## FAIR SECRETARY SEES BIG DISPLAY

J. Leon Williams Witnesses Big Fireworks Exhibit At Greensboro Fair.

ONE IS OF THE VERY BEST.

Will Be Presented In This City Two Nights During Big Week.

J. Leon Williams secretary of the Eastern North Carolina Fair Association Company and who is engaged in securing the attractions for the Fair to be held in this city on October 28 to 31, is in Greensboro attending the Fair which is being held in that city this week.

Mr. Williams has made a contract with a company to put on a magnificent fireworks display at the local Fair on the nights of October 29 and 30, and on Wednesday night he saw this exhibition and in a letter received from him last night by the Journal he states that it is undoubtedly the most gigantic and thrilling display he has ever seen and he has witnessed a large number of such exhibitions.

A large number of attractions are on the midway at the Greensboro Fair and Mr. Williams has made contracts with a number of these to come to New Bern during the Eastern Carolina Fair and the visitors can rest assured that they will find the largest and best assortment of shows ever brought together on one Fair ground.

Today he goes to Petersburg to attend the Fair being held in that city and will return to New Bern Saturday night. Next week the officers and directors of the Fair will begin to place the exhibits and get everything in readiness for opening on the following Tuesday.

## MANY ALIVE IN CARDIFF MINE

ABOUT 400 NOW SUPPOSED TO HAVE PERISHED—RESCUERS ARE AT WORK.

Cardiff, Wales, Oct. 16.—Rescuers in the Universal Colliery early this afternoon got in touch with a group of 29 living miners whom they hoped to save.

The men were entombed in a far gallery, where the explosion's deadly afterdamp failed to penetrate. They told the rescuers that 15 other men in a nearby chamber were believed to be dead.

Eighteen men were brought out alive during the night, making the total of the rescued about 500. Thirty-one bodies in all had been recovered today and the death list is expected to run to about 400, unless by some miracle more men are found alive in the galleries when it is possible to resume rescue work.

Canary birds last night determined when it was impossible to rescue more miners.

The little yellow songsters were liberated in the tunnels and when they fell dead from the afterdamp Colonel Pearson, who headed the rescuers, forbade the men to attempt to go farther.

"I sadly fear that no more of the 400 men still in the Universal can be alive," Colonel Pearson said. "We penetrated as far as possible with safety helmets, going until the released canaries were killed by the gas."

"All the passages were blocked with tons of fallen debris."

"Our only hope now is that some survivors are sheltered where the after damp has not penetrated."

### WOMEN VOTED "WET."

Redondo Beach, Calif., Oct. 15.—Women assisted yesterday in keeping Redondo Beach "wet." They polled one half of the votes in the initiative election regarding the abolition of saloons. The "dry" election was defeated by a vote of 829 to 634.

The trustees of the New Bern Graded School will meet this afternoon at 3 o'clock at the Superintendent's office. Every member is requested to be present as matters of importance are to be transacted.

## SPEND NIGHT IN PAMLICO SOUND

New Bernians Have Thrilling Experience While Enroute From Norfolk.

WERE IN A SMALL BOAT

Vessel Carried Cargo Of Groceries And Oil For Local Merchants.

Lost in Pamlico sound in a frail gasoline boat, with not the least idea of how far they were out of their course and with the wind blowing a gale was the experience which befell Captain John Dowdy and David Morris of this city a few days ago and it is safe to say that both of these gentlemen will not soon forget their harrowing experience.

On Tuesday of last week Captain Dowdy and Mr. Morris left Norfolk with the gasoline boat Mary Bell enroute to New Bern. The vessel was heavily loaded with groceries and oil consigned to merchants at this port. The weather was fine and all went well until Thursday when, in coming through Pamlico sound Captain Dowdy in some manner ran out of his course and found that he was heading for some unknown point.

The wind was blowing hard and to the two men on the boat it seemed as though a storm were approaching. However, this impending disturbance of the elements did not materialize. All night long the boat floated at anchor in the sound, Captain Dowdy not caring to make any attempt to go ahead after he had lost sight of the beacon lights.

Soon after the break of day on Friday morning a fisherman's boat was sighted and the occupant of this told the two mariners that they were only about ten miles from the mouth of Neuse river.

The engines of the boat were put in action at once and the vessel and her crew arrived here on Friday afternoon. Pamlico sound is a dangerous place for even a large boat to get out of its course in. If a violent storm had arisen there is little doubt but that the small craft and its occupants would have been lost.

## LOCAL MAN OWNS AN ORANGE GROVE

J. W. STEWART GETS INTERESTING PHOTOGRAPHS FROM FLORIDA.

J. W. Stewart of this city, who owns a large orange grove at Sampson, Fla., has received some very interesting photographs of the orange sorting and packing machines which are used on his place.

The machines sort and pack from sixty to sixty-five oranges a minute and during a season turn out between twenty-five and thirty thousand boxes of oranges.

Mr. Stewart's grove is one of the largest in that section of the State, and the quality of the fruit grown there is of such a variety that the oranges are in great demand and it is at times impossible to fill the numerous orders.

