

CONSUMPTION CAN BE PREVENTED

Also Curable in Early Stages. Time-Tested Treatment Proves Successful

It is a scientifically proved fact that consumption is absolutely preventable and, in early stages, is actually curable. Wherever consumption is at all prevalent, the germs circulate freely and are breathed in by all those with weak lungs or who catch cold easily are most subject to the ravages of the consumption germ. Emulsions of cod-liver oil and similar substances have proved too ineffective to fight this dread disease, but this has demonstrated the value of a unique remedy that is almost invariably successful.

The remarkable record of Bear's Emulsion entitles it to front rank as a preventive and cure for consumption. This remedy eases the lungs, reduces coughing, stops expectoration and tones up the entire system. As thousands of people have used it and benefited by such use, it may honestly be claimed that it has in reality stood the test of time, and the proprietor of this remedy, Dr. John D. Bear, Doctor of Pharmacy of Elkton, Va., has received hundreds of voluntary letters from people, many of whom say they owe their very lives to the wonderful upbuilding and curative properties of this product.

Of special interest, then, is the news that our local druggists now carry this preparation in stock and that the price is low enough to be within the reach of anyone—\$1.00 the bottle or six bottles for \$5.00. The proprietor freely guarantees this product and further points out that it is pure, harmless and will not deteriorate or become rancid. One bottle is usually sufficient to establish its merits, and relief is obtained after the first day's use.

County Commissioners.

(Continued from yesterday.)

These bonds are given in lieu of the ten thousand dollars (\$10,000.00) First Township Farm Life School Bonds, the interest and principal payable by the First Township of Craven county, and it is hereby ordered that a Sinking Fund and Interest Fund, to pay the interest on the above bonds be levied by the Board of County Commissioners, each and every year, until the interest and principal has been fully and finally paid, and that the Sinking Fund be deposited with T. A. Uzzell, Trustee, and drawing interest at 4 per cent, compounded as usual, with the certificate of deposits at the Peoples Bank of New Bern, N. C.

At 1:30 o'clock p. m., the Board takes a recess. At 3 o'clock p. m. the Board convenes.

Commissioners present: Chairman C. D. Bradham, J. D. Williams, H. T. White, E. Z. R. Davis, and County Attorney E. M. Green.

The bids to furnish groceries and provisions for the Jail, County Home, and Camps and feed for the mules, were opened and examined, and the following were awarded, they being the lowest bidders for the same, to wit:

E. B. Hackburn, County Home, \$66.11.
W. P. Metts, Convict Camps, \$129.92.
W. P. Metts, County Jail, \$111.97.
Burrus and Company, feed for mules.

The following report of the Grand Jury was read, and ordered to be spread upon the minutes, as follows, to wit: CRAVEN COUNTY SUPERIOR COURT.

October Term, 1913.
To his honor, H. W. Wheedbee, Judge Presiding:
We, the Grand Jury, beg leave to make the following report:

We have passed on sixty-eight (68) Bills of Indictment, as follows: We found sixty-four (64) true bills, four (4) not true bills, and two (2) not sufficient evidence to pass on.

We visited the Register of Deeds' office and find the records, etc., kept in excellent condition. The office is kept clean, and has a neat and business-like appearance.

We visited the Clerk of the Superior Court's Office, and found same in as good condition as could be kept under the circumstances; there being lack of room for the records, same being piled on the floor for want of space wall, or files to put them in.

We recommend that this matter be remedied at once.

We visited the Sheriff's office, and found same in good condition.

We recommend that new furniture be installed at once in keeping with the furniture in other offices, as there is hardly, or no furniture in this office.

We visited the County Jail, and found same in good condition, with the exception that the water closet in the corridor on the second floor is in bad condition, constantly overflowing, and should be repaired at once.

The prisoners are well fed, and in good condition.

We find that the lavatory in the north end of hall in the Court House leaks badly, and we recommend that it be repaired at once. We also recommend that disinfectant be used in all toilets and urinals on the premises, especially so in toilets and urinals in the jail yard, as this has a very bad odor. This disinfectant should be used at least twice a week.

A BIG DAY AT BEECH GROVE.

(Communicated.)
On Friday, November 21st, the Beech Grove Missionary Society will hold its 29th anniversary rally-day.

We very cordially invite our friends to join us on that day and help us to enjoy the day.

Rev. J. E. Underwood will deliver the annual address, and this is assurance of a good one. There will be a short program rendered by the children of the school the annual ingathering; after which the address will come followed by a real farmers' dinner on the grounds.

So you see we have feast of good things for the entire man, body, mind and spirit. We enjoy meeting with the friends of missions for they encourage us, and the cause of missions still has any enemies, we hope they will come and be convinced of the error of their ways before it is too late.

DOCKERY WILL NOT RESIGN

HE AND SEAWELL TO HOLD ON TO THEIR RESPECTIVE OFFICES.

Raleigh, N. C., Nov. 11.—United States Marshal Claudius Dockery returned to Raleigh from his farm today and left tonight for Wilmington for court this week. It is certain that he and District Attorney H. F. Seawell have received from the United States Department of Justice a request for their resignations but, while they will not talk, it is a fact that neither intends to resign and if there is any change in these offices before the present terms of office expire about four months hence there will have to be action declaring the offices vacant by President Wilson. It is understood here that Francis D. Winston, who is to succeed District Attorney Seawell, does not care to take over that office until about the new year. On the other hand, it is said that W. T. Dortch, of Goldsboro, who is slated for the marshalship, is ready to take up the duties of the marshalship at the earliest possible minute.

It is understood that when Marshal Dockery retires from the marshalship he will move his family to Troy, Montgomery county, and practice law in that section. This is one of the most important points on the new Raleigh

FRESH EGGS 60 CENTS A DOZEN IN NEW YORK.

New York, Nov. 10.—Fresh eggs of the best quality are quoted at 60 cents a dozen in the produce markets here.

Indications are that the price will jump from 3 to 5 cents a dozen and that next week housekeepers who want new laid eggs have to pay the retail dealers from 6 to 7 cents a piece for them.

Hens are not doing their duty in the matter of laying, say the wholesalers and the cold storage people were short-sighted last spring and didn't put enough in their refrigerators.

To relieve the situation wholesalers dealers are planning to import eggs from abroad in great quantities.

BARGE COMES ASHORE WITH NO ONE ON BOARD.

Beaufort, N. C., Nov. 11.—Without a soul aboard, the barge T. R. Tell, lumber laden, was dashed ashore at Cape Lookout beach today during a raging southwest gale. The vessel's boat was lashed to the cabin's top, and it is believed that the crew was taken off at sea by the tug that had her in tow.

There will be an important meeting of Christ Parish Guild this morning at eleven o'clock every member is urged to attend.
