## BOARD OF ALDERMEN

(Continued from yesterday.)

By Chapter 554 of the Public Laws of 1909, ratified 8 March, 1909, a law was passed entitled "An Act to provide for the inspection of illuminating oils and fluids," by which it was provided that for the purposes of defraying expenses connected with the inspection, testing and analyzing oils in this State, there shall be paid to the Commissioner of Agriculture a charge of one-half cent per cent, which payment shall be made before delivery to agents, dealers or consumers in this State.

The Revenue Act passed by that General Assembly was ratified the same day and section 58 thereof levied a tax on each person, firm or corporation selling illuminating oil, lubricating oil, benzine, naphtha or gasolene in this State as annual license tax where the gross sales exceed \$25,000 of one per centum upon such gross sales and provided a penalty for non-payment. This section also provided that no city or town shall levy a license or privilege tax exceeding \$10, and only when there is located in such city or town an agency, station or warehouse for the distribution and sale of such oils, and the person, firm or corporation paying the tax upon the gross sales as aforesaid shall not be liable for any other tax except the ad valorem tax upon the property situate and being in this State (Ch. 438, Laws 1909.)

On the 9 March, 1909, a law was ratified which provided that the tax imposed under section 58 aforesaid shall be suspended and shall not be hereafter collected from any persons, dealers or corporations paying the taxes imposed under the inspection law enacted as aforesaid: Provided, however, if the said oil inspection Act should be held invalid, section 58 as aforesaid, shall remain in full effect.

Sec. 58 of the Revenue Act of 1913 Ch. 201, Pub. Laws 1913, is a combination of section 58 of the Revenue Act of 1909 and the Act ratified as aforesaid on the 9 March, 1909.

Some of oil dealers contend that the City can levy on privilege tax whatever and some admit that a tax of \$10 may be levied. I understand that they will pay the \$10 tax, but will contest the \$50 tax.

In my opinion the whole of section 58 is suspended as long as the inspection law is enforced and the inspection charges are collected, and that the city is empowered under its charter and the general law to levy such license tax on dealers as the Board of Aldermen may deem just not to exceed \$50 per annum.

Respectfully submitted (Signed)  
R. A. Nunn,  
City Attorney.

Alderman Ellis moved that whatever tax has been levied in the above matter, that same be charged to conform with the State regulations as advised by the attorney, and the Tax Collector be instructed to collect said tax.

Alderman Satterthwaite seconded the motion, and upon roll call all members voting in the affirmative, the same was adopted.

Alderman Satterthwaite requested further time in the matter of automobile taxation brought up at the October meeting, as no disposition had been made of the matter.

No objection was entered as to further time in this matter.

**Cemetery Committee.**  
Alderman Disoway, Chairman, reported that the matter of the payments on the lot in Greenwood cemetery by J. T. Barber had been investigated, and the Committee recommended that a deed be issued to him.

Motion seconded and upon vote of the Board, the motion was adopted.

**Railroad Committee.**  
Alderman Ellis, Chairman, reported that the Attorneys in the matter of the condition existing at the intersection of Griffith street, had been notified that the committee were ready to meet them, but that no action on the part of the attorney had been taken.

**River and Harbor.**  
Alderman Satterthwaite, Chairman, no report.

**Police Department.**  
Alderman Dawson, Chairman, reported that the Police Station had been installed at that section of the City known as Smith'shall, and that the bill had been approved by him for the contract price of \$45.00; that there was a new officer who had no overcoat, and requested that he be given the privilege of purchasing one for him.

Alderman Ellis moved that the Police Committee be empowered to have an overcoat made for the new officer, the same as the other officers.

Alderman Satterthwaite seconded the motion.

Upon roll call, all members voting in the affirmative, the motion was carried.

Alderman Ellis moved that the following vouchers be destroyed in the presence of the Board.
