

THE BOARD OF ALDERMEN

(Continued from Sunday.)

Alderman Dill moved that the recommendation of the Committee be accepted and Mr. Tolson be relieved of the amount of \$2 138.25.

Alderman Satterthwaite seconded the motion.

Upon roll call all the members of the Board voted in the affirmative so the motion was adopted.

It appearing to the Board that the tax list of the City for the year 1913 is now ready to be placed in the hands of the City Tax Collector for the collection of the taxes therein enumerated, it is, upon the motion of Alderman Ellis, ordered that J. J. Tolson be and he is hereby commanded to collect the taxes therein mentioned according to the provisions and requirements of the existing law; and that the lists be turned over to said collector for that purpose.

Alderman Dill, Chairman of the Finance Committee brought before the Board the matter of the bill of Caleb Bartling.

The bill was approved by the Board only in the sum of \$10.25, the total bill being \$20.50.

Alderman Dill recommended that the boys be paid the full amount.

Alderman Ellis moved that the matter be referred back to Doctor Patterson, owing to the fact that there seemed to be some doubt as to the correct amount, and that the matter be brought up at the next meeting.

Motion carried.

Ordinance and License.

Alderman Ellis moved that the matter of gasoline tax and oil be referred to the city attorney with instructions to draw an ordinance to cover the case.

Alderman Satterthwaite seconded the motion.

Motion carried.

Cemetery Committee.

Alderman Disoway, Chairman, no report.

Railroad Committee.

Chairman reported that the matter of the A. C. L. at Griffith street had been taken up by the Committee but that they had been unable to get a meeting of the attorneys and asked for further time.

No objection was entered for further time in this matter.

River and Harbor.

Alderman Satterthwaite offered two bids for repairing the wharf at the foot of Pollock street. Mr. Cook's bid being the lowest which was in the sum of \$185.00, whereupon Alderman Satterthwaite recommended that the bid of \$185.00 of Mr. Cook's be accepted.

Alderman Ellis stated that owing to the fact that there was very little difference between Mr. Cook's bid of \$185.00 and Mr. Dixon's of \$190.00, and that in addition to the specifications some were to be added, which Mr. Dixon, being presented, stated he would agree to construct at the same price, that the contract be awarded Mr. Dixon.

Alderman Satterthwaite stated inasmuch as Mr. Cook was absent and that he was the lowest bidder that the contract be given him.

Alderman Dill seconded the motion.

Alderman Hyman moved an amendment to the above motion that Mr. Satterthwaite see Mr. Cook, having Mr. Cook give bond or reasonable assurance that the work would be done within ten days, furnishing hard lumber and tools for \$185.00, and that if he would agree to do this, that the contract be given him, and if not let be given Mr. Dixon.

Alderman Disoway seconded the motion to the amendment.

THE WESTERN UNION TELEGRAPH COMPANY

Alderman Hyman moved that this amendment be withdrawn and that the whole matter be referred to the Wharves and Dock Committee with power to act, and that the contract be placed with the man the Committee deemed best after talking it over with the two bidders.

Alderman Dill seconded the motion.

Alderman Disoway withdrew his second to Alderman's Hyman's amendment.

Alderman Ellis moved that the attorney draw up specifications and let each man sign the agreement as to what he is to do.

Motion seconded.

All members of the Board voting in the affirmative the motion was adopted. Alderman Brison moved that the position of Sanitary Officer be discontinued.

Alderman Blades seconded the motion.

Mayor Bangert stated that Mr. McCoy, Sanitary Officer, had proved a very satisfactory officer.

Motion carried.

Mr. E. G. Hargett, Milk and Meat Inspector, offered the following monthly report:

New Bern, N. C.

October 7, 1913.

To the Honorable Mayor and Board of Aldermen, City of New Bern, N. C.

I have the honor of submitting my report for the month of September, 1913. I have inspected dairies, cattle supplying dairies, meat markets, slaughter house, soda fountain, fish markets and docks and restaurants, and I am keeping them all in as good condition as I can. I find lots of improvements at each and every place I have charge of. No doubt some of you have seen the conditions that have existed at several places under my inspection that used to be in very bad condition, that is, before there was an inspector appointed. In fact I had some of the members around with me when I was first appointed and they, of course, saw the conditions that existed, but since we have been after the keepers of such places they have changed their minds about the old way of keeping their places and find it just as cheap to keep their places in a sanitary condition as to keep them in an unsanitary condition as quite a number of them used to do.

I think I am safe in saying that with few exceptions New Bern has as

sanitary dairies and meat markets as any other town in the State. You may know that some towns in the State have slaughter houses where all meat that is sold is slaughtered at that certain place, and of course you may know by having slaughter houses where all meat that is sold in the town has to be brought there for slaughter, and in this way you can see every piece of meat that is put on the market. Here it is different. We have no such place, therefore the butchers and countrymen may butcher anywhere except in the town and bring their meat on the market. By this, we are notable to keep as close a watch on the meat as we could if we had one or two slaughter houses where all butchering would have to be done. In that case I could see every beef that was butchered in whole. As it is, one man will have one piece of beef and another a piece and so on. So in order to inspect the beef I have to go to two or three and may be four markets to inspect one beef. I am doing all I can to see that every beef is inspected before it goes on the market. We now have fifteen meat markets doing business in this city.

Dairies.

We have twelve dairies selling milk in the city and they, with few exceptions are now in very fine condition and I am going to try to get them all in still better condition.

The dairy score for the month is as follows:

J. B. Stanley	60
W. F. Wellington	76
G. H. Barker	78
The Oaks	75
Arnold Bros.	89
Peyton Dixon	90
Joe Stevenson	79
F. L. Bray	93
G. S. Simmons	62
Hatter	73
Sullivan	65

Condemned this month:

One beef, disease known as general TB, every gland and internal organ showing the disease in an advanced stage. The disease known as TB in cattle is one of the most important diseases we have in meat inspection. This, as you may know, is one of the most serious diseases known and I am very glad that I found the disease and on account of it saved the beef from going on the market. This beef was shipped here by T. J. Hawkins to A. Castet.

300 pounds of beef found spoiled and condemned.

(To be continued.)

A fresh lot of Bell's Chocolates just received, at 40c. the pound. Kafer's Bakery.
