THE ATHLETICS PLAY RINGS AROUND NEW YORK GIANTS

Philadelphians Make Three Runs on Tesreau In the First Inning—A Regular Swatfest Was In Progress During the Entire Game

NEW YORK TEAM LOST BY A SCORE OF 8 TO 2

Fourth Game Of World's Series To Be Played Today At Philadelphia—The "Dopesters" Are Predicting A Decisive Victory For McGraw's Men

It seems as though the Giants are doomed to lose every game played on the home grounds during the world's championship baseball series. Tuesday the Athletics put it over them on the Polo Grounds and on the following day the Giants went to Philadelphia and just walked away from the enemy, not allowing them a single run.

Yesterday the conflict took place in New York and again were the Giants defeated by a score of eight to two. Tesreau and McLean composed the battery for McGraw's bunch while Bush and Schang did the pitching and receiving for the Athletics.

Tesreau seemed to be out of form and in the first inning the Athletics put three men across the home plate. In the second inning they followed this up with two more and in the seventh two more. At this point of the game Tesreau was taken out and Crandall put in, but the funeral procession had begun and the Giants were disheartened. In the eighth inning the Athletics secured their eighth run.

Bush held the Giants down remarkably well, allowing only five hits. Not a run was made until the fourth inning when one man went home. In the seventh the Giants put another man across the plate.

There are hundreds of ardent "fans" in New Bern and the majority of these are in sympathy with the Giants and there was some tall "pulling" around the bulletin board in front of the Journal office where the returns from the game were posted. Sad to say, this did not prove to be of any assistance to McGraw and his bunch.

Today the fourth game of the series will be played at Philadelphia and the general opinion is that New York will be the winner in this conflict. The game will begin about two o'clock and as usual the Journal will post bulletins and every "fan" in the city is invited to come around and get the returns as they come in.

The following is the result of yesterday's game by innings:

First Inning.	Philadelphia, 3.	New York, 0.
Second Inning.	Philadelphia, 2.	New York, 0.
Third Inning.	Philadelphia, 0.	New York, 0.
Fourth Inning.	Philadelphia, 0.	New York, 0.
Fifth Inning.	Philadelphia, 0.	New York, 1.
Sixth Inning.	Philadelphia, 0.	New York, 0.
Seventh Inning.	Philadelphia, 2.	New York, 1.
Eighth Inning.	Philadelphia, 1.	New York, 0.
Ninth Inning.	Philadelphia, 0.	New York, 0.

CAN'T UNLOCK SAFE.

Time Lock On Hamlet Bank Vault Refuses To Open

Hamlet, Oct. 8.—Rhodes and Underwood, contractors, of Wilmington, began breaking ground today for the new \$20,000 building for the Bank of Hamlet on Main street. The contract calls for completion by January 1, 1914. The building will be one story, and have all the modern improvements. It will be one of the finest exclusive bank buildings in this section. The growth of the Bank of Hamlet has been rapid. The bank has sold its present building on Main street to Langston Bros.

Tuesday night Cashier Morrow of the Bank of Hamlet, locked the time safe containing the cash on hand amounting to \$10,000. On Wednesday morning the safe refused to open. An expert was rushed from the factory and is still trying to get to the \$10,000.

FOOTBALL GAME POSTPONED.

Owing to the fact that it will be impossible for several of the players to participate, the game which was to have been played Saturday afternoon between the football team of the Ghent Athletic Association and the team of the New Bern High School has been indefinitely postponed. The date on which the game will be played will be announced later.

MISTRIAL IN THE NOAH LEE CASE

SECOND TIME THAT JURY HAS FAILED TO REACH AGREEMENT.

Noah B. Lee, of Arapahoe, was tried at yesterday's term of Craven County Superior Court on a charge of retailing spirituous liquors. This is a case that has attracted considerable attention in this section.

Lee, who is engaged in the operation of a gas boat between this city and Arapahoe, was placed under arrest several months ago in this city just after he had emerged from the express office with more liquor than is allowed by law.