## FIVE LIFE SAVERS ARE POISONED

EAT CANNED MEAT WITH SERIOUS RESULTS—ONE CRITICALLY ILL.

A visitor arriving the city last night from Southport told of the poisoning Wednesday night of James Guthrie, Mannie Hancock, Joseph Hancock, Edward Nelson and another man at the life saving station at Oak Island after they had partaken of canned meat.

The men ate the meat at supper and went out on duty. About an hour later they were taken ill and a physician was summoned to give them medical attention. After making a diagnosis the doctor stated that the men were suffering with ptomaine poisoning. For hours a fight for the men's lives was made and four of them have partially recovered.

Mr. Nelson's condition is still serious and grave fears are entertained for his recovery.

## THE FIRST SURVIVORS LAND IN NEW YORK

Passengers From The Volturmo Tell Thrilling Story Of Marine Disaster—Many Feats Of Daring

New York, Oct. 16.—New York took in and sheltered today the first survivors of the steamship Volturmo to arrive in this country, 105 in number, brought into port by the Grosser Kurfurst, the North German Lloyd liner that sent the first rescue boat careening across the heavy seas that made so difficult the task of removing passengers and crew from the burning Volturmo. The wireless had brought graphic accounts of last week's sea tragedy; and today from the lips of some of the Volturmo's survivors there came descriptions which contained the intimate details for which the world had waited, accentuated the heroic conduct of the Volturmo's captain, officers and crew, and of men who manned the life-boats that put forth from other ships.

The explosion of a drum containing chemicals was the cause of the fire according to the story told by Waldron Disselman, third officer of the Volturmo. Disselman gave a thrilling narrative of the long hours spent on his fire-ridden ship, fighting the flames sustaining the crippled wireless plant, lowering life-boats, quieting the panic-stricken, steering the vessel by hand to keep her from drifting—fighting the battle unaided because the waves were running too high for small craft from other ships to accomplish the journey to the Volturmo's side. More than 80 passengers were burned to death when they were cut off by flames Disselman reported.

## MEXICAN CRISIS ONLY TEMPORARILY DELAYED

Strongly Believed Position Of Other Nations May Finally Force Huerta Regime Back to Conciliatory Attitude

Mexico City, Oct. 16.—That the crisis in the relations between Mexico and the United States, which was almost reached yesterday, is only temporarily delayed, is the general feeling here tonight among Mexicans and foreigners. When and how the next development will be reached is a question agitating all alike.

While the American Charge, Nelson O'Shaghnessy, professes to expect no reply whatever to the Washington memorandum, and the Foreign Office says there will be none for the time being, it is still regarded as certain that the nature of the American Government's notification regarding future recognition will necessitate action on the part of the Mexican authorities.

It is not expected that the elections will be postponed, although it is admitted this is a possibility. To many it would be no surprise should Mexico return to a conciliatory attitude. The impression which is gaining ground that other Nations are inclined to fall in line with the Washington Administration in the matter of future policy toward Mexico, it is argued, may tend to cause the Mexican officials to seek some ground upon which they can with dignity meet Washington half way toward an adjustment of the strained relations.

At the same time it is acknowledged that the accomplishment of this would be difficult, since the only recourse is the holding of the elections or the retention of the presidency by General Huerta, either of which would be equally distasteful to the United States. It is regarded as extremely improbable that General Huerta will release the Deputies and restore them to their functions which appears to be the only alternative.

The Deputies are still in the penitentiary and processes in the civil courts are being prejudiced against many of them? They are allowed to receive aid from friends, although thus far they have not been permitted to communicate with the outside world.

## RITUAL MURDER TRIAL CONDEMNED

EPISCOPALIANS MAY ELIMINATE WORD "JEW" FROM GOOD FRIDAY SERVICE.

New York, Oct. 16.—The ritual murder trial at Kiev, Russia, was condemned in a resolution made today by the house of deputies, the joint clerical and lay body of the Protestant Episcopal church at the triennial general convention. The Episcopalians also took steps to amend their prayer book by eliminating the passage in the Good Friday collect where Jews are classed with "infidels, Turks and heretics."

The committee on prayer book reported favorably on a proposition to amend the Good Friday service by omitting the word "all Jews, infidels, Turks and heretics" from the general prayer for humanity. Consideration of the resolution was postponed.

The house of bishops today accepted the resignation of three of its members: The Rt. Rev. Lemuel Wells, missionary bishop of Spokane, and the Rt. Rev. William Crane Gray, missionary bishop of Southern Florida, retired on account of age. The Rt. Rev. Albon Williamstown Knight, missionary bishop of Cuba, gave up active service to become capital vice chancellor of the University of the South at Sewanee,

## DEMOCRATS WILL GET THE PLACES

Many Deputy Marshals And Deputy Collectors Will Lose Jobs.

PLUM TREE TO BE SHAKEN

Something Doing When President Signs The Deficiency Bill.

