

THE BOARD OF ALDERMEN

(Continued from Yesterday.)
As City Veterinarian and Humane Officer I have discharged my duties to the best of my ability, and if the Hon. Mayor or any member of the Board can offer any suggestion I would gladly receive them.

Respectfully submitted,
(Signed.) E. G. Hargett, V. M. D.
Alderman Ellis moved that the report be spread upon the minutes. Motion seconded and carried.

Police Committee.
Owing to the condition existing in that section of the city known as Smith's Hall it was recommended that a police station be installed there. Alderman Satterthwaite moved that the matter be referred to the police committee with power to act.

Alderman Disosway seconded the motion.
All members of the Board voting in the affirmative, the motion was adopted.

Alderman Ellis requested that with no objection he be allowed to revert back to the Water and Light Committee.

Alderman Blades moved the adoption of the following ordinance:

Be it ordained by the Board of Aldermen of the City of New Bern: Section 1. That Chapter 22, Section 1, of the Ordinances of the City be amended by striking out paragraphs "First," "Third" and "Fourth," and inserting in lieu thereof, the following:

Schedule of Meter Rates for Electric Department.

First:

First 25 K. W. H. per month at 10c. per K. W. H.

Next 75 K. W. H. per month at 9c. per K. W. H.

Next 300 K. W. H. per month at 8c. per K. W. H.

Next 600 K. W. H. per month at 7c. per K. W. H.

For Moving Picture shows a rate of 7c. per K. W. H. shall be made for all interior lighting and apparatus.

A minimum charge of 50 cents per month from which no discount will be allowed shall be made on all lighting accounts and each meter shall be considered a separate account and no combination of meter readings shall be allowed in order to secure the benefit of the lower rates.

The city will furnish and own all meters and will, hereafter, make no meter rental charges.

Second. Flat Rate Lighting:

All show windows, Electric signs and Exterior Decorating Lighting will be given a flat rate figured on a basis of 5c. per K. W. H. from dusk to 11:00 p. m. and is such lights are burned all night, the rate from 11:00 p. m. to morning will be on a basis of 3c. per K. W. H.

All switches controlling such lighting installations are to be arranged on outside of premises and lights are

to be turned off by city employees.

Third. Meter Reading.

All meters shall be read, as far as possible, between the 22nd and 27th of each month and bills for electric current shall be mailed out on the first of the month.

Fourth. Discounts:

A discount of 10 per cent. shall be allowed on all electric and 5 per cent. on all water bills when paid not later than the 10th day of the month following that during which the electric current or water was used. Failure to receive a bill shall not entitle consumers to receive discount after the 10th of the month.

When checks are mailed for the payment of Water and Light Bills with discount deducted, and the post mark shows date of mailing to be later than the 10th, all such checks shall be returned and the account will have to be paid in full.

Fifth. Discontinuance of Service.

Service shall be discontinued on all water and light accounts which are unpaid on the morning of the 15th of the month in which they are due, and will not be turned on again until each account has been paid in full, and an additional charge of 50 cents each for turning on and off.

Sixth. Power Rates.

Electric current for power purposes shall be sold at the following rates:

First 1,000 K. W. H. per month at 4c. per K. W. H.

Next 1,000 K. W. H. per month at 3 1-2c. per K. W. H.

Next 1,000 K. W. H. and over at 3c. per K. W. H.

These rates are subject to a 10 per cent. discount under the same conditions as those for lighting.

A minimum charge of 50 cents per month per H. P. of rated capacity of motors installed shall be charged, from which there shall be no discount.

The city may require the installation of single phase motors in capacities of 5 h. p. and less, in those parts of the city where there is not already three phase service, and where the revenue from such places will not justify the city to make three phase extensions.

Single motor installations of 3 h. p. and smaller, may be required to be of the single phase type, in any or all places, except when used in connection with existing 3 phase installations and operated through same 3 phase meter.

Motors of a capacity smaller than 1 h. p. must be operated from the regular lighting circuits and be subject to the same rates, except when such motors are used in connection with other large motors.

Ceiling Fans, portable electric fans, etc., shall not be given power rates.

(To be continued.)

CHILDREN HATE OIL, CALOMEL AND PILLS.

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to cleanse the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

RADFORD, VA., MAN.

Rundown And Nervous, Restored To Health By Vinol.

A. D. Robinson, Radford, Va., says: "I was all run down in health, had no appetite and was so nervous I could not sleep at night. Vinol was recommended to me and after using one bottle I noticed an improvement. Continuing its use I was completely restored to health. The nervousness is all gone I can get a good night's sleep and have a hearty appetite. I can recommend Vinol to anyone who suffers as I did."

Vinol is the greatest body builder and strength creator we know of. The creative elements of the cod's liver, aided by the blood-making strengthening properties of tonic iron contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor.

If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. F. S. Duffy, druggist, New Bern, N. C.

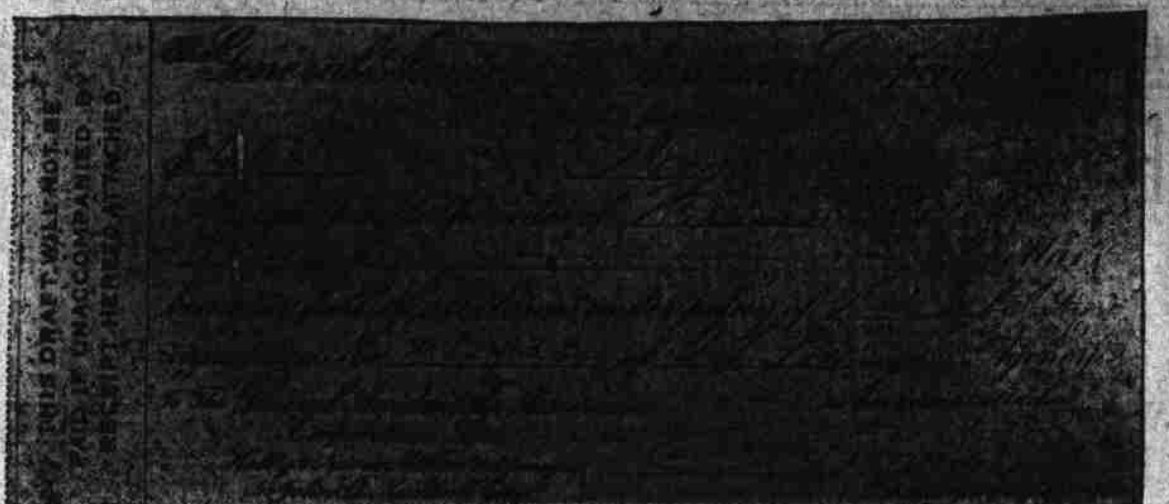

P. S.—If you have eczema try our Saxo Salve. We guarantee it.

Comfortable == Clothes

Don't come from the ready made store. Many people get hardened to them and think they are comfortable, but the right sort of a tailor-made suit will dispel the idea every time. If you wear ready made clothes, try a change. It will pay you.