He was taken before a magistrate for a hearing and since that time he has been through numerous hearings and one term of court. At the last term of court he was placed on trial but after the jury had been out for some time they failed to agree and a mistrial resulted.

Strange to say, that is just what occurred yesterday. Evidently several of the jurors are of the belief that Lee is guilty while others hold the opposite opinion and neither side will give way to the other. After being out for several hours the jury told Judge Whedbee that they could not agree and a mistrial was ordered. Once again will Lee be compelled to tell his story before a jury.

MARRIAGE ANNOUNCED.

The following announcement has been received in this city by friends of the contracting parties.

Mr. and Mrs. William A. Rourk announce the marriage of their daughter Zillah

to Mr. Henry Birdsong Sedberry, on Wednesday, October the eighth, one thousand nine hundred and thirteen. Wilmington, N. C.

PROGRAM AT THE ATHENS TODAY

VAUDEVILLE (2 separate acts)
The Great Sascha.

Violinist.

Miss Freda Mae.

Dainty Singer of dainty songs.

These acts were roundly applauded last night. They are both splendid artists.

PICTURES.

"When Love Forgives."

A feature Biograph picture—a story of a girl with grit. You will like it.

"The Robbers."

A story of great tragic intensity, acted superbly and staged with faithful attention to historical accuracy.

A feature film in every sense.

"Pathe Weekly."

All the news from everywhere in moving pictures, including Mutt and Jeff, showing where Mutt is pinched for swiping a ball at a ball game.

Matinee daily at 3:45. Show at night starts at 7:30.

SUPPOSEDLY WORTHLESS STOCK IS VERY VALUABLE

New Bern Citizens Agreeably Surprised To Learn That Wireless Telegraph Stock Is Worth One Hundred Cents On the Dollar—Large Quantity Sold Here

Citizens here will remember with a hazy recollection, and some with a remembrance of a vivid variety, of the sale in New Bern some years ago of several hundred shares of stock in the United Wireless Telegraph Co., and the subsequent discomfiture of the purchasers over the bankruptcy of the company, at which time it was thought that the money had been sunk in a bottomless hole.

Yesterday local stockholders were treated to pleasant little thrills emanating from the information carried in the circular letter from the directors of the Wireless Liquidating Co., of New York, and the purchasers of the defunct company, which stated that arrangements had been made with the Marconi Wireless Telegraph Co., of America, by which the latter should absorb the former, if two-thirds of the stockholders are willing. The eagerness with which the local holders are affixing their John Hancock to the necessary documents and shooting them back to New York would argue that they are willing—excessively so.

The United Company the original bankrupt, and the Wireless Liquidating Co., formed for the purpose, took over the assets of the former.

With all the legal entanglements and dearth of dividends from the concern the stockholders far removed from the metropolis quite naturally concluded that they had been, intentionally or otherwise "stung" by the promoters of the corporation.

It would appear, however, that the directors, in spite of the difficulties, have been pegging away for several years trying to make the company return the money invested, at least, if not dividends.

The Marconi interests were enlisted, and the prospective outcome is bright for the stockholders. The proposition is that the Marconi company buy the Liquidating Company, paying with stock of the former.

This stock as is well known, is not only good, but has brilliant prospects. In 1905 the receipts were \$18,358.29. In 1912 the receipts were \$109,943.10. In 1912 there were 227,944 messages of 3,863,098 words, 450 American ships, practically all, are equipped with Marconi wireless apparatus, and there are about 50 stations on the Atlantic and Pacific coasts.

Therefore, the stockholders feel better now than they did the day before yesterday.

STEPPED IN FRONT OF GUN--CORONER CALLED IN

Pamlico County Negro Killed Late Yesterday Afternoon. Had Been Squirrel Hunting With A Companion. May Not Have Been Accidental

A long distance telephone message received last night by the Journal from its correspondent at Kershaw, Pamlico county, told of an accident which occurred there late yesterday afternoon in which Perkins Hicks, colored, the sixteen year old son of Anthony Hicks, was instantly killed.

Hicks was killed when a load of shot from a gun in the hands of Ernest Wilson, also colored, was discharged. Hicks and Wilson had been out squirrel hunting and were returning home when the accident occurred.