Washington, Oct. 16.—Fifteen United States Deputy Marshals in North Carolina, drawing an annual salary of nearly \$20,000 and possible 20 or more deputy collectors and clerks, which will make the annual salary rolls for these two divisions of the government in the State run up to approximately \$50,000, will be displaced and their jobs filled by Democrats as soon as President Wilson signs the urgent deficiency bill, which was signed by speaker Clark to day and is now in the hands of the President. These men will be discharged because of the Overman resolution which takes the positions out of the civil service and allows the collectors and marshals to select men who come directly under them. In addition to these places, all of the field agents, special inspectors and deputies for the income tax, will also be appointed by Democrats, and of course, Democrats will get the jobs.

President Wilson is expected to sign the measure tomorrow and immediately after that Collectors Bailey and Watts are expected to shake the plum tree and allow the loyal Democrats to receive their reward.

Deputy marshals and the annual salary they receive whose official pay will be clipped off as a result of the passage of the Overman resolution are: James M. Baley, \$2,000; J. B. Garner, \$1,200 and Tom Vincent, \$1,200, Greensboro; Thomas F. Roland, of Asheville, James O. McElroy, of Bryson City, and J. G. Grant, of Charlotte, \$1,200 each; Charles H. Holland, of Wilkesboro, \$1,000; Gaston Carroll, of Winston-Salem, and John W. McElroy, of Asheville, \$900; Miss Nessie Myrick, Greensboro, \$720, and John Jarrett, of Bakersville, \$600, for the western district, and John T. Sharp, \$1,600; Palo Mitchell, \$1,200 and Rippon Ward, \$1,000, all located at Raleigh, for the Eastern district.

The list of deputy collectors could not be obtained tonight but it is understood that they by far outnumber the deputy marshals. In addition to these there is yet to be appointed a number of field agents, deputies and inspectors for the collection of the income taxes. These men, will be appointed without regard to the civil service also.

Mrs. J. L. Logan, who lives on Jones street, will be given a hearing before Justice of the Peace S. R. Street this afternoon at 1 o'clock on a warrant charging her with being an accessory to the prostitution of a girl under fourteen years of age and also of conducting a disorderly house.

WOMAN CHARGED WITH SERIOUS OFFENCE.

ERRONEOUS REPORT.

Rumors About Julius Parker's Wife Unfounded.

In reports sent out from Beaufort during the trial of Julius Parker, charged with the murder of Charles Simpson at the Atlantic Hotel several weeks ago, it was stated that "it is rumored that Simpson had been intimate with Parker's wife and this was the cause of the killing." This report was erroneous inasmuch as the defendant's wife was not mentioned during the trial and there was no evidence to show that Simpson had been intimate with her. Parker entered a plea of self defense in the charge and was acquitted.

Mrs. B. W. Spillman, of Kinston, was among the visitors in the city yesterday.

## HON. J. M. FAISON HERE YESTERDAY

Congressman From Third District Pays New Bern A Visit.

ENROUTE TO MOREHEAD CITY

Assisting In Campaign To Exterminate The Malarial Mosquito.

Hon. Jno. M. Faison, congressman from this district was among the visitors in the city yesterday. Congressman Faison is particularly interested in the extermination of the malarial mosquito and the hookworm disease in this section and left last evening for Morehead City to assist Dr. Stiles, an expert on the malarial mosquito, in delivering an address before the people of that place.

Congressman Faison and Dr. Stiles will return to New Bern this morning and go to Jacksonville where the latter will deliver a lecture along the same line. Tomorrow night a lecture will be given in Wilmington.

In speaking of the work done in this section of the State by Dr. H. R. Carter, another malarial expert, who visited this city several days ago and Dr. Stiles who is the discoverer of the Hookworm disease, Congressman Faison said that if their advice is followed by the people of North Carolina, that the hookworm disease and malarial fever will soon be wiped out.

While in this section of the State Congressman Faison is investigating some matters pertaining to several post-offices and it is probable that within the course of a week or two that there will be some rather unexpected developments in certain post-offices.

## PROGRAM AT THE ATHENS TODAY

VAUDEVILLE. Morton Sisters.

A refined singing and dancing sister act.

PICTURES. "Broncho Billy and the Marajo Maid."

An out of the ordinary Western drama, with G. M. Anderson. "For Her Sister's Sake."

A heart interesting drama by Kalem, featuring beautiful Alice Joyce.

"Pathe Weekly."

The latest news from all over the world in moving pictures. Very entertaining and instructive.

Matinee daily at 3:45. Show at night starts at 7:30.

Mrs. H. C. Rippelmeyer and children, of Raleigh, arrived in the city last evening to visit friends.

AFTER THE LUMBER TRUST.

Government Files Suit In The Supreme Court.

Washington, Oct. 16.—The government filed its brief in the lumber trust case today in the Supreme Court. It was prepared by G. Carroll Todd, assistant to the attorney general, and marks another stage in the action under the Sherman anti-trust law against a number of associations of retail lumber dealers, throughout Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland and the District of Columbia.

The associations are appealing from the southern district court of New York which held the retailers to be violators of the anti-trust law and enjoined the further distribution of black lists against boycotted wholesalers who sell directly to consumers.
