Governor Said

### CONNECTED TO "ACCOUNT 500"

Witness Mad And Rises To Question Of Personal Privilege Before Court.

Albany, N. Y., Oct. 1.—At the opening of the Sulzer impeachment trial today Melville Fuller, a broker, was granted permission to make a personal statement to the court. He stated that he had been misrepresented in several newspapers.

"I have concealed nothing. I testified frankly and freely before the Frawley committee, although I understood—"

At this point Attorney Stanchfield interrupted, calling that comment on the Frawley committee exceeded the province of a personal statement. Judge Cullen sustained Stanchfield, telling Fuller, if misrepresented in any newspaper he had recourse to the courts. Continuing his statement, Fuller said the books of his company were correct; that no balances were forced, no items omitted or concealed in them to protect Sulzer, or any one else.

Most of the morning session was devoted to effort by the managers to show how and why Governor Sulzer rewarded his campaign Secretary, Louis Sarecky, by procuring him a four thousand dollar job in the State immigration service. They evidently did not wish to call Sarecky as a witness, unless forced to do so, and endeavored to establish their point by reading excerpts from the proceedings of the Frawley committee before whom Sarecky repeatedly refused his testimony. Counsel for the Governor objected to this line of evidence.

John Birdsey, secretary of the Civil Service Commission, testified that the commission suspended its rules at Sulzer's request, in order that Sarecky might be appointed.

Direct connection between "Account 500" and Governor Sulzer was established today, when J. E. Gray, of the stock exchange firm of Fuller & Gray, who handled the account, testified before the impeachment court that Frederick Colwell told him that the stock transactions, in the account, were for the Governor. Colwell was Sulzer's alleged "dummy."

Mrs. Timothy Connor was taken to a hospital at Richmond, Va., Tuesday to undergo an operation. She was accompanied by her sister, Miss Damie Jones and Dr. R. D. V. Jones.

Perhaps the high cost of living may be due to the people who have permitted their appetites to outgrow their incomes.

## COLORED SEAMAN GOT HIS MONEY

VANCEBORO STEAMBOAT OWNER COMPROMISES AN INTERESTING CASE.

The case in which George Wood, colored, was asking for forty-dollars as seaman's wages from Mayor T. S. Jackson, of Vanceboro, who owns the river steamer Vanceboro, has at last been settled after having been pending for several days. Mayor Jackson compromised by giving Wood ten dollars and paying the costs of the case.

Several days ago Wood appeared before United States Commissioner C. B. Hill and asked to have Mayor Jackson's boat attached for the purpose of satisfying his claim. Commissioner Hill did not care to proceed in this manner and summoned Mayor Jackson before him to hear his side of the story and after having heard this, Commissioner Hill continued the case for several days until the owner of the boat could bring several witnesses from Norfolk to testify that Wood had never been in his employ. However, these witnesses could not be secured and rather than delay the case further Mayor Jackson decided to compromise and this he did.

## WILL PUT TARVIA ON OAKS ROAD

Commissioners To Make Improvements On Much Used Thoroughfare.

### THE MATERIAL IS ORDERED

Road Leading To The Fair Grounds Will Also Be Repaired.

Trying at all times to improve the public roads of the county and make it possible for citizens to travel over the county with as much ease as possible, the Craven county Commissioners have ordered a carload of Tarvia which will be placed on the Oaks road from the National cemetery to the Oaks Farm.

This road, which is probably traveled over more than any thoroughfare in the county, has recently been widened to a width of sixty feet and when the Tarvia is placed it will be one of the best pieces of road in the entire county.

The Commissioners have had demonstrations of Tarvia paving and each member of the Board was satisfied that it was just the thing that was needed on the Oaks road. However, this road is not the only one that is to be improved in this manner. As soon as the work on that section has been completed it is planned to have other roads paved in the same manner.

After the Commissioners had made known their intention to pave the Oaks road, the stockholders and officers of the Eastern Carolina Fair Association decided that they would pave the road leading from the Oaks road to the Fair grounds with the same material and a sufficient quantity of it was ordered for this purpose. This Tarvia will arrive within a few days and the work of laying it will begin at once so that the road will be in good shape by the time the Fair is opened, the latter part of this month.

Since the Fair was first opened the road leading down to the grounds from the Oaks road has been in bad shape and traffic over it has not been all that could be desired. However, when the Tarvia has been placed it will be in excellent condition.

In order that the people living between this city and Jacksonville can attend the night performance of Barnum and Bailey's circus, which exhibits here next Saturday, the Atlantic Coast Line Railway Company have agreed to operate a late train out of New Bern. This train will probably leave this city about 11:30 o'clock.