In some unexplained way Hicks

got in front of the weapon just as it was discharged and the entire load of shot entered his head.

Whether the killing was accidental is not definitely known. Hicks and Wilson had not been the best of friends during the past few weeks and there are many who think that the gun was not accidentally fired.

However, Wilson has not been placed under arrest late last night and it is probable that no action will be taken until the coroner makes an investigation of the case.

CHICAGO WOMAN LURED TO DEATH BY NEGRO

Art Students Watch, Pawned By Murder Is Found By the Police—Alleged Slayer Denies Knowledge Of Affair

Chicago, Oct. 9.—That a negro who made it a practice to lure young women to death or attack through advertisements he or they inserted in newspapers offering or seeking positions, murdered Miss Ida G. Leegson, art student, teacher and former student at the University of Chicago, became a certainty today when the watch of the dead woman was found in Nierman's pawnshop, Twentieth and State streets. It has been pawned by a copper colored negro on Sunday, the day the teacher's almost nude body was found in a lonely spot on the western city limits.

The case is almost identical with that of Mrs. Emma M. Robinson, a trained nurse who answered an advertisement offering a position as nurse and was told over the phone to come to No. 3128 Michigan avenue. When she reached the house the door was opened by a negro and as she entered she was seized and tortured.

Miss Leegson advertised for a position as nurse and was lured over the telephone to an address not existing. Two men whose names the police have not made public saw Miss Leegson walking with a negro near where the body was found. It is supposed he told her he had been sent to escort her to the address where she intended to nurse a maternity case.

J. H. Oliver, a negro janitor, who was arrested in connection with the Robinson case was arrested tonight but he said he is not the man who pawned Miss Leegson's jewelry.

"I am sure the woman was Miss Leegson," one man said. "I thought it was strange to see the white woman with the negro, so I noticed her particularly. When I read of this murder and saw the pictures of the woman I knew that she was the one whom I saw."

Mrs. Ella Oebike and Mrs. D. D. Beatty. Girls sold popcorn and lemonade.

This was the first game of baseball ever advertised from the pulpits of East St. Louis churches. The police were the winners, 5 to 4.

St. Louis, Oct. 9.—Urged by the pastors of every church in East St. Louis, many of them opponents of Sunday baseball, hundreds of churchmen attended a charity baseball game between the Police Department team and a team of newspaper men.

Many pastors mentioned the baseball game in their sermons a week ago and again today, and urged their congregations to attend. The proceeds of the game went to the Queen's Daughters, to be used in purchasing clothing, food and medicine for the city's poor and sick this winter.

The ministers attended the game and rooted vigorously for their favorites. A hundred girls sold programs. The gates to the park were in charge of

CHEAPER WATER AND ELECTRICITY

A Substantial Reduction Given Consumers Of City Water And Current.

ALL METERS FURNISHED FREE

Board Of Aldermen Transacted Many Important Matters Last Night.

The Board of Aldermen held a recess meeting last night for the purpose of concluding the business which had been held over from the regular meeting held last Tuesday night.

There were many important matters brought before the Board and the session was quite a length one. One of the most important matters brought before the Board was that of the reduction in the cost of water and electricity furnished by the city. The cost of water and lights has been put on a declining basis and in the future will cost consumers considerably less than in the past. Bills will be rendered at the first of each month and if these are paid by the tenth of the month a discount of ten per cent. will be allowed. If not paid by the fifteenth the service will be cut off and a charge will be made for cutting it on again. All meters will be furnished patrons free of cost.

O. J. Rock, of Bridgeton, appeared before the Board and asked that the tax on his automobile be reduced. Mr. Rock stated that since the Neuse river bridge was washed away he has had but few calls for his machine and that he thinks the tax is too large. Alderman Blades stated that he thought that if the tax on public automobiles was reduced that there would be a number of them placed in commission on the streets of the city. The matter was finally referred to the license committee.

Upon motion of Alderman Ellis a vote of thanks was extended Congressman Jno. M. Faison for the interest he has taken in securing an appropriation for the improvement of the National cemetery road.

The men employed on the city's street cleaning force presented a petition asking that they be allowed to work full time. That they were not making enough to live on at present and that it was absolutely necessary that they get more money. This matter was referred to the Streets Committee.

M. D. W. Stevenson appeared before the Board in regard to the sidewalk on lower Craven street. Mr. Stevenson stated that when the city was having the sidewalks of that section of the street paved with concrete that there was a board walk there and that this was not taken up. During the recent storm this walk was washed away and the sidewalk is now bare. He stated that if the city would furnish men to do this work he would furnish a part of the cement and the bricks. After consideration the Aldermen agreed to do this.

The Railroad Committee which have in charge the petition of citizens living along Griffith and Queen streets asking that the Atlantic Coast Line Railway Company be forced to cease so much shifting along that street, reported that they had not been able to get up with the company's attorney and asked for further time. This was granted.

Alderman Ellis presented a petition from the citizens living along South Front street, near the Southern Express Company's "liquor dispensary" asking that the Board pass an ordinance prohibiting hack drivers from hauling whiskey around in their conveyances. An ordinance was drawn up to this effect and this will be published for ten days. Any hackman violating this ordinance will have his license revoked.

Dr. E. G. Hargett, city veterinarian,

ANNUAL REUNION CLOSED LAST NIGHT

Meeting Of Scottish Rite Masons Was A Complete Success.

DEGREES ARE CONFERRED

Reception Tendered The Visitors Last Evening In Church Parlor.

The annual reunion of the Scottish Rite Masons which has been in session in New Bern this week, came to a close last night. The reunion was a complete success in every way. The main work taken up during the week was the conferring of degrees from the first to the thirty-second on a class of candidates.

This class numbered forty, the members coming from every county in the State with the exception of Buncombe, New Hanover and Mecklenburg, where there are consistories. However, there were visitors present from these consistories and they assisted in the work of conferring the degrees.

Wednesday evening a reception was tendered the visitors in the parlor of Centenary Methodist Church and this was greatly enjoyed by all. Last evening at 6:30 another reception was held in the church parlor. This was presided over by the ladies of the church and was also greatly enjoyed.

Among the prominent visitors who attended the reunion were Dr. C. E. Carter, C. F. Wood, Herman Carr, F. C. Todd and Hon. W. F. Randolph, of Asheville; D. P. Byles, Charlotte; Hon. J. A. Nichols, Asheville; W. M. Lambert, Charlotte; J. E. Cameron, Kinston; L. T. Marr, Canton; Dr. J. B. Griggs, Elizabeth City; Grand Master F. M. Winchester, Charlotte, and Grand Master W. S. Liddell, Charlotte.

One of the features which was greatly enjoyed by the Masons during the reunion was the singing by a choir composed of Mrs. Mamie Benton, J. J. Tolson, Jr., L. C. Tolson, Charlie T. Pumphrey and J. W. Watson. This choir is one of the best in the State and their services are always in demand on occasions of this kind.

made his report, which was accepted. Dr. Hargett recommended to the Board that the city have a slaughter house built out near the city limits and that all beef and cattle be slaughtered there. No action was taken in this matter.

Mayor Bangert, chairman of the Board, recommended that a police sub-station be erected in the Smith's hall section. He said that fully eighty per cent. of the crimes committed in the city took place in that section and that a station was badly needed there. The Board thought favorably of this recommendation and ordered that the station be erected at once.

The City Tax Collector stated that there were three hundred dogs in the city and that the licenses had been paid on only about one hundred and fifty of these. After consideration the Board employed J. D. McCoy for a period of thirty days to serve warrants on the dog owners who have not paid taxes and he will begin his work this morning.

The charter of the city has been so changed that it will be possible for the Aldermen to remodel the City Hall and the Building Committee was ordered to get busy on this at once. Concrete floors will be placed on the lower floor and a section of the front will be made of plate glass. Numerous other improvements will be made and the entire appearance of the building will be changed.

A bill of \$20.50 presented by Caleb Bartling and Robert Hawk for distributing circulars for the City's Health Physician, was held up for further investigation.
